SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

This Listing Statement and the documents incorporated by reference herein contain or may contain certain statements or disclosures concerning Danbel and Maricann that constitute forward-looking information under applicable securities laws. All statements and disclosures, other than those of historical fact, about possible events, conditions, results of operations, activities, events, outcomes, results or developments based on assumptions about future economic conditions and courses of action that Danbel or Maricann anticipates or expects may or will occur in the future (in whole or in part) should be considered forward-looking information. In some cases, forward-looking information can be identified by terms such as "anticipate", "continue", "estimate", "expect", "may", "will", "project", "should" or "believe". In particular, this Listing Statement, and the documents incorporated by reference, contain or may contain forward-looking information pertaining to the following:

- the timing of the completion of the Amalgamation;
- the business strategy of the Resulting Issuer;

- the business to be carried on by the Resulting Issuer following the completion of the Amalgamation; and

Forward-looking information respecting:

- the perceived benefits of the Amalgamation which are based upon the financial and operating attributes of Maricann as at the date hereof;

- the attributes of the Resulting Issuer following completion of the Amalgamation which are based upon the existing attributes of Maricann (including financial and operating attributes);

- the structure and effect of the Amalgamation which are based upon the terms of the Definitive Agreement and the transactions contemplated thereby, assumptions that all conditions in the Definitive Agreement will be met and assumptions that the representations and warranties in the Definitive Agreement will be true and correct at all applicable times. See "*The Definitive Agreement*";

- certain steps in, and timing of, the Amalgamation which are based upon the terms of the Definitive Agreement and advice received from counsel of Danbel and Maricann relating to timing expectations.

Danbel and Maricann relies on certain key expectations and assumptions in making the forecasts, projections, predictions or estimations set out in forward-looking information. These factors and assumptions are based on information available at the time that the forward-looking information is provided. These include, but are not limited to, expectations and assumptions concerning:

- prevailing commodity prices and exchange rates;

- the availability of capital to fund planned expenditures;

- prevailing regulatory, tax and environmental laws and regulations;

- the ability to secure necessary personnel, equipment and services; and

- the receipt of required approvals in respect of the Proposed Reverse Takeover Transaction, including without limitation, the approval of the CSE.

Undue reliance should not be placed on forward-looking information because a number of risks and factors may cause actual results to differ materially from those set out in such forward-looking information. These include:

- volatility in market prices for medical marijuana;

- risks and liabilities inherent in medical marijuana operations;

- competition for, among other things, capital, acquisitions of lands and greenhouses and skilled personnel;

- incorrect assessments of the value of acquisitions and development programs;

- technical and processing problems;

- actions by governmental authorities, including increases in taxes;

- the availability of capital on acceptable terms;
- fluctuations in foreign exchange, currency, or interest rates and stock market volatility;
- failure to realize the anticipated benefits of acquisitions;
- failure to receive regulatory and shareholder approvals or to otherwise satisfy conditions precedent to the completion of the Proposed reverse Takeover Transaction;
- the other factors specifically identified as risk factors in this Listing Statement and the documents incorporated by reference herein; and
- potential labour unrest.

Readers are cautioned that the foregoing list of factors should not be construed as exhaustive.

The forward-looking statements included in this Listing Statement expressly qualified by this cautionary statement and are made as of the date of this Listing Statement. Danbel undertakes no obligation to publicly update or revise any forward-looking statements, except as required by applicable securities laws.

2. CORPORATE STRUCTURE

Corporate Name

The full corporate name of the Issuer is Danbel Ventures Inc. (formerly, Danbel Industries Corporation). The head office and registered office of Danbel are located at 1 Adelaide Street East, Suite 801, Toronto, Ontario, M5C 2V9.

Incorporation

Danbel Ventures Inc. was incorporated pursuant to Articles of Incorporation issued pursuant to the laws of the Province of Alberta on December 19, 1996 and continued into the Province of Ontario pursuant to Articles of Continuance filed in the Provinces of Ontario on December 24, 1998.

Inter-corporate Relationships

Effective August 23, 2001, pursuant to a court order, Danbel Inc., American Lantern (1998) Inc., Danbel Security Lighting Inc., JSL Lighting (2000) Corp. and JSL Lighting (2000) Inc. all former wholly owned subsidiaries, of Danbel, were put into interim receivership by Danbel's senior lender. The interim receiver appointed a chief restructuring officer ("**CRO**") to take effective managerial control of these subsidiary companies. The previous senior officers and directors of these subsidiary companies resigned at or prior to the court order.

The interim receiver has since disposed of the operational assets of these former wholly owned subsidiaries of Danbel. Included in the sale, were the divisional assets of RAB Design, which were sold to a company controlled by Mr. Irwin Beron, a former senior officer of the Danbel. Danbel has vigorously attempted to obtain full disclosure of all transactions undertaken by the interim receiver, the CRO and Mr. Irwin Beron. To date, these individuals have refused to disclose the exact nature of these transactions to Danbel and as such they cannot be commented upon.

As a result, Danbel currently has no material subsidiaries other than Danbel Subco. Danbel Subco was incorporated on February, 27, 2017 under the OBCA with its head office and registered office located at 1 Adelaide Street East, Suite 801, Toronto, Ontario, M5C 2V9. Danbel Subco has not carried on any business since incorporation and has no assets and no liabilities. Danbel Subco was incorporated solely for the purposes of participating in the Acquisition.

3. GENERAL DEVELOPMENT OF THE BUSINESS

General Business of Danbel

Danbel is a shell company and at this date it does not carry on any operations. The principal business of Danbel has been to identify and evaluate opportunities for the acquisition of an interest in assets or businesses and, once identified and evaluated, to negotiate an acquisition or participation agreement, subject to acceptance for filing by the CSE. Danbel does not have business operations or assets, other than cash, and currently has conducted no business operations except for the identification and evaluation of potential acquisitions including the evaluation of the Proposed Reverse Takeover Transaction.

On December 15, 2016, the Corporation entered into a letter of agreement with Maricann, which set out the basic terms and conditions pursuant to which it was intended that the Corporation and Maricann would complete a business combination. On March 3, 2017, Danbel, Danbel Subco and Maricann entered into the Definitive Agreement.

Details regarding the Proposed Reverse Takeover Transaction including the background to, reasons for, details of, conditions to and effect of the Proposed Reverse Takeover Transaction are set forth in this Listing Statement and the Appendices hereto. Readers are urged to carefully read the information in this Listing Statement and the Appendices hereto.

Proposed Acquisition

Under the Definitive Agreement, a copy of which is attached hereto as Appendix A and a copy of which is also available at www.sedar.com, the Corporation has agreed to combine its business with Maricann via the merger of Danbel Subco and Maricann.

In December, 2016, representatives of Danbel and Maricann discussed the merits of a potential business combination. Recognizing the potential benefit such a transaction would bring to its shareholders, management of Danbel entered into a binding letter agreement with Maricann on December 15, 2016. The parties continued their respective due diligence reviews and signed the Definitive Agreement on March 3, 2017.

The CSE has conditionally accepted the Proposed Reverse Takeover Transaction subject to the Corporation fulfilling all of the requirements of the CSE.

Upon the completion of the Proposed Reverse Takeover Transaction in accordance with the terms of Definitive Agreement, the Resulting Issuer will carry on business as a medically integrated producer and distributor of marijuana for medical purposes.

The following summary of the Definitive Agreement is qualified in its entirety by the text of the Definitive Agreement, a copy of which is attached hereto as Appendix A and which has also been filed by the Corporation with the Canadian securities regulatory authorities and is available at www.sedar.com.

Representations, Warranties and Covenants

The Definitive Agreement contains customary representations and warranties made by each of the parties in respect of the respective assets, liabilities, financial position, business and operations of Danbel, Danbel Subco and Maricann. Both Danbel and Maricann also provided covenants in favour of each other in the Definitive Agreement which govern the conduct of the operations and affairs of each respective party prior to the Closing Date.

Conditions to the Proposed Reverse Takeover Transaction

The Definitive Agreement contains certain conditions to the obligations of Danbel and Maricann to complete the Proposed Reverse Takeover Transaction. Unless all of such conditions are satisfied or waived by the party or parties for whose benefit such conditions exist, the Proposed Reverse Takeover Transaction will not be completed. The following is a summary of the significant conditions contained in the Definitive Agreement:

(a) the CSE having conditionally approved the Acquisition;

(b) shareholder approval for the meeting matters including the Amalgamation, the Consolidation, the Name Change, the Registered Address Change, the adoption of the New Danbel Bylaws, the adoption of the New Danbel Stock Option Plan and the election of the Resulting Issuer Board;

(c) the amalgamation between Maricann and Danbel Subco becoming effective on or before June 15, 2017 or such other date as agreed to by Danbel and Maricann, acting reasonably;

(d) each of Danbel, Danbel Subco and Maricann having obtained all consents, approvals and authorizations, regulatory or otherwise, including any third party approvals and consents, required or necessary to be obtained in connection with the Acquisition;

(e) the CSE shall have conditionally approved the listing of the Resulting Issuer Shares issuable pursuant to the Amalgamation and upon exercise of any Resulting Issuer Securities convertible or exercisable into Resulting Issuer Shares, subject to such Exchange's usual conditions;

(f) there shall not be in force any order or decree restraining or enjoining the consummation of the Transactions, including, without limitation, the Amalgamation; and

(g) the receipt by the CSE of a Sponsor Report (as such term is defined in the policies of the Exchange) in connection with the Proposed Reverse Takeover Transaction (if required by the CSE), in a form satisfactory to the Exchange and at the expense of Maricann.

Management of Danbel believes that all material consents, rulings, approvals and assurances required for the completion of the Proposed Reverse Takeover Transaction will be obtained prior to the Closing Date in the normal course upon application therefore, however, there can be no assurance that all of the conditions to the Proposed Reverse Takeover Transaction will be fulfilled prior to the anticipated Closing Date. The fulfilment of certain of the conditions may be waived by the parties to the Definitive Agreement.

The aforementioned is only a summary of the Definitive Agreement. Readers are encouraged to refer to the Definitive Agreement, a copy of which is attached hereto as Appendix A and which has also been

filed by the Corporation with the Canadian securities regulatory authorities and is available at www.sedar.com.

Trends, Commitments, Events or Uncertainties

Danbel does not engage in commercial operations and has no assets other than a minimal amount of cash. The principal business of Danbel has been to identify and evaluate businesses and assets with a view to negotiate an acquisition or participation subject to acceptance by the CSE. Pursuant to the Transaction Danbel's business model will change to focus on the operations of Maricann. There are no current trends in the business of Danbel nor Maricann that are likely to impact the Resulting Issuer's performance.

4. NARRATIVE DESCRIPTION OF THE BUSINESS

General Business of Danbel

Danbel does not engage in commercial operations and has no assets other than a minimal amount of cash. The principal business of Danbel has been to identify and evaluate businesses and assets with a view to negotiate an acquisition or participation subject to acceptance by the CSE.

General Business of Maricann

Business Objectives

Maricann is a privately held corporation engaged in the medical marijuana industry. Maricann is a licensed Medical Marijuana Producer as regulated by Health Canada under the Marihuana Medical Regulations ("**MMAR**") of the Government of Canada. Maricann first received its cultivation license on March 27, 2014 and its full Health Canada sales license to produce and distribute medical marijuana on December 12, 2014. All of Maricann's licences were renewed on March 27, 2017. Maricann is managed by a team of experienced industry experts who have more than 150 years of combined experience.

Following completion of the Acquisition, Maricann expects to further focus on the rapidly expanding Canadian medical marijuana industry. Maricann's management team is committed to aggressive, cost-effective growth, and intends to facilitate growth through cash flow from operations and strategic acquisitions in the future.

Maricann has completed several financings (collectively, the "**Financings**") in the past six months.

In November, 2016 Maricann completed a non-brokered private placement of 4,618,604 common shares to existing shareholders at an issue price of $0.68 per share for gross proceeds of $3,148,704.

On December 15, 2016, Maricann completed a $22,500,000 brokered private placement financing with Eight Capital (formally, Dundee Capital Partners) (the "**Agent**"). Pursuant to the terms of the Financing, Maricann issued 22,500 units (the "**Units**"), with each Unit comprised of (a) one Maricann Existing Convertible Debenture (having a principal of $1,000) and (b) 500 Maricann Existing Warrants. Immediately prior to completion of the Proposed Reverse Takeover Transaction, the principal amount of the Maricann Existing Convertible Debentures will be converted into Maricann Shares at a conversion price of $1.00 per share and subsequently be exchanged for Resulting Issuer Shares pursuant to the Proposed Reverse Takeover Transaction. The Maricann Existing Warrants will similarly be exchanged pursuant to the Proposed Reverse Takeover Transaction or will otherwise be exercisable into Resulting Issuer Shares at an exercise price of $1.25 per share for a period of two years from the Liquidity Date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting

Issuer Shares for any 20 consecutive trading days equals or exceed $1.90. As partial consideration for their services, the Agent was issued 900,000 Maricann Existing Compensation Options. Each Maricann Existing Compensation Option will be exchanged pursuant to the Proposed Reverse Takeover Transaction for a Resulting Issuer Compensation Option or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the Liquidity Date. Each such unit will be comprised of one Resulting Issuer Share and one common share purchase warrant of the Resulting Issuer, with each such warrant entitling the holder to acquire one Resulting Issuer Share at an exercise price of $1.25 per share for a period of two years from the Liquidity Date. The Existing Convertible Debentures have a maturity of June 15, 2017. Should Maricann not complete a going public transaction and list on a stock exchange by this date, the holders of the Maricann Existing Convertible Debentures will have the right to either convert into Common Shares and Maricann will be obligated to issue 10% additional shares and warrants for no additional consideration or demand repayment with 10% per annum interest.

On March, 2017, Maricann completed an additional $10,005,167.25 brokered private placement financing with the Agent. Pursuant to the terms of the financing Maricann issued 3,510,585 Maricann Shares at $2.85 per share and 130,380 compensation options to the Agent. Each such Maricann Existing Compensation Option is exercisable for one Maricann Share at an exercise price of $2.85 per share until March 7, 2019.

With these funds as well as the aggregate net proceeds from the Financings, Maricann is well capitalized to expand its operations.

Overview of Industry

Market demand in Canada for cannabis is projected to be $8 billion by 2024, consisting of $3 billion of medical cannabis sales with approximately 800,000 patients and $5 billion of recreational/lifestyle cannabis sales. Maricann is one of approximately 39 licensed producers (LP) of cannabis in Canada under the ACMPR. Amongst consolidated companies, Maricann is one of approximately 29 with a license to sell and distribute cannabis to patients through direct distribution.

Under the ACMPR, licensed producers are permitted to cultivate and distribute medicinal marijuana in the form of dry cannabis flower, cannabis oil, or further compounded products that are individually licensed and meet the requirements of patients. Cannabis in Canada is an alternate therapy, requiring a prescription from a licensed physician.

Maricann believes that demand for its product will increase as ease of access to product improves, aided by changes in legislation at the federal level of government. Maricann estimates that the present demand for cannabis in Canada as currently supplied by the grey and black market is approximately $6 billion. As ease of access improves, with legal product from licensed producers available through traditional sales channels, it is anticipated that the grey and black market will disappear.

At present, Maricann estimates that grey and black market product costs on average $10 - $12 per gram, whilst product from licensed producers averages approximately $7.50-$8.50 per gram. Grey and black market product is not subject to government regulations or safe production and processing practices, whereas product distributed by LP's is cultivated in a safe environment, regulated by Health Canada.

Sales efforts by Maricann are handled by its operational management team and sales and marketing personnel. Most efforts are direct sales with customers, though Maricann also engages in trade shows and industry events.

9-Month Operational Highlights

For the nine months period ending September 30, 2016, Maricann had on average approximately 3,000 prescriptions filled per month. The amounts receivable from customers at September 30, 2016 were nil. Management has assessed these customers as creditworthy and Maricann has had no history of collection issues with these customers.

Maricann conducts its operations from its Langton, Ontario facility. Attracted by its fertile soil and centuries of local agricultural traditions, Maricann selected this site in Langton in September, 2013 and initially acquired an established 8,000 square foot growing operation. Maricann expanded that facility in size, output and onsite security to its current 42,000 sq. ft. footprint. The facility is situated close to major transportation routes extending across Ontario.

Maricann is attracting experts from the food, pharmaceutical and construction sectors to help it grow high-quality cannabis plants. Maricann currently has over 50 local employees and plans to continue to grow in the coming years.

Maricann's sales and production are expected to continue to increase in 2017 over 2016.

Maricann is well financed, with over $35 million of investment received since September 2016, sufficient capital to execute its objectives.

Maricann is led by an experienced team of pharmaceutical, cannabis, infrastructure and financial experts.

Operational Milestones

The following sets forth the operational milestones relating to the achievement of Maricann's objectives.

- Explore expansion opportunities.
- Expand new facility.
- Expand inventory.
- Hire additional sales, customer service and financial support staff.
- Designing and engineering new products.

General Business of the Resulting Issuer

Upon completion of the Proposed Reverse Takeover Transaction, the Resulting Issuer will be a vertically integrated medical marijuana product operating a cultivation, extraction and distribution business. Currently on 100 acres of property under federal licence from the Government of Canada, Maricann is one of approximately 39 companies with a federal Licence to cultivate cannabis and one of approximately 29 with a federal licence to process and distribute cannabis. The Resulting Issuer will continue to possess a loyal patient base with an average of more than 3,000 prescriptions filled monthly.

Business Objectives

The Resulting Issuer, using funds available as described in this Listing Statement, plans to expand operations. At present Maricann's facilities are unable to produce enough product to satisfy patient

demand, therefore an expansion of cultivation and support facilities is a necessity. Maricann has developed a near term 203,500 sq. ft. expansion plan to support existing and future patient growth. Additional second phase expansion will take advantage of initial expansion capital investment to lower each 203,500 sq. ft. of additional greenhouse for $3 million less per phase than the current first phase. Each patient represents an average of approximately 0.95 grams per day in consumption of cannabis at an average sale price of approximately $7.50 per gram. On an annual basis the average patient will purchase approximately $2,600 of cannabis and the Resulting Issuer, with an existing patient base of more than 3,000 active patients and additional prescriptions and orders filled daily will have more demand than capacity to supply medical marijuana and capital expenditure in expansion of cultivation facilities will be necessary in order to supply ever increasing demand.

In 2017, the Resulting Issuer anticipates further growth through the acquisition of other businesses or through the acquisition of assets or the construction of new greenhouses. The Resulting Issuer anticipates actively seeking out and evaluating expansion opportunities on an ongoing basis. The Resulting Issuer expects to finance any growth strategies through equity, debt and cash flow from operations.

The future expansion of the Resulting Issuer will be based on its objectives to: (i) build on the successful foundations that Maricann has built in its core areas; (ii) investigate opportunities to expand; (iii) increase greenhouses count; and (iv) improve its profitability.

Following completion of the Proposed Reverse Takeover Transaction, the Resulting Issuer expects to further focus on the rapidly expanding Canadian medical marijuana industry, growing through the acquisition of the newest technology in addition to a targeted acquisition and consolidation strategies where attractive acquisition can create synergy. Management believes that its asset base in a well-capitalized corporate structure will facilitate growth through cash flow from operations and strategic acquisitions.

Available Funds

Other than revenues from sales, the Resulting Issuer will have no other amounts or sources of funds available to it, unless it pursues other financings. The Resulting Issuer intends to use, or will have used, the gross consolidated working capital as follows:

The Resulting Issuer will have approximately $11,170,965 in opening consolidated pro forma working capital as at September 30, 2016. The following table sets forth the estimated working capital and amounts and sources of other funds of Danbel and Maricann as at the dates indicated.

Source of Funds	Amount ($)
Danbel's Working Capital Deficiency as of Sept. 30, 2016	(531,870)
Maricann's Working Capital Deficiency as of Sept. 30, 2016	(8,738,910)
Working Capital Pro Forma Adjustment as of Sept. 30, 2016	20,441,745
TOTAL AVAILABLE FUNDS	**11,170,965**

Excluded from the above total available funds are Maricann's November, 2016 and March, 2017 financings in the amount of $3,148,704 and $10,005,167 respectively. Including these financings the total available funds is $24,324,836.

The principal use of the Available Funds, as listed above and after giving effect to the Proposed Reverse Takeover Transaction, is intended to be as follows.

