FORM 51-101F2
REPORT ON RESERVES DATA

To the board of directors of Marauder Resources East Coast Inc. (the "Company):

1 We have evaluated the company's reserves data as at December 31, 2005 The reserves data consist of the following:

(i) probable and probable plus possible reserves estimated as at December 31, 2005.

(ii) the related estimated future net revenue; and

2 The reserves data are the responsibility of the Company's management. Our responsibility is to express an opinion on the reserves data based on our evaluation.

We carried out our evaluation in accordance with standards set out in the Canadian Oil and Gas Evaluation Handbook (the "COGI Handbook") prepared jointly by the Society of Petroleum Evaluation Engineers (Calgary Chapter) and the Canadian Institute of Mining, Metallurgy and Petroleum (Petroleum Society).

3 Those standards require that we plan and perform an evaluation to obtain reasonable assurance as to whether the reserves data are free of material misstated. An evaluation also includes assessing whether the reserves data are in accordance with principles and definitions presented in the COGE Handbook.

4 The following table sets forth the estimated future net revenue (before deduction of income taxes) attributed to probable reserves, estimated using forecast prices and costs calculated using a discount rate of 10 percent, included in the reserves data of the company evaluated by us for the year ended December 31, 2005 and identifies the portion thereof that we have evaluated and reported on the Company's management and board of directors.

5 In our opinion, the reserves data evaluated by us have, in all material respects, been determined and are in accordance with the COGE Handbook. We express no opinion on the reserves data that we reviewed but did not audit or evaluate.

6 We have no responsibility to update our reports referred to in paragraph 4 for events and circumstances occurring after their respective preparation dates.

7 Because the reserves data are based on judgments regarding future events, actual results will vary and the variations may be material.

Executed as to our report referred to above:
