1. DESCRIPTION OF BUSINESS

Bri-Chem Corp. (“the Company” or “Bri-Chem”) is an independent wholesale supplier of drilling fluids and chemicals for the oil and gas industry operating from owned or leased warehouses located throughout Canada and the United States. Bri-Chem Corp. was incorporated under the laws of the Province of Alberta, Canada and its head office is in Acheson, Alberta, Canada. Its registered and primary place of business is 27075 Acheson Road, Acheson, Alberta T7X 6B1.

Weather conditions can materially impact the sale of the Company’s products and services, particularly in its Canadian divisions during spring break-up. Additionally, many exploration and production areas in the northern Western Canadian Sedimentary Basin are accessible only in winter months when the ground is frozen hard enough to support the weight of heavy equipment. The timing of freeze-up and spring break-up affects the ability to move equipment in and out of these areas. As a result, late March through May is traditionally the Company’s slowest period.

2. BASIS OF PRESENTATION

a) Statement of Compliance

These unaudited interim condensed consolidated financial statements have been prepared using accounting policies consistent with International Financial Reporting Standards (“IFRS”) and in accordance with International Accounting Standard (“IAS”) 34, “Interim Financial Reporting” as issued by the International Accounting Standards Board. The unaudited interim condensed consolidated financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the audited annual consolidated financial statements of the Company for the year ended December 31, 2023 and notes thereto as filed on SEDAR at www.sedarplus.ca. However, selected notes are included that are significant to understanding the Company’s financial position and performance since the last annual consolidated financial statements.

These unaudited interim condensed financial statements were approved for issuance by Bri-Chem’s Board of Directors on August 13, 2024, and are presented in Canadian dollars, which is Bri-Chem’s functional currency.

b) Principles of Consolidation

The financial statements of the Company consolidate the accounts of Bri-Chem and its subsidiaries which are entities over which the Company has control. Control exists when the Company has the power, directly or indirectly, to direct the relevant activities of an entity to obtain benefit from its activities. Inter-company transactions, balances and unrealized gains and losses from inter-company transactions are eliminated on consolidation.

c) Going Concern

These interim condensed consolidated financial statements were prepared on a going concern basis which contemplates the realization of assets and satisfaction of liabilities in the normal course of business for the foreseeable future. For the 6 months ended June 30, 2024, the Company realized a net loss of \$1,993,978 (June 30, 2023 – net earnings of \$818,189) and accumulated deficit and other comprehensive loss of \$16,389,627 (June 30, 2023 – \$15,467,711).

2. BASIS OF PRESENTATION (CONT'D)

c) Going Concern (Cont'd)

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company, or cease operations, or has no realistic alternative but to do so.

The Company's ability to continue as a going concern is dependent on its ability to access its lending facilities, generate future net profit, and realize cash from operating activities. As of June 30, 2024 the Company is in compliance with all its covenants. The ABL facility is due for renewal on October 31, 2024. The Company's ability to continue as a going concern could be impacted if the Company is unable to secure a renewal or obtain a similar facility from another lender. These financial statements do not reflect the adjustments and classifications to assets, liabilities, revenues, and expenses that would be necessary if the Company were unable to continue as a going concern. Such adjustments could be material.

3. SUMMARY OF MATERIAL ACCOUNTING POLICIES

The accounting policies followed by the Company are set out in Note 2 to the audited financial statements for the fiscal year ended December 31, 2023, have been consistently followed in preparation of these interim condensed consolidated financial statements.

RECENT PRONOUNCEMENTS NOT YET EFFECTIVE AND THAT HAVE NOT BEEN ADOPTED EARLY

Certain new standards, interpretations, amendments, and improvements to existing standards were issued by the IASB or IFRS Interpretations Committee ("IFRIC") that are not yet effective. The standards and amendments issued that are applicable to the Company are as follows:

Amendments to IAS 21 – Lack of Exchangeability

The amendments to IAS 21 provide additional guidance on when a currency is exchangeable and on how to determine the exchange rate when it is not. The amendments also require the disclosure of additional information when a currency is not considered exchangeable. The amendments are applied prospectively for annual periods beginning on or after 1 January 2025, with early application permitted. No significant impact to the Company's financial statements is expected.

3. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONT'D)

Implementation of IFRS 18 – Presentation and Disclosure of Financial Statements

The introduction of IFRS 18 will provide all entities applying IFRS with more guidance on the presentation and disclosure of information in general purpose financial statements. The new standard will clarify guidance on how to present and disclose information that faithfully represents an entity's assets, liabilities, equity, revenue and expenses. The new standards are applied retrospectively for annual periods beginning on or after 1 January 2027, with early adoption permitted provided that this fact is disclosed. The Corporation is currently assessing the expected impact of this standard.