Uses of Available Funds	Amount ($)
Costs for expansion of cultivation facility	7,000,000
Compounding Pharmacy	1,500,000
Unallocated Working Capital	2,670,965
TOTAL USES	**11,170,965**

The Resulting Issuer intends to spend the funds available to it upon completion of the Proposed Reverse Takeover Transaction to further the Resulting Issuer's stated business objectives. Management of the Resulting Issuer currently expects that it will fund its on-going expansion of its cultivation facility and ongoing general and administrative costs using cash flow from its operations and future financing activities. However, there may be circumstances where, for sound business reasons, a reallocation of funds may be necessary in order for the Resulting Issuer to achieve its stated business objectives.

Principal Products and Market

The target market for cannabis is for individuals aged 18 to 99 years old. Individuals suffer from a wide variety of ailments that achieve symptomatic relief with cannabinoid therapy, including:

Nervous System:

- CBN - Aids in sleep
- CBD/THCv - Reduces seizure frequency and convulsions
- CBD - Tranquilizing/Anxiety reliever

Digestive System:

- THCv - Appetite suppressant
- THC - Appetite stimulant
- CBD - Reduces contractions in the small intestines

Musculo-Skeletal

- CBD, CBG, CBC, THCv - Promotes bone growth
- THC, CBD, CBN - Suppresses muscle spasms
- THC, CBD, CBC - Reduces Inflammation

Endocrine System & Immune Response

- CBD, CBG - Kills or slows bacteria growth
- CBG - Treats fungal infections
- CBD - Reduces blood sugar levels
- CBD - Treats Psoriasis

From a recreational/lifestyle perspective, cannabis is effective in creating a euphoric and relaxing effect through:

- THC, CBD - promotes a feeling of euphoria and well being

The target market for cannabis is broad, being used across a majority of the population, across all socio-economic, and age groups. It is estimated that 27% of the Canadian adult population uses cannabis once per month, leading to a market of approximately 6 million plus Canadians.

The medical marijuana industry in which Maricann operates is, and will continue to be, very competitive. Medical marijuana service companies compete primarily on a regional basis, and competition may vary significantly from region to region at any particular time. Maricann anticipates achieving leadership in the cannabis industry through cost leadership in manufactured goods and quality and diversity differentiation in its products.

Maricann is focused on low cost production of cannabis in large-scale greenhouse operations and expects a significant reduction in its cost of goods sold per gram. Maricann is currently constructing a 203,500 sq. ft. expansion of greenhouse and processing facilities in addition to its existing 42,000 sq. ft. footprint. This facility, once complete, will allow Maricann to achieve economies of scale and Maricann expects a significant reduction in its cost of goods sold per gram.

Maricann Inc. has direct competitors, with future license applicants entering the market on a monthly basis. Competitors vary from well capitalized businesses with substantial operations and revenues, with market capitalizations varying from $200 million to $1.65 billion, having raised from $20 million to $150 million, to unsophisticated "mom and pop" owned businesses, in limited facilities with limited capital (less than $2 million) and no opportunity to expand their current facilities.

Maricann is currently positioned among the top companies in the sector, by revenue and production capacity.

Maricann has achieved success, increasing sales since inception to over $4 million in 2016. Competitors with similar licence and duration of business have achieved more significant revenue, $20 to $28 million in 2016, propelled principally by ease of access to capital in the public markets, giving them the ability to spend on customer acquisition, and purchase of bulk inventory to supply their customer base, while offering enhanced merchandising and customer service.

Maricann completed a $10 million equity financing in March 2017, a $22.5 million convertible debenture financing in December 2016, and a previous round of financing of $3.15 million in November 2016. With these funds, Maricann is well capitalized to expand its operations.

The cannabis sector is in hyper growth with each of the public competitors engaged in significant expansion projects in Canada. Four competitors are engaged in international opportunities, including, Germany, Australia, Brazil and Spain, with new export markets recently established in Chile and Croatia.

Public competitors are well known, having achieved significant media coverage, with national recognition, and market awareness based on social media and web based initiatives.

Maricann’s ability to compete will come through new initiatives, principally, marketing of its turn key product offering, new merchandising, awareness through social media, presence within clinics through investment, and differentiated products.

9. STOCK OPTIONS TO PURCHASE SECURITIES

In 1998, Danbel established a stock option plan (the "**Plan**"), as amended in 1999, to encourage common share ownership in Danbel by directors, officers, employees and consultants of Danbel and its subsidiaries and affiliates. The maximum number of common shares that may be set aside for issue under the Plan is 2,000,000 common shares provided that the Board of Directors has the right, from time to time to increase such number subject to the approval of the shareholders of Danbel. The maximum number of common shares outstanding at the time of the grant (calculated on a non-diluted basis) less the number of shares reserved for issuance to such period under any option to purchase common shares as a compensation or incentive mechanism. Any shares subject to an option which for any reason are cancelled or terminated prior to exercise will be available for a subsequent grant under the Plan. The option price for any common shares cannot be less than the price permitted by any stock exchange on which the common shares are then listed or other regulating body having jurisdiction.

Danbel options granted are subject to cancellation upon the termination of an optionee's employment, upon the optionee ceasing to be an employee, senior officer, director or consultant of Danbel or any of its subsidiaries. The options are non-transferable. The Plan contains provisions for adjustment in the number shares issuable thereunder in the event of a subdivision, consolidation, reclassification or cheque in the common shares, a merger or other relevant changes in the Company's capitalization. The Board of Directors may from time to time amend or reverse the terms of the Plan or may terminate the Plan at any time.

Currently there are no Danbel Options issued and outstanding under the Plan.

10. DESCRIPTION OF SECURITIES

Danbel

The authorized capital of Danbel consists of an unlimited number of Danbel Shares and an unlimited number of Danbel Preferred Shares issuable in series which may contain the rights, privileges and restrictions as determined by the Danbel Board. There are potential conflicts of interest to which the directors, officers and promoters of the Resulting Issuer will be subject with respect to the operations of the Resulting Issuer. Certain of the directors, and/or officers serve as directors and/or officers of other companies or have significant shareholdings in other companies. Situations may arise where the directors, officers and promoters of the Resulting Issuer will be engaged in direct competition with the Resulting Issuer. Any conflicts of interest will be subject to and governed by the law applicable to directors and officers conflicts of interest, including the procedures prescribed by the OBCA. The OBCA requires that directors and officers of the Resulting Issuer, who are also directors or officers of a party which enters into a material contract with the Resulting Issuer or otherwise have a material interest in a material contract entered into by the Resulting Issuer, must disclose their interest and, in certain instances, refrain from voting on any resolution of the Resulting Issuer's directors to approve the contract.

Other Reporting Issuer Experience

The following directors, officers or promoters of the Resulting Issuer or proposed directors or officers of the Resulting Issuer are, or within the past five (5) years have been, directors, officers or promoters of the following reporting issuers:

Post-Consolidated Danbel Shares held by existing shareholders of Danbel	1,250,000 (1.38%)
TOTAL	**90,724,477 (100%)**

15. EXECUTIVE COMPENSATION

General

Upon completion of the Amalgamation, the Resulting Issuer will still be in its early stages of development. The Resulting Issuer will not immediately have a compensation committee but intends to establish one in the near term. Initially the compensation program for the Resulting Issuer will only provide for a base amount of cash compensation, with no formal long-term equity plan or bonus program in place. The compensation program of the Resulting Issuer will, however, provide for certain benefits on behalf of the NEOs.

Other than as described above, the Resulting Issuer does not intend to provide the NEOs with any additional personal benefits, nor does the Resulting Issuer intend to provide any additional compensation to its NEOs for serving as directors of Maricann.

The Board of Directors as a whole determines the level of compensation in respect of Maricann's senior executives. There were no long-term incentive awards. There are no pension plan benefits in place for the named executives and none of the NEOs, senior officers or directors of Maricann is indebted to Maricann. In addition, there are no plans in place with respect to the NEOs for termination of employment or change in responsibilities.

Base Salaries

To set base compensation levels, the Resulting Issuer will give consideration to objective factors such as level of responsibility, experience and expertise and subjective factors such as leadership, commitment and attitude. No formal incentive plan is currently in place.

Bonus Plan

If and when any bonus awards are determined to be issuable, they will be determined by reference to Maricann's actual performance relative to objectives and individual contributions toward such performance. All awards made to executive officers will be subject to the review and approval of the Maricann Board and will be examined in absolute terms as well as in relation to peer company performance.

Option Plan

The Stock Option Plan of Danbel will be replaced following the completion of the Amalgamation with a stock option plan to be approved at the Meeting which will continue as the stock option plan of the Resulting Issuer. The Resulting Issuer does not presently intend to issue any stock options to any individuals in the next 6 months.

Summary Compensation Table

The following table sets out all anticipated annual compensation to be paid by the Resulting Issuer during the twelve-month period following the closing of the Transaction.

Name and Principal Position	Year	Salary ($)[1]	Share-base awards ($)	Option-based awards ($)	Non-equity incentive plan compensation ($)		Pension value ($)	All other Compen-sation ($)[2]	Total Compen-sation ($)
					Annual incentive plans	Long-term incentive plans			
Ben Ward, CEO and President	2017	$200,000	Nil	Nil	$0	Nil	Nil	$0	$200,000
Jeremy Blumer, CFO	2017	$200,000	Nil	Nil	$0	Nil	Nil	$0	$200,000
Terry Fretz, COO	2017	$190,000	Nil	Nil	$0	Nil	Nil	$0	$190,000

Notes:
(1) Gross salary before local income taxes and withholdings.
(2) Additional compensation is travel benefits paid by Resulting Issuer on behalf of the employee.

Options to Purchase Securities

The existing options, rights and warrants of Maricann will be exchanged with options, rights and warrants of the Resulting Issuer on a one (1) for one (1) basis upon completion of Proposed Reverse Takeover Transaction. It is not expected that the Resulting Issuer will grant any new options upon completion of Proposed Reverse Takeover Transaction. The Board of Directors of the Resulting Issuer may decide to grant new options in the future.

Retirement Plans

The Resulting Issuer does not intend to implement, any retirement plans, pension plans or other forms of funded or unfunded retirement compensation for its employees.

Employment Contracts

It is expected that the Resulting Issuer will enter into employment agreements with Messrs. Ward, Blumer and Fretz in connection with the closing of the Amalgamation, the terms of which will be substantially similar to their current terms of employment and/or consulting.

Termination and Maricann of Control Benefits

The Resulting Issuer does not intend to implement any pension or retirement plan which is applicable to the NEOs. Danbel has not provided compensation, monetary or otherwise, during the most recently completed financial year, to any person who has acted or will act as an NEO of Maricann or the Resulting Issuer, respectively, in connection with or related to the retirement, termination or resignation of such person, and the Corporation will provide no compensation to any such person as a result of a change of control of the Resulting Issuer. The Resulting Issuer will not be party to any compensation plan or arrangement with an NEO resulting from the resignation, retirement or termination of employment of any such person.

The Resulting Issuer does not intend to implement any plan or arrangement with respect to compensation to its executive officers, which would result from the resignation, retirement or any other termination of employment of the executive officers' employment with the Resulting Issuer and its subsidiaries or which would result from a change of control of the Resulting Issuer or a change in the executive officers' responsibilities following a change in control, where in respect of an executive officer the value of such compensation exceeds $100,000.

Director Compensation

The Resulting Issuer does not intend to implement any pension plan or other arrangement for non-cash compensation for its directors who are not NEOs, except incentive stock options. In the 12 months following the completion of the Amalgamation, the Resulting Issuer may issue stock options to directors, officers, employees and other service providers from time to time.

Other than as set forth in the foregoing, no director of Maricann who is not an NEO has received compensation pursuant to:

(a) any standard arrangement for the compensation of directors for their services in their capacity as directors, including any additional amounts payable for committee participation or special assignments;

(b) any other arrangement, in addition to, or in lieu of, any standard arrangement, for the compensation of directors in their capacity as directors; or

(c) any arrangement for the compensation of directors for services as consultants or experts.

16. INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No existing or proposed director, executive officer or senior officer of Danbel or Maricann is currently indebted to Danbel or Maricann.

17. RISK FACTORS

Investment in the Resulting Issuer must be considered highly speculative due to the nature of the Resulting Issuer's business. An investment in any securities of the Resulting Issuer should only be considered by those persons who can afford a total loss of their investment. In addition to other information contained in this Listing Statement, the following risk factors must be considered.

Volatility of Industry Conditions

The demand, pricing and terms for the sale of medical marijuana largely depend upon the level of industry activity for Canada and, to a lesser extent, the development of the Canada medical marijuana markets. Industry conditions are influenced by numerous factors over which the Resulting Issuer has no control, including the level of medical marijuana prices, expectations about future medical marijuana prices and production, the cost of producing and delivering medical marijuana; any rates of declining current production, political, regulatory and economic conditions; alternative fuel requirements; and the ability of medical marijuana companies to raise equity capital or debt financing.

The level of activity in Canada medical marijuana industry is volatile. No assurance can be given that expected trends in medical marijuana production and sales activities will continue or that demand for medical marijuana will reflect the level of activity in the industry. Any prolonged substantial reduction in medical marijuana prices would likely affect medical marijuana production levels and therefore affect the demand for medical marijuana. A material decline in medical marijuana prices or Canada industry activity could have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and cash flows.

Access to Additional Financing

The Resulting Issuer may find it necessary in the future to obtain additional debt or equity financing to support ongoing operations, to undertake capital expenditures or to undertake acquisitions or other business combination transactions. There can be no assurance that additional financing will be available to the Resulting Issuer when needed or on terms acceptable to the Resulting Issuer. The Resulting Issuer's inability to raise financing to support ongoing operations or to fund capital expenditures or acquisitions could limit the Resulting Issuer's growth and could have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and cash flows.

Reliance on Major Customers

To date, Maricann has not entered into long term contracts with its customers. The loss of one or more major customers, or any significant decrease in sales provided to a customer, prices paid or any other changes to the terms of services with customers, could have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and cash flows.

Agreements and Contracts

The business operations of the Resulting Issuer will depend on written and verbal performance based agreements with its customer base some of which are cancellable at any time by the Resulting Issuer or its customers. The key factors which will determine whether a client continues to use the Resulting Issuer are product and service quality and availability, reliability and performance of equipment used to produce its product and perform its services, technical knowledge and experience, reputation for safety and competitive pricing. There can be no assurance that the Resulting Issuer's relationship with customers will continue or that former customers will return, and a significant reduction or total loss of the business from these customers, if not offset by sales to new or existing customers, could have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and cash flows.

Reduced levels of activity in the medical marijuana industry can intensify competition and result in lower revenue to the Resulting Issuer. Variations in the medical marijuana and development budgets of medical marijuana companies which are directly affected by fluctuations in medical marijuana prices and the cyclical nature and competitiveness of the medical marijuana industry and governmental regulation, will have an effect upon the Resulting Issuer's ability to generate revenue and earnings as well.

Risks of Foreign Operations

Maricann's strategy is, and the Resulting Issuer's strategy is to consider exporting its expertise and technologies to foreign countries. Working outside of Canada gives rise to the risk of dealing with business and political systems that are different than what contractors are accustomed to in Canada. As a result, Maricann has hired employees who have experience working in the international arena (including Germany) and it is committed to recruiting qualified resident nationals on the staff of all of its international operations. The potential risks include: expropriation or nationalization; civil insurrection; labour unrest; strikes and other political risks; fluctuations in foreign currency and exchange controls; increases in duties and taxes; and changes in laws and policies governing operations of foreign based companies.

There can be no assurance that liabilities which may be incurred by the Resulting Issuer as a result of its foreign operations will be covered by such insurance or, if covered, that the dollar value of such liabilities will not exceed the Resulting Issuer's policy limits. A partially or completely uninsured claim, if successful and of sufficient magnitude, could have an adverse effect on the Resulting Issuer.

Management of Growth

The Resulting Issuer may be subject to growth related risks including capacity constraints and pressure on its internal systems and controls. The ability of the Resulting Issuer to manage growth effectively will require it to continue to implement and improve its operational and financial systems and to expand, train and manage its employee base. The inability of the Resulting Issuer to deal with this growth may have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and prospects.

Acquisition and Development Risks

The Resulting Issuer expects to selectively seek strategic acquisitions. The Resulting Issuer's ability to consummate and to integrate effectively any future acquisitions on terms that are favourable to it may be limited by the number of attractive acquisition targets, internal demands on the Resulting Issuer's resources and, to the extent necessary, the Resulting Issuer's ability to obtain financing on satisfactory terms, if at all. Acquisitions may expose the Resulting Issuer to additional risks including difficulties in integrating administrative, financial reporting, operational and information systems and managing newly acquired operations and improving their operating efficiency, difficulties in maintaining uniform standards, controls, procedures and policies through all of the Resulting Issuer's operations, entry into markets in which the Resulting Issuer has little or no direct experience; difficulties in retaining key employees of the acquired operations; and disruptions to the Resulting Issuer's ongoing business.

In addition, future acquisitions could result in the incurrence of additional debt, costs, and contingent liabilities to the Resulting Issuer. The Resulting Issuer may also incur costs for and divert management attention to potential acquisitions that are never consummated. For acquisitions that are consummated, expected synergies may not materialize. The Resulting Issuer's failure to effectively address any of these issues could have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and cash flows in the future.

Sources, Pricing and Availability of Equipment and Equipment Parts

Maricann sources its equipment and equipment parts from a variety of suppliers, most of whom are located in Canada and the United States. Should any suppliers of the Resulting Issuer be unable to provide the necessary equipment or parts or otherwise fail to deliver products in the quantities required, any resulting delays in the provision of services or in the time required to find new suppliers could have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and cash flows in the future.

Issuance of Debt

From time to time, the Resulting Issuer may enter into transactions to acquire assets or the shares of other organizations. These transactions may be financed in whole or in part with debt, which may increase the Resulting Issuer's debt levels above industry standards for oil and natural gas companies of similar size. Depending on future exploration and development plans, the Resulting Issuer may require additional equity and/or debt financing that may not be available or, if available, may not be available on favourable terms to the Resulting Issuer. Neither Maricann's articles nor its by-laws limited the amount of indebtedness that Maricann may incur and it is not expected that the Resulting Issuer's articles nor by-laws will contain such restrictions. As a result, the level of the Resulting Issuer's indebtedness from time to time, could impair its ability to obtain additional financing on a timely basis to take advantage of business opportunities that may arise.

Operating Risks and Insurance

Maricann's operations are, and the Resulting Issuer's operations will be, subject to hazards inherent in the medical marijuana industry, such as equipment defects, malfunction and failures, and natural disasters which result in fires, accidents and explosions that can cause personal injury, loss of life, suspension of operations, damage to facilities, business interruption and damage to or destruction of property, equipment and the environment. These risks could expose the Resulting Issuer to substantial liability for personal injury, wrongful death, property damage, pollution, and other environmental damages. The frequency and severity of such incidents will affect operating costs, insurability and relationships with customers, employees and regulators.

The Resulting Issuer will continuously monitor its operations for quality control and safety. However, there are no assurances that the Resulting Issuer's safety procedures will always prevent such damages. Although the Resulting Issuer will maintain insurance coverage that it believes to be adequate and customary in the industry, there can be no assurance that such insurance will be adequate to cover its liabilities. In addition, there can be no assurance that the Resulting Issuer will be able to maintain adequate insurance in the future at rates it considers reasonable and commercially justifiable. The occurrence of a significant uninsured claim, a claim in excess of the insurance coverage limits maintained by the Resulting Issuer, or a claim at a time when it is not able to obtain liability insurance, could have a material adverse effect on the Resulting Issuer, the Resulting Issuer's ability to conduct normal business operations and on the Resulting Issuer's business, financial condition, results of operations and cash flows in the future.

Dilution

The Resulting Issuer may make future acquisitions or enter into financings or other transactions involving the issuance of securities of the Resulting Issuer which may be dilutive to the other shareholders.

Dividends

Neither Danbel nor Maricann has paid any dividends on its outstanding shares. Payment of dividends in the future will be dependent on, among other things, the cash flow, results of operations and financial condition of the Resulting Issuer, the need for funds to finance ongoing operations and other considerations as the Resulting Issuer Board considers relevant.

Conflicts of Interest

Certain directors of Resulting Issuer are also directors of other companies and as such may, in certain circumstances, have a conflict of interest requiring them to abstain from certain decisions.

