Emak at a glance

Diverse markets coverage

Emak serves four industries: gardening and forestry, cleaning, agriculture and industrial with specialized solutions.

Three Specialized Divisions

The group operates through Outdoor Power Equipment, Pumps and Water Jetting, and Components and Accessories divisions for targeted expertise.

Global and multichannel approach

The Group sales worldwide, with direct presence or through independent clients. Products are sold through specialized dealers, mass merchant/DIY and to OEMs

Efficient Knowledge Sharing

Emak enhances customer satisfaction by sharing know-how and organizational efficiencies for tailored solutions in each market.

A wide product portfolio...

Gardening&Forestry

Cleaning

Agriculture

Industry

OPE

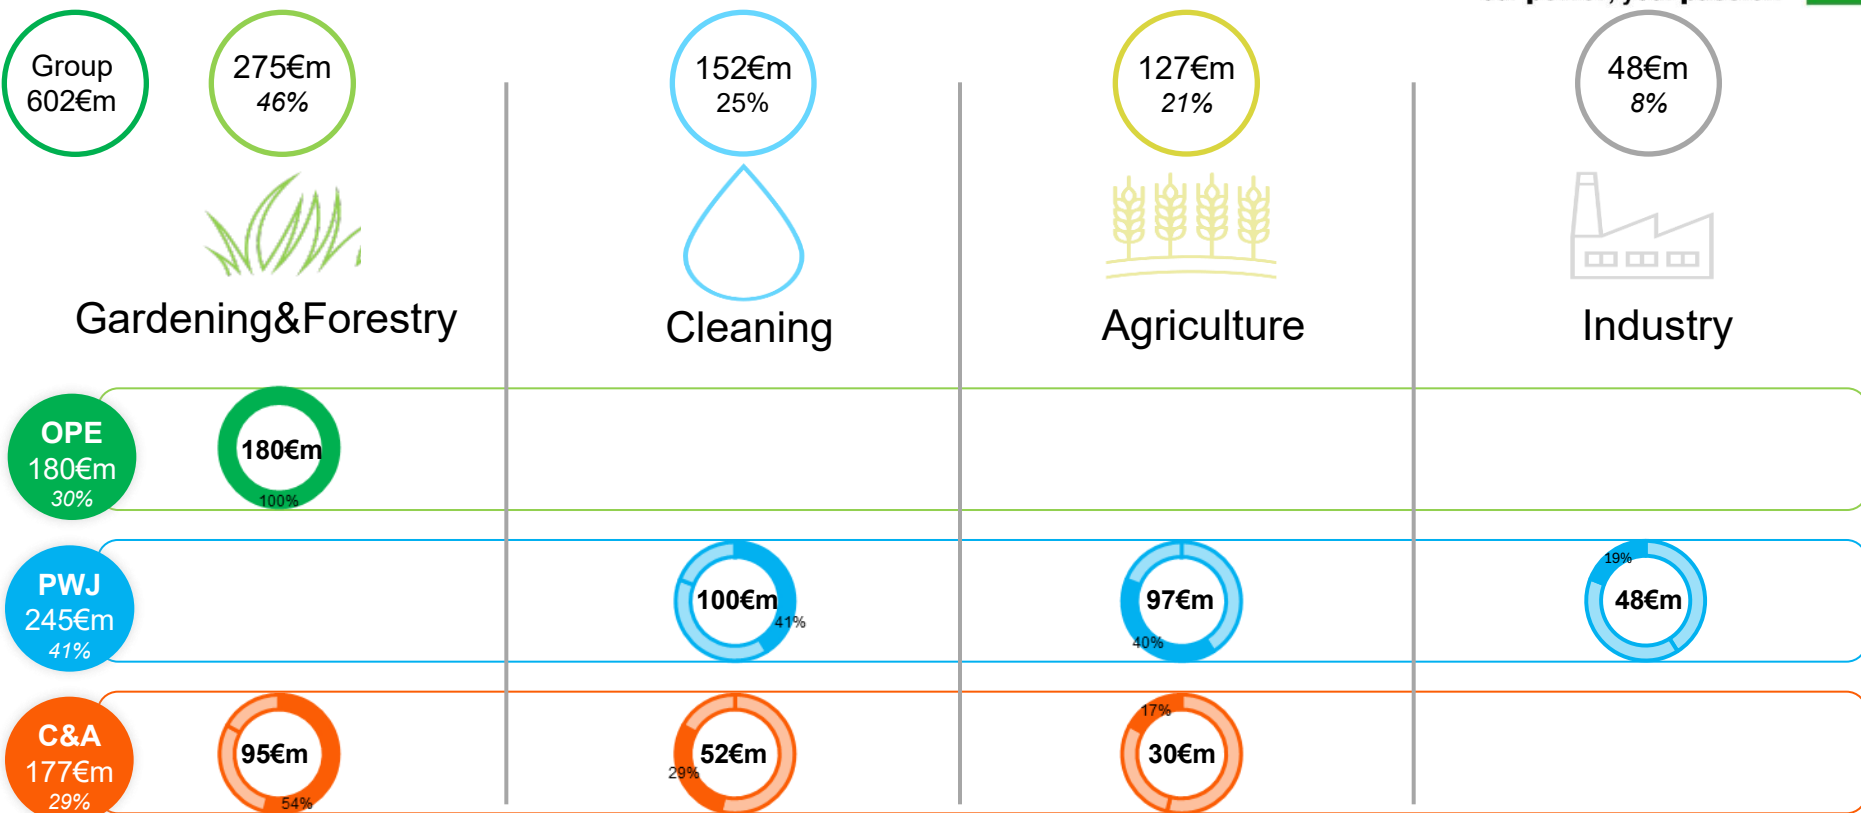

PWJ

C&A

...a diversified, interconnected Group...

... with a global business...

... and a multi channel approach

Our strategy

Innovation

- Product innovation (emissions reduction, materials, lower resources usage)
- Process innovation (virtual reality, 3D printing)
- Digital transformation
- New technologies and applications

Efficiency

- Lean approach
- Supply chain optimization
- Value creation from past investments
- Optimization of invested capital

Distribution

- Expand and strengthen distribution network in market with high growth potential
- Strengthen OEM relationship
- Omni-channel approach

Acquisitions

- Access new technologies
- Complete product range
- Enter new markets

9M 2025 highlights

SALES

494.9€m vs 474.3€m (+4.4%)

- Organic performance +5.6%, exchange rates -1.2%
- Growth in the Gardening and Industrial markets
- Stable sales in the Agriculture sector
- Slowdown in the Cleaning market

EBITDA MARGIN Adj

13.0% (64.1€m) vs 12.1% (57.7€m)

- Positive segment mix
- Increase in personnel, transport, and production volume-related costs

