IFR Appoints Glenn Dawson to Board of Directors.

5. Full Description of Material Change

5.1. Full Description of Material Change

IFR has appointed a new independent director, R. Glenn Dawson, to its board of directors. Mr. Dawson brings 38 years of oil and gas exploration and management experience in the North American hydrocarbon basins to IFR's Board.

With a strong geological, management and operating background and expertise in discovering and developing new opportunities, Mr. Dawson has founded several publicly traded oil and gas companies and has been responsible for exploration and production (“E&P”) budgets in excess of CDN\$200 million annually, which includes multiple horizontal drilling resource plays as well as conventional oil operations.

“We are pleased to welcome Glenn to the IFR Board of Directors,” stated IFR Chairman Tony Kinnon. “He brings a wealth of leadership and technical expertise to the current composition of the Board and we look forward to his guidance with respect to the company's operations and interests.”

Mr. Dawson is currently the President and Chief Executive Officer (CEO) of CUDA Energy, Inc., a private Canadian-based E&P company and is an independent board member and a Technical Director of Lilis Energy Inc. (NYSE:LLEX).

Highlights from his career include serving as the President of Bakken Hunter LLC, a division of Magnum Hunter Resources Corp. (“MHR”), where he managed operations and development of

assets in the U.S. and Canada, from 2011 to 2014. During his tenure, MHR significantly expanded its operations in the Bakken region.

Mr. Dawson has also served as the President of NuLoch Resources Inc. (2005-2011) and as the Vice President of Exploration at several energy companies including TriLoch Resources, Inc. (2001-2005), PanAtlas Energy Inc. (1998-2000), and Summit Resources where he held successive positions as a geologist and within exploration during his 13 year tenure.

Mr. Dawson holds a Bachelor of Science in Geology, from Weber State College, while he attended the Masters of Science program at the University of Calgary.