Reliance on Key Personnel

The Resulting Issuer's success will depend in large measure on certain key personnel. The loss of the services of such key personnel may have a material adverse effect on the Resulting Issuer's business, financial condition, results of operations and prospects. The contributions of the existing management team to the immediate and near term operations of the Resulting Issuer are likely to be of central importance. In addition, the competition for qualified personnel in the oil and natural gas services industry is extremely competitive and there can be no assurance that the Resulting Issuer will be able to continue to attract and retain all personnel necessary for the development and operation of its business. Investors must rely upon the ability, expertise, judgment, discretion, integrity and good faith of the management of the Resulting Issuer.

Changes in Laws, Regulations and Guidelines

Maricann's operations are subject to various laws, regulations and guidelines relating to the manufacture, management, transportation, storage and disposal of medical marijuana, as well as being subject to laws and regulations relating to health and safety, the conduct of operations and the protection of the environment.

On August 11, 2016, Health Canada announced the new ACMPR which came into force on August 24, 2016, replacing the MMPR as the regulations governing Canada's medical cannabis program.

As per Health Canada's statement and corresponding fact sheet released on August 11, 2016, the ACMPR allows Canadians who have been authorized by their health care practitioner, and who are registered with Health Canada, to produce a limited amount of medical marijuana for their own medical purposes, or to designate someone who is registered with Health Canada to produce it for them. Starting materials such as plants or seeds are to be obtained from Licensed Producers only. Individuals will also continue to have the option to purchase quality controlled medical marijuana from licensed producers such as Maricann. It is possible that such developments could significantly reduce the addressable market for Maricann's products and materially and adversely affect the business, financial condition and results of operations.

18. PROMOTERS

Upon completion of the Proposed Reverse Takeover Transaction, the promoter of the Resulting Issuer will be Eight Capital (formerly, Dundee Capital Partners) based on its role in providing financial advisory and capital raising services to Maricann.

19. LEGAL PROCEEDINGS

There are no actual or pending material legal proceedings to which Danbel or Maricann is a party or of which any of their assets is subject. Management of Danbel and Maricann is not aware of any such material legal proceedings contemplated against Danbel and Maricann.

20. INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

No director or executive officer of the Issuer or any person or company that is the direct or indirect beneficial owners of, or who exercises control or direction over, more than 10 percent of any class of the Issuer's outstanding voting securities, or an associate or affiliate of any persons or companies referred to in this paragraph, has any material interest, direct or indirect, in any transaction within the three years before the date of this Listing Statement, or in any proposed transaction, that has materially affected or will materially affect the Issuer or a subsidiary of the Issuer.

21. AUDITORS, TRANSFER AGENT AND REGISTRAR

Auditors

The auditors of Danbel are HS & Partners LLP, located at 5025 Orbitor Drive, Building 4 & 5, Suite 400, Mississauga, Ontario, L4W 4Y5.

It is anticipated that Ernst & Young LLP, the current Canadian auditors of Maricann, through its offices in Toronto, Ontario, will be the auditors of the Resulting Issuer after giving effect to the Proposed Reverse Takeover Transaction.

Transfer Agent and Registrar

The transfer agent and registrar for Danbel's securities is TSX Trust Company, located at 200 University Avenue, Suite 300, Toronto, Ontario, M5H 4H1. It is anticipated that TSX Trust Company, through its offices in Toronto, Ontario, will continue to be the transfer agent and registrar for the Post-Consolidated Danbel Shares after giving effect to the Proposed Reverse Takeover Transaction.

ARTICLE 2
AMALGAMATION

2.1 **Implementation Steps**

(a) MariCann covenants in favour of Danbel that it shall call a meeting of its shareholders to approve the MariCann Amalgamation Special Resolution as soon as reasonably practicable and, in any event, no later than April 30, 2017, or such other date as may be agreed to by Danbel and MariCann.

(b) Danbel covenants in favour of MariCann that it shall in its capacity as the sole shareholder of Danbel Subco, approve and execute the Danbel Subco Amalgamation Special Resolution as soon as reasonably practicable and, in any event, no later than April 30, 2017, or such other date as may be agreed to by Danbel and MariCann.

(c) Danbel covenants in favour of MariCann that it shall call a meeting of its shareholders to approve the Consolidation, the Name Change, the Registered Office Change, to adopt the New Danbel Bylaws, and to adopt the Stock Option Plan and such other related matters as soon as reasonably practicable and, in any event, no later than April 30, 2017, or such other date as may be agreed to by MariCann and Danbel.

(d) Each of MariCann, Danbel Subco and Danbel covenants to each other to use their commercially reasonable efforts to perform their respective obligations under this Agreement.

2.2 **Securities Compliance**

MariCann and Danbel shall use commercially reasonable efforts to obtain all orders required from the applicable Governmental Entities to permit (subject to escrow conditions imposed by the Exchange) the issuance in a jurisdiction of Canada to residents

of Canada and the issuance of the securities in the United States pursuant to an exemption under the *United States Securities Act of 1933*, as amended, and state securities laws to residents of the United States, if applicable, of the Resulting Issuer Securities issuable pursuant to the Amalgamation without qualification with, or approval of, or the filing of any prospectus or similar document, or the taking of any proceeding with, or the obtaining of any further order, ruling or consent from, any Governmental Entity under any Canadian federal, provincial or territorial securities or other Laws or pursuant to the rules and regulations of any Governmental Entity administering such Laws, or the fulfillment of any other legal requirement in any such jurisdiction other than for any required filings under National Instruments 51-102 or 45-106 and any filings required by the Exchange, including the Listing Statement. Securities will not be delivered to United States residents unless the holder provides satisfactory evidence that an exemption from registration is available.

2.3 **Preparation of Filings**

(a) Danbel and MariCann shall co-operate in:

(i) the preparation of any application for any orders or documents reasonably deemed by Danbel or MariCann to be necessary to discharge their respective obligations under applicable Laws in connection with this Agreement and the Transactions;

(ii) the taking of all such action as may be required under any Applicable Securities Laws in connection with the issuance of Resulting Issuer Securities and, as applicable, any securities issuable upon the exercise thereof in connection with the Amalgamation; provided, however, that with respect to Canadian provincial qualifications neither MariCann nor Danbel shall be required to register or qualify as a foreign corporation or to take any action that would subject it to service of process in any jurisdiction where such entity is not now so subject, except as to matters and transactions arising solely from the issuance of the Resulting Issuer Securities issuable in connection with the Amalgamation; and

(iii) the taking of all such action as may be required under the OBCA in connection with the Transactions.

(b) Each of MariCann and Danbel shall promptly furnish to the other all information concerning it and its security holders as may be required for the effectuation of the actions described in Sections 2.1 and 2.2 and the foregoing provisions of this Section 2.3, and each covenants that no information furnished by it (to its knowledge in the case of information concerning its shareholders) in connection with such actions or otherwise in connection with the consummation of the Amalgamation and the other Transactions will contain any misrepresentation.

(c) Each of MariCann and Danbel shall promptly notify the other if at any time before the Effective Time it becomes aware that the MariCann Notice, the Listing

Statement or an application for an order described in Section 2.2 contains any misrepresentation or that otherwise requires an amendment or supplement to the MariCann Notice, the Listing Statement or such application. In any such event, MariCann and Danbel shall co-operate in the preparation of a supplement or amendment to the MariCann Notice, the Listing Statement or such other document, as required and as the case may be, and, if required by applicable Law, shall cause the same to be filed with the relevant regulatory authorities, as applicable.

(d) Subject to MariCann and Danbel complying with Sections 2.3(b) and 2.3(c), MariCann and Danbel shall ensure that the Listing Statement complies with all applicable Laws and, without limiting the generality of the foregoing, that the Listing Statement does not contain any misrepresentation provided that no party shall be liable for the information of another resulting from non-compliance with sections 2.3(b) and/or 2.3(c).

2.4 **Filing of Articles of Amalgamation**

Subject to the rights of termination contained in Article 7 hereof, upon satisfaction and/or waiver of all Conditions Precedent, Danbel Subco and MariCann shall jointly file with the Director the Articles of Amalgamation and such other documents as are required to be filed under the OBCA to give effect to the Amalgamation.

2.5 **Effect of the Amalgamation**

At the Effective Time, the following shall occur and shall be deemed to occur in the following order without any further act or formality:

(a) Danbel Subco and MariCann shall amalgamate to form Amalco and shall continue as one company under the OBCA in the manner set out in Section 2.6 hereof and with the effect as set out in Section 179 of the OBCA;

(b) immediately upon the Amalgamation:

(i) Each one (1) MariCann Share shall be exchanged for one (1) fully-paid and non-assessable Resulting Issuer Share;

(ii) Each one (1) MariCann Existing Option shall be continued into/replaced with one (1) Resulting Issuer Option at exercise prices adjusted based on the same exchange ratio and otherwise with the same terms and conditions, *mutatis mutandis*;

(iii) Each one (1) MariCann Existing Compensation Option shall be continued into/replaced with one (1) Resulting Issuer Compensation Option at exercise prices adjusted based on the same exchange ratio and otherwise with the same terms and conditions, *mutatis mutandis*;

(iv) Each one (1) MariCann Existing Warrant shall be continued into/replaced with one (1) Resulting Issuer Warrant at exercise prices adjusted based on the same exchange ratio and otherwise with the same terms and conditions, *mutatis mutandis*;

(v) Each Danbel Subco Share shall be exchanged for one (1) fully-paid and non-assessable Amalco Share;

(c) with respect to each of the MariCann Securities, exchanged in accordance with Section 2.5(b):

(i) the holders thereof shall cease to be the holders of such MariCann Shares, MariCann Existing Options, MariCann Existing Compensation Options or MariCann Existing Warrants, as the case may be, and the name of each such holder shall be removed from the applicable register of holders of such MariCann Securities; and

(ii) the MariCann Securities shall be deemed to have been cancelled as of the Effective Date;

provided that none of the foregoing shall occur or shall be deemed to occur unless all of the foregoing occurs.

2.6 **Amalgamated Corporation.** Unless and until otherwise determined in the manner required by law, by Amalco or by its directors or the holder of the Amalco Shares, the following provisions shall apply:

(a) **Name.** The name of Amalco shall be "Maricann Inc.".

(b) **Registered Office.** The registered office address of Amalco shall be located at Burlington, Ontario, or such other location as is determined by the Amalco Directors.

2.10 **Fractional Securities.** No fractional securities of the Resulting Issuer will be issued. In the event that a MariCann securityholder would otherwise be entitled to a fractional Resulting Issuer Security, the number of securities of the Resulting Issuer issued to such securityholder shall be rounded up to the next greater whole number of such Resulting Issuer Security, if the fractional entitlement is equal to or greater than 0.5 and shall, without any additional compensation, be rounded down to the next lesser whole number of such Resulting Issuer Security if the fractional entitlement is less than 0.5. In calculating such fractional interests, all Resulting Issuer Securities registered in the name of or beneficially held by such Resulting Issuer securityholder or their nominee shall be aggregated.

2.11 **Lost Certificates.** In the event any certificate which immediately prior to the Effective Date represented one or more outstanding MariCann Securities that are to be exchanged pursuant to Section 2.5 shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the holder thereof, as applicable, claiming such certificate to be lost, stolen or destroyed, the Registrar and Transfer Agent will issue in exchange for such lost, stolen or destroyed certificate, one or more certificates representing one or more of the Resulting Issuer Securities to which they are entitled and, in each case deliverable pursuant to Section 2.5 hereof. In exchange for any lost, stolen, destroyed certificate, the holder to whom certificates representing such securities are to be issued shall, as a condition precedent to the issuance thereof, give a bond satisfactory to the Registrar and Transfer Agent in such sum as the Resulting Issuer may direct or otherwise indemnify the Resulting Issuer in a manner satisfactory to the Resulting Issuer against any claim that may be made against the Resulting Issuer with respect to the certificate alleged to have been lost, stolen or destroyed.

2.12 **Extinguishment of Rights.** Any certificate which immediately prior to the Effective Time represented outstanding MariCann Shares that are not held by a Dissenting MariCann Shareholder who is ultimately entitled to be paid fair value of the MariCann Shares held by such Dissenting MariCann Shareholder but was exchanged or was deemed to have been exchange pursuant to Section 2.5, that has not been deposited with all other instruments required by the Registrar and Transfer Agent on or prior to the earlier of the second anniversary of the Effective Date shall cease to represent a claim or interest of any kind or nature as a holder of Resulting Issuer Shares. On such date, the Resulting Issuer Shares (and any dividends or distributions with respect thereto) to which the former holder of the certificate referred to in the preceding sentence was ultimately entitled shall be deemed to have been surrendered for no consideration to the Resulting

Issuer, together with all entitlements to dividends, distributions and interest in respect thereof held for such former holder. None of MariCann, the Resulting Issuer or the Registrar and Transfer Agent shall be liable to any Person in respect of any Resulting Issuer Shares (or dividends and/or distributions) delivered to a public official pursuant to and in compliance with any applicable abandoned property, escheat or similar law.

2.13 **Stock Option Plan.** The stock option plan of the Resulting Issuer shall be the new stock option plan of the Resulting Issuer to be approved by the shareholders of the Resulting Issuer at the Danbel Meeting.

2.14 **Stated Capital.** The amount added to the stated capital of the Resulting Issuer in respect of the Resulting Issuer Shares issuable pursuant to Section 2.5 shall be equal to the stated capital, determined immediately before the Effective Time, of the MariCann Shares and the Amalco Shares exchanged for Resulting Issuer Shares pursuant to Section 2.5.

ARTICLE 3
COVENANTS

3.1 **Covenants of Danbel.** Danbel covenants and agrees with MariCann that Danbel will not, from the date of execution hereof to and including the Effective Date, except with the prior written consent of MariCann or otherwise contemplated herein, which consent shall be in the sole discretion of MariCann and may be unreasonably withheld:

(a) issue any securities, other than shares issuable upon the due and proper exercise of any outstanding stock options or agents options;

(b) split, combine or reclassify any of its capital stock or issue or authorize or propose the issuance or distribution of any other securities in respect of, in lieu of or in substitution for, shares of its capital stock, except for the Consolidation;

(c) incur any expenditures, other than in connection with ongoing public filing and other public company requirements, including those relating to the Danbel Meeting and the completion of the Amalgamation;

(d) declare or pay any dividends or distribute any of its properties or assets to shareholders;

(e) enter into any contracts other than in connection with the Transactions;

(f) alter or amend its articles or by-laws, except for approval of the New Danbel Bylaws at the Danbel Meeting;

(g) engage in any business enterprise or other activity different from that carried on as of the date hereof;

(h) sell, pledge, lease, dispose of, grant any interest in, encumber or agree to sell, pledge, lease, dispose of, grant any interest in or encumber any of its assets;

(i) redeem, purchase or offer to purchase any of its common shares or other securities;

(j) acquire, directly or indirectly, any assets, including but not limited to securities of other companies;

(k) incur or commit to incur any indebtedness for borrowed money or issue any debt securities; or

(l) approve, authorize or implement any change to the business, financial condition or management of Danbel, save and except for the change of directors and officers of Danbel on the Closing Date.

3.2 **Further Covenants of Danbel.** Danbel covenants and agrees with MariCann that Danbel will:

(a) use all commercially reasonable efforts to obtain all necessary consents, assignments or waivers from third parties and amendments or terminations to any instrument or agreement and take such other measures as may be necessary or desirable to fulfil its obligations under and to carry out the transactions contemplated by this Agreement;

(b) prior to the Closing Date, convene the Danbel Meeting for the purposes of approving the matters to be considered at the Danbel Meeting;

(c) mail to its shareholders the Danbel Notice and other documentation required in connection with the Danbel Meeting in accordance with applicable Laws and Danbel's by-laws as soon as reasonably practicable and in any event on or before April 30, 2017;

(d) except for proxies delivered in connection with the Danbel Meeting and other non-substantive or non-material communications with securityholders, furnish promptly to MariCann a copy of each notice, report, schedule or other document delivered, filed or received by it in connection with: (i) the Amalgamation, the Consolidation, the Name Change, the Registered Office Change, the New Danbel Bylaws, the adoption of the Stock Option Plan and the election of the Resulting Issuer Board; (ii) any filings under Applicable Securities Laws; and (iii) any dealings with regulatory agencies in connection with the Transactions;

(e) make other necessary filings and applications under applicable federal and provincial Laws required on the part of Danbel and Danbel Subco in connection with the Transactions, and take all reasonable action necessary to be in compliance with such Laws;

(f) use all commercially reasonable efforts to conduct its affairs so that all of Danbel and Danbel Subco representations and warranties contained herein shall be true and correct on and as of the Effective Date as if made on the Effective Date, except to the extent that such representations and warranties require modification to give effect to the Transactions;

(g) within seven (7) Business Days of receiving any written audit inquiry, assessment, reassessment, confirmation or variation of an assessment, indication that an assessment is being considered, request for filing of a waiver or extension of time or any other notice in writing relating to taxes, interest, penalties, losses or tax pools (an "**Assessment**"), deliver to MariCann a copy thereof together with a statement setting out, to the extent then determinable, an estimate of the obligations, if any, of Danbel on the assumption that such Assessment is valid and binding;

(h) use all commercially reasonable efforts to cause each of the conditions precedent set forth in Sections 5.1 and 5.2 hereof to be complied with;

(i) subject to the satisfaction of the conditions in Sections 5.1 and 5.3 hereof, thereafter together with MariCann, as applicable, file (or cause Danbel Subco to file, as applicable) with the Director the Articles of Amalgamation and such other documents as may be required to give effect to the Amalgamation on or before the Termination Date; and

(j) notify MariCann immediately upon becoming aware that any of the representations and warranties of Danbel contained herein are no longer true and correct in any material respect.

3.3 **Covenants of MariCann.** MariCann covenants and agrees with Danbel that it will not from the date of execution hereof to and including the Effective Date, except as contemplated by this Agreement or with the prior written consent of Danbel, such consent not to be unreasonably withheld:

(a) issue any securities, other than upon exercise of the MariCann Existing Convertible Debentures; MariCann Existing Options, MariCann Existing Compensation Options, MariCann Existing Warrants, or in respect of the securities to be issued as set out in Schedule "D" hereto and in respect of the private placement of Common Shares of MariCann for gross proceeds of approximately $10,000,650 anticipated to be completed on March 7, 2017;

(b) incur any expenditures or incur any debt, other than in connection with the Transactions or the New Ventures or other than in the ordinary course of business;

(c) enter into any contracts, other than in connection with the Transactions contemplated herein or other than in the ordinary course of business or with the consent of Danbel;

(d) alter or amend its articles or by-laws other than the filing of the Articles of Amalgamation in connection with the Transactions contemplated herein;

(e) other than the New Ventures, engage in any business enterprise or other activity different from that carried on as of the date hereof;

(f) sell, pledge, lease, dispose of, grant any interest in, encumber or agree to sell, pledge, lease, dispose of, grant any interest in or encumber any of its assets other than in the ordinary course of business;

(g) redeem, purchase or offer to purchase any of its common shares or other securities other than with respect to the Debt Instruments**;**

(h) acquire, or agree to acquire (by merger, amalgamation, acquisition or otherwise), directly or indirectly from any person, corporation, partnership or other business organization or division, any assets or properties, including but not limited to securities of other companies, other than in the ordinary course of business or other than in connection with the New Ventures; or

(i) incur or commit to incur any indebtedness for borrowed money or issue any debt securities, other than in the ordinary course of business.