Implementation of IFRS S1 – General Requirements for Disclosure of Sustainability-related Financial Information - and IFRS S2 – Climate-related Disclosures

The adoption of IFRS S1 and S2 will introduce new requirements surrounding sustainability and climate-related disclosures for annual reporting purposes. The Canadian Sustainability Standards Board proposed Canadian-specific modifications to the standards issued by the International Sustainability Standards Board in June 2023. The Canadian specific versions of IFRS S1 and S2 are expected to be available for voluntary adoption starting January 1, 2025. The Canadian Securities Administrators have not yet confirmed whether the new standards will be mandatory for Canadian reporting issuers. The Corporation is currently assessing the expected impact of adopting these standards.

4. ACCOUNTS RECEIVABLE

Accounts receivable recognized in the interim condensed consolidated statements of financial position are as follows:

	June 30 2024	December 31 2023
Trade accounts receivable	\$ 17,976,486	\$ 25,348,774

4. ACCOUNTS RECEIVABLE (CONT'D)

The Company pledged its accounts receivables with a carrying amount of \$11,882,257 (December 31, 2023 - \$17,872,824) as collateral for the ABL Facility described in Note 5.

5. BANK INDEBTEDNESS

	June 30 2024	December 31 2023
ABL Facility	\$ 13,927,753	\$ 22,157,164
BCAP Loan	4,224,537	4,571,759
Cash and cash equivalents	(716,702)	(3,462,572)
	\$ 17,435,588	\$ 23,266,351

Bank indebtedness relates to borrowings on the Company's BCAP Loan and ABL Facility with Canadian Imperial Bank of Commerce ("CIBC") as well as cash and cash equivalents held with an affiliate bank, CIBC Bank USA.

The BCAP Loan is backed by the Canadian Government with 80% of the principal having been guaranteed by The Business Development Bank of Canada. The BCAP Loan bears interest at a rate of 2.25% above CIBC's prime lending rate. The term of the BCAP Loan is amortized over 10 years from the agreement date of July 16, 2020, with interest only payable for the first 12 months.

The Company amended its ABL Facility agreement on December 16, 2022, increasing the borrowing availability from \$25,000,000 to \$37,500,000. The borrowing base block of \$3,000,000 was removed from the agreement. On May 15, 2024, the Company amended its ABL Facility agreement to implement a revised cumulative EBITDA covenant, in addition to increasing the availability block from \$2.5M to \$3.5M. As of June 30, 2024, the Company was in compliance with its covenant, tested monthly through the ABL facility. The agreement matures on October 31, 2024. In addition, the interest rate will be determined on a tiered system based on the ratio of the average consecutive five day total excess availability to the average daily borrowing base, as outlined in the table below:

Tier	Ratio of the Average Daily Total Excess Availability to the Average Daily Borrowing Base (shown as a percentage)	BA Borrowing or SOFR Loan Applicable Margin	Canadian Prime Rate Loan or Base Rate Loan Applicable Margin
Tier 1	> 20%	2.00%	0.50%
Tier 2	< 20%	2.00%	0.75%

Transaction costs of \$20,000 were incurred as part of the December 16, 2022 amendment and are being amortized over the term of the agreement. Transaction fees of \$17,500 were incurred as part of the May 15, 2024 amendment and will be amortized over the term of the agreement.

Canadian Western Bank

On May 9, 2022, the Company signed an agreement with Canadian Western Bank (“CWB”) to refinance its subordinated debt. The financing consists of a \$6 million, 20 year fixed term loan and bears a current 5 year fixed interest rate of 5.61% per annum. On October 24, 2022 a second tranche of financing was signed with CWB for the purchase of a warehouse facility, located in Midland Texas, in the amount of \$1,319,000. The second tranche financing consists of a 20 year term loan and bears a current 2 year fixed interest rate of 6.62% per annum. This loan is secured by a first demand collateral mortgage over all owned lands and premises; assigned by the Company to CWB of all risk insurance in the amounts and from an insurer acceptable to CWB, on all Company real property, without limitation lands, buildings, fixtures and equipment owned by the Company, showing CWB as first loss payee. The CWB Term Loan includes a tangible net worth covenant of \$9,295,000 and a cash flow coverage ratio covenant of no less than 1.10, both tested annually. Transaction costs of \$91,794 were incurred as part of the refinancing, and are being amortized over the term of the agreement.