NET PROFIT

21.6€m vs 14€m

- Lower financial charges
- Lower tax rate

NET DEBT

201.4€m vs 214.9 at 30/09/2024 and 210€m at 31/12/2024

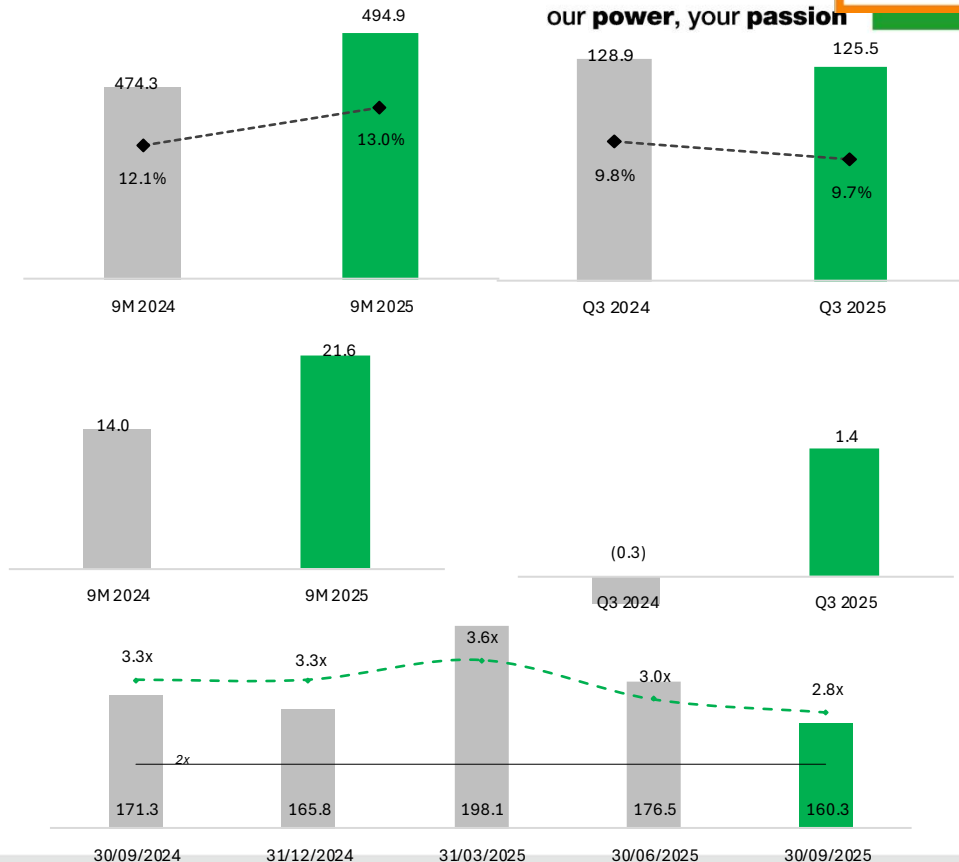

- Better cash flow
- Lower working capital absorption
- Lower investments

Sales/EBITDA ADJ

Debt/EBITDA

LTM / NO IFRS16

9M 25 – Sales performance

	OPE	PWJ	C&A	GROUP
	↑		↑↑	↑
		↓	↑	↓
		↗	↗	↗
		↑		↑
Total	7.5%	0.1%	7.3%	4.4%

- Revenue growth (+4.4%) was widespread across the group's **European** markets (+6.6%), and in the **Rest of the World** (+10.0%), notably in China, the Far East, and Oceania. The American market saw a slight decline (-2.2%), mainly due to stagnation in the agricultural sector in the USA and Brazil, as well as currency effects
- Gardening** grew for both OPE and C&A.
- Agriculture** remained stable, with growth in Europe offset by weak sales in Brazil for C&A and in the USA for PWJ, along with currency effects.
- Cleaning** declined due to a sharp slowdown in PWJ sales starting from Q2.
- Industry** recover continuing into Q3.

9M 25 – Sales performance

our power, your passion

Outdoor Power Equipment

- Strong pre-season order intake, positively impacted by the correct level of inventory in the network and the expansion of the product range.
- Due to different market dynamics (sales and inventories) that determined a strong Q3 and a lower order intake comparison during the season, sales declined in Q3.
- Growth is concentrated in European markets

Pumps & Water Jetting:

- Sales are flat but progressively improving
- Change in market mix: while the cleaning segment is deteriorating, there is an improvement in the industrial market and a stabilisation in agriculture.
- Geographically, growth is concentrated in Asia, Far East, Oceania, while Europe remains substantially stable and the decline in America is strongly penalized by the performance of the agricultural market and exchange rates.

Components & Accessories:

- Sales increased across most geographic areas, with the exception of South America.
- Gardening segment continues to deliver the strongest results.
- Agriculture segment is showing signs of recovery, although it remains affected by the challenging market conditions in Brazil.
- The Cleaning segment is also growing, but some signs of weakness emerged in the third quarter.

9M 25 EBITDA Adjusted

Outdoor Power Equipment

- Operating Leverage: Benefited from operating leverage driven by revenue growth.
- Cost Dynamics: Cost increases are primarily linked to higher production volumes (including temporary labor and utilities) and enhanced sales promotion activities.

Pumps & Water Jetting

- Negative impact from logistics costs.
- Margin benefits driven by forex and product mix.
- Increase in industrial and IT costs resulting from recent implementations, only partially offset by savings in commercial expenses.

Components & Accessories

- Operating leverage driven by sales growth.
- Labor costs increasing due to higher production volumes (including temporary and overtime workers).
- Rising operating costs related to production (utilities and external logistics) and rental expenses

GROUP

- Positive sales' mix:
 - ✓ growth in Gardening and Industrial markets
 - ✓ decline in Cleaning
- Positive Operating Leverage Despite Cost Increases
 - ✓ personnel: (i) wage dynamics (ii) increased use of temporary and overtime labor to support higher production volumes
 - ✓ operating costs: higher costs related to increased sales volumes (production and logistics)

Consolidated balance sheet

Teleborsa: distribution and commercial use strictly prohibited

31.12.2024	€m	30.09.2025	30.09.2024
