Monument Announces Closing of Second Tranche of Brokered Private Placement

Vancouver, B.C., Monument Mining Limited (TSX-V: MMY and FSE: D7Q1) ("**Monument**" or the "**Company**") is pleased to announce that it has closed the second tranche of its previously announced brokered private placement (the "**Offering**"). Closing of subsequent tranches of the Offering will be subject to certain conditions, including the final approval of each tranche by the TSX Venture Exchange.

Pursuant to the terms of the agency agreement between Mackie Research Capital Corp. ("**MRCC**"), Salman Partners Inc. and the Company dated February 12, 2013 (the "**Agency Agreement**"), the Company has completed the second tranche of the Offering and issued 14.5 million common shares at an issue price of \$0.50 per common share (the "**Issue Price**") for gross proceeds of \$7.25million.

Pursuant to an agreement with the Company's major shareholder, GoldMet B.V., the Offering as a whole has been reduced to no more than 82 million common shares of the Company, of which an aggregate of 44.5 million common shares have been issued in the first and second tranches.

Monument engaged MRCC as lead agent and sole book runner in a syndicate including Salman Partners Inc. (together with MRCC, the "**Agents**"), to complete the Offering on a best-efforts basis. The Company granted the Agents an option (the "**Over-Allotment Option**") to increase the size of the Offering by up to an additional 15% in the number of common shares.

Pursuant to the terms of the Agency Agreement, the Agents will receive a cash commission of 7.0% of the gross proceeds of the Offering, payable upon the closing of each tranche. In addition, the Agents will receive non-transferable common share purchase options (the "**Agents' Options**") to purchase that number of common shares which is equal to 7.0% of the total number of common shares issued pursuant to the Offering, including any common shares issued pursuant to the exercise of the Over-Allotment Option, for a period of 24 months after closing, at the Issue Price. The Agents' Options are issuable upon the closing of each tranche.

In connection with the closing of the second tranche of the Offering, the company paid the Agents a total cash commission of \$507,500 and issued Agents' Options for a total of 1,015,000 common shares.

The securities issued pursuant to the second tranche of the Offering are subject to a statutory four-month hold period expiring on July 6, 2013.

The proceeds from the second tranche of the Offering shall be applied by Monument toward the development of the Mengapur project, and for general working capital.
