MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of the GPM Metals Inc. (the “**Corporation**”) for use at the Annual and Special Meeting of Shareholders (the “**Meeting**”) of the Corporation referred to in the accompanying Notice of Annual and Special Meeting of Shareholders (the “**Notice**”) to be held on Wednesday, June 24, 2026, at the time and place and for the purposes set forth in the Notice. References in this Circular to the Meeting include any adjournment(s) thereof. It is expected that the solicitation will be primarily by mail; however, proxies may also be solicited personally or by telephone by regular employees of the Corporation at nominal cost. The cost of such solicitation will be borne by the Corporation.

The board of directors of the Corporation (the “**Board**”) has by resolution fixed the close of business on May 19, 2026 as the record date, being the date for the determination of the registered holders of common shares of the Corporation (the “**Common Shares**”) entitled to notice of and to vote at the Meeting and any adjournment(s) thereof.

Unless otherwise stated, the information contained in this Circular is given as of May 19, 2026 and, all dollar amount references are expressed in Canadian dollars. All references herein to the Corporation shall include its subsidiaries as the context may require.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. Each shareholder has the right to appoint a person or Corporation, who need not be a shareholder of the Corporation, other than the persons named in the enclosed form of proxy, to represent such shareholder at the Meeting or any adjournment(s) thereof. Such right may be exercised by inserting such person’s name in the blank space provided and striking out the names of management’s nominees in the enclosed form of proxy or by completing another proper form of proxy. All proxies must be executed by the shareholder or his or her attorney duly authorized in writing or, if the shareholder is a Corporation, by an officer or attorney thereof duly authorized. The completed form of proxy must be deposited at the office of the Corporation’s transfer agent, TSX Trust Corporation (“**TSX Trust**”), 100 Adelaide Street West, Suite 301, Toronto, Ontario, M5H 4H1, no later than 10:00 a.m. on June 22, 2026, or 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting if it is adjourned or postponed.

A shareholder forwarding the enclosed form of proxy may indicate the manner in which the appropriate appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy and may do so either:

by depositing an instrument in writing revoking the proxy executed by him or her with TSX Trust at the address noted above at any time up to and including 5:00 p.m. (Toronto time) on the last business day preceding the day of the Meeting, or any adjournment thereof, or in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXIES

Common Shares represented by properly executed proxies in favour of the persons named in the enclosed form of proxy will be either voted or withheld from voting, as applicable, in accordance with the instructions given by the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. Where shareholders have properly executed proxies in favour of the persons named in the enclosed form of proxy and have not specified in the form of proxy the manner in which the named proxies are required to vote the Common Shares represented thereby, such shares will be voted in favour of the passing of the matters set forth in the Notice. The enclosed form of proxy confers discretionary authority with respect to amendments or variations to the matters identified in the Notice and with respect to other matters that may properly come before the Meeting. At the date hereof, management of the Corporation knows of no such amendments, variations or others matters to come before the Meeting. However, if any other matters which at present are not known to management of the Corporation should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgement of the named proxies.

NON-REGISTERED SHAREHOLDERS AND DELIVERY MATTERS

Registered holders of Common Shares or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Common Shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the Common Shares, or (ii) in the name of a clearing agency (such as the CDS Clearing and Depository Services Inc. (“**CDS**”)) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Corporation will have caused its agent to distribute copies of the Notice and this Circular (collectively, the “**meeting materials**”) as well as a proxy directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These securityholder materials are being sent to both registered holders of the securities and Non-Registered Holders of the securities. If you are a Non-Registered Holder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for proxy enclosed with mailings to NOBOs.

The meeting materials distributed by the Corporation's agent to NOBOs include a proxy. Please carefully review the instructions on the proxy for completion and deposit.

Distribution to OBOs

In addition, the Corporation will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Holders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

1. be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with TSX Trust in the manner set out above in this Circular, with respect to the Common Shares beneficially owned by such OBO; or
2. more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service Corporation, will constitute authority and instructions (often called a "**Voting Instruction Form**") which the Intermediary must follow. Typically, the Voting Instruction Form will consist of a one-page pre-printed form. The purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or voting instruction form is to be delivered.

