BIONEUTRA GLOBAL CORPORATION
ANNOUNCES EXTENSION OF WARRANTS AND STOCK OPTIONS

Edmonton, Alberta – (January 22, 2018) – BioNeutra Global Corporation ("BioNeutra" or the "Company") (TSXV: BGA) announced that it has applied to the TSX Venture Exchange for a one (1) year extension in the expiry date of common share purchase warrants (the "Warrants") from March 25, 2018 to March 25, 2019. The Warrants have an exercise price of $0.50 and were issued in connection with a private placement of an aggregate of 3,300,000 units at $0.30 per unit that closed on March 25, 2015. In all other respects, the terms of the Warrants will remain unchanged and in full force and effect.

In addition, the Board of Directors of the Company announces that the Company has made an application to the TSX Venture Exchange for approval to extend the expiry date on an aggregate number of 1,800,000 director, officer and employee incentive stock options (the "Stock Options") from February 12, 2018 to February 12, 2019. All other terms and conditions of the Stock Options remain unchanged. The Stock Options may be exercised to purchase an equal number of common shares of the Company at $0.40 per common share at any time up to February 12, 2019.

The extension of the expiry date of the Warrants and Stock Options is subject to regulatory acceptance.

About BioNeutra

BioNeutra is in the business of research and development, production and commercialization of ingredients for nutraceutical, functional and mainstream foods and beverages, with a focus on VitaFiber™ IMOs.

The Company's lead product, VitaFiber™, is an advanced functional and health food and beverage ingredient scientifically made from natural agricultural products, is generally regarded as safe (GRAS) by the U.S. Food & Drug Administration, and is European Food Safety Authority and Health Canada approved as a novel food ingredient. VitaFiber™ is naturally sweet and lower in calories than regular sugar and is a natural source of dietary fiber as it provides low calorie soluble prebiotic fiber for human digestive health.

The Company produces VitaFiber™ using its patented processes that naturally transform starch molecules from agriculture cereal crops including corn, wheat, barley, potato, or tapioca into the functional health molecules of VitaFiber™ IMO. The VitaFiber™ manufacturing process is based upon a natural enzymatic conversion of starch molecules without any chemical modification involved, making VitaFiber™ a natural food and beverage ingredient. VitaFiber™ is also non-GMO, vegan-friendly, gluten-free, Kosher and Halal certified and available as certified organic.

The Company's customers include a mix of small and medium enterprises and a number of high-profile food and beverage manufacturers in Canada, the U.S., Europe, the United Kingdom, and Mexico. VitaFiber™ is also available for retail purchase across the globe through Amazon.com and other direct-to-consumer retailers.
