NEWS RELEASE--- Mineral Claims Seized

June 5, 2015, Victoria, BC: **Teuton Resources Corp. ("Teuton") ("TUO"-TSX-V) ("TFE"-Frankfurt) ("TEUTF"—OTCBB)** announces that all claims held by it under the Mineral Titles system have been seized by a bailiff. The Court Order Enforcement Act provides that any property seized as a result of execution proceedings may be sold at auction, subject to the approval of the court, to the maximum of the debt owing. The Bailiff has the responsibility to adequately advertise the property for a reasonable period before sale.

As stated in the news release dated June 2, 2015, the Company owes American Creek Resources approximately $120,000. Teuton is presently endeavoring to raise enough money to see the seized mineral claims returned to the Company. It is intended that the first $120,000 to be raised pursuant to the private placement announced on May 29, 2015 will be used for this purpose. It is Teuton's understanding that if the $120,000 that is owing is repaid before the court approves the sale, then the claims will be returned.

Teuton's 49% beneficial interest in the Treaty Creek property has not been seized.

If the Company fails to redeem the claims through payment, it is also important to note that the entire debt owing could be extinguished through the sale of just one or more of the Company's 30-plus properties. In such event, any remaining properties would be returned to the Company.

Respectfully:

"Dino Cremonese, P.Eng."

President,
Teuton Resources Corp.
