An application with respect to the voluntary delisting of common shares of BioNeutra was filed with the Canadian Securities Exchange and as a result BioNeutra will no longer be listed on the Canadian Securities Exchange effective prior to the market open on Wednesday, December 9, 2015.

About BioNeutra

BioNeutra is in the business of research and development, production and commercialization of ingredients for nutraceutical, functional and mainstream foods and beverages, with a focus on isomalto-oligosacharides ("IMO").

The Company's lead product, VitaFiber™, is an advanced functional and health food and beverage ingredient scientifically made from natural agricultural products, is generally regarded as safe (GRAS) by the U.S. Food & Drug Administration, and is European Food Safety Authority and Health Canada approved as a novel food ingredient. VitaFiber™ is naturally sweet and lower in calories than regular sugar and is a natural source of dietary fiber as it provides low calorie soluble prebiotic fiber for human digestive health.

The Company produces VitaFiber™ using its patented processes that naturally transform starch molecules from agriculture cereal crops including corn, wheat, barley, potato, or tapioca into the functional health molecules of IMO. The VitaFiber™ manufacturing process is based upon a natural enzymatic conversion of starch molecules without any chemical modification, making VitaFiber™ a natural food ingredient. VitaFiber™ is also non-GMO, vegan-friendly, gluten-free, Kosher and Halal certified and available as certified organic.

The Company's customers include a mix of small and medium enterprises and a number of high-profile food and beverage manufacturers in Canada, the U.S., Europe, the United Kingdom, and Mexico. VitaFiber™ is also available for retail purchase across the globe through Amazon.com and other direct-to-consumer retailers.

Further information about BioNeutra is available on the Company's website at www.bioneutra.ca and on the SEDAR website at www.sedar.com.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
