NEWS RELEASE

The management of DOME VENTURES CORPORATION ("Dome") is pleased to announce that it has completed the acquisition of 90% of the issued and outstanding shares of SISU Enterprises Co. Inc. ("SISU").

For over 20 years SISU has been at the forefront of the natural health products industry and has a well deserved reputation for excellence among health conscience consumers. Founded by pharmacist Mr. Harlan J. Lahti, SISU formulates and produces the finest quality products that reflect the latest advances in health and wellness. Mr. Lahti will continue as a shareholder of SISU and has agreed to continue working with SISU for a period of at least three years focusing on product development and relations with its key customers. With a strong brand name, a dedicated staff and with the additional financial strength provided by Dome, Dome believes SISU can grow its revenue substantially over the next year or so. A new business plan is being developed and it is expected that further announcements regarding SISU will be made within the next few weeks.

Operating from a 30,000 square foot plant in Burnaby, SISU's revenues for its fiscal year ended September 30, 2002 were in excess of $17,000,000. It was both cash flow positive and profitable. While Dome's investment in SISU is a major investment for Dome and will result in consolidated financial statements, Dome will continue to look for other investment opportunities.

On behalf of the Board of
DOME VENTURES CORPORATION
