

ESI Announces \$1.2 Million Private Placement

Victoria, British Columbia, April 8, 2015 – E. S. I. Environmental Sensors Inc. (“ESI” or the “Company”), TSX-V: ESV is pleased to announce a non-brokered private placement of 24,000,000 common shares at \$0.05 per share to raise gross proceeds of CAD\$1,200,000. The proceeds from this financing will be used for the launch of the Company’s Flo·Point™ product development program.

The private placement is subject to TSX Venture Exchange (“Exchange”) acceptance. The Company will pay a finder’s fee in conjunction with the closing of the placement.

In addition, the Exchange has accepted the Company’s \$180,000 private placement announced on March 25, 2015 and the placement has been closed. All securities issued as part of the private placement have a four month hold period on them which expires July 29th, 2015. All terms of the placement remain the same as disclosed in the original announcement.

About ESI

ESI is a leading manufacturer of patented and proprietary solutions for environments where understanding the presence, movement, and/or amount of water are important. Major market sectors include: agriculture, golf and turf, scientific research, civil engineering and crude oil production. ESI solutions have been successfully introduced into more than 40 countries to enable customers to optimize their operations by monitoring the presence and movement of water, managing irrigation systems, and monitoring the integrity of landfill covers. Most recently, the Flo·Point™ instrument has been introduced to the oil industry to measure the volumetric presence of water pumped during crude oil extraction for characterization and optimization of the process. ESI differentiates itself by translating the best technology and science available into practical, easy to use solutions. Irrigation managers, reservoir engineers, and scientists have adopted ESI's products for their accuracy, ease of use, repeatability, and ability to operate in challenging environments. ESI is publicly traded on the TSX Venture Exchange under the symbol "ESV". Further information about ESI may be obtained through the Company’s website at www.esisca.com.