Delivery Matters

The Corporation is not using the "notice-and-access" provisions of National Instrument 54-101 ("**NI 54-101**") in connection with the delivery of the meeting materials in respect of the Meeting. The Corporation is not sending such meeting materials directly to "non-objecting beneficial owners" in accordance with NI 54-101 and intends to pay for intermediaries to deliver the meeting materials to "objecting beneficial owners" as defined in NI 54-101.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No director or executive officer of the Corporation who has held such position since January 1, 2025, or proposed nominee for election as a director of the Corporation, or any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter of special business to be acted upon at the Meeting, other than the approval of the stock option plan of the Corporation (the “**Stock Option Plan**”) in connection with which the directors and executive officers of the Corporation may continue to hold stock options and/or may be entitled to receive stock option grants in the future, all in accordance with the terms thereof. See “Particulars of Matters to be Acted Upon – Approval of Stock Option Plan”.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Each holder of Common Shares of record at the close of business on May 19, 2026 (the “**Record Date**”) is entitled to receive notice of and to vote at the Meeting or at any adjournment(s) thereof. In accordance with the provisions of the *Business Corporations Act* (Ontario) (the “**OBCA**”), the Corporation will prepare a list of holders of Common Shares as of such Record Date. Each holder of Common Shares named in the list will be entitled to vote the Common Shares shown opposite his or her name on the list at the Meeting, subject to compliance with the procedures specified herein. All such holders of record of Common Shares are entitled to either attend and vote thereat in person the Common Shares held by them or, provided a completed and duly executed form of proxy shall have been delivered to the Corporation’s transfer agent within the time specified in the attached Notice, to attend and vote thereat by proxy the Common Shares held by them, all in accordance with the procedures specified herein. The list of Common Shares of the Corporation created as of the Record Date is final and no new persons who become shareholders of the Corporation following such Record Date will be entitled to notice of or vote at the Meeting.

As of May 19, 2026, the Corporation had an aggregate of 159,335,978 Common Shares issued and outstanding. Each Common Share carries the right to one vote on all matters to be acted upon at the Meeting. The outstanding Common Shares are listed on the TSX Venture Exchange (the “**TSX-V**”) under the symbol “GPM”.

To the knowledge of the directors and executive officers of the Corporation, as of May 19, 2026, no persons or companies own, or exercise control or direction over, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to any class of voting securities of the Corporation, other than as follows:

Notes:

(1) The estimated grant date fair value of these stock options has been calculated using the Black Scholes model. The Black-Scholes model is a mathematical valuation model that ascribes a value to a stock option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. Calculating the value of stock options using this methodology is very different from a simple “in-the money” value calculation. In fact, stock options that are well out-of-the-money can still have a significant estimated “grant date fair value” based on a Black-Scholes valuation, especially where, as in the case of the Corporation, the price of the share underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.

(3) Peter Walsh resigned as President and Chief Executive Officer of the Corporation on September 23, 2024.

COMPENSATION DISCUSSION AND ANALYSIS

The Corporation’s approach to executive compensation has been to provide suitable compensation for executives that is internally equitable, externally competitive and reflects individual achievement. The Corporation attempts to maintain compensation arrangements that will attract and retain highly qualified individuals who are able and capable of carrying out the objectives of the Corporation. The Corporation has established a corporate governance, compensation and nominating committee (the “**CGC&N Committee**”), consisting of Messrs. Burgess, Noone and Paul Hafner (who was appointed as a director on April 1, 2026), a quorum of whom are

independent directors. Mr. Noone is not considered to be independent as the result of his role as the former Executive Chairman of the Corporation.

The Corporation's compensation arrangements for the Named Executive Officers may, in addition to salary, include compensation in the form of bonuses and, over a longer term, benefits arising from the grant of stock options. Given the stage of development of the Corporation, compensation of the Named Executive Officers to date has emphasized meaningful stock option awards to attract and retain Named Executive Officers and to a certain extent, to conserve cash. This policy may be re-evaluated in the future to instead emphasize increased base salaries and cash bonuses with a reduced reliance on option awards, depending upon the future development of the Corporation and other factors which may be considered relevant by the Board from time to time.

Base salaries for the named Executive Officers have remained flat in the past three years and total compensation has fluctuated which is reflective of the Corporation's stage of development in those years.