3.4 **Further Covenants of MariCann.** MariCann covenants and agrees with Danbel that it will:

(a) use all commercially reasonable efforts to obtain all necessary consents, assignments or waivers from third parties and amendments or terminations to any instrument or agreement and take such other measures as may be necessary or desirable to fulfil its obligations under and to carry out the transactions contemplated by this Agreement;

(b) prior to the Closing Date, convene the MariCann Meeting for the purposes of approving the matters to be considered at the MariCann Meeting;

(c) mail to its shareholders the MariCann Notice and other documentation required in connection with the MariCann Meeting in accordance with applicable Laws and the MariCann by-laws as soon as reasonably practicable and in any event on or before April 30, 2017;

(d) except for proxies delivered in connection with the MariCann Meeting and other non-substantive or non-material communications with securityholders, furnish promptly to Danbel a copy of each notice, report, schedule or other document delivered, filed or received by MariCann in connection with: (i) the Amalgamation; (ii) any filings under Applicable Securities Laws; and (iii) any dealings with regulatory agencies in connection with the Transactions;

(e) make other necessary filings and applications under applicable federal and provincial Laws required on the part of MariCann in connection with the transactions contemplated herein, and take all reasonable action necessary to be in compliance with such Laws;

(f) use all commercially reasonable efforts to conduct its affairs so that MariCann's representations and warranties contained herein shall be true and correct on and as of the Effective Date as if made on the Effective Date, except to the extent that

such representations and warranties require modification to give effect to the Transactions;

(g) within seven (7) Business Days of receiving any Assessment, deliver to Danbel a copy thereof together with a statement setting out, to the extent then determinable, an estimate of the obligations, if any, of MariCann on the assumption that such Assessment is valid and binding;

(h) use all commercially reasonable efforts to cause each of the conditions precedent set forth in Sections 5.1 and 5.2 hereof to be complied with;

(i) subject to the satisfaction of the conditions precedent in Sections 5.1 and 5.2 hereof, thereafter together with Danbel Subco file with the Director the Articles of Amalgamation and such other documents as may be required to give effect to the Amalgamation on or before the Termination Date; and

(j) notify Danbel immediately upon becoming aware that any of the representations and warranties of MariCann contained herein hereof are no longer true and correct in any material respect.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES

4.1 **Representations and Warranties of Danbel.** Danbel represents and warrants to and in favour of MariCann as follows, and acknowledges that MariCann is relying upon such representations and warranties in connection with the completion of the Transactions contemplated herein:

(a) Danbel is a corporation duly incorporated under the laws of the Province of Ontario and is a valid and subsisting corporation under the OBCA and is in compliance, in all material respects, with the requirements of the OBCA, and has all requisite power and authority to carry on its business and to carry out the provisions hereof;

(b) Danbel has engaged in no business except related to maintaining the status as a reporting issuer under Applicable Securities Laws;

(c) Danbel has no material subsidiaries other than Danbel Subco;

(d) Danbel owns directly all of the issued and outstanding shares of Danbel Subco and there are no outstanding securities or instruments which are convertible into or exchangeable for shares of Danbel Subco, respectively;

(e) Danbel is a "reporting issuer" in British Columbia, Alberta and Ontario as that term is defined under Applicable Securities Laws, is not in default of the requirements of any Applicable Securities Laws, or the policies and requirements of any stock exchange or the Securities Commissions, and the issued and

outstanding Danbel Shares are not currently listed or posted for trading on any stock exchange;

(f) Danbel is in material compliance with all of its obligations as a reporting issuer in the jurisdictions where it is a reporting issuer, including those imposed pursuant to securities legislation, and the regulations and policies thereunder;

(g) except as a result of announcement of this transaction, no cease trade order is currently issued against Danbel or the Danbel Shares in any jurisdiction, and, to the knowledge of Danbel, no cease trade order is pending or threatened;

(h) Danbel has the requisite power, capacity and authority to enter into this Agreement on the terms and conditions herein set forth, and to perform its obligations hereunder;

(i) the authorized capital of Danbel consists of an unlimited number of common shares, of which, after giving effect to the Consolidation (i.e., on the basis of a one (1) for nine and twenty-two hundredths (9.22) exchange ratio), 1,250,000 Danbel Shares will be issued and outstanding as fully paid and non-assessable shares of Danbel and no other securities of Danbel will be outstanding;

(j) there is no action, suit, litigation, arbitration, investigation, inquiry or other proceeding in progress, or, to the best of Danbel's knowledge, pending or threatened against or relating to Danbel or its material assets and there is no circumstance, matter or thing known to Danbel which might give rise to any such proceeding or to any governmental investigation relative to Danbel and there is not outstanding against Danbel any judgment, decree, injunction, rule or order of any court, government department, commission, agency or arbitrator;

(k) Danbel is a taxable Canadian corporation as defined in the *Income Tax Act* (Canada) and is not liable, in any material respect, for any Canadian federal, provincial, municipal or local taxes, sales tax assessments, withholding taxes, employee or other remittances, or other imposts or penalties due and unpaid at the date hereof in respect of its income, capital, employees, business or property, or for the payment of any tax instalment due in respect of its current taxation year (but not including taxes accruing due) or any previous taxation years, and no such taxes, assessments, imposts, remittances or penalties are required to be reserved against. All such taxes, assessments, imposts, remittances and penalties have been properly calculated by Danbel, in all material respects. Danbel is not in default in filing any returns or reports covering any Canadian federal, provincial, municipal or local taxes, assessments or other imposts in respect of its income, business, employees, or property and Danbel has complied with all withholding, collection, remittance and other obligations under any applicable taxing statute;

(l) the entering into and performance of this Agreement and the transactions contemplated herein by Danbel will not violate:

(i) the constating documents or by-laws of Danbel;

(ii) any material agreement to which Danbel is a party nor will it give any Person or company any right to terminate or cancel any material agreement or any right enjoyed by Danbel because of such agreement, and will not result in the creation or imposition of any lien, encumbrance or restriction of any nature whatsoever in favour of a third party upon or against Danbel or the assets of Danbel; or

(iii) any statute, regulation, by-law, order, judgment, or decree by which Danbel is bound, except for such violations which would not have a Material Adverse Effect on the financial condition, assets or affairs of Danbel;

(m) Danbel has not incurred any obligation or liability, contingent or otherwise, for broker's fees, commissions or finder's fees or other similar fees in respect of the Transactions, save and except for any fees related to sponsorship that may be required by an Exchange, which shall be an obligation of MariCann;

(n) there is no pending disagreement between Danbel and its auditors which could materially affect the financial situation of Danbel;

(o) since September 30, 2016, there has not been any Material Adverse Change in the condition or operation of Danbel or in its assets, liabilities or financial condition;

(p) the unaudited financial statements for the nine months ended September 30, 2016 and the audited financial statements of Danbel for the fiscal year ended December 31, 2015, as well as the notes thereto, are true and correct and present fairly, in all material respects, the financial position of Danbel as at such dates and the results of its operations and changes in financial position for the periods covered in such statements, and have been prepared in accordance with IFRS applied on a basis consistent with that of prior periods;

(q) except those set out in the financial statements referred to in subsection 4.1(p), hereof, disclosed in the Letter of Intent, or accrued in the ordinary course of business in connection with the Transactions., Danbel has no liabilities or obligations of any nature, whether or not accrued, contingent or otherwise, and whether due or to become due or asserted or, to its knowledge, unasserted, whether or not required by IFRS to be reflected in, reserved against or otherwise described in the balance sheet of Danbel (including the notes thereto), which constitute a Material Adverse Effect, and Danbel has not guaranteed or indemnified, or agreed to guarantee or indemnify, any debt, liability or other obligation of any Person save and except with regard to the indemnification of its directors and officers under the OBCA and its by-laws;

(r) except as disclosed in the financial statements of Danbel and as set out in paragraph 4.1(bb) below, Danbel is not indebted to:

(i) any director, officer or shareholder of Danbel;

(ii) any individual related to any of the foregoing by blood, marriage or adoption; or

(iii) any corporation controlled, directly or indirectly, by any one or more of those Persons referred to in subsections 4.1(r)(i) and (ii) hereof;

(s) none of those Persons referred to in subsection 4.1(r) hereof is indebted to Danbel;

(t) no Person has any written or oral agreement, option, understanding or commitment or any right or privilege capable of becoming an agreement for the purchase, exchange, transfer or other disposition from Danbel of any of its assets;

(u) the execution and delivery of this Agreement and the completion of the transactions contemplated herein have been duly approved by the board of directors of Danbel and this Agreement constitutes a valid and binding obligation of Danbel enforceable against it in accordance with its terms, subject, however, to limitations imposed by law in connection with bankruptcy or similar proceedings and to the extent that equitable remedies such as specific performance or injunction are granted at the discretion of a court of competent jurisdiction and no other corporate proceedings on its part are required to effect the Transactions other than the approval by Danbel shareholders of the matters to be approved at the Danbel Meeting and the approval of the Danbel Subco Amalgamation Special Resolution;

(v) no consent, approval, order or authorization of, or registration, declaration or filing with, any third party or Governmental Entity is required by or with respect to Danbel in connection with the execution and delivery of this Agreement by Danbel, the performance of its obligations hereunder or the consummation by Danbel of the Transactions other than: (a) approval of the shareholders of Danbel of the Consolidation, the Name Change, the Registered Address Change, the adoption of the New Danbel Bylaws, the adoption of the Stock Option Plan and the election of the Resulting Issuer Board; (b) approval of the Exchange; (c) such registrations and other actions required by Danbel or Danbel Subco under Applicable Securities Laws as are contemplated by this Agreement and registrations and applications required as a result of the formation of a new corporation on the Amalgamation; (d) any filings with the Registrar or Director required by Danbel or Danbel Subco; and (e) any other consents, approvals, orders, authorizations, registrations, declarations or filings which, if not obtained or made by Danbel or Danbel Subco, would not, individually or in the aggregate, have a Material Adverse Effect on Danbel or prevent or materially impair Danbel's ability to perform its obligations hereunder;

(w) the documents filed under the Public Record complied in all material respects with Applicable Securities Laws in the jurisdictions they were filed at the time they were filed, and Danbel does not have any confidential filings with any securities authorities;

(x) there does not exist any state of facts which after notice or lapse of time, or both, will constitute a default or breach on the part of Danbel under any of the provisions contained in any of the material contracts, commitments or agreements to which it is a party, and no party to any such material contract has given written notice to Danbel of or made a claim against Danbel with respect to any breach or default thereunder, in any such case in which such breach or default constitutes a Material Adverse Effect;

(y) Danbel is not a party to any employment contracts, agreements or engagements, either oral or written, with any director, officer or employees of Danbel, except for oral agreements with Gabriel Nachman, Tony Testa and Michael Stein, all of which will be terminated on Closing without liability to the Resulting Issuer;

(z) the corporate records and minute books of Danbel contain complete and accurate minutes of all material decisions made at any meeting of the directors and shareholders since its date of incorporation, together with the full text of all resolutions of directors and shareholders passed in lieu of such meetings, duly signed;

(aa) to the best of the knowledge of Danbel, there does not currently exist any shareholders agreement, pooling agreement, voting trust or other similar type of arrangement in respect of outstanding securities of Danbel;

(bb) Danbel has outstanding loans and interest as at the date hereof in the aggregate amount of $555,258.40 (including interest accrued and payable), which debts will be converted into Danbel Shares prior to the Consolidation and any security therefor will be discharged on or prior to Closing;

(cc) the cash and near cash assets of Danbel as at December 31, 2016, net of liabilities, were approximately $Nil and the net working capital deficiency shall be approximately $540,000;

(dd) Danbel has filed all forms, reports, documents and information required to be filed by it, whether pursuant to applicable securities legislation or otherwise, with the applicable securities commissions (the "**Disclosure Documents**"). As of the time the Disclosure Documents were filed with the applicable securities regulators and on SEDAR (System for Electronic Document Analysis and Retrieval) (or, if amended or superseded by a filing prior to the date of this letter agreement, then on the date of such filing): (i) each of the Disclosure Documents complied in all material respects with the requirements of the applicable securities laws; and (ii) none of the Disclosure Documents contained any misrepresentation;

(ee) Danbel has no reasonable grounds for believing that a creditor of Danbel will be prejudiced by the Amalgamation;

(ff) no proceedings have been taken, are pending or authorized by Danbel or, to the knowledge of Danbel, by any other Person in respect of the bankruptcy, insolvency, liquidation or winding up of Danbel;

(gg) except as disclosed to MariCann in Schedule "E" attached, Danbel is not currently a party to any contract, agreement or understanding, material or otherwise, with any officer, director, employee, shareholder or any other Person not dealing at arm's length with Danbel, and there are no off-balance sheet structures or transactions with respect to Danbel and there will be no such structures or transactions in place immediately before or immediately after the Effective Date; and

(hh) the board of directors of Danbel has approved the Transactions (including the Amalgamation) and approved this Agreement, and has determined that the Amalgamation and this Agreement are in the best interests of Danbel and the holders of Danbel Shares;

(ii) the material information in respect of Danbel and its assets, liabilities, businesses, affairs and operations provided by or on behalf of Danbel to MariCann was and is accurate and correct in all material respects as at the respective dates thereof and does not omit any material information necessary to make any information provided not misleading as at the respective dates thereof; and

(jj) all private placements of Danbel Securities have been or will be completed in accordance with all Applicable Securities Laws.

4.2 **Representations and Warranties of MariCann.** MariCann represents and warrants to and in favour of Danbel and Danbel Subco as follows, and acknowledges that Danbel and Danbel Subco are relying upon such representations and warranties in connection with the completion of the transactions contemplated herein:

(a) MariCann is a corporation duly incorporated under the laws of the Province of Ontario and is a valid and subsisting corporation under the OBCA and is in compliance, in all material respects, with the requirements of the OBCA and has all requisite power and authority to carry on its business and to carry out the provisions hereof;

(b) as of the date hereof MariCann does not have any subsidiaries within the meaning of the *Securities Act* (Ontario);

(c) MariCann has the requisite power, capacity and authority to enter into this Agreement on the terms and conditions herein set forth, and to perform its obligations hereunder;

(d) the authorized capital of MariCann consists of an unlimited number of common shares, of which 43,195,703 MariCann Shares are validly issued and outstanding as of the date hereof as fully paid and non-assessable shares of MariCann and at the Closing Date, the capitalization of MariCann shall be as set out in Schedule "B" hereto;

(e) the MariCann Existing Debentures, MariCann Existing Options, the MariCann Existing Warrants and the Existing Compensation Options have been validly

created and, except as set out in Schedule "C" hereto, no Person has any agreement, option, warrant or right to acquire or capable of becoming an agreement for the purchase or acquisition of any of the unissued share capital of MariCann, and there are no outstanding securities or instruments which are convertible into or exchangeable for shares of MariCann;

(f) the MariCann Shares issuable upon exercise of the MariCann Existing Debentures, the MariCann Existing Warrants, the MariCann Existing Options, and the MariCann Shares and MariCann Warrants issuable upon the exercise of the MariCann Compensation Options, when issued, will be validly issued, and such MariCann Shares shall be fully paid and non-assessable shares of MariCann;

(g) MariCann is a taxable corporation as defined in the *Income Tax Act* (Canada) and is not in arrears, in any material respects, for any Canadian federal, provincial, municipal or local taxes, assessments, withholding taxes, employee or other remittances, or other imposts or penalties due and unpaid at the date hereof in respect of its income, employees, business or property, or for the payment of any tax instalment due in respect of its current taxation year (but not including taxes accruing due) or any previous taxation years, and no such taxes, assessments, imposts, remittances or penalties are required to be reserved against. All such taxes, imposts, remittances and penalties have been properly calculated by MariCann, in all material respects. MariCann is not in any material respect in default in filing any returns or reports covering any federal, provincial, municipal or local taxes, assessments or other imposts in respect of its income, business or property and MariCann has complied in all material respects with all withholding, collection, remittance and other obligations under any applicable taxing statute;

(h) there is no suit, action, litigation, arbitration proceeding or governmental proceeding, including appeals and applications for review, in progress, or, to the best of MariCann's knowledge, pending or threatened against or relating to MariCann, or affecting the MariCann Assets, which if determined adversely to MariCann might have or might reasonably be expected to have a Material Adverse Effect on the properties, business, future prospects or the financial condition of MariCann, taken as a whole, or the right of MariCann to use, produce or sell its products in whole or in part, and there is no circumstance, matter or thing known to MariCann which might give rise to any such proceeding or to any governmental investigations relating to MariCann, and there is not presently outstanding against MariCann any material judgment, decree, injunction, rule or order of any court, governmental department, commission, agency or arbitrator;

(i) Save and except for Health Canada approval of the Transactions (if required), confirm no consent, approval, order or authorization of, or registration, declaration or filing with, any third party or governmental entity is required by or with respect to MariCann in connection with the execution and delivery of this Agreement by MariCann, the performance of its obligations hereunder or the consummation by MariCann of the transactions contemplated hereby other than: (a) the approval of the Amalgamation by the shareholders of MariCann; (b) such

registrations and other actions required under provincial and territorial securities laws as are contemplated by this Agreement and registrations and applications required as a result of the formation of a new corporation on the Amalgamation; (c) any filings with the Director; (d) the approval of George Lucien Vermeersch and Wilhelmina Vermeersch regarding the property located at 150 8th Concession Road, Langton, Ontario and DIR Properties (GP) Inc. regarding the property located at 845 Harrington Court, Unit No. 3, Burlington, Ontario (e) the approval of Pace Savings & Credit Union Limited ("Pace"); and (f) any other consents, approvals, orders, authorizations, registrations, declarations or filings which, if not obtained or made, would not, individually or in the aggregate, have a Material Adverse Effect on MariCann or prevent or materially impair MariCann's ability to perform its obligations hereunder;

(j) no proceedings have been taken, are pending or authorized by MariCann or, to the knowledge of MariCann, by any other Person in respect of the bankruptcy, insolvency, liquidation or winding up of MariCann;

(k) since September 30, 2016, there has not been any Material Adverse Change in the condition or operation of MariCann, taken as a whole, or in its assets, liabilities or financial condition , except for the Private Placements and the New Ventures;

(l) the unaudited financial statements for MariCann for the nine month period ended September 30, 206 and the audited financial statements for MariCann for the fiscal year ended December 31, 2015, as well as the notes thereto, are true and correct and present fairly, in all material respects, the financial position of MariCann as at such dates and the results of its operations and changes in financial position for the periods indicated in the said statements, and are prepared in accordance with IFRS applied on a basis consistent with that of prior periods;

(m) there is no pending disagreement between MariCann and its auditors which could materially affect the financial situation of MariCann;

(n) other than amounts owing to reimburse individuals for business expenses incurred in the ordinary course and approved on behalf of MariCann and remuneration for services in the ordinary course of business or in connection with the Private Placements and the New Ventures, and other than such amount as disclosed in the financial statements of MariCann described in Section 4.2(l) hereof, MariCann is not indebted to:

(i) any director, officer, employee or shareholder of MariCann;

(ii) any individual related to any of the foregoing by blood, marriage or adoption; or

(iii) any corporation controlled, directly or indirectly, by any one or more of those Persons referred to in subsections 4.2(n)(i) and (ii) hereof;

(o) save and except for 145,000 Euros advanced to Ben Ward on behalf of MariCann in connection with the New Ventures, none of those Persons referred to in subsection 4.2(n) hereof is indebted to MariCann;

(p) to the best of the knowledge of MariCann, none of the proposed officers or directors of the Resulting Issuer, is or has ever been subject to prior regulatory, criminal or bankruptcy proceedings in Canada or elsewhere;

(q) no Person has any written or oral agreement, option, understanding or commitment or any right or privilege capable of becoming an agreement for the purchase, exchange, transfer or other disposition from MariCann of any MariCann Assets, other than products sold in the ordinary course of business;

(r) the entering into and performance of this Agreement and the transactions contemplated herein by MariCann will not violate:

(i) the constating documents, articles or by-laws of MariCann;

(ii) any material agreement to which MariCann is a party, and will not give any Person any right to terminate or cancel any material agreement or any right enjoyed by MariCann because of such agreement, and will not result in the creation or imposition of any material lien, encumbrance or restriction of any nature whatsoever in favour of a third party upon or against MariCann or the MariCann Assets; or

(iii) any statute, regulation, order, judgment or decree by which MariCann is bound except for such violations which would not have a Material Adverse Effect on the financial condition, assets or affairs of MariCann;

(s) MariCann has not incurred any obligation or liability, contingent or otherwise, for broker's or finder's fees in respect of the Transactions;

(t) other than the Debt Instruments as set out in Schedule "D" hereto, and as disclosed in the financial statements referred to in subsection 4.2(l) hereof, MariCann is not party to any loan agreement, credit agreement, hypothec agreement or other agreement of the same nature;

(u) other than as set out in Schedule "D" hereto and in the financial statements referred to in subsection 4.2(l) hereof, MariCann has no material liabilities or obligations of any nature, whether or not accrued, contingent or otherwise, and whether due or to become due or asserted or, to its knowledge, unasserted, whether or not required by IFRS to be reflected in, reserved against or otherwise described in the balance sheet of MariCann (including the notes thereto), which constitute a Material Adverse Effect, and MariCann has not guaranteed or indemnified, or agreed to guarantee or indemnify, any debt, liability or other obligation of any Person;

(v) all material contracts, agreements (including employment agreements) and commitments (whether written or oral) to which MariCann is a party are in full force and effect and MariCann is not in default under any of such contracts, agreements or commitments, save and except for any breach or default which is not material or which has been waived in writing by the other party to such contract, agreement or commitment;

(w) there does not exist any state of facts which after notice or lapse of time, or both, will constitute a material default or breach on the part of MariCann under any of the provisions contained in any of the material contracts, commitments or agreements to which MariCann is a party (including those referred to in subsection 4.2(u) hereof) and no party to any such material contracts has given written notice to MariCann or made a claim against MariCann with respect to any breach or default thereunder in any case in which such breach or default constitutes a Material Adverse Effect;

(x) the corporate records and minute books of MariCann contain, in all material respects, complete and accurate minutes of all material decisions made at any meeting of the directors and shareholders since its date of incorporation, together with the full text of all resolutions of directors and shareholders passed in lieu of such meetings, duly signed;

(y) MariCann is a duly licensed, registered and qualified to be a producer and distributor of medical cannabis in Canada and possesses all material certificates, authorizations, permits or licences issued by the appropriate regulatory authorities in the jurisdictions necessary to enable its business to be carried (including as a Licensed Producer and a Licensed Dealer (each as defined in the ACMPR) under the ACMPR) on as now conducted and to enable its property and assets to be owned, leased and operated as they are now, and all such licences, registrations and qualifications are in good standing, in all material respects and none of such licenses, registrations or qualifications contains any burdensome term, provision, condition or limitation which has or is likely to have any Material Adverse Effect on the business of MariCann, as now conducted or as proposed to be conducted or in respect of the MariCann Assets;

(z) MariCann has conducted and is conducting its business in compliance in all material respects with all applicable Laws and, in particular, all applicable licensing and environmental legislation, regulations or by-laws or other lawful requirements of Health Canada and any other governmental or regulatory bodies applicable to MariCann in each jurisdiction in which it carries on business. All documents required to be filed by MariCann with applicable Governmental Entities (including in compliance with Applicable Securities Laws) were, as of their respective dates, in compliance in all material respects with all applicable Laws and at the time filed did not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. MariCann has not failed to make any required filing with any

applicable Governmental Entity, which failure would result in a Material Adverse Effect on MariCann.

