Item 5 Full Description of Material Change

5.1 Full Description of Material Change

On February 3, 2025, the Company announced that it had completed the issuance of 23,698,977 Common Shares to the EBRD, pursuant to the DSA. Each Common Share was issued at a deemed offering price of C$0.015 per Common Share. Pursuant to the DSA, the Company agreed to issue the Common Shares in satisfaction of its obligation to repay C$355,484.65 to EBRD, representing a portion of the accrued finance delay interest owing to EBRD under the Debenture issued by the Company to EBRD.

The Common Shares issued pursuant to the Transaction are subject to a hold period of four months and one day from the date of issuance, expiring on June 1, 2025, in accordance with the policies of the TSX Venture Exchange (the "**TSXV**") and applicable securities laws.

The Transaction is not expected to materially affect control of the Company. As EBRD is a related party of Euromax, in completing the Transaction, the Company relied on the exemptions from the formal valuation and minority approval requirements of Policy 5.9 of the TSXV and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**") in respect of related party transactions contained in sections 5.5(b) and 5.7(1)(a) of MI 61-101, respectively. The Company did not issue a material change report more than 21 days before the closing of the Transaction because the Transaction was under consideration by the TSXV and closing was conditional on receipt of TSXV approval.

The following supplementary information is provided in accordance with Section 5.2 of MI 61-101 in respect of the Transaction:

(a) a description of the transaction and its material terms:

See item 5.1 above.

(b) the purpose and business reasons for the transaction:

As disclosed in the Company news release dated January 14, 2025, the board of directors of the Company (the "**Board**") has determined that it is in the best interests of the Company to settle the outstanding Debt Repayment Amount by entering into the Transaction in order to preserve the Company's cash for ongoing operations.

(c) *the anticipated effect of the transaction on the issuer's business and affairs:*

See items 5.1 and the response to Section 5.2(1)(b) of MI 61-101 above.

(d) description of:

(i) the interest in the transaction of every interested party and of the related parties and associated entities of the interested parties:

Prior to completion of the Transaction, the Acquiror owned 35,661,446 common shares (representing an ownership interest of approximately 5.19% of the Issuer's issued and outstanding common shares) and was beneficially entitled to own and control an additional 114,738,989 common shares by converting all amounts owing to it under the Debenture as at 30 November 2024 (assuming a conversion price of C$0.15 per common share and an exchange rate of US$1 = C$1.40013) and an additional 12,292,899 common shares by exercising all of the warrants of the Company that it owns (each warrant exercisable for one common share), for an aggregate beneficial ownership interest of 162,693,334 common shares, representing approximately 19.98% of the Issuer's outstanding common shares (on a post-conversion and post-exercise basis and excluding any exercise by any other securityholders of the Company of convertible or exchangeable securities owned by them).

(ii) the anticipated effect of the transaction on the percentage of securities of the issuer, or of an affiliated entity of the issuer, beneficially owned or controlled by each person or company referred to in subparagraph (i) for which there would be a material change in that percentage:

Following completion of the Transaction, including the common shares it currently owns, the Acquiror owns 59,360,423 common shares (representing an ownership interest of approximately 8.35% of the Issuer's issued and outstanding common shares) and will be entitled to beneficially own and control an aggregate of 183,942,035 common shares for an aggregate ownership interest of 22.01% (calculated based on the amount of principal and accrued interest as of November 30, 2024 on a post-conversion and post-exercise basis and excluding any exercise by any other securityholders of the Company of convertible or exchangeable securities owned by them, assuming a conversion price of C$0.15 per common share and an exchange rate of US$1 = C$1.40013), representing an increase in beneficial ownership of 2.03%.

(e) unless this information will be included in another disclosure document for the transaction, a discussion of the review and approval process adopted by the board of directors and the special committee, if any, of the issuer for the transaction, including a discussion of any materially contrary view or abstention by a director and any material disagreement between the board and the special committee:

The Transaction was approved unanimously by the Board. A special committee was not established in connection with the approval of the Transaction, and no materially contrary view or abstention was expressed or made by any director.

(f) a summary in accordance with section 6.5 of MI 61-101, of the formal valuation, if any, obtained for the transaction, unless the formal valuation is included in its entirety in the material change report or will be included in its entirety in another disclosure document for the transaction:

See Item 5.1 above and the response to Section 5.2(1)(d)(i) of MI 61-101 above.

(i) disclosure of the formal valuation and minority approval exemptions, if any, on which the issuer is relying under sections 5.5 and 5.7 of MI 61-101 respectively, and the facts supporting reliance on the exemptions:

The Company is relying on the exemption from the formal valuation requirement of MI 61-101 pursuant to Section 5.5(b) of MI 61-101 as no securities of the Company are listed or quoted for trading on any of the Toronto Stock Exchange, Aequitas NEO Exchange Inc., the New York Stock Exchange, the American Stock Exchange, the NASDAQ Stock Market, or a stock exchange outside of Canada and the United States other than the Alternative Investment Market of the London Stock Exchange or the PLUS markets operated by PLUS Markets Group plc.
