About Secure Blockchain Development Corp.

Secure Blockchain is the leading provider of blockchain-embedded email encryption services, utilizing blockchain to secure, verify and ensure financial and real-estate transaction integrity. Blockchain is utilized in Secure Blockchain's flagship Delivery Trust® cybersecurity platform protecting against cyber security attacks.

Delivery Trust® leverages the Ethereum blockchain for a uniquely secure solution. By drawing on the inherent value proposition of the blockchain ledger, Delivery Trust® relies on 11 unique integrity factors which are stored on the Ethereum ledger for every email that is composed. This digital fingerprint is then encrypted by the Advanced Encryption Standard (AES) key algorithm and placed on a decentralized ledger that must precisely match the recipient's key.
