

Hall Train Entertainment Inc. Closes Transaction For The
Acquisition Of GPSMax.Com Inc.

Toronto, Ontario

Hall Train Entertainment Inc. (the "company") is pleased to announce that the transaction for the acquisition of GPSMax.Com Inc. has been closed. This "arms length" acquisition was made in exchange for 8,500,000 Common Shares of Hall Train stock as specified in our previous Press Release dated April 27, 2000.

GPSMax.Com Inc. is an Ontario company that is currently designing software and applications to provide maps and location-based personal navigation services for GPS enabled terminals. GPSMax is working towards being both a value-added service plus a mapping and navigation application service provider. GPSMax's goal is to offer a nationwide, up-to-date, person-based and flexible alternative to CD/DVD-ROM car-centric navigational systems as well as other mobile devices.

The completion of this acquisition fits into the Company's overall business objectives of identifying and investing in synergistic rapid growth entertainment and technology companies to increase its revenue base and shareholder value.
