1. NATURE OF OPERATIONS AND GOING CONCERN

Quentin Ventures Ltd. (the “Company”) is a Canadian public company that is listed on the NEX Board of the TSX-V under the symbol QTN.H. The Company was incorporated under the Canada Corporations Business Act on December 27, 1985, registered extra-provincially under the British Columbia Company Act on July 9, 1987, and effective June 18, 2014 the Company was continued into British Columbia. The Company’s principal address is office is 1600 – 609 Granville Street, Vancouver, BC, Canada V7Y 1C3 and its registered records office is 2200-885 West Georgia Street, Vancouver, BC, V6C 3E8.

The Company was previously engaged in the sales and installation of broadband, high speed Internet services to the hospitality industry and other commercial customers, but is currently in the process of searching for and evaluating new business opportunities (see Proposed Transaction - Note 9).

As at April 30, 2016, the Company has not yet achieved profitable operations, has no sources of revenue, and expects to incur further losses in the development of its business. As at April 30, 2016, the Company has a working capital deficiency of \$341,096 (July 31, 2015 - \$195,198) and an accumulated deficit of \$9,857,184 (July 31, 2015 - \$9,667,331). The Company has insufficient working capital to fund its ongoing operating costs and administrative expenses for the next year, and the Company currently has no sources of revenue or cash balances from which to service its existing debt obligations. These material uncertainties cast significant doubt about the Company’s ability to continue as a going concern.

The Company’s continuation as a going concern is dependent upon its ability to attain profitable operations and generate funds there from, settle its debt obligations, and raise equity capital to meet current and future obligations. In order to fund its continued operations and repay its debts the Company needs to raise additional financing by way of either incurring additional debt, re-negotiating its current debt, and/or issuing shares. Should the Company issue shares, it would significantly dilute the existing shareholders. There is no assurance that the Company will be able to raise the necessary financing on a timely basis or on terms acceptable to it. The continued operation of the Company currently remains dependent on the continued financial support from its creditors and shareholders and its ability to generate future profitable operations. The future success of the Company is dependent on the identification and successful negotiation/acquisition of a sustainable/viable business operation together with the ability to finance the acquisition or participation in this new opportunity. There can be no assurances that the Company will be able to secure a new business or will be able to obtain the financing required to support a new business acquisition.

These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than a process of forced liquidation and therefore do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

("Identillect"), whereby the Company plans to acquire (the "Acquisition") Identillect. The Acquisition will constitute a reverse takeover under the policies of the TSX Ventures Exchange (the "Exchange").

Identillect is a privately held technology company, incorporated under the laws of British Columbia, with operations in Orange County, California. The common shares will be issued pro rata to the shareholders of Identillect in proportion to the number of the Company's common shares that they continue to hold at the end of the performance period. Holders of Identillect convertible securities will also receive convertible securities of the Company, on a one for one basis.

Certain parties may be required to enter into applicable escrow or pooling agreements as required by the Exchange in connection with the Acquisition.

As a condition of the proposed Acquisition, Identillect has appointed Canaccord Genuity Corp. ("Canaccord") as its agent, on a commercially reasonable, to raise gross proceeds of a minimum of \$1.4 million through a brokered private placement of not less than 7,000,000 subscription receipts (the "Subscription Receipts") of Identillect (the "Offering"), at a price of \$0.20 per Subscription Receipt. Each unit of the Company will consist of one common share and one share purchase warrant. Each warrant will be exercisable into one common share of the Company at a price of \$0.30 per share for a period of 12 months from the date of issuance of the warrants. All the securities to be issued in the Offering will be free trading on closing of the Acquisition.

Upon completion of the Acquisition, Identillect will pay Canaccord a cash commission equal to 7% of the aggregate proceeds of the Subscription Receipts sold, and will issue compensation options to the Agent to acquire that number of common shares of the Company equal to 10% of the number of Subscription Receipts sold under the Offering. Each compensation option will be exercisable at \$0.20 per share for a period of 12 months after closing.