Base salary is a fixed element of compensation that is payable to each Named Executive Officer for performing his or her position's specific duties. The amount of base salary for a Named Executive Officer is determined through negotiation with each Named Executive Officer and is determined on an individual basis based upon the Corporation's need to attract and retain the relevant individual. While base salary is intended to fit into the Corporation's overall compensation objectives by serving to attract and retain talented executive officers, the size of the Corporation and the nature and stage of its business currently (as an exploration Corporation with no ongoing revenues from operations) also impacts the level of base salary. Compensation is set with reference to the market for similar jobs in junior capital companies at a similar level of development in Canada and an appropriate portion of total compensation is variable and linked to performance of both individual and corporate pre-established goals. Bonuses are short-term performance based financial incentives that are determined through the compensation review process.

The Corporation has in place the Option Plan for the benefit of eligible directors, officers, employees and consultants of the Corporation. Option-based awards are a variable element of compensation that is used to reward each Named Executive Officer for the performance of the Corporation. Option based awards are intended to fit into the Corporation's overall compensation objectives by aligning the interests of the Named Executive Officers with those of the Corporation, and linking individual Named Executive Officer compensation to the performance of the Corporation. The CGC&N Committee and the Board are responsible for overseeing the Option Plan and determining those directors, officers, employees and consultants of the Corporation who are entitled to participate in the Option Plan, the number of options of the Corporation allocated to each participant under the Option Plan, if any, and the time or times when the ownership of options will vest for each participant.

In fiscal 2025, the process for determining executive compensation for the President and Chief Executive Officers and the Chief Financial Officer of the Corporation was principally based upon recommendations of the CGC&N Committee and discussions at the Board level. In fiscal 2025, (i) Mr. Timmons was paid a salary of \$180,000 in respect of his service as President and Chief Executive Officer, and (iv) Ms. Wang was paid a salary of \$120,000 in consideration of her duties as Chief Financial Officer (see "Summary Compensation Table" above).

The Corporation's compensation program is designed to reward such matters as exploration success, market success, share performance, and the ability to implement strategic plans. The current overall objectives of the Corporation's compensation strategy is to reward management for their efforts, while seeking to conserve cash given current market conditions. With respect to any bonuses or incentive plan grants which may be awarded to executive officers in the future, the Corporation has not currently set any objective criteria and will instead rely upon any recommendations and discussion at the CGC&N Committee level with respect to these and any other matters which the CGC&N Committee may consider relevant on a going-forward basis, including the cash position of the Corporation.

Existing options held by the Named Executive Officers at the time of subsequent option grants are taken into consideration in determining the quantum or terms of any such subsequent option grants. Options have been granted to directors, management, employees and certain service providers as long-term incentives to align the individual's interests with those of the Corporation. The size of the option awards is in proportion to the deemed ability of the individual to make an impact on the Corporation's success. Standard vesting of stock options is 25% on the date of grant and 25% on each of the 6, 12 and 18- month anniversaries following the date of grant.

TERMINATION OF EMPLOYMENT, CHANGE IN RESPONSIBILITIES AND EMPLOYMENT CONTRACTS

During fiscal 2025, there were no employment agreements in place between the Corporation and any of the Named Executive Officers.

COMPENSATION OF DIRECTORS

The directors of the Corporation who are Named Executive Officers are currently paid \$20,000 fee for their services as directors of the Corporation in 2025. Also, there are reimbursed for travel and other out-of-pocket expenses incurred in attending directors' and shareholders' meetings. Directors are also entitled to receive compensation to the extent that they provide additional services to the Corporation at rates that would be charged by such directors for such services to arm's length parties. No such additional services were provided to the Corporation by any director in fiscal 2025. Directors are also entitled to participate in the Option Plan.

As of December 31, 2025, the Corporation granted an aggregate of 4,400,000 stock options to its directors pursuant to the Plan.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201, *Corporate Governance Guidelines* of the Canadian Securities Administrators has set out best practice guidelines for effective corporate governance (the "**Guidelines**"). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101, *Disclosure of Corporate Governance Practices* ("**NI 58-101**") of the Canadian Securities Administrators requires that if management solicits proxies from its securityholders for the purposes of electing directors, specified disclosure of the corporate governance practices must be included in its management information circular.

Set out below is a description of the Corporation's corporate governance practices in accordance with NI 58-101, based on the Guidelines.

The Board of Directors

For the purposes of NI 58-101, a director is considered to be independent if he or she does not have any direct or indirect material relationship with the Corporation. A material relationship is in turn defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with such member's independent judgement. The Board is currently comprised of five members: Daniel Noone, Harry Burgess, Peter Walsh, John Timmons and Paul Hafner. The Board has determined that two of the directors of the Corporation are "independent" within the meaning of NI 58-101.

