

COMPASS GOLD: Investor Conference Call & Review

TORONTO, Aug. 17, 2020 -- **Compass Gold Corp. (TSX-V: CVB) (Compass or the Company)** is pleased to announce that it will host a webinar and conference call at 11:30 a.m. E.T. on Tuesday, August 18th, to provide a review of the Company's recent activities, as well as its plans for continuing exploration on its Sikasso Property in southern Mali.

Before the webinar, investors are invited to review the Company's latest news releases (<http://compassgoldcorp.com/category/news/>) and investor presentation (<http://compassgoldcorp.com/investor-presentation/>).

Compass CEO, Larry Phillips, said, "Our field team in Mali has accomplished a great deal over the past year before the rainy season began, having collected a large amount of invaluable geological and geophysical data that continues to reveal the exceptional potential of our Sikasso Property. Based on our analysis of these results, we are anxious to begin an aggressive and sharply focused new round of drilling once ground conditions permit. We want to take this opportunity to provide investors with an exploration update, and once again, we will have our Director and Exploration Manager, Dr. Madani Diallo, and our Technical Director, Dr. Sandy Archibald, P.Geo, joining the rest of our management team on this webinar. We hope that you will either join us on this webinar or go to our website afterward to review the replay."

The webinar is scheduled for Tuesday, August 18th, at 11:30 a.m. Eastern Time (US and Canada), and is to be recorded and available for later playback. Replay details will be available on Compass's website following the call.

Please register in advance for this meeting:

[https://zoom.us/meeting/register/tJwpc-2srzltHtX6HmuxxwQioGwbHdCE0KEm](https://zoom.us/join/zoom/register/tJwpc-2srzltHtX6HmuxxwQioGwbHdCE0KEm)

After registering, you will receive a confirmation email containing information about joining the meeting.

For technical and security reasons, all participants will be muted, but will be able to type their questions into the Q&A during the webinar. You can also submit any questions to: gtaylor@compassgoldcorp.com.

About Compass Gold Corp.

Compass, a public company having been incorporated into Ontario, is a Tier 2 issuer on the TSX-V. Through the 2017 acquisition of MGE and Malian subsidiaries, Compass holds gold exploration permits located in Mali that comprise the Sikasso Property. The exploration permits are located in three sites in southern Mali, with a combined land holding of 867 km². The Sikasso Property is located in the same region as several multi-million-ounce gold projects, including Morila, Syama, Kalana and Komana. Mineralization hosted on adjacent and or nearby properties is not necessarily indicative of mineralization hosted on the Company's property. The Company's Mali-based technical team, led in the field by Dr. Madani Diallo and under the supervision of Dr. Sandy Archibald, P.Geo, is conducting the current exploration program. They are examining numerous anomalies first noted in Dr. Archibald's August 2017 "National Instrument 43-101 Technical Report on the Sikasso Property, Southern Mali."

Qualified Person

This news release has been reviewed and approved by EurGeol. Dr. Sandy Archibald, P.Geo, Compass's Technical Director, who is the Qualified Person for the technical information in this news release under National Instrument 43-101 standards.
