

Pan Orient Energy Corp. Normal Course Issuer Bid

CALGARY, AB, May 18, 2021 /CNW/ - Pan Orient Energy Corp. ("Pan Orient") (TSXV: POE) announced today that it intends to continue the ability to purchase its common shares pursuant to the renewal of its normal course issuer bid through the TSX Venture Exchange ("TSXV").

Under the terms of the bid, Pan Orient will be authorized to purchase, for cancellation, up to 3,920,884 of its common shares (10% of the public float), subject to a maximum of 997,620 common shares (2% of the 49,881,007 issued and outstanding common shares) during any 30-day period. The ability to purchase common shares under the bid will commence on May 21, 2021 and end one year from commencement or on the earlier date on which Pan Orient has either acquired the maximum number of common shares specified above or otherwise decided not to make any further purchases.

Purchases under the bid will be made from time to time by Research Capital Corporation on behalf of Pan Orient through the TSXV. An automatic share purchase plan agreement with Research Capital Corporation permits purchases during certain trading blackout periods. The agreement sets forth the trading parameters and other instructions for such purchases. Outside of those trading blackout periods, common shares may be purchased as directed by management, subject to applicable law.

Common shares purchased will be paid for with cash available from Pan Orient's working capital. All common shares purchased will be cancelled.

Pan Orient believes that volatility in commodity prices and the resulting impact on the market price of its common shares provide opportunities to Pan Orient to purchase common shares at attractive prices and the purchases are an appropriate use of funds that will enhance value of the common shares held by remaining shareholders.

Pan Orient is a Calgary, Alberta based oil and gas exploration and production company with operations currently located onshore Thailand and in Western Canada.