Mr. Noone is not considered to be independent as the result of his role as the former Executive Chairman of the Corporation. Mr. Walsh is not considered to be independent as the result of his role as the former President and Chief Executive Officer of the Corporation. Mr. Timmons is not considered to be independent as the result of his role as the President and Chief Executive Officer of the Corporation. Messrs. Burgess and Hafner are each considered independent. The basis for this determination is that, since the beginning of the fiscal year ended December 31, 2025, none of the independent directors have worked for the Corporation, received remuneration from the Corporation in excess of \$75,000 or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

Directorships

Certain of the directors of the Corporation are also directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction as follows:

Name of Director	Other Reporting Issuer (or equivalent in a foreign jurisdiction)
Daniel Noone	G2 Goldfields Inc., FNX Inc.
Harry Burgess	Cartier Silver Corporation
Peter Walsh	None
John Timmons	Jo-Jo Capital Canada Ltd.
Paul Hafner	None

Board Meetings

The attendance record of each director for all board and committee meetings held during the fiscal year ended December 31, 2025, while the relevant director was on the Board or committee, is as follows:

Name	Board Meetings	Audit Committee Meetings	CGC&N Committee Meetings
Daniel Noone	5 of 5	2 of 2	Nil
Bruce Rosenberg	5 of 5	2 of 2	Nil
Harry Burgess	5 of 5	2 of 2	Nil
Peter Walsh	5 of 5	N/A	N/A
John Timmons	5 of 5	N/A	N/A

Orientation and Continuing Education

While the Corporation currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, prospectus, proxy solicitation materials, technical reports and various other operating, property and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Corporation's business and the procedures of the Board. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation. Each new director is also encouraged to make a site visit to the Corporation's projects.

Ethical Business Conduct

The Board monitors the ethical conduct of the Corporation and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction.

For these reasons the Board has not adopted a formal code of conduct.

Diversity Disclosure

The Corporation's senior management and the members of its Board have diverse backgrounds and expertise and were selected on the belief that the Corporation and its stakeholders would benefit from such a broad range of talent and experiences. The Board considers merit as the key requirement for board and executive officer appointments, and as such, it has not adopted any target number or percentage, or a range of target numbers or percentages, respecting the representation of women, Indigenous peoples, persons with disabilities, or members of visible minorities (collectively, "**members of designated groups**") on the Board or in senior management roles. In identifying new candidates for Board nomination, the Corporation looks for individuals with diverse backgrounds to ensure that best practices and experiences in the mineral exploration industry can be applied in making strategic decisions for the Corporation. However, the Corporation has not adopted a formal written policy related to the identification and nomination of designated groups (as defined in the *Employment Equity Act* (Canada)) for directors. The Corporation nonetheless appreciates the value of a diverse Board and management and believes that diversity helps the Corporation reach its efficiency and skill objectives for the greater benefit of Shareholders.

The Corporation has not adopted a written diversity policy due to the small size of the Board and the management team, and the stage of development of the Corporation's business. The Board believes that the qualifications and experience of the proposed directors and members of senior management should remain the primary consideration in the selection process. The Corporation will include diversity (including the level of representation of members of designated groups) as a factor in its future decision-making when identifying and nominating candidates for election or re-election to the Board and for senior management positions.

The Corporation seeks to attract and maintain diversity at the executive officer and board of directors' levels informally through the recruitment efforts of management in discussion with directors prior to proposing nominees to the Board or candidates for executive officer positions as a whole for consideration. When the Board selects candidates for Board or executive officer positions, it considers not only the qualifications, personal qualities, business background and experience of the candidates, it also considers the composition of the group of nominees, including whether the individual is a member of a designated group, to best bring together a selection of candidates allowing the Corporation to perform efficiently and act in the best interest of the Corporation and the Shareholders. Although the level of representation of members of designated groups is one of many factors taken into consideration in making Board and executive officer appointments, greater emphasis is placed on hiring or advancing the most qualified individuals.

As at the date of this Circular, none of the directors on the Board are members of designated groups. One of the two senior officers of the Corporation is a member of a designated group, representing 50% of the senior officers of the Corporation.

Nomination of Directors

The Corporation formed the CGC&N Committee consisting of Messrs, Burgess, Noone and Hafner, a quorum of whom are independent directors. Mr. Noone is not considered to be independent as the result of his role as the former Executive Chairman of the Corporation. The CGC&N Committee is responsible for identifying individuals qualified to become new directors and recommending to the Board new director nominees for the next annual meeting of shareholders. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required, show support for the Corporation's mission and strategic objectives, and a willingness to serve.

