(UNAUDITED)

1. Nature of operations and continuance of operations

Strategem Capital Corporation (the “Company” or “Strategem”) invests in resource exploration and development opportunities, mining, energy production and agricultural protein products and is listed on the TSX Venture Exchange (the “TSX-V” or the “Exchange”). The Company’s objective since inception in December 1994 is to own and manage operating businesses. The Company’s head office is: Suite 210, 240 11 Avenue SW, Calgary, Alberta, Canada, T2R 0C3. The Company’s Class A shares trade under the symbol “SGE” on the TSX Venture Exchange.

These condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) applicable to a going concern, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. During the three months ended March 31, 2022, the Company reported net loss of \$4,112 (March 31, 2021 - net income of \$7,401). As at March 31, 2022, the Company had cash and cash equivalents of \$3,038 (December 31, 2021 - \$2,122) and working capital of \$26,397 (December 31, 2021 - \$32,182).

2. Basis of preparation

These condensed interim financial statements are prepared in accordance with IFRS, including International Accounting Standard (“IAS”) 34 Interim Financial Reporting, as issued by the IASB. These condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended December 31, 2021, which have been prepared in accordance with IFRS and include information necessary or useful to understanding the Company’s business and financial statement presentation.

These financial statements have been prepared on a historical cost basis (other than investments which are valued using fair value basis). In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

These financial statements, including comparatives, have been prepared on the basis of IFRS standards that are published at the time of preparation.

3. Significant accounting policies

The accounting policies applied in these condensed interim financial statements are consistent with those applied in the preparation of the Company’s annual financial statements, except for the addition of the accounting policies related to share capital as included below. These condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended December 31, 2021. Areas of judgement that have the most significant effect on the amounts recognized in the interim financial statements are disclosed in Note 3(a) of the Company’s financial statements for the year ended December 31, 2021. There have been no significant changes to the areas of estimation and judgement during the three months ended March 31, 2022.

In the opinion of management, all adjustments considered necessary for fair presentation of the Company’s financial position, results of operations and cash flows have been included. Operating results for the three months ended March 31, 2022 are not necessarily indicative of the results that may be expected for the year ending December 31, 2022.

4. Management of capital

The Company manages its common shares, stock options and warrants as capital. The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue suitable equity investments and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, issue new debt, acquire or dispose of assets or adjust the amount of cash and cash equivalents. The Company does not have any externally imposed capital requirements.

5. Financial risk factors

In the normal course of business, the Company's activities expose it to a variety of financial risks that may affect its operating performance. These risks are credit risk and market risk (including interest rate risk, currency risk and other price risk). The level of risk to which the Company is exposed depends on the type of investments the Company holds. The value of investments can fluctuate daily as a result of changes in prevailing interest rates, economic and market conditions and company specific news.

These condensed interim financial statements do not include all financial risk management information and disclosures required in the annual financial statements. These statements should be read in conjunction with the annual financial statements as at December 31, 2021. There have been no changes in the risk management or any risk management policies since year end.

6. Short-term Investments

The Company held the following short-term investments as at March 31, 2022:

	Cost	Fair Market Value
Public company securities	\$ 17,823	\$ 23,035
Private company	302	309