(aa) that, other than pursuant to the Secured Debt Agreements:

(i) MariCann has title to the MariCann Assets and such assets are free and clear of all claims, options, net profit interests, mortgages, royalties, encumbrances and adverse claims or burdens, and that MariCann holds the MariCann Assets under valid and subsisting trade secrets, copyright, patents, leases, licenses, permits, agreements, contracts or other documents;

(ii) to the best of its knowledge, it is not aware of any defects, failures or impairments in the title of MariCann to the MariCann Assets, whether or not an action, suit, proceeding or inquiry is pending or threatened and whether or not discovered by any third party, which in the aggregate could have a Material Adverse Effect on the MariCann Assets;

(bb) MariCann is not a party to any unanimous shareholders agreement, pooling agreement, voting trust or other similar type of arrangement in respect of outstanding securities of MariCann;

(cc) the execution and delivery of this Agreement and the completion of the transactions contemplated herein have been duly approved by the board of directors of MariCann and this Agreement constitutes a valid and binding obligation of MariCann enforceable against it in accordance with its terms, subject, however, to limitations imposed by law in connection with bankruptcy or similar proceedings and to the extent that equitable remedies such as specific performance or injunction are granted at the discretion of a court of competent jurisdiction and no other corporate proceedings on its part are required to effect the Transactions other than the approval of the Amalgamation by MariCann shareholders at the MariCann Meeting;

(dd) MariCann has no reasonable grounds for believing that a creditor of MariCann will be prejudiced by the Amalgamation;

(ee) MariCann is not a party to or bound by any collective agreement and is not currently conducting negotiations with any labour union or employee association; MariCann is in compliance in all material respects with all Laws respecting employment and employment practices, terms and conditions of employment, pay equity and wages and has not and is not engaged in any unfair labour practice; Other than as disclosed by MariCann to Danbel, MariCann has no plan for retirement, bonus, stock purchase, profit sharing, stock option, deferred compensation, severance or termination pay, insurance, medical, hospital, dental, vision care, drug, sick leave, disability, salary continuation, legal benefits, unemployment benefits, vacation, incentive or otherwise contributed to, or required to be contributed to, by MariCann for the benefit of any current or

former manager, officer, employee or consultant of MariCann (the "**Employee Plans**"). Each of the Employee Plans of MariCann has been maintained in all material respects with its terms and with the requirements prescribed by any and all statutes, orders, rules and regulations that are applicable to such Employee Plans;

(ff) In the reasonable opinion of the board of directors of MariCann, policies of insurance are in force as of the date hereof naming MariCann as an insured that adequately cover all risks as are customarily covered in the industry in which MariCann operate and having regard to the nature of the risk insured and the relative cost of obtaining insurance to protect such interests. All such policies will remain in force and effect and will not be cancelled or otherwise terminated as a result of the transactions contemplated by this Agreement. Except as disclosed to Danbel, there have been no claims under any such policies of insurance since December 31, 2015, nor are there any claims pending, or to the knowledge of MariCann, any facts or circumstances currently in existence which may reasonably be expected to result in a claim. MariCann has not failed to give any material notice or present any material claim under any such insurance in a due and timely manner or received written notice or otherwise has knowledge of any intent of an insurer to either claim any default on the part of MariCann or not to renew any policy of insurance on its expiry or to increase any deductible or cost;

(gg) the board of directors of MariCann has approved the Transactions (including the this Amalgamation) and approved this Agreement, has determined that the Amalgamation and this Agreement are in the best interests of MariCann and the holders of MariCann Shares;

(hh) the material information in respect of MariCann and its assets, liabilities, businesses, affairs and operations provided by or on behalf of MariCann to Danbel was and is accurate and correct in all material respects as at the respective dates thereof and does not omit any material information necessary to make any information provided not misleading as at the respective dates thereof; and

(ii) all private placements of MariCann Securities have been completed in accordance with all Applicable Securities Laws.

4.3 **Representations and Warranties of Danbel Subco.** Danbel Subco, jointly and severally, represent and warrant to and in favour of MariCann as follows, and acknowledges that MariCann is relying upon such representations and warranties in connection with the completion of the transactions contemplated herein:

(a) Danbel Subco is a corporation duly incorporated under the laws of Ontario and is a valid and subsisting corporation under the OBCA and is in compliance, in all material respects, with the requirements of the OBCA, and has all requisite power and authority to carry on its business and to carry out the provisions hereof;

(b) the entering into and performance of this Agreement and the Transactions by Danbel Subco will not violate:

(i) the constating documents, articles or by-laws of Danbel Subco;

(ii) any material agreement to which Danbel Subco is a party; or

(iii) any statute, regulation, order, judgment or decree by which Danbel Subco is bound except for such violations which would not have a Material Adverse Effect on the financial condition, assets or affairs of Danbel Subco;

(c) Danbel Subco has not carried on any active business, other than to enter into this Agreement;

(d) Danbel Subco has no assets or liabilities other than nominal share capital, consisting of 100 common shares, all of which are owned by Danbel.

ARTICLE 5
CONDITIONS PRECEDENT AND OTHER MATTERS

5.1 **Mutual Conditions Precedent.** The respective obligations of the parties hereto to consummate the transactions contemplated herein are subject to the satisfaction, on or before the Closing Date, of the following conditions, any of which may be waived by the mutual consent of such parties without prejudice to their rights to rely on any other or others of such conditions:

(a) on or before June 15, 2017, the receipt of all necessary regulatory and Exchange approvals;

(b) on or before May 15, 2017, the approval of the Amalgamation by the MariCann shareholders at the MariCann Meeting and the approval by the Danbel shareholders of the matters to be considered at the Danbel Meeting;

(c) on or before May 15, 2017, the Danbel Subco Amalgamation Special Resolution shall have been approved by Danbel as the sole shareholder of Danbel Subco in accordance with the provisions of the OBCA;

(d) the Exchange shall have conditionally approved the listing of the Resulting Issuer Shares issuable pursuant to the Amalgamation and upon exercise of any Resulting Issuer Securities convertible or exercisable into Resulting Issuer Shares, subject to such Exchange's usual conditions;

(e) there shall not be in force any order or decree restraining or enjoining the consummation of the Transactions, including, without limitation, the Amalgamation;

(f) the receipt by the Exchange of a Sponsor Report (as such term is defined in the policies of the Exchange) in connection with the Transactions (if required by the Exchange), in a form satisfactory to the Exchange and at the expense of MariCann;

(g) all other consents, orders and approvals, including, without limitation, regulatory approvals, required or necessary or desirable for the completion of the transactions provided for in this Agreement, including, without limitation, the approval of the Director under the OBCA of the Amalgamation, shall have been obtained or received from the Persons, authorities or bodies having jurisdiction in the circumstances, all on terms satisfactory to each of the parties hereto, acting reasonably;

(h) the auditors of Danbel, HS & Partners LLP, shall provide its consent to Danbel and MariCann to use its audit opinion with respect to any Danbel audited financial statements in connection with any filings required by either Danbel or MariCann in connection with the Transactions or on an ongoing basis as required by Applicable Securities Laws, subject to the required review and other procedures specified by the CICA with respect to the inclusion of Auditor Reports in offering or other public documents;

(i) on or before May 15, 2017 the Consolidation, the Name Change, the Registered Address Change, the adoption of the New Danbel Bylaws, the adoption of the Stock Option Plan and the election of the Resulting Issuer Board shall be approved at the Danbel Meeting;

(j) the board of directors of the Resulting Issuer shall be as set out in Section 2.7;

(k) the holders of no more than two percent (2%) of all of the issued and outstanding MariCann Shares shall have exercised their rights to dissent pursuant to applicable corporate law in respect of the MariCann Amalgamation Special Resolution; and

(l) this Agreement shall not have been terminated in accordance with Section 7.2 hereof.

5.2 **Conditions to Obligations of MariCann.** The obligation of MariCann to consummate the transactions contemplated herein is subject to the satisfaction, on or before the Closing Date, of the following conditions:

(a) the review, to the sole satisfaction of MariCann and its legal counsel and other representatives, of the financial condition, business, properties, title, assets and affairs of Danbel and Danbel Subco;

(b) the boards of directors of the Resulting Issuer shall comprise the Resulting Issuer Board consisting of five (5) MariCann designated board members;

(c) no Material Adverse Change in the business, affairs, liabilities, financial condition, assets or results of operations of Danbel shall have occurred between the date of

the latest available financial statements and the Closing Date and Danbel shall not be in breach of Exchange policies or any Applicable Securities Laws;

(d) the post-closing capitalization of Danbel shall be as set out in Schedule "B" hereto;

(e) except as affected by the transactions contemplated herein, the representations and warranties of Danbel contained in Section 4.1 hereof and the representations and warranties of Danbel and Danbel Subco contained in Section 4.3, respectively, shall be true in all material respects on the Closing Date with the same effect as though such representations and warranties had been made at and as of such time and MariCann shall have received a certificate to that effect, dated the Closing Date, from an officer of Danbel acceptable to MariCann, to the best of his knowledge, having made reasonable inquiry;

(f) the covenants of Danbel contained in Sections 3.1 and 3.2 hereof shall have been complied with in all material respects and MariCann shall have received a certificate of an officer of Danbel, acceptable to MariCann, to such effect on the Closing Date

(g) on the Closing Date, Danbel will have net working capital deficiency of $nil after extinguishment of the indebtedness set out in Section 4.1(bb), and shall have no other liabilities save and except for the Danbel Expenses;

(h) on or before the Closing Date, all of the contracts or agreements of Danbel set out in Schedule "E" shall have been terminated, save and except for any transfer agency agreement with TSX Trust Company;

(i) Danbel shall have furnished MariCann with:

(i) certified copies of the resolutions passed by the board of directors of Danbel approving this Agreement, as well as the consummation of the Transactions;

(ii) a certified copy of the Danbel Subco Amalgamation Special Resolution; and

(iii) a certificate of the Registrar and Transfer Agent outlining the number of issued and outstanding Resulting Issuer Shares.

The conditions described above are for the exclusive benefit of MariCann and may be asserted by MariCann regardless of the circumstances, or may be waived by MariCann in its sole discretion, in whole or in part, at any time and from time to time prior to the Effective Time without prejudice to any other rights which MariCann may have hereunder or at law and notwithstanding the approval of this Agreement by the shareholders of Danbel.

5.3 **Conditions to Obligations of Danbel.** The obligations of Danbel to consummate the transactions contemplated herein are subject to the satisfaction, on or before the Closing Date, of the following conditions:

(a) the review, to the sole satisfaction of Danbel, and its legal counsel and other representatives, of the financial condition, business, properties, title, assets and affairs of MariCann and the MariCann Assets;

(b) no Material Adverse Change in the business, affairs, liabilities, financial condition, assets or results of operations of MariCann shall have occurred between September 30, 2016 and the Closing Date;

(c) except as affected by the transactions contemplated herein, the representations and warranties of MariCann contained in Section 4.2 hereof shall be true in all material respects on the Closing Date with the same effect as though such representations and warranties had been made at and as of such time, and Danbel shall have received a certificate to such effect, dated the Closing Date, of a senior officer of MariCann, acceptable to Danbel, acting reasonably, to the best of his knowledge having made reasonable inquiry;

(d) the covenants of MariCann contained in Sections 3.3 and 3.4 hereof shall have been complied with in all material respects, and Danbel shall have received a certificate to such effect, dated the Closing Date, from a senior officer of MariCann;

(e) MariCann shall have furnished Danbel with:

(i) certified copies of the directors' resolutions passed by the board of directors of MariCann approving this Agreement and the consummation of the transactions contemplated therein; and

(ii) a certified copy of the MariCann Amalgamation Special Resolution;

(iii) consolidated audited comparative financial statements for the year ended December 31, 2015, together with the notes thereto and the auditors' report thereon, and unaudited but auditor reviewed consolidated interim financial statements as required under applicable securities law and prepared in accordance with IFRS consistently applied, all of which are true and correct;

(f) MariCann will provide all materials required under Exchange policies for the application of Danbel to be listed on the Exchange; and

(g) any exchange escrow agreement shall have been entered into between the Registrar and Transfer Agent and certain shareholders of MariCann as determined in accordance with the policies of the Exchange.

The conditions described above are for the exclusive benefit of Danbel and may be asserted by Danbel regardless of the circumstances, or may be waived by Danbel in its sole discretion, in whole or in part, at any time and from time to time prior to the Effective Time without prejudice to any other rights which Danbel may have hereunder or at law and notwithstanding the approval of this Agreement by the shareholders of Danbel.

5.4 **Merger of Conditions.** The conditions set out in Sections 5.1, 5.2 and 5.3 hereof shall be conclusively deemed to have been satisfied, waived or released on the filing by MariCann and Danbel of the Articles of Amalgamation with the Director.

ARTICLE 7
AMENDMENT AND TERMINATION OF AGREEMENT

7.1 **Amendment.** This Agreement may, at any time and from time to time before or after the holding of the MariCann Meeting and/or the Danbel Meeting, be amended by written agreement of the parties hereto without, subject to applicable law, further notice to or authorization on the part of their respective shareholders and any such amendment may, without limitation:

(a) change the time for performance of any of the obligations or acts of the parties hereto;

(b) waive any inaccuracies or modify any representation or warranty contained herein or in any document delivered pursuant hereto;

(c) waive compliance with or modify any of the covenants herein contained and waive or modify performance of any of the obligations of the parties hereto; or

(d) waive compliance with or modify any other conditions precedent contained herein;

provided that no such amendment shall change the provisions hereof regarding the consideration to be received by securityholders of MariCann or Danbel, as the case may be, without approval by such securityholders of MariCann given in the same manner as required for the approval of the Amalgamation.

7.2 **Rights of Termination.** If any of the conditions contained in Article 5 hereof shall not be fulfilled or performed by June 15, 2017 or such other date as the parties may agree upon in writing (the "**Termination Date**"), and such condition is contained in:

(a) Section 5.1 hereof, either of the parties hereto may terminate this Agreement by notice to the other party;

(b) Section 5.2 hereof, MariCann may terminate this Agreement by notice to Danbel; or

(c) Section 5.3 hereof, Danbel may terminate this Agreement by notice to MariCann.

If this Agreement is terminated as aforesaid, the party terminating this Agreement shall be released from all obligations under this Agreement, all rights of specific performance against such party shall terminate and then the other party shall also be released from all obligations hereunder, other than in respect of the expense provisions contained in Section 8.10; and further provided that any of such conditions may be waived in full or in part by either of the parties without prejudice to its rights of termination in the event of the non-fulfilment or non-performance of any other condition.

7.3 **Notice of Unfulfilled Conditions.** If either of MariCann or Danbel shall determine at any time prior to the Effective Date that it intends to refuse to consummate the Amalgamation or any of the other Transactions contemplated hereby because of any unfulfilled or unperformed condition contained in this Agreement on the part of the other of them to be fulfilled or performed, MariCann or Danbel, as the case may be, shall so notify the other of them forthwith upon making such determination in order that such other of them shall have the right and opportunity to take such steps, at its own expense, as may be necessary for the purpose of fulfilling or performing such condition within a reasonable period of time, but in no event later than the Termination Date.

7.4 **Mutual Termination.** This Agreement may, at any time before or after the holding of the MariCann Meeting or the Danbel Meeting, but no later than the last Business Day immediately preceding the Effective Date, be terminated by mutual agreement of the directors of MariCann and Danbel without further action on the part of the shareholders of MariCann or Danbel, and, if the Amalgamation does not become effective on or before

the Termination Date, subject to the expense provisions contained in Section 8.10, either MariCann or Danbel may unilaterally terminate this Agreement, which termination will be effective upon a resolution to that effect being passed by its directors and notice thereof being given to the other of them.

ARTICLE 8
GENERAL

8.1 **Stand Still Agreement.** As long as this Agreement is in effect and except as contemplated herein, neither MariCann nor Danbel (including their respective directors, officers and agents) will solicit any discussions, expressions of interest, proposals or accept any offers from any Person relating to a possible merger, amalgamation, arrangement or relating to the sale of substantially all of the shares or assets, or any controlling equity interest of MariCann or Danbel, as applicable, provided however that the board of directors of MariCann and Danbel, as applicable, may take action or refrain from taking action as is appropriate to satisfy applicable fiduciary duties and further provided that MariCann and Danbel (including their directors, officers and agents) may solicit and accept offers following the Termination Date if the Articles of Amalgamation are not filed with the Director on or before the Termination Date.

8.2 **Disclosure of Alternative Transaction.** In the event either Danbel or MariCann shall receive an unsolicited proposal, offer or expression of interest in connection with any of those matters referred to in Section 8.1 hereof on or before the Termination Date, the recipient of such proposal, offer or expression of interest shall notify the other party hereto and shall provide details of such proposal, offer or expression of interest to the other party hereto, forthwith.

8.3 **Lock-up Agreements.** Contemporaneous with the execution of this Agreement, (a) Danbel shall deliver lock-up agreements, in form acceptable to MariCann, whereby all directors, officers and shareholders holding more than 10% of the issued and outstanding shares of Danbel shall agree to vote in favour of the proposed Transaction, and (b) MariCann shall deliver lock-up agreements, in form acceptable to Danbel, whereby all directors, officers and shareholders holding more than 10% of the issued and outstanding shares of MariCann shall agree to vote in favour of the proposed Transaction

8.4 **Entire Agreement.** The terms and provisions herein contained and the schedules hereto constitute the entire agreement between the parties and shall supersede all previous oral or written communications, including, without limitation, the Letter of Intent.

8.5 **Binding Effect.** This Agreement shall be binding upon and enure to the benefit of the parties hereto.

8.6 **Waiver and Modification.** Danbel and MariCann may waive or consent to the modification of, in whole or in part, any inaccuracy or any representation or warranty made to them hereunder or in any document to be delivered pursuant hereto and may waive or consent to the modification of any of the covenants or agreements herein contained for their respective benefit or waive or consent to the modification of any of

the obligations of the other parties hereto. Any waiver or consent to the modification of any of the provisions of this Agreement, to be effective, must be in writing executed by the party granting such waiver or consent.

8.7 **No Personal Liability.**

(a) No director, officer, employee or agent of either MariCann or any of its subsidiaries shall have any personal liability whatsoever to Danbel under this Agreement, or any other document delivered in connection with the Amalgamation on behalf of MariCann.

(b) No director, officer, employee or agent of either Danbel or any of its subsidiaries shall have any personal liability whatsoever to MariCann under this Agreement, or any other document delivered in connection with the Amalgamation on behalf of Danbel.

