About Tearlach

Tearlach is a Canadian exploration company engaged in the acquisition, exploration, and development of lithium projects. Tearlach holds an interest in the Final Frontier Project, which includes the Pakwan, Pakwan Extension, and Margot Lake Claim block. Tearlach holds interests in the Wesley, Harth, and Ferland properties, all located in the lithium hub of northwestern Ontario, Canada. Pegmatite dykes have been encountered on the Harth Lithium Project, which is 8 kms west of the Wesley Lithium Project. Prospecting and mapping have confirmed pegmatite dykes on the Ferland Lithium Property. Tearlach holds interests in the Fliszar, Muscovite Ridge and Rose North Properties in the James Bay area of Quebec, and each property hosts pegmatites. Tearlach intends to explore these assets and develop a portfolio of projects in North America through acquisition. Tearlach's primary objective is to position itself as the leading lithium exploration and development company in North America. Additional information on the Company is available at the website at www.tearlach.ca.