6. LONG-TERM DEBT (CONT'D)

The CWB Term Loan is secured by the following: an unlimited corporate guarantee supported by a general security agreement from all entities within the group, only to a prior charge from the ABL facility, first demand collateral mortgage over all owned lands and only to a prior charge from the ABL facility, first demand collateral mortgage over all owned lands and premises; assigned by the Company to CWB of all risk insurance in the amounts and from an insurer acceptable to CWB, on all Company real property, without limitation lands, buildings, fixtures and equipment owned by the Company, showing CWB as first loss payee. Transaction costs of \$3,500 were incurred as part of this amendment and are being amortized over the term of the agreement.

9. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Company is exposed to various risks in relation to financial instruments. These risks include credit risk, interest rate risk, currency risk, and liquidity risk. The Company's risk management function is performed by management within guidelines approved by its Board of Directors. The Company seeks to minimize the effects of the identified risks by focusing on actively securing short to medium-term cash flows and minimizing exposures to capital markets.

Credit risk

Credit risk arises from the possibility that the entities to which the Company provides services may experience financial difficulty and would be unable to fulfill their obligations. The Company's trade receivables are with customers in the crude oil and natural gas industry and are subject to normal industry credit risk. The Company's practice is to manage credit risk by performing a detailed analysis of the credit worthiness of new customers before the Company's standard payment terms are offered. Additionally, the Company continuously reviews individual customer trade receivables, taking into consideration payment history and the aging of the trade receivable to monitor collectability.

Interest rate risk

The Company is exposed to interest rate risk for borrowings on its ABL facility and term loan, to the extent that the prime interest rate changes.

Currency risk

The Company and its US subsidiaries are subject to foreign currency risk due to its accounts receivable, accounts payable and accrued liabilities, bank indebtedness, and long-term debt denominated in foreign currencies. Therefore, there is a risk of earnings fluctuations arising from changes in and the degree of volatility of foreign exchange rates arising on foreign monetary assets and liabilities. An analysis of currency risk for the Company as follows:

(1) Foreign currency denominated monetary financial liabilities includes US dollar cash and cash equivalents recorded within bank indebtedness as discussed in Note 5.

Liquidity risk

Liquidity risk is the exposure of the Company to the risk of not being able to satisfy its financial liabilities as they become due. The Company actively monitors its financing obligations to ensure that it has enough available funds to meet current and foreseeable future financial requirements at a reasonable cost. The Company mitigates liquidity risk by maintaining adequate Credit Facilities, and through the forecasting and management of its operational cash flows. Management of operational cash flows takes into consideration the Company's debt financing plans and covenant compliance.

The Company manages its capital structure based on current economic conditions, the risk characteristics of the underlying assets, and planned capital requirements within guidelines approved by its Board of Directors. Total capitalization is adjusted by drawing on existing Credit Facilities, issuing new debt or equity securities when opportunities are identified, and through disposition of underperforming assets to reduce debt when required.

As at June 30, 2024, the Company had \$5,196,000 (June 30, 2023 - \$5,705,643) of undrawn credit available on the ABL Facility and BCAP loan. Aside from the capital requirements associated with its ABL Facility, BCAP and CWB loans, as disclosed in Note 5 and Note 6, the Company is not subject to any other external capital requirements. The total capital structure of the Company is as follows:

	June 30 2024	December 31 2023
Bank indebtedness	\$ 17,435,588	\$ 23,266,351
Long-term debt	6,840,698	6,937,666
Lease Liabilities	1,168,096	1,434,235
Equity	21,595,808	22,542,466
Total capital	\$ 47,040,190	\$ 54,180,718

9. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (CONT'D)

The Company's liquidity and cash flow from operations has been impacted by a variety of external factors including further volatility in crude oil prices due to macro-economic uncertainty. Depending on the oil and gas market growth, management has stress tested the Company's liquidity position to meet all commitments as well as created various levels of mitigation actions to respond to sudden reductions in revenue. The impact that a decline in the commodity pricing will have on the Company's business or financial results cannot be reasonably estimated at this time, which in turn could lead to the non-compliance of certain lending covenant on the Company's Credit Facilities, which if not amended or waived, could limit, in part, or in whole, the Company's access to the Credit Facilities and could accelerate repayment.

Cash flows related to bank indebtedness, accounts payable and accrued liabilities included below may occur at different times or amounts. A maturity analysis of the Company's outstanding obligations as at March 31, 2024 is as follows:

June 30	Bank indebtedness	Accounts payable and accrued liabilities	Long-term debt	Lease liabilities ⁽¹⁾	Total
2024	\$ 17,435,588	\$ 12,121,702	\$ 100,248	\$ 335,910	\$ 29,993,448
