CERTIFICATE OF QUALIFIED PERSON

Gordon Edward Doerksen

I, Gordon Edward Doerksen, do hereby certify that:

1. This certificate applies to the Technical Report entitled “Karowe Diamond Mine 2023 Feasibility Study Technical Report” (the “Technical Report”) with an effective date of June 30, 2023 prepared for Lucara Diamond Corp.;
2. I am currently employed as a contract Senior Project Sponsor with JDS Energy & Mining Inc. with an office at 900-999 West Hastings Street, Vancouver British Columbia Canada V6C 2W2;
3. I am a graduate of the Montana College of Mineral Science and Technology (Montana Tech), with a B.Sc. degree in Mining Engineering, 1990. I have worked in the mining industry continuously since 1985 and have practiced my profession continuously since 1990;

I have spent the last 39 years working on mining projects both in operating mines and in consulting roles; where I have performed mine engineering, cost estimation and project controls, economic modelling, reserve estimation, construction planning, supervisory and management for mining project construction and mine operations and technical reviews. I have authored and led a significant number of Technical Reports and engineering studies in a variety of commodities, including diamonds. I lived in sub-Saharan Africa for six years and have spent an additional year of time in the areas on various consulting assignments.

I am a Registered Professional Engineer in British Columbia (# 32273) and a Fellow of Engineers Canada;

I have read the definition of "qualified person" set out in National Instrument 43-101 (NI 43-101) and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past relevant work experience, I fulfill the requirements to be a "qualified person" for the purposes of NI 43-101. I am independent of the issuer, vendor, property and related companies applying all of the tests in Section 1.5 of NI 43-101;

4. I have visited the Karowe Diamond Mine on regularly (at least every six months since 2018 with the most recent visit six-week stay ending in December 2023;
5. I am responsible for Sections 1 to 5, 12 (except 12.1 and 12.2), 13.1, 13.2, 13.4, 16.6.1, 17.4.9, 18, 20.5, 22.3 to 22.5, 23 to 29 except 27. 2 of this Technical Report;
6. I am independent of the Issuer and related companies applying all of the tests in Section 1.5 of the NI 43-101;
7. I have had on-going involvement with the Karowe Mine since 2018 beginning with an audit of the open pit mining contractor and then carrying on to the 2019 FS and through to construction activities;
8. As of the effective date of this Technical Report, to the best of my knowledge, information and belief, this Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading; and
9. I have read NI 43-101, and the Technical Report has been prepared in accordance with NI 43-101 and Form 43-101F1.

Effective Date: June 30, 2023
Report Issue Date: March 12, 2024
Signed Date: March 8, 2024

(Original signed and sealed) “Gordon Edward Doerksen”