8.8 **Assignment.** No party to this Agreement may assign any of its rights or obligations under this Agreement without the prior written consent of the other party hereto.

8.9 **Public Disclosure.** The parties agree to consult with each other before making any public disclosure or announcement of or pertaining to this Agreement, and that any such disclosure or announcement shall be mutually satisfactory to all parties; provided, however, this Section shall not apply in the event any party hereto is advised by its counsel that certain disclosures or announcements, which the other parties after reasonable notice will not consent to, are required to be made by applicable laws, stock exchange rules or policies of regulatory authorities having jurisdiction.

8.10 **Costs.** MariCann agrees that it will be responsible for all its costs incurred with respect to the Transactions contemplated herein, including, without limitation, legal, accounting, Exchange, brokerage, sponsorship, business valuators and other customary expenses associated with transactions of the type herein contemplated.

MariCann further agrees to pay: (i) Danbel's monthly expenses of approximately $2,700 as itemized in Schedule "B" to the Letter of Intent from December 14, 2016 until the completion of the Amalgamation or the termination of this Agreement; (ii) approximately $13,000 for completion of Danbel's audited financial statements, tax return and annual sustaining fees as evidenced by appropriate invoices; and (iii) all reasonable and necessary expenses properly incurred by Danbel in connection with the Transactions, including but not limited to, its reasonable legal fees (not to exceed $120,000 plus HST and disbursements, unless MariCann otherwise agrees in its sole discretion), printing, mailing and transfer agent fees and Exchange listing fees, (collectively, the "**Danbel Expenses**").

In the event that the Amalgamation does not close for any reason, other than as a result of a breach of this Agreement by Danbel, MariCann shall pay to Danbel, within five (5) business days of such termination date, an amount equal to the Danbel Expenses then owing by Danbel (the "**Termination Payment**") in immediately available funds to an account designated by Danbel. Each of Danbel and MariCann hereby acknowledges that

the Termination Payment amount set out in this section is a payment of liquidated damages which is an estimate of the damages which Danbel will suffer or incur as a result of the non-completion of the Amalgamation and is not a penalty. MariCann hereby irrevocably waives any right it may have to raise as a defence that any such liquidated damages are excessive or punitive. Upon receipt of the Termination Payment, Danbel shall have no further claim against MariCann in respect of the failure to complete the Amalgamation whether or not as a result of the breach of this Agreement by MariCann, intentional or otherwise.

8.11 **Time of Essence.** Time shall be of the essence of this Agreement.

8.12 **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein, and the parties hereto irrevocably attorn to the jurisdiction of the courts of the Province of Ontario, situate in the City of Toronto.

8.13 **Severability.** In the event that any provisions contained in this Agreement shall be declared invalid, illegal or unenforceable by a court or other lawful authority of competent jurisdiction, this Agreement shall continue in force with respect to the enforceable provisions and all rights and remedies accrued under the enforceable provisions shall survive any such declaration, and any non-enforceable provision shall to the extent permitted by-law be replaced by a provision which, being valid, comes closest to the intention underlying the invalid, illegal and unenforceable provision.

8.14 **Confidentiality.** Each of Danbel and MariCann will provide such information as to its financial condition, business, properties, title, assets and affairs (including any material contracts) as may reasonably be requested by the other party. Such information whether written, electronic or verbal which:

(a) has not become generally available to the public; or

(b) was not available to a party or its representatives on a non-confidential basis before the date of this letter; or

(c) does not become available to a party or its representatives on a non-confidential basis from a Person who is not, to the knowledge of the party or its representatives, otherwise bound by confidentiality obligations to the provider of such information or otherwise prohibited from transmitting the information to the party or its representatives;

will be kept confidential by each party and shall constitute confidential information (the "**Confidential Information**"). No confidential information may be released to third parties without the written consent of the provider thereof, except that the parties hereto agree that they will not unreasonably withhold such consent to the extent that such confidential information is compelled to be released by legal process or must be released to regulatory bodies and/or included in public documents.

8.15 **Further Assurances.** Each party hereto shall, from time to time, and at all times hereafter, at the request of the other parties hereto, but without further consideration, do all such further acts and execute and deliver all such further documents and instruments as shall be reasonably required in order to fully perform and carry out the terms and intent hereof.

8.16 **Counterparts and Facsimile Copies.** This Agreement may be executed in separate counterparts, and all such counterparts when taken together shall constitute one (1) agreement. The parties shall be entitled to rely on delivery of a facsimile copy or PDF of the executed Agreement and such facsimile copy or PDF shall be legally effective to create a valid and binding Agreement.

In the event of any conflict between the provisions of this Agreement and the provisions of the Definitive Agreement, the provisions of the Definitive Agreement shall prevail.

3. Agreement to Amalgamate

Each of the Parties hereby agrees to the Amalgamation such that the Amalgamating Corporations shall amalgamate to create and continue as Amalco under the provisions of Section 179 of the OBCA, on the terms and conditions set out in this Agreement.

4. Filing of Articles

Following the approval of this Agreement by the shareholders of the Amalgamating Corporations in accordance with the OBCA, and in accordance with the terms and conditions of the Definitive Agreement, including the satisfaction or waiver of all conditions precedent set forth in the Definitive Agreement, MariCann shall file the Articles of Amalgamation with the Director as provided under the OBCA.

5. Conditions Precedent to the Amalgamation

The Amalgamation is subject to the satisfaction or waiver by the party entitled to make such waiver, of the conditions precedent set forth in **Error! Reference source not found.**5 of the Definitive Agreement. The signing and delivery of the Articles of Amalgamation by MariCann and Subco shall be conclusive evidence that such conditions have been satisfied to the satisfaction of MariCann and Danbel, or waived by the party entitled to make such waiver, and that MariCann and Subco may amalgamate in accordance with the provisions of this Agreement.

6. Amalgamation Events

Pursuant to the Amalgamation, on the Effective Date:

(a) each issued and outstanding MariCann Share held by each Dissenting Shareholder will become an entitlement to be paid the fair value of such share;

(b) each issued and outstanding Subco Share shall be exchanged for one (1) fully paid and non-assessable Amalco Share;

(c) each issued and outstanding MariCann Share (other than those held by Dissenting Shareholders) shall be exchanged for one (1) fully paid and non-assessable post - Consolidation Danbel Share;

(d) as consideration for the issuance of Danbel Shares in exchange for the MariCann Shares, Amalco shall issue to Danbel one (1) Amalco Share for each Danbel Share so issued;

(e) MariCann and Subco shall be amalgamated and continue as Amalco;

(f) all of the property and assets of each of MariCann and Subco shall be the property and assets of Amalco and Amalco shall be liable for all of the liabilities and obligations of each of MariCann and Subco, including civil, criminal and quasi criminal, and all contracts, liabilities and debts of Subco and MariCann;

(g) all rights of creditors against the property, assets, rights, privileges and franchises of Subco and MariCann and all liens upon their property, rights and assets shall be unimpaired by the Amalgamation and all debts, contracts, liabilities and duties of Subco and MariCann shall thenceforth attach to and be enforced against Amalco; and

(h) no action or proceeding by or against Subco or MariCann shall abate or be affected by the Amalgamation but, for all purposes of such action or proceeding, the name of Amalco shall be substituted in such action or proceeding in place of Subco or MariCann, as the case may be.

7. Name

The Name of Amalco shall be such designating number as may be assigned to Amalco by the Director followed by the words "Ontario Inc.", or such other name as mutually agreed to by the Parties.

8. Registered Office

Until changed in accordance with the OBCA, the registered office of Amalco shall be in the Province of Ontario.

9. Authorized Capital

The authorized capital of Amalco shall consist of an unlimited number of Amalco Shares, the rights, privileges, restrictions and conditions attaching to which shall be as set out in the Articles of Amalgamation of Amalco.

10. Share Transfer Restrictions

The Amalco Shares shall be subject to restrictions on transfer as set out in the Articles of Amalgamation of Amalco.

11. Business

There shall be no restrictions on the business which Amalco is authorized to carry on or the powers which Amalco may exercise.

12. Number of Directors

The board of directors of Amalco shall consist of not less than one (1) and not more than ten (10) directors, the exact number of which shall be determined by the directors from time to time.

13. First Directors

The first directors of Amalco shall be the persons whose names and residential addresses appear below:

Name	**Resident Canadian**
Neil Tabatznik	Yes
Raymond Stone	Yes
Ben Ward	Yes
Eric Silver	Yes
●	●

The above directors shall hold office from the Effective Date until the first annual meeting of Amalco Shareholders or until his successor is elected or appointed.

14. By-laws

The by-laws of Amalco shall be, to the extent not inconsistent with this Agreement, the by-laws of Subco, until repealed or amended.

15. Fractional Shares

No fractional Danbel Shares or Amalco Shares will be issued or delivered to any former MariCann Shareholders or the former Subco Shareholder otherwise entitled thereto, if any. Instead, the number of Danbel Shares or Amalco Shares issued to each former holder of MariCann Shares or Subco Shares will be rounded down to the nearest whole number.

16. Stated Capital

The stated capital account in the records of Amalco for the Amalco Shares shall be equal to the stated capital attributed to the MariCann Shares and the Subco Shares, determined immediately before the Amalgamation.

17. Delivery of Securities Following Amalgamation

As soon as practicable after the Effective Date:

(a) Amalco shall issue certificates representing the appropriate number of Amalco Shares to the former Subco Shareholder. Until delivery of such certificate, the share certificate or certificates representing the Subco Shares held by the former Subco Shareholder will be evidence of the former Subco Shareholder's right to be registered as a shareholder of Amalco. Share certificates formerly representing Subco Shares which are held by the former Subco Shareholder shall cease to represent any claim upon or interest in Subco other than the right of the registered holder to receive the number Amalco Shares to which it is entitled pursuant to the terms hereof; and

(b) in accordance with normal commercial practice, Danbel shall issue or cause to be issued certificates or electronic positions within CDS representing the appropriate number of post-Consolidated Danbel Shares (post-Danbel Name Change) to the former MariCann Shareholders (other than Dissenting Shareholders) by: (i) depositing such Danbel Shares with the depositary and/or the electronic positions representing such Danbel Shares with CDS, as applicable, to satisfy the consideration issuable to such MariCann Shareholders; and (ii) as soon as reasonably practicable after the Effective Date, causing the depositary to forward to, or hold for pick-up by, each former MariCann Shareholder that submitted a duly completed Letter of Transmittal or other evidence of entitlement to the depositary, together with the certificate (if any) representing the MariCann Shares held by such MariCann Shareholder or such other evidence of ownership of such MariCann Shares as is satisfactory to the depositary, acting reasonably, (A) the certificates representing the Danbel Shares to which such MariCann Shareholder is entitled, in accordance with its Letter of Transmittal, or (B) confirmation of a non-certificated electronic position transfer in CDS representing the Danbel

Shares to which such MariCann Shareholder is entitled, in accordance with its Letter of Transmittal. Share certificates formerly representing MariCann Shares which are held by the former MariCann Shareholders shall cease to represent any claim upon or interest in MariCann other than the right of the registered holder to receive the number of Danbel Shares to which it is entitled pursuant to the terms hereof.

18. Termination

Subject to the terms of the Definitive Agreement, this Agreement may be terminated by the board of directors of each of the Amalgamating Corporations, notwithstanding the approval of this Agreement by the shareholders of the Amalgamating Corporations, at any time prior to the issuance of the Certificate of Amalgamation. If this Agreement is terminated pursuant to this section, this Agreement shall forthwith become void and of no further force and effect.

19. Governing Law

This Agreement shall be governed by, and construed in accordance with, the laws of the Province of Ontario and the federal laws of Canada applicable therein. Each Party hereby irrevocably attorns to the jurisdiction of the courts of the Province of Ontario sitting in and for the judicial district of Toronto in respect of all matters arising under or in relation to this Agreement.

20. Further Assurances

Each of the Parties agrees to execute and deliver such further instruments and to do such further reasonable acts and things as may be necessary or appropriate to carry out the intent of this Amalgamation Agreement.

21. Time of the Essence

Time shall be of the essence of this Agreement.

22. Amendments

This Agreement may only be amended or otherwise modified by written agreement executed by the Parties.

23. Counterparts

This Agreement may be signed in counterparts (including counterparts by facsimile), and all such signed counterparts, when taken together, shall constitute one and the same agreement, effective on this date.

1. Nature of Business and Going Concern Uncertainty

Danbel Ventures Inc. (the "Company") is incorporated under the laws of the province of Alberta and filed articles of continuance in Ontario. The Company's activities include the identification and evaluation of assets or businesses with a view to completing a potential acquisition.

These interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") on a going concern basis that presumes the realization of assets and discharge of liabilities in the normal course of business. There are material uncertainties related to adverse conditions and events that cast significant doubt on the Company's ability to continue as a going concern.

The Company's continuing ability to meet its obligations as they come due is dependent upon continued financial support from related parties (Note 3 and 4) and its ability to raise additional funds through the issuance of shares. There can be no assurance that either of these audit events will occur.

These interim consolidated financial statements do not include any adjustments to the amounts and classification of assets and liabilities that might be necessary should the Company be unable to continue operations. Such adjustments may be material.

The registered office of the Company is located at 1 Adelaide Street East, Suite 801, Toronto, Ontario, M5C 2V9.

The board of directors of the Company approved these unaudited interim consolidated financial statements on November 17, 2016.

2. Significant Accounting Policies

These interim consolidated financial statements have been prepared in accordance with ("IFRS") and are in compliance with IAS 34, Interim Financial Reporting.

These consolidated interim financial statements do not include all disclosures normally provided in annual financial statements for the year ended December 31, 2016. In management's opinion, the unaudited interim financial information includes all the adjustments necessary to present fairly such information. Interim results are not necessarily indicative of the results expected for the year. The unaudited interim consolidated financial statements should be read in conjunction with the Company's audited annual financial statements for the year ended December 31, 2015.

These interim consolidated financial statements are presented in Canadian dollars, which is the Company's functional and reporting currency.

Recent accounting pronouncements:

International Financial Reporting Standard 9, Financial Instruments ["IFRS 9"]

IFRS 9 as issued in 2014, introduces new requirements for the clarification and measurement of financial instruments, a new expected-loss impairment model that will require more timely recognition of expected credit losses and a substantially reformed model for hedge accounting, with enhanced disclosures about risk management activity. IFRS 9 also removes the volatility in profit or loss that was caused in an entity's own credit risk for liabilities elected to be measured at fair value. IFRS 9 is effective for annual periods beginning

on or after January 1, 2018. Earlier application is permitted. The Company has not yet begun the process evaluating the impact of this standard on its consolidated financial statements.

International Financial Reporting Standard 15, Revenue from Contracts with Customers ["IFRS 15"]

IFRS 15 which was issued in May 2014, will replace all current revenue recognition requirements under IFRS. IFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. Under IFRS 15, revenue is recognized at an amount that effects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. IFRS 15 is required for annual periods beginning on or after January 1, 2018, using either a full or modified retrospective application. Earlier adoption is permitted. The Company does not expect this standard to have an effect on the Company's consolidated financial statements.

International Financial Reporting Standard 16, Leases ["IFRS 16"]

IFRS 16, Leases, which was issued in January 2016, will replace current lease accounting standards. It proposes to record all leases on the balance sheet with certain limited exceptions. IFRS 16 is effective for annual periods beginning on or after January 1, 2019. Limited earlier adoption is permitted. The Company has not yet begun the process of evaluating the impact of this standard on its consolidated financial statements

3. Loan Payable

The Loan Payable is payable to a corporation controlled by the controlling shareholder of the Company, bears interest at 12% per annum with interest payable on a monthly basis. The loan is collateralized through a general security agreement and is due on demand. Included in accounts payable and accrued liabilities is interest owing on this loan of $59,240 (December 31, 2015 - $36,740).

4. Shareholder Loans

A Shareholder Loan Payable, in the amount of $176,066 (December 31, 2015 - $151,388), bears interest at 10% per annum with interest payable on a monthly basis. The loan is secured by a general security agreement and is due on demand. Included in this Shareholder Loan amount is accumulated interest owing of $19,582 (December 31, 2015 - $8,502). The creditor corporation is controlled by the controlling shareholder of the Company.

The second Shareholder Loan payable, in the amount of $799 (December 31, 2015 - $799), is non-interest bearing, unsecured and is due on demand.

These interim financial statements have not been reviewed by the Company's external auditors.

5. Capital Stock

Authorized-

Unlimited common shares
Unlimited preferred shares, rights to be determined upon issuance

Issued and outstanding-

	September 30, 2016	December 31, 2015
5,667,716 (2015 – 5,667,716) common shares	$3,814,342	$3,814,342

6. Capital Risk Management

The Company includes shareholders' deficiency, consisting of capital stock and deficit, in the definition of capital.

The Company's primary objective with respect to capital management is to ensure that it has sufficient cash resources to fund the identification and evaluation of potential acquisitions. To secure the additional capital necessary to pursue these plans, the Company may attempt to raise additional funds through the issuance of equity or by securing strategic partners.

There has been no change with respect to the overall capital risk management strategy during the nine months ended September 30, 2016.

7. Financial Instruments and Risk Factors

The carrying values of the Company's financial instruments, consisting of cash and accounts payable and accrued liabilities, approximate their fair values due to the relatively short-term maturities of these instruments. It is management's opinion that the Company is not exposed to significant interest rate, currency or credit risks arising from these financial instruments.

The fair values of the Loan Payable and Shareholder Loans approximate their fair carrying values.

The Company has liabilities of $532,344 (December 31, 2015 - $467,343) due within 12 months, including the Loan Payable and Shareholder Loans due on demand, and has cash of $474 (2015- $519). As a result, the Company has liquidity risk and may not have sufficient funds to meet its ongoing obligations (note 1).

8. Related Party Transactions

Related parties include the Board of Directors, close family members and entities which are controlled by these individuals as well as certain persons performing similar functions. The shareholder described in notes 3 and 4 to the interim consolidated financial statements for the period ended September 30, 2016 is a related party as this individual is the controlling shareholder of the Company.

Related party transactions conducted in the normal course of operations are measured at the exchange value [the amount established and agreed to by the related parties].

These interim financial statements have not been reviewed by the Company's external auditors.

Included in accounts payable and accrued liabilities is:

[i] fees and reimbursable expenses of $15,750 (December 31, 2015 - $15,000) and consulting fees including HST of $16,950 (December 31,2015 - nil) accrued to a company controlled by the controlling shareholder of the Company. During the period, the Company was charged consulting fees of $15,000 plus HST and reimbursable expenses by a company controlled by the controlling shareholder of the Company. This shareholder also controls the entity holding the debt (note 3 and 4) and has advanced funds personally; and

[ii] interest payable of $59,240 (December 31, 2015 - $36,740) accrued to a corporation controlled by the controlling shareholder of the Company. This shareholder also controls the entity holding the debt (notes 3 and 4) and has advanced funds personally.

INDEPENDENT AUDITORS' REPORT

To the Shareholders of
Danbel Ventures Inc.

We have audited the accompanying consolidated financial statements of **Danbel Ventures Inc.**, which comprise the consolidated statements of financial position as at December 31, 2015 and 2014 and the consolidated statements of loss and comprehensive loss, changes in shareholders' deficiency and cash flows for the years then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of **Danbel Ventures Inc.** as at December 31, 2015 and 2014 and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards.

Emphasis of matter

Without qualifying our opinion, we draw attention to note 1 to the consolidated financial statements, which indicates that **Danbel Ventures Inc.** incurred a net loss of $92,937 during the year ended December 31, 2015 and, as of that date, the Company's current liabilities exceeded its current assets by $466,824 and had an accumulated deficit of $4,281,166. These conditions, along with other matters as set forth in note 1, indicate the existence of a material uncertainty that casts significant doubt on the Company's ability to continue as a going concern. We have not modified our opinion with respect to this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

[Expressed in Canadian dollars]

December 31, 2015 and 2014

1. NATURE OF BUSINESS AND GOING CONCERN UNCERTAINTY

Danbel Ventures Inc. [the "Company"] is incorporated under the laws of the Province of Alberta and filed articles of continuance in Ontario. The Company carries on the business of the identification and evaluation of assets or businesses with a view to completing a potential acquisition.

While these consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ["IFRS"] on a going concern basis that presumes the realization of assets and discharge of liabilities in the normal course of business, there are material uncertainties related to events that cast significant doubt on the Company's ability to continue as a going concern.