Compensation

The CGC&N Committee is responsible for reviewing the compensation paid for executive officers of companies of similar business, size and stage of development and determining an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Corporation. See also "Compensation Discussion and Analysis".

The CGC&N Committee also reviews the adequacy and form of compensation of the Corporation's directors, with a view to ensuring it realistically reflects the responsibilities and risks involved in being a director of the Corporation.

Assessments

The CGC&N Committee monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

AUDIT COMMITTEE

National Instrument 52-110, Audit Committees (“**NI 52-110**”) requires that the Corporation, if management solicits proxies from the securityholders of the Corporation for the purposes of electing directors to its board of directors, to disclose in its information circular certain specified information, including the constitution of its audit committee and its relationship with its independent auditor, as set forth below.

The Audit Committee’s Charter

The Corporation has adopted an Audit Committee Charter which is attached as Schedule “A” to this Circular.

Composition of the Audit Committee

A member of the Audit Committee is independent if the member has no direct or indirect material relationship with the Corporation. A material relationship means a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member’s independent judgment.

A member of the Audit Committee is considered financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation.

During the financial year ended December 31, 2025, the members of the Audit Committee were initially Messrs. Rosenberg, Burgess and Noone. Each member of the Audit Committee is financially literate and independent as defined by NI 52-110 with the exception of Mr. Noone who is not considered to be independent as the result of his role as the former Executive Chairman of the Corporation. Subsequent to the year-end, Mr. Rosenberg resigned as a director and Mr. Hafner was appointed as a director of the Corporation and a member of the Audit Committee. Mr. Hafner is financially literate and independent as defined by NI 52-110.

Relevant Education and Experience

Name	Relevant Education and Experience
Paul Hafner	Mr. Hafner is a Vice President of Corporate affairs at G2 Goldfields Inc. He holds a B.Sc. from the University of Westminster.

In addition, no indebtedness of these individuals to another entity has been the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding of the Corporation or any of its subsidiaries either as at the date of this Circular or at any time since the commencement of the financial year of the Corporation ended December 31, 2025.

There are potential conflicts of interest to which certain of the directors and officers of the Corporation may be subject in connection with the operations of the Corporation and its subsidiaries. Certain of the directors and officers of the Corporation are engaged and will continue to be engaged in mineral exploration activities on behalf of other corporations, and situations may arise in which such other corporations will be in direct competition with the Corporation.

Conflicts of interest which arise, if any, will be subject to and governed by procedures prescribed by the OBCA which require a director or officer of a corporation who is party to or is a director or officer of or has a material interest in any person who is a party to a material contract or proposed material contract of the Corporation, to disclose his interest and refrain from voting on any matter in respect of such contract unless otherwise permitted by the OBCA.

The Corporation represents that, in the event it wishes to grant Options under the Plan to Employees, Consultants or Management Corporation Employees it will only grant such Options to Optionees who are bona fide and eligible Employees, Consultants or Management Corporation Employees, as the case may be.

SECTION 6 - TERMS AND CONDITIONS

All Options under the Plan shall be granted upon and subject to the terms and conditions hereinafter set forth.

6.1 Exercise Price

The exercise price to each Optionee for each Optioned Share shall be determined by the Board of Directors but shall not, in any event, be less than the “**Discounted Market Price**” of the Corporation’s common shares as traded on the Exchange (as that term is defined in Exchange policy 1.1), or such other price as may be agreed to by the Corporation and accepted by the Exchange; provided that the exercise price for each Optioned Share in respect of Options granted within ninety (90) days of a “**Distribution**” by a “**Prospectus**” (as those terms are defined in Exchange Policy 1.1) shall not be less than the greater of the Discounted Market Price and the price per share paid by public investors for listed shares of the Corporation under the Distribution.

In the event the Corporation wishes to reduce the exercise price or extend the expiry date of any Options held by Insiders of the Corporation or extend the term of any Options held by Insiders of the Corporation, at the time of the proposed reduction or extension, the approval of the disinterested shareholders of the Corporation will be required at the time of the proposed reduction or expiry date extension.

