About BioNeutra

BioNeutra is an award-winning, sector-leading Canadian company in the business of research and development, production and commercialization of ingredients for nutraceutical, functional and mainstream foods and beverages with a focus on its lead product - VitaFiber® IMO.

VitaFiber® IMO is made using a patented process that naturally transforms starch molecules from agricultural crops such as pea or tapioca into healthy, functional molecules. The VitaFiber manufacturing process is based upon a natural enzymatic conversion of the molecules without any chemical modification involved making VitaFiber® IMO a natural food and beverage ingredient. VitaFiber® IMO is also non-GMO, vegan friendly, gluten-free, Kosher and Halal certified and available as certified organic.

VitaFiber® IMO has been approved for sale by the world’s top three health regulatory bodies – GRAS approved by the US Food & Drug Administration; the European Food Safety Authority and Health Canada (approved as a novel food ingredient and dietary fiber). VitaFiber® IMO is a naturally sweet, low calorie alternative to sugar and is a natural source of dietary fiber and prebiotics for human digestive health. It is also helpful with weight management.

The Company’s customers include a mix of small and medium businesses as well as a number of high-profile food and beverage manufacturers on four continents.