During the year ended December 31, 2015, the Company incurred a loss of $92,937 [2014 – loss of $905,762] and, as of that date, the Company had an accumulated deficit of $4,281,166 [2014 – deficit of $4,188,229], a working capital deficiency of $466,824 [2014 – $373,887] and negative cash flows from operations of $123,470 [2014 – $37,237]. These factors create material uncertainties that cast significant doubt on the Company's ability to continue as a going concern.

The Company's continuing ability to meet its obligations as they come due is dependent upon continued financial support from related parties *[notes 4 and 5]* and its ability to raise additional funds through the issuance of shares or debt. There can be no assurances that either of these events will occur.

These consolidated financial statements do not include any adjustments to the amounts and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern. Such adjustments would be material.

The registered office of the Company is located at 1 Adelaide Street East, Suite 801, Toronto, Ontario, M5C 2V9.

2. SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with IFRS.

The consolidated financial statements of the Company were approved for issue by the Board of Directors on April 19, 2016.

Basis of presentation

These consolidated financial statements have been prepared on a historical cost basis except for financial instruments classified as financial instruments at fair value through profit or loss ["FVTPL"], which are stated at fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting.

Basis of consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, JSL Lighting Corp. and JSL Lighting Inc. These two subsidiaries are inactive.

Functional and presentation currency

These consolidated financial statements have been prepared in Canadian dollars, which is the Company's functional and presentation currency.

Financial instruments

Financial assets classified as FVTPL are measured at fair value with any resultant gain or loss recognized in net loss. Financial assets classified as available-for-sale are measured at fair value with any resultant gain or loss being recognized directly in other comprehensive income. Investments in equity instruments classified as available-for-sale that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are measured at cost. When available-for-sale financial assets are derecognized, the cumulative gain or loss previously recognized directly in equity is recognized in net loss. Financial assets classified as loans and receivables and held to maturity are measured at amortized cost using the effective interest rate method.

All financial liabilities are recognized initially at fair value plus, in the case of loans and borrowings, directly attributable transaction costs. Financial liabilities are classified as other financial liabilities and are subsequently measured at amortized cost using the effective interest rate method.

The Company's financial assets include cash, while the Company's financial liabilities include accounts payable and other liabilities. Classification of these financial instruments is as follows:

Financial instrument	Classification
Cash	FVTPL
Accounts payable and accrued liabilities	Other financial liabilities
Loan payable	Other financial liabilities
Shareholder loans	Other financial liabilities

Financial instruments recorded at fair value on the consolidated statements of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Valuation based on quoted prices [unadjusted] in active markets for identical assets or liabilities.

- Level 2: Valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly [i.e., as prices] or indirectly [i.e., derived from prices].

- Level 3: Valuation techniques using inputs for the asset or liability that are not based on observable market data [unobservable inputs].

The Company's financial instruments measured at fair value on the consolidated statements of financial position consist of cash. Cash is measured at Level 1 of the fair value hierarchy.

Loss per share

The Company presents basic and diluted loss per share data for its common shares, calculated by dividing the net loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the year. Diluted loss per share is determined by adjusting the net loss attributable to common shareholders and the weighted average number of common shares outstanding for the effects of all warrants and options outstanding, if any, that may add to the total number of common shares. If the number of common shares outstanding increases or decreases as a result of a share split or consolidation, the calculation of basic and diluted loss per share for all periods presented is adjusted retrospectively.

Income taxes

Income tax on the net loss for the years presented comprises current and deferred tax. Income tax is recognized in net loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax expense is the expected tax payable on the taxable income for the year, using the tax rates enacted or substantively enacted at year end, adjusted for amendments to income taxes payable with regard to previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for goodwill not deductible for tax purposes and the initial recognition of assets or liabilities that affect neither accounting profit nor taxable profit. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using the tax rates enacted or substantively enacted at the consolidated statement of financial position dates.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. To the extent that the Company does not consider it probable that a future tax asset will be recovered, it does not record that excess asset.

Use of judgments, estimates and assumptions

The preparation of these consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities. The estimates and associated assumptions are based on anticipations and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year or in the year of the revision and future years if the review affects both current and future years. There have been no significant judgments made by management in the application of IFRS that have a significant effect on these consolidated financial statements.

Recent accounting pronouncements

International Financial Reporting Standard 9, Financial Instruments ["IFRS 9"]
IFRS 9 as issued in 2014, introduces new requirements for the classification and measurement of financial instruments, a new expected-loss impairment model that will require more timely recognition of expected credit losses and a substantially reformed model for hedge accounting, with enhanced disclosures about risk management activity. IFRS 9 also removes the volatility in profit or loss that was caused by changes in an entity's own credit risk for liabilities elected to be measured at fair value. IFRS 9 is effective for annual periods beginning on or after January 1,

2018. Earlier application is permitted. The Company has not yet begun the process of evaluating the impact of this standard on its consolidated financial statements.

International Financial Reporting Standard 15, Revenue from Contracts with Customers ["IFRS 15"]
IFRS 15 which was issued in May 2014, will replace all current revenue recognition requirements under IFRS. IFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. Under IFRS 15, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. IFRS 15 is required for annual periods beginning on or after January 1, 2018, using either a full or modified retrospective application. Earlier adoption is permitted. The Company does not expect this standard to have an effect on the Company's consolidated financial statements.

International Financial Reporting Standard 16, Leases
IFRS 16, Leases, which was issued in January 2016, will replace current lease accounting standards. It proposes to record all leases on the balance sheet with certain limited exceptions. IFRS 16 is effective for annual periods beginning on or after January 1, 2019. Limited earlier adoption is permitted. The Company has not yet begun the process of evaluating the impact of this standard on its consolidated financial statements.

4. LOAN PAYABLE

On October 7, 2014, the Company entered into a Debt Settlement Agreement and Release with a corporation controlled by an individual who is a shareholder of the Company for the settlement of a portion of the aggregate indebtedness of the loan payable and related accrued interest of $9,444,418 as at that date. In exchange for nominal cash consideration paid to the creditor, the Company settled $9,194,418 of the loan payable resulting in a remaining loan payable balance of $250,000. The loan bears interest at 12% per annum with interest payable on a monthly basis. The loan is collateralized through a general security agreement and is due on demand. The settlement of the loan payable was recorded as a reduction to the deficit by $9,194,418.

Included in accounts payable and accrued liabilities is interest owing on this loan of $36,740 [2014 – $6,740].

5. SHAREHOLDER LOANS

The Company has two shareholder loans payable.

On October 8, 2014, the Company entered into a Debt Settlement Agreement and Release with a corporation controlled by an individual who is a shareholder of the Company for the settlement of the aggregate indebtedness of the shareholder loan payable and related accrued interest of $250,000 in exchange for the issuance of 5,000,000 common shares to the shareholder. Upon issuance of the common shares, the shareholder became the controlling shareholder of the Company. The settlement of the shareholder loan payable resulted in an increase to capital stock of $250,000 *[note 6]*.

A shareholder loan in the amount of $151,388 [2014 – $20,000] was advanced by the controlling shareholder which bears interest at 10% per annum, with interest payable on a monthly basis. The loan is collateralized through a general security agreement and is due on demand. Included in this shareholder loan amount is interest owing of $8,502 [2014 – nil].

The second shareholder loan, in the amount of $799 [2014 – $799], is non-interest bearing, unsecured and due on demand.

6. CAPITAL STOCK

On October 8, 2014, 5,000,000 common shares were issued in settlement of the shareholder loan *[note 5]*.

7. LOSS PER SHARE

The calculation of basic and diluted loss per share for the years ended December 31, 2015 and 2014 was based on the net loss attributable to common shareholders of $92,937 [2014 – $905,762] and the weighted average number of common shares outstanding of 5,667,716 [2014 – 1,818,401].

8. INCOME TAXES

Provision for income taxes

The Company's effective income tax rate differs from the amount that would be computed by applying the combined federal and provincial statutory rate of 26.50% [2014 – 26.50%] to the net loss and comprehensive loss for the year. The reason for the difference is as follows:

	2015 $	2014 $
Net loss and comprehensive loss for the year	**92,937**	905,762
Statutory rate	**26.50%**	26.50%
Expected income tax recovery	**24,628**	240,027
Permanent difference	**(24,628)**	(240,027)
Income tax expense	—	—

The Company received Notices of Reassessment from the Canada Revenue Agency ["CRA"] and the Ministry of Revenue (Ontario), which mirror the CRA Notices of Reassessment relating to the Company's taxation years from 2004 up to and including 2009. As a result of the Notices of Reassessment from the CRA, for the years under assessment, an aggregate of $715,988 was payable to the CRA and $363,548 was payable to the Ministry of Revenue (Ontario), which amounts included penalties and interest to the date of issuance of the Notices of Reassessment.
The Company disputed the reassessments and filed Notices of Objection with the CRA within the required timeframe. In 2014, the Company received a Notice of Reassessment from each of the CRA and the Ministry of Revenue (Ontario) in response to the Notices of Objection filed adjusting taxable income and income taxes payable to nil for all of the disputed years and reversing related penalties and interest accrued on these amounts.

9. RELATED PARTY TRANSACTIONS

Related parties include the Board of Directors, close family members and entities that are controlled by these individuals, as well as certain persons performing similar functions. Subsequent to October 7, 2014, the shareholder described in notes 4 and 5 is the controlling shareholder of the Company.

Related party transactions conducted in the normal course of operations are measured at the exchange value [the amount established and agreed to by the related parties].

Included in accounts payable and accrued liabilities is:

[i] fees of $15,000 [2014 – $31,075] accrued to a company controlled by the controlling shareholder of the Company. This shareholder also controls the entity holding the debt *[note 4]* and has advanced funds personally *[note 5]*; and

[ii] interest payable of $36,740 [2014 – $6,740] accrued to a corporation controlled by the controlling shareholder of the Company. This shareholder also controls the entity holding the debt *[note 4]* and has advanced funds personally *[note 5]*.

10. STOCK OPTION PLAN

In 1998, the Company established a stock option plan [the "Plan"], as amended in 1999, to encourage common share ownership in the Company by directors, officers, employees and consultants of the Company and its subsidiaries or affiliates. The maximum number of common shares that may be set aside for issue under the Plan is 2,000,000, provided that the Board of Directors has the right, from time to time, to increase such number subject to the approval of the shareholders of the Company. The maximum number of common shares that may be reserved for issuance to any one person under the Plan is 5% of the common shares outstanding at the time of

the grant [calculated on a non-diluted basis] less the number of shares reserved for issuance to such person under any option to purchase common shares as a compensation or incentive mechanism. Any shares subject to an option which for any reason are cancelled or terminated prior to exercise will be available for a subsequent grant under the Plan. The option price for any common shares cannot be less than the price permitted by any stock exchange on which the common shares are then listed or other regulating body having jurisdiction.
Options granted are subject to cancellation upon the termination of an optionee's employment, upon the optionee ceasing to be an employee, senior officer, director or consultant of the Company or any of its subsidiaries. The options are non-transferable. The Plan contains provisions for adjustment in the number of shares issuable thereunder in the event of a subdivision, consolidation, reclassification or change in the common shares, a merger or other relevant changes in the Company's capitalization. The Board of Directors may from time to time amend or revise the terms of the Plan or may terminate the Plan at any time.

On November 14, 2014, 450,000 options to purchase common shares were granted under the Plan to directors of the Company. These options were granted with an exercise price of $0.05 per share, are fully vested upon grant and expire on November 14, 2016. The fair value of these options was determined to be nominal. Shareholder approval was not required for the granting of options to purchase an aggregate of 450,000 common shares thereunder; however, in the event that the Board of Directors determines to increase the number of common shares subject to the Plan, such increase will be subject to the approval of the Company's shareholders.

As at December 31, 2015, 450,000 options [2014 – 450,000] were outstanding and fully vested.

11. CAPITAL RISK MANAGEMENT

The Company includes shareholders' deficiency, consisting of capital stock and deficit, in the definition of capital.

The Company's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to fund the identification and evaluation of potential acquisitions. To secure the additional capital necessary to pursue these plans, the Company may attempt to raise additional funds through the issuance of equity or by securing strategic partners *[note 1]*.

There has been no change with respect to the overall capital risk management strategy during the year ended December 31, 2015.

12. FINANCIAL INSTRUMENTS AND RISK FACTORS

The carrying values of the Company's financial instruments, consisting of cash and accounts payable and accrued liabilities, approximate their fair values due to the relatively short-term maturities of these instruments. It is management's opinion that the Company is not exposed to significant interest rate, currency or credit risks arising from these financial instruments.

The fair values of the loan payable and shareholder loans approximate their carrying values.

The Company has liabilities of $467,343 [2014 – $374,990] due within 12 months, including the loan and shareholder loans due on demand, and has cash of $519 [2014 – $1,103]. As a result, the Company has liquidity risk and may not have sufficient funds to meet its ongoing obligations *[note 1]*.

Maricann Inc.

Notes to the condensed interim financial statements

[Unaudited, expressed in Canadian dollars unless otherwise noted]

Three and nine months ended September 30, 2016 and 2015

---

1. Nature of operations

Maricann Inc. ["Maricann" or the "Company"] was incorporated under the laws of the Province of Ontario, Canada on April 25, 2013 and is a licensed marijuana producer under the Access to Cannabis for Medical Purposes Regulation [the "ACMPR"]. Maricann received its first license from Health Canada under the Marijuana for Medical Purposes Regulations on March 27, 2014. The Company received an updated license [the "License"] under the ACMPR on March 29, 2017 that expires on September 28, 2018. It is anticipated that Health Canada will continue to renew the License. The Company's registered office is 150 8th Concession Road, Langton, Ontario.

2. Basis of presentation

These financial statements have been prepared in accordance with generally accepted accounting principles in Canada for publicly accountable enterprises, as set out in the CPA Canada Handbook – Accounting ["CPA Handbook"], which incorporates International Financial Reporting Standards ["IFRS"] as issued by the International Accounting Standards Board ["IASB"], using International Accounting Standard 34, *Interim Financial Reporting* ["IAS 34"].

These financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2015.

Common Share Stock split

On December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and earnings per share information *[refer to Notes 10 and 11]* have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.

These financial statements are presented in Canadian dollars, which is the Company's functional currency, and were approved and authorized for issuance by the Board of Directors on April 6, 2017.

Use of judgments, estimates and assumptions

The preparation of the financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgments, apart from those involving estimations, that management have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements:

- The use of the going concern basis of preparation of the financial statements. At each reporting period, management assesses the basis of preparation of the financial statements. These financial statements have been prepared on a going concern basis in accordance with IFRS. The going concern basis of presentation

assumes that the Company will continue its operations for the foreseeable future and be able to realize its assets and discharge its liabilities and commitments in the normal course of business. In arriving at this determination, the Company considered various factors including the following:

- Additional financing raised subsequent to the quarter end totaling $35,648,704 as further described in note 12 relative to the amount of anticipated cash flow requirements for the next 12 months. A summary of the financings are as follows:

Date	**$**	**Nature of financing** *[note 18]*
November 18, 2016	3,148,704	Common shares
December 15, 2016	22,500,000	22,500 units with each unit comprising of a $1,000 convertible debenture and 500 common share purchase warrants
March 3, 2017	10,000,000	Common shares
	35,648,704	

- The likelihood of the Company completing a going public transaction and the Company's shares being listed on a stock exchange will result in the automatic conversion of the above noted convertible debentures into common shares. The convertible debentures have a maturity of June 15, 2017. Should the Company not complete a going public transaction and list on a stock exchange by this date, the holders of the convertible debentures will have the right to either convert into common shares and the Company will be obligated to issue 10% additional shares and warrants for no additional consideration or demand repayment with 10% per annum interest. The Company has initiated the process of completing a going public transaction and listing the Company's shares on an exchange and anticipates this will be completed prior to the maturity date of the convertible debentures. As part of the agreement signed with Danbel Ventures Inc. ["Danbel"] *[note 12]*, the Company and Danbel are required to have shareholder approval by each respective company, approving the transaction no later than April 30, 2017.

After considering its plans to mitigate the going concern risk, management has concluded that there are no material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern. The Company's conclusion that there is no material uncertainty surrounding its ability to continue as a going concern is predicated on its significant judgment that given the high likelihood of completion of the transaction with Danbel, it is unlikely that the convertible debentures will be required to be repaid in 2017. The estimates and judgment made by management in reaching this conclusion are based on information available as at the date these financial statements were authorized for issuance. Accordingly, actual circumstances may differ from those estimates and the variation may be material.

3. Accounting Standards Update

New standards, interpretations and amendments

The following new accounting standards applied or adopted during the three and nine months ended September 30, 2016 had no material impact on the financial statements:

Amendments to IAS 1 – Financial Statement Presentation ["IAS 1"]

The IASB has published "Disclosure Initiative" [Amendments to IAS 1]. The amendments aim at clarifying IAS 1 to address perceived impediments to preparers exercising their judgment in presenting their financial reports. Adoption of these amendments did not have any impact on the Company's financial statements.

Amendments to IAS 16 and IAS 38 – Clarification of Acceptable Methods of Depreciation and Amortization ["IAS 16" and "IAS 38"]

The amendments clarify the principle in IAS 16 and IAS 38 that revenue reflects a pattern of economic benefits that are generated from operating a business [of which the asset is part] rather than the economic benefits that are consumed through use of the asset. As a result, a revenue-based method cannot be used to depreciate property, plant and equipment and may only be used in very limited circumstances to amortize intangible assets. Adoption of these amendments did not have any impact on the Company's financial statements.

The Company has not applied the following new and revised IFRS that have been issued but are not yet effective:

IFRS 9 – Financial Instruments ["IFRS 9"]

In July 2014, the IASB issued the final version of IFRS 9, which reflects all phases of the financial instruments project and replaces IAS 39 *Financial Instruments: Recognition and Measurement* and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted. Retrospective application is required, but restatement of comparative information is not compulsory. The Company is in the process of evaluating the impact of IFRS 9 on the Company's financial statements.

IFRS 15 – Revenue from Contracts with Customers ["IFRS 15"]

In May 2014, the IASB issued IFRS 15, which covers principles for reporting about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. The core principle of the new standard is that an entity recognizes revenue to represent the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard also provides a model for the recognition and measurement of gains or losses from sale of non-financial assets. IFRS 15 is effective for annual periods beginning on or after January 1, 2018. The standard permits the use of either full or modified retrospective application. This new accounting guidance will also result in enhanced disclosures about revenue. The Company is evaluating the effect that IFRS 15 will have on its financial statements, and related disclosures, as well as the transition method to apply the new standard.

IFRS 16 – Leases ["IFRS 16"]

In January 2016, the IASB issued IFRS 16, which specifies how an IFRS reporter will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17. IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019, and a lessee shall either apply IFRS 16 with full retrospective effect or alternatively not restate comparative information but recognize the cumulative effect of initially applying IFRS 16 as an adjustment to opening equity at the date of initial application. Early adoption is permitted if IFRS 15 has also been adopted. The Company is in the process of evaluating the impact of IFRS 16 on the Company's financial statements.

IAS 7 – Statement of cash flows ["IAS 7"]

IAS 7 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company is in the process of evaluating the amendments to IAS 7 on the Company's financial statements.

IAS 12 – Income Taxes ["IAS 12"]

IAS 12 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company does not expect the adoption of this standard to have a significant impact on the Company's disclosures as it does not have any debt instruments that is measured at fair value.

IFRS 2 – Share based payments ["IFRS 2"]

IFRS 2 has been amended to address [i] certain issues related to the accounting for cash settled awards, and [ii] the accounting for equity settled awards that include a "net settlement" feature in respect of employee withholding taxes. IFRS 2 is effective for annual periods beginning on or after January 1, 2018. The Company is in the process of evaluating the amendments to IFRS 2 on the Company's financial statements.

4. Inventory

	September 30, 2016 $	**December 31, 2015** $
Finished goods – dry cannabis	**173,365**	103,189
Finished goods – cannabis oils	**33,886**	—

Work-in progress – cannabis oils	**123,871**	—
	1,026,131	760,248

The cost of inventory recognized as an expense during the three and nine month periods ended September 30, 2016 was $1,109,285 and $3,262,733, respectively [three and nine month periods ended September 30, 2015 – $710,928 and $1,759,538 respectively].

The Company did not have any inventory write-downs during the three and nine month periods ended September 30, 2016 and 2015.