6.3 Option Agreement

All Options shall be granted under the Plan by means of an agreement (the “**Option Agreement**”) between the Corporation and each Optionee in such form as may be approved by the Board of Directors, such approval to be conclusively evidenced by the execution of the Option Agreement by any one director or officer of the Corporation, or otherwise as determined by the Board of Directors.

6.4 Length of Grant

Subject to sections 6.8, 6.9, 6.11, 6.12, 6.13 all Options granted under the Plan shall expire not later than that date which is five (5) years from the date such Options were granted.

6.5 Non-Assignability of Options

An Option granted under the Plan shall not be transferable or assignable (whether absolutely or by way of mortgage, pledge or other charge) by an Optionee other than by will or other testamentary instrument or the laws of succession and may be exercisable during the lifetime of the Optionee only by such Optionee.

6.6 Right to Postpone Exercise

Each Optionee, upon becoming entitled to exercise the Option in respect of any Optioned Shares in accordance with the Option Agreement, shall thereafter be entitled to exercise the Option to purchase such Optioned Shares at any time prior to the expiration or other termination of the Option Agreement or the Option rights granted thereunder in accordance with such agreement.

6.7 Exercise and Payment

Any Option granted under the Plan may be exercised by an Optionee or, if applicable, the legal representatives of an Optionee, giving notice to the Corporation specifying the number of shares in respect of which such Option is being exercised, accompanied by payment (by cash or certified cheque payable to the Corporation) of the entire exercise price (determined in accordance with the Option Agreement) for the number of shares specified in the notice, subject to Section 6.15 hereof. Upon any such exercise of an Option by an Optionee the Corporation shall cause the transfer agent and registrar of shares of the Corporation to promptly deliver to such Optionee or the legal representatives of such Optionee, as the case may be, a share certificate in the name of such Optionee or the legal representatives of such Optionee, as the case may be, representing the number of shares specified in the notice.

If at any time when an Option granted under the Plan remains unexercised with respect to any common shares, an offer to purchase all of the common shares of the Corporation is made by a third party, the Corporation may upon giving each Optionee written notice to that effect, require the acceleration of the time for the exercise of the Option rights granted under the Plan and of the time for the fulfillment of any conditions or restrictions on such exercise.

6.9 Alterations in Shares

In the event of a stock dividend, subdivision, redivision, consolidation, share reclassification (other than pursuant to the Plan), amalgamation, merger, corporate arrangement, reorganization, liquidation or the like of or by the Corporation, the Board of Directors may make such adjustment, if any of the number of Optioned Shares, or of the exercise price, or both, as it shall deem appropriate to give proper effect to such event. If because of a proposed merger, amalgamation or other corporate arrangement or reorganization, the exchange or replacement of shares in the Corporation for those in another Corporation is imminent, the Board of Directors may, in a fair and equitable manner, determine the manner in which all unexercised Option rights granted under the Plan shall be treated including, for example, requiring the acceleration of the time for the exercise of such rights by the Optionees and of the time for the fulfillment of any conditions or restrictions on such exercise. All determinations of the Board of Directors under this section 6.9 shall be full and final. For greater certainty, any adjustment other than in connection with a consolidation or a split, to Options granted under the Plan, must be subject to the prior acceptance of the Exchange, including adjustments related to an amalgamation, merger, arrangement reorganization, spin-off, dividend or recapitalization.

6.10 No Fractional Common Shares

No fractional Common Shares shall be issued upon the exercise of Options granted under the Plan and, accordingly, if an Optionee would become entitled to a fractional Common Share upon the exercise of an Option, or from an adjustment pursuant to Section 6.9 such Optionee shall only have the right to purchase the next lowest whole number of Common Shares, and no payment or other adjustment will be made with respect to the fractional interest so disregarded.

6.11 Termination for Cause/Resignation

Subject to Section 6.12, if an Optionee ceases to be either a Director, Employee, Consultant, or Management Corporation Employee or ceases to provide Investor Relations Activities to the Corporation or of any of its subsidiaries as a result of having been dismissed for cause or if an Optionee voluntarily resigns such position with the Corporation, all unexercised Option rights of that Optionee under the Plan shall immediately become terminated and shall lapse, notwithstanding the original term of the Option granted to such Optionee under the Plan.

