HomeProject Lists on Canadian Venture Exchange, CDNX under new symbol YHP

TORONTO, Ontario—December 5, 2000— HomeProject, Inc. the leading provider of interactive design and visualization infrastructure for e-businesses and Global 2000 companies, today announced its listing on the Canadian Venture Exchange, CDNX. HomeProject will begin trading immediately under the symbol YHP.

On October 4, 2000 HomeProject filed a deferral notice to delay listing on CDNX in order to ensure the status of certain beneficial tax treatments available to HomeProject as a Canadian Controlled Private Corporation (“CCPC”).

The company withdrew its deferral and has officially requested the CDNX to begin listing HomeProject as an actively traded company on the CDNX exchange. HomeProject understands that CDNX has been communicating with the Federal Department of Finance in an attempt to preserve the tax treatment for CDN quoted companies that apply to list on Tier 3 of CDNX. While no information has been received as to a formal resolution to-date, HomeProject will inform investors immediately when such information is made available to it by CDNX.

About HomeProject, Inc.

HomeProject Inc. is the leading provider of interactive design and visualization infrastructure to e-businesses and Global 2000 companies. HomeProject's infrastructure empowers users to do ‘real work’ on the Web such as 3D design of rooms, gardens and offices. HomeProject is the first company to take consumer-friendly 3D interactivity to the Web, improving quality-of-experience, productivity and satisfaction when shopping online, and reducing consumer's uncertainty in the buying process.
