WILLOW BIOSCIENCES INC. ANNOUNCES CONDITIONAL ACCEPTANCE OF TSX VENTURE EXCHANGE TO LIST PURSUANT TO THE TSXV SANDBOX

Calgary, Alberta – June 16, 2025 –Willow Biosciences Inc. (the "**Company**") (TSX: WLLW), in connection with its proposed TSXV Sandbox listing, is pleased to announce that it has received conditional acceptance to list its common shares on the facilities of the TSX Venture Exchange (the "**TSXV**") as a Tier 2 Investment Issuer under the TSXV Sandbox Program upon closing of the previously announced (a) non-brokered equity private placement for aggregate gross proceeds of \$30.0 million (the "**Private Placement**"); (b) appointment of a new management team and new board of directors; (c) name change to "Atlas Energy Corp."; and (d) consolidation (the "**Consolidation**") of the common shares of the Company (the "**Common Shares**") on the basis of one (1) post-Consolidation Common Share for every five (5) pre-Consolidation Common Shares, which are expected to be completed on June 19, 2025 (collectively, the "**Transaction**"). The TSXV Sandbox is an initiative intended to facilitate listing applications that may not generally satisfy the requirements and guidelines of the TSXV, but due to facts or situations unique to a particular issuer otherwise warrant a listing on the TSXV or an exemption from certain requirements in the TSXV Corporate Finance Manual. The post-Consolidation Common Shares are expected to commence trading under the new name "Atlas Energy Corp." and new symbol "ATLE" on the facilities of the TSXV at market opening on Tuesday, June 24, 2025, and the common shares of Willow Biosciences Inc. will be concurrently delisted from the Toronto Stock Exchange (the "**TSX**"). The Company will remain a "reporting issuer" under applicable Canadian securities laws through the listing transition process from the TSX to the TSXV. Shareholder approval is not required under the policies of the TSX to proceed with the transition as the TSXV is an acceptable alternative market. No action is required by shareholders in connection with the transition of the Company's listing to the TSXV.

The Company does not currently meet certain of the continued listing requirements of the TSX or the original listing requirements of the TSXV set out in Policy 2.1 – Initial Listing Requirements because the Company will have no specific investments at the time of listing on TSXV and will therefore not meet the initial listing requirement of having 50% of its available funds invested in 2 specific investments at the time of listing to meet initial listing requirements for a Tier 2 Investment Issuer. As such, the TSXV has exercised its discretion to waive certain original listing requirements in granting the Company conditional acceptance of listing pursuant to the TSXV Sandbox. The Company will remain listed pursuant to the TSXV Sandbox until the following exit conditions (the "**Exit Conditions**") are met within 12 months of listing on the TSXV (the "**Exit Deadline**"): (i) the Company has completed the Private Placement for aggregate gross proceeds of \$30.0 million; (ii) the Company has deployed at least 50% of its available funds following completion of the Private Placement to fund two or more qualifying investments that are satisfactory to the TSXV; (iii) the Company has no outstanding compliance or disclosure issues; and (iv) the Company has made a formal application to the TSXV for an exit review, along with the applicable filing fee, and the TSXV is satisfied the Exit Conditions have been met. If the Company has not satisfied the Exit Conditions by the Exit Deadline, the Company's listing may be transferred from the TSXV to the NEX.

So long as the Company remains a TSXV Sandbox issuer, it will also be subject to the following restrictions and disclosure obligations in addition to the TSXV tier 2 continued listing requirements and disclosure obligations pursuant to the policies of the TSXV:

- (a) any proposed investment is subject to TSXV review and acceptance, including all investments that would otherwise be considered an "Exempt Transaction" as such term is defined in Policy 5.3 – *Acquisitions and Dispositions*;
- (b) all the Common Shares and Common Share purchase warrants to be issued to the new management team and new board pursuant to the Private Placement will be held in escrow pursuant to an escrow agreement in the form of TSXV's Form 5D. The first release from escrow will occur on the date on which the TSXV issues a bulletin confirming the Company has satisfied all the Exit Conditions and accepted the Company's exit from the TSXV Sandbox program (the "**Exit Date**"). On the Exit Date, upon the Company meeting all TSXV Sandbox listing requirements, the TSXV's Tier 2 escrow release schedule will be retroactively applied to the

original listing date of the Company on the TSXV pursuant to the TSXV Sandbox program;

- (c) the Company may grant equity incentive awards but no such awards may vest, be settled or be exercised, as the case may be, until the Exit Date, or in the case of restricted share units, deferred share units or performance share units, until the later of (i) one year from the date of grant and (ii) the Exit Date; and
- (d) all continuous disclosure documents of the Company must refer to the Company being listed on the TSXV under the TSXV Sandbox program.

The Company has received a waiver from the sponsorship requirements under Policy 2.2 – *Sponsorship and Sponsorship Requirements* of the TSXV of the TSXV's Corporate Finance Manual.

The Company also announces the voting results from its special meeting of shareholders held on June 16, 2025 (the "**Meeting**").
