EnGold Files Aurizon South Initial Inferred Resource Estimate Technical Report on SEDAR

VANCOUVER, March 5, 2018 /CNW/ - David H. Brett, President & CEO, EnGold Mines Ltd., (TSX-V: EGM, "EnGold" or the "Company") reports that EnGold has filed on SEDAR a Technical Report in support of its initial Mineral Resource Estimate on the Aurizon South Gold Zone located within the Company's 100% owned Lac La Hache Property in the Cariboo Region of BC, as originally announced by the Company on January 19th, 2018.

The Technical Report is entitled "Mineral Resource Estimate for the Aurizon South Deposit, Lac La Hache Project, Central British Columbia, Canada" effective January 19th, 2018 and signed March 5th, 2018 (the "Technical Report"). The Technical Report was authored by an independent Qualified Person in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects.

The Technical Report is available at www.sedar.com under the Company's profile and is also available at the Company's website www.engold.ca

About EnGold

EnGold is a Vancouver-based copper/gold exploration company focused solely on its 100% owned Lac La Hache property in the Cariboo region of BC. EnGold's vision is to identify and delineate mineral resources at Lac La Hache that could potentially support an economically feasible and environmentally sustainable underground mining operation. The Spout Deposit, the Aurizon Gold Zone and the 2017 G1 Discovery, located within a 7-kilometer area on the property, are all considered by EnGold to be potentially underground minable targets. EnGold's significant new copper discovery in 2017 adds to the already extensively drilled Spout Copper Deposit and Aurizon Gold zones. Discovery potential for new high-grade zones remains strong, and existing areas are open for expansion. With world class infrastructure at its doorstep, Lac La Hache is a great location to be exploring. EnGold's corporate philosophy rests on three interdependent pillars: Environment, Engagement and Gold. Through sound environmental stewardship, commitment to transparent engagement with local communities, the Company is dedicated to driving exceptional shareholder and stakeholder value by fulfilling its vision to profitably supply valuable and much needed metals to the global marketplace.

Rob Shives P.Geo., VP Exploration and a Qualified Person as defined under National Instrument 43-101, has reviewed and approved the technical content of this release.