6.12 Termination Other Than For Cause

If an Optionee ceases to be either a Director, Employee, Consultant or Management Corporation Employee or ceases to provide Investor Relations Activities to the Corporation or any of its subsidiaries for any reason other than as a result of having been dismissed for cause or as a result of such Optionee's resignation as provided in Section 6.11 or as a result of the Optionee's death, such Optionee shall have the right for a period of thirty (30) days (or until the normal expiry date of the Option rights of such Optionee if earlier) from the date of such cessation to exercise the Option under the Plan with respect to all Optioned Shares of such Optionee to the extent they were exercisable on the date of such cessation. Upon the expiration of such thirty (30) day period all unexercised Option rights of that Optionee shall immediately become terminated and shall lapse notwithstanding the original term of the Option granted to such Optionee under the Plan.

6.13 Deceased Optionee

In the event of the death of any Optionee, the legal representatives of the Deceased Optionee shall have the right for a period of one (1) year (or until the normal expiry date of the Option rights of such Optionee if earlier) from the date of death of the deceased Optionee to exercise the deceased Optionee's Option with respect to all of the Optioned Shares of the deceased Optionee to the extent they were exercisable on the date of death. Upon the expiration of such period all unexercised Option rights of the deceased Optionee shall immediately become terminated and shall lapse notwithstanding the original term of the Option granted to the deceased Optionee under the Plan.

6.14 Hold Period

Any Optioned Shares to be acquired upon exercise shall be subject to such hold period as may be required by the Exchange or pursuant to applicable securities laws.

6.15 Net Exercise

In lieu of the exercise price of each Optioned Share being paid in cash, the Option may be exercised, except Options granted to persons performing Investor Relations Activities, at the discretion of the Optionee and only with the written permission of the Board and as permitted by the policies of the Exchange, by a "**Net Exercise**" whereby the Optionee will receive only the number of Common Shares that is the equal to the quotient obtained by dividing:

- (i) the product of the number of Options being exercised multiplied by the difference between the "**VWAP**" (as such term is defined in Exchange Policy 4.4) of the Common Shares and the exercise price of the subject Optioned Shares by
- (ii) the VWAP of the Common Shares.

In the event of a Net Exercise, the number of Options exercised, surrendered or converted, and not the number of Common Shares actually issued, must be included in calculating the limits set forth in Section 4.2 of the Plan, and must otherwise comply with the rules of the Exchange.

6.16 Black-Out Period

Notwithstanding any other provision of the Plan, if the date that any vested Option ceases to be exercisable (the "**Expiry Date**") falls on a date upon which such Optionee is prohibited from exercising such Option due to a black-out period or other trading restriction formally imposed by the Corporation, then the Expiry Date of such Option shall be automatically extended to the tenth (10th) Business Day following the date the relevant black-out period or other trading restriction imposed by the Corporation is lifted, terminated or removed.

SECTION 7 - AMENDMENT AND DISCONTINUANCE OF PLAN

Subject to the acceptance of the Exchange and the approval of shareholders of the Corporation, the Board of Directors may from time to time amend or revise the terms of the Plan or may suspend or discontinue the Plan at any time, provided that no such action may in any manner adversely affect the rights under any Options earlier granted to an Optionee under the Plan without the

consent of that Optionee. For greater certainty, the approval of shareholders shall not be required for: (i) amendments to fix typographical errors; and (ii) amendments to clarify existing provisions of the Plan that does not have an effect of altering the scope, nature and intent of such provisions.

SECTION 8 - NO FURTHER RIGHTS

Nothing contained in the Plan nor in any Option granted hereunder shall give any Optionee or any other person any interest or title in or to any shares of the Corporation or any rights as a shareholder of the Corporation or any other legal or equitable right against the Corporation whatsoever other than as set forth in the Plan and pursuant to the exercise of any Option, nor shall it confer upon the Optionees any right to continue as a Director, Employee or Consultant of the Corporation or of any of its subsidiaries.

SECTION 9 - COMPLIANCE WITH LAWS

No Option shall be exercisable in whole or in part, nor shall the Corporation be obligated to issue any Option Shares pursuant to the exercise of any such Option, if such exercise and issuance would, in the opinion of counsel for the Corporation, constitute a breach of any applicable laws from time to time, or the rules from time to time of the Exchange. Each Option shall be subject to the further requirement that if at any time the Board determines that the listing or qualification of the Option Shares under any securities legislation or other applicable law, or the consent or approval of any governmental or other regulatory body (including the Exchange), is necessary as a condition of, or in connection with, the issue of the Option Shares hereunder, such Option may not be exercised in whole or in part unless such listing, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board.