5. Biological assets

The changes in the carrying value of biological assets, which consist of cannabis on plants, are as follows:

	$
Carrying amount, December 31, 2015	**168,399**
Net increase in fair value less costs to sell due to biological transformation	**1,762,112**
Transferred to inventory upon harvest	**(1,611,524)**
Carrying amount, September 30, 2016	**318,987**
Carrying amount, December 31, 2014	128,075
Net increase in fair value less costs to sell due to biological transformation	1,428,319
Transferred to inventory upon harvest	(1,387,995)
Carrying amount, December 31, 2015	168,399

All biological assets are current assets. The fair value measurements for biological assets have been categorized as Level 3 fair values based on the inputs to the valuation technique used. The significant assumptions used in determining the fair value of cannabis on plants includes:

- Expected yields for cannabis on plants to be harvested, including wastage and the risk over the period;
- The costs incurred and costs at different stages in the growing, drying and selling cycle of the plants were estimated by calculating an average of total growing, drying and selling costs over the total production period; and
- The number of weeks incurred as a percentage of total growing weeks was applied to the total fair value per gram, which is determined based on market prices of medical cannabis.

These estimates are subject to volatility in market prices and a number of uncontrollable factors, which could significantly affect the fair value of biological assets in future periods.

The Company estimates the harvest yields for medical cannabis at various stages of growth. As of September 30, 2016, it is expected that the Company's biological assets will yield approximately 119,605 grams [December 31, 2015 – 140,901 grams] of medical cannabis when harvested. The Company's estimates are, by their nature, subject to change and differences from the anticipated yield will be reflected in gain or loss in future periods.

Borrowing costs of $43,300 and $13,817 were capitalized as land and buildings and leasehold improvements respectively during the nine month period ended September 30, 2016 [2015 – nil]. The capitalization rate used to determine the amount of borrowing costs eligible for capitalization was 5.2%.

7. Shareholder loans

During the years ended December 31, 2013 and 2014, the Company received loans from its shareholders to expand its operating facility. The first loan was received during the year ended December 31, 2013 for $813,195 and the second loan was received during the year ended December 31, 2014 for $1,936,805 [collectively the "Shareholder Loans"]. The Shareholder Loans are subject to an interest rate of 1% per annum [commencing as of March 1, 2014] until such amounts are repaid, however for the loan received in October 2014 for $750,000, the shareholders waived the rights to any interest. Interest on the Shareholder Loans shall be paid annually in arrears or at such other times as the Board of Directors may determine. The Shareholder Loans are due on demand. As at December 31, 2015, accrued interest is approximately $65,292 [2014 – $15,000].

In January 2015, the Company repaid the October 2014 Shareholder Loan of $750,000. A further $1,200,000 in Shareholder Loans was then received by the Company during 2015. Of the $1,200,000 of loans received, $600,000 is subject to an interest rate of 6.5% and the remainder at 6% paid annually in arrears or at such other times as the Board of Directors may determine. The $1,200,000 was received in four monthly tranches of $300,000 in June, July, October and November of 2015, respectively. The balance of $3,265,292 as at December 31, 2015 is payable on demand [2014 – $2,765,000].

During the nine months ended September 30, 2016, the Company repaid the $1,200,000 received in full and received a further $500,000 in Shareholder Loans on the same terms and conditions as the original Shareholder Loans with a waiver of Shareholder rights to any interest. The remaining balance of Shareholder Loans of $2,500,000 at September 30, 2016 is payable on demand [December 31, 2015 – $3,200,000].

8. Borrowings

Borrowings consist of the following:

	September 30, 2016 $
Commercial term loan [i]	**1,939,605**
Line of credit [ii]	**1,854,167**
Mortgage facility [iii]	**752,817**
Promissory notes [iv]	**920,000**
	5,466,589

[i] Commercial term loan

In January 2016, the Company secured a $2,000,000 commercial term loan with a Canadian based lender for a term of one year. The commercial term loan is subject to an interest rate of 5.5% per annum and

matures on January 15, 2017. On February 3, 2017, the commercial term loan was extended at a fixed interest rate of 6% for a period of 5 years maturing on January 15, 2022.

[ii] Line of credit

In January 2016, the Company secured a $2,000,000 commercial line of credit with a Canadian based lender for a term of one year. Interest is accrued on the daily closing balance outstanding on the line of credit calculated at 5.5%, being the lenders base lending rate minus 0.75%, and is payable monthly. The line of credit may be repaid in whole or part at any time without penalty. As at September 30, 2016, the Company had drawn down $1,854,167 [December 31, 2015 – nil] on the line of credit. On February 3, 2017, the commercial line of credit was extended on terms consistent with the original agreement except that repayment can be demanded at the lender's discretion.

[iii] Mortgage facility

In February 2016, the Company entered into a $765,375 fixed rate mortgage facility [the "Mortgage"] with a Canadian based lender to assist with the purchase of 138 8th Concession Road, Langton, Ontario being a 97.5 acre parcel of land located adjacent to the Company's registered office over which the mortgage facility is secured. Interest on the mortgage facility is accrued monthly at a one-year, fixed rate of 5.5%. The mortgage facility has a term of one year. On February 3, 2017, the mortgage was extend on terms consistent with the original agreement for a period of one year.

On initial recognition, the Mortgage was designated as an "other financial liability" and recorded at fair value less transaction costs. The Mortgage was subsequently measured at amortized cost using the effective interest method. As at September 30, 2016, the carrying amount of the mortgage facility is $752,817 [December 31, 2015 – nil] and has been included as a current liability.

The above noted commercial term loan, line of credit and mortgage facility are required to maintain certain financial and other covenants. As at September 30, 2016, the Company was not in compliance with the covenant requirements. However, subsequent to the quarter end, as noted above, the commercial term loan, line of credit and mortgage facility were each revised and extended. Under the revised agreements, the financial covenants were removed.

[iv] Promissory Notes

During March and August, 2016, the Company entered into three separate promissory notes for the principal amounts of $420,000, $100,000, and $400,000 respectively [collectively the "Promissory Notes"]. The Promissory Notes mature on November 2, 2016 with interest being accrued at a fixed rate of 10.0%. The Promissory Notes include a mandatory prepayment clause requiring prepayment of the outstanding principal amount and all accrued and unpaid interest upon completion of any share subscription transaction pursuant to which the Company raises not less than $3 million in equity and the Lenders per the Commercial Line of Credit and the Mortgage [collectively the "Lenders"] have released the Holders of the Promissory Notes of their subordination and postponement obligations in favor of the Lenders or has otherwise consented to such mandatory prepayment. The Company also has a prepayment option providing it with the option to repay the principal amount outstanding on the Promissory Notes without notice, bonus or penalty provided that each repayment of principal is accompanied by payment of all interest accrued and unpaid.

On initial recognition, the Promissory Notes were designated as an "other financial liability" and recorded at fair value less transaction costs. The Promissory Notes were subsequently measured at amortized cost using the effective interest method. As at September 30, 2016, the carrying amount of the Promissory Notes is $920,000 [December 31, 2015 – nil].

9. Finance leases

In February 2016, the Company entered into an additional finance lease to lease agricultural equipment. The equipment related to the lease is recorded as finance leases in property, plant and equipment. The Company's finance lease is for 24 month terms and bears interest of 7.5%.

The Company also has a lease to lease bio-botanical extraction equipment that was entered into in October 2015. The equipment related to the lease is recorded as finance leases in property, plant and equipment. The Company's finance lease is for 23 month terms and bears interest of 7.5%.

The following is a schedule of future minimum lease payments together with the balance of obligations as at September 30, 2016:

	September 30, 2016	**December 31, 2015**
	$	$
Minimum lease payments

Current liabilities	**154,454**	99,072
Non-current liabilities	**14,664**	87,329
	169,118	186,401

10. Share capital

Authorized

The authorized share capital of the Company is an unlimited number of common shares without par value. All issued shares, consisting only of common shares, are fully paid.

Common share stock split

On December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and loss per share information *[refer to notes 11]* have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.

Reconciliation of the Company's share capital is as follows:

	Common shares	
	#	$
As at December 31, 2015	36,612,000	5,856,955
As at September 30, 2016	**36,612,000**	**5,856,955**

Share option plan

The Company has established a stock option plan [the "Option Plan"] to motivate directors, officers, employees and consultants of the Company to contribute to the development and growth of the Company and to reward such individuals as the Company grows, develops and achieves financial success. The Company's Board of Directors determines, among other things, the eligibility of individuals to participate in the Option Plan and the term, vesting periods, and the exercise price of options granted to individuals under the Option Plan.

Each share option converts into one common share of the Company on exercise. No amounts are paid or payable by the individual on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of their expiry.

The Company's Option Plan provides that the number of common shares reserved for issuance may not exceed 10% of the aggregate number of common shares that are outstanding unless the Board shall have increased such limit by a Board resolution. If any options terminate, expire, or are cancelled as contemplated by the Option Plan, the number of options so terminated, expired, or cancelled shall again be available under the Option Plan.

[i] Share-based payment arrangements

As at September 30, 2016, the Company had the following share-based payment arrangements:

[a] Equity-settled arrangements

Grant date/individual entitled	Number of instruments	Vesting conditions	Contractual life of option
Options granted to employees			
On April 20, 2015	244,080	3 years of service from grant date	6 years

On April 1, 2016	305,100	1 year of service from grant date	4 years
Total cash settled options	915,300		

[ii] Measurement of fair values

The fair value of share options granted during the three and nine month periods ended September 30, 2016 and for the year ended December 31, 2015 was estimated at the date of grant using the Black Scholes option pricing model using the following inputs:

	Equity-settled arrangements	
	September 30, 2016	**December 31, 2015**
Employee options		
Grant date fair value [weighted average]	**N/A**	$0.59

Expected volatility was estimated by using the historical volatility of other companies that the Company considers comparable that have trading and volatility history. The expected option life represents the period of time that options granted are expected to be outstanding. The risk-free interest rate is based on Canada government bonds with a remaining term equal to the expected life of the options.

Share based compensation award

In August 2016, the Company entered into an arrangement with a key management employee to issue 3,661,200 common shares of the Company upon meeting certain market and non-market conditions.

There are three tranches as follows:

- 30% and 45% of the award vests based on securing certain additional minimum investments in common shares at certain specified minimum pre-money valuations.
- 25% of the award vests upon final inspection and approval by the applicable municipal authorities on Phase 1 of the expansion plan.

The grant date fair value was $0.66 per share and reflects the high probability of meeting market conditions present in the first two tranches. As of September 30, 2016, no shares were issued under this arrangement as none of the conditions were satisfied.

Share based compensation expense

Employee options
The Company recognized $237,078 and $261,058 of share-based compensation expense to employees during the three and nine months ended September 30, 2016 [three and nine months ended September 30, 2015 – $12,122 and $21,477] with a corresponding amount recognized as a contributed surplus. See above per "Measurement of Fair Values" for significant assumptions used.

Non-Employee options
The Company recognized $46,356 and $137,424 of share-based compensation expense to non-employees during the three and nine months ended September 30, 2016 [three and nine months ended September 30, 2015 – $46,222 and $160,641] with a corresponding amount recognized as a contributed surplus. See above per "Measurement of Fair Values" for significant assumptions used.

Liabilities arising from cash-settled options

Details of the liabilities arising from the cash-settled options are as follows:

	September 30, 2016 $	December 31, 2015 $
Total carrying amount of liability	**301,099**	223,284
Total intrinsic value of liabilities for vested options	**10,400**	—

11. Loss per share

Net loss per common share represents net loss attributable to common shareholders divided by the weighted average number of common shares outstanding during the period.

Diluted loss per common share is calculated by dividing the applicable net loss by the sum of the weighted average number of common shares outstanding and all additional common shares that would have been outstanding if potentially dilutive common shares had been issued during the period.

For all the years presented, diluted loss per share equals basic loss per share due to the anti-dilutive effect of the options. The outstanding number and type of securities that could potentially dilute basic net loss per share in the future would have increased the loss per share [anti-dilutive] for the years presented as follows:

	September 30, 2016 #	December 31, 2015 #
Share options and share based compensation awards	**4,723,558**	757,258

12. Subsequent events

On November 18, 2016, the Company completed a raise of $3,148,704 by issuing 4,618,604 common shares of the Company at $0.68 per share.

On December 15, 2016, the Company entered into a binding letter agreement [the “Letter Agreement”] with Danbel Ventures Inc. [“Danbel”], for Danbel to acquire a 100% interest in the Company, which will constitute a reverse takeover of Danbel by the shareholders of the Company [the “Transaction”]. The Company intends to apply for a concurrent listing of the Resulting Issuer’s common shares on the Canadian Stock Exchange. As part of the agreement signed with Danbel, the Company and Danbel are required to have shareholder approval by each respective company, approving the transaction no later than April 30, 2017.

On December 15, 2016, the Company completed a $22,500,000 financing by issuing 22,500 units [the “Units”], with each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 [a “Debenture”] and 500 common share purchase warrants [the “Warrants”]. The Debentures have a maturity date of June 15, 2017.

Immediately prior to the completion of the Transaction, the principal amount of the Debentures will be converted into common shares of the Company at a conversion price of $1.00 per share and subsequently be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceed $1.90.

As consideration for their services, the Transaction's Agent was issued 900,000 compensation options [the "Compensation Options"]. Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the listing date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date.

In December 2016, the Company has repaid all the outstanding shareholder loans and promissory notes.

On March 3, 2017, the Company completed a raise of $10,000,000 by issuing 3,510,585 common shares of the Company at $2.85 per share.

In October 2016, the August 2016 share award described in note 10 was amended such that the number of shares subject to the award were increased to 4,960,926.

Independent auditors' report

To the Shareholders of
Maricann Inc.

We have audited the accompanying financial statements of **Maricann Inc**., which comprise the statements of financial position as at December 31, 2015 and December 31, 2014, and the statements of net loss and comprehensive loss, changes in shareholders' equity and cash flows for the years ended December 31, 2015 and December 31, 2014 and for the period April 25, 2013 to December 31, 2013, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of **Maricann Inc**. as at December 31, 2015 and December 31, 2014, and its financial performance and its cash flows for the years ended December 31, 2015 and December 31, 2014 and for the period April 25, 2013 to December 31, 2013 in accordance with International Financial Reporting Standards.

Notes to financial statements

[Expressed in Canadian dollars unless otherwise noted]

December 31, 2015

1. Nature of operations

Maricann Inc. ["Maricann" or the "Company"] was incorporated under the laws of the Province of Ontario, Canada on April 25, 2013 and is a licensed marijuana producer under the Access to Cannabis for Medical Purposes Regulation [the "ACMPR"]. Maricann received its first license from Health Canada under the Marijuana for Medical Purposes Regulations on March 27, 2014. The Company received an updated license [the "License"] under the ACMPR on March 29, 2017, which expires on September 28, 2018. It is anticipated that Health Canada will continue to renew the License. The Company's registered office is 150 8th Concession Road, Langton, Ontario.

Subsequent to year end, on December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and earnings per share information have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.

2. Basis of presentation

Statement of compliance

These financial statements have been prepared by management in accordance with generally accepted accounting principles in Canada for publicly accountable enterprises ["GAAP"], as set out in the CPA Canada Handbook – Accounting ["CPA Handbook"], which incorporates International Financial Reporting Standards ["IFRS"] as issued by the International Accounting Standards Board ["IASB"]. The policies set out below have been consistently applied to all periods presented unless otherwise noted.

These financial statements were approved and authorized for issuance by the Board of Directors of the Company on April 6, 2017.

Basis of measurement

These financial statements have been prepared on a historical cost basis except for biological assets, which are measured at fair value, as explained in the accounting policies below. Historical costs are generally based upon the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2 *Share-based payments*, leasing transactions that are within the scope of IAS 17 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in IAS 2 *Inventories* or value in use in IAS 36 *Impairment of Assets*.

These financial statements are presented in Canadian dollars, which is the Company's functional currency.

Use of judgments, estimates and assumptions

The preparation of the financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgments, apart from those involving estimations, that management have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements:

- The use of the going concern basis of preparation of the financial statements. At each reporting period, management assesses the basis of preparation of the financial statements. These financial statements have been prepared on a going concern basis in accordance with IFRS. The going concern basis of presentation assumes that the Company will continue its operations for the foreseeable future and be able to realize its assets and discharge its liabilities and commitments in the normal course of business. In arriving at this determination, the Company considered various factors including the following:
  - Additional financing raised subsequent to the year end totaling $35,648,704 as further described in note 18 relative to the amount of anticipated cash flow requirements for the next 12 months. A summary of the financings are as follows:

Date	**$**	**Nature of financing** *[note 18]*
November 18, 2016	3,148,704	Common shares
December 15, 2016	22,500,000	22,500 units with each unit comprising of a $1,000 convertible debenture and 500 common share purchase warrants
March 3, 2017	10,000,000	Common shares
	35,648,704	

  - The likelihood of the Company completing a going public transaction and the Company's shares being listed on a stock exchange will result in the automatic conversion of the above noted convertible debentures into common shares. The convertible debentures have a maturity of June 15, 2017. Should the Company not complete a going public transaction and list on a stock exchange by this date, the holders of the convertible debentures will have the right to either convert into common shares and the Company will be obligated to issue 10% additional shares and warrants for no additional consideration or demand repayment with 10% per annum interest. The Company has initiated the process of completing a going public transaction and listing the Company's shares on an exchange and anticipates this will be completed prior to the maturity date of the convertible debentures. As part of the agreement signed with Danbel Ventures Inc. ["Danbel"] *[note 18]*, the Company and Danbel are required to have shareholder approval by each respective company, approving the transaction no later than April 30, 2017.

After considering its plans to mitigate the going concern risk, management has concluded that there are no material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern. The Company's conclusion that there is no material uncertainty surrounding its ability to continue as a going concern is predicated on its significant judgment that given the high likelihood of completion of the transaction with Danbel, it is unlikely that the convertible debentures will be required to be repaid in 2017. The estimates and judgment made by management in reaching this conclusion are based on information available as at the date these financial statements were authorized for issuance. Accordingly, actual circumstances may differ from those estimates and the variation may be material.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year:

- *Valuation of the fair value less costs to sell of biological assets and agricultural produce*

Biological assets, consisting of medical cannabis plants and agricultural produce, are measured at fair value less cost to sell up to the point of harvest. The determination of the fair values of the biological assets requires the Company to make assumptions with respect to how market participants would estimate fair value. These assumptions primarily relate to the level of effort required to bring the biological assets up to the point of harvest, cost to convert the harvested medical cannabis to finished goods, sales price, risk of loss and expected yield from the medical cannabis plants.

- *Useful lives and impairment of property, plant and equipment*

Depreciation of property, plant and equipment is dependent upon management's estimate of the assets' useful lives, which requires judgment. The assessment of any impairment of these assets is dependent upon estimates of recoverable amounts that take into account factors such as economic and market conditions and the useful lives of assets.

- *Share-based compensation*

In calculating the share-based compensation expense, key estimates such as the value of the common shares, the rate of forfeiture of options granted, the expected life of the option, the volatility of the value of the Company's common shares and the risk free interest rate are used.

3. Significant accounting policies

Cash and cash equivalents

Cash and cash equivalents include cash-in-hand or deposits held with banks. The Company does not invest in any asset-backed deposits or investments.

Biological assets

The Company measures biological assets consisting of medical cannabis plants at fair value less costs to sell up to the point of harvest. Agricultural produce consisting of medical cannabis is measured at fair value less costs to sell at the point of harvest, which becomes the basis for the cost of finished goods inventory after harvest.

Gains or losses arising from changes in fair value less cost to sell during the year are included in the statements of net loss and comprehensive loss of the related year.

Inventory

The value of finished goods is measured at the lower of cost and net realizable value, wherein the cost of the finished goods includes the value of the agricultural produce at the date of its conversion.

Cost is determined using the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs to sell.

The Company reviews inventory for obsolete, redundant, and slow moving goods and such inventory identified is written down to net realizable value. Any write downs of inventories to net realizable value are recorded in the statements of net loss and comprehensive loss at the time they are determined.

Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Depreciation is provided for on a straight-line basis over the assets' estimated useful lives, which management have determined to be:

Furniture and fixtures	5 years
Computer equipment and software	3 years
Agricultural equipment	10 years
Leasehold improvements	Lesser of useful life and remaining term of the lease

The Company assesses an asset's residual value, useful life and depreciation method at each financial year end and makes adjustments if appropriate.

Gains and losses on disposal of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and are recognized in the statements of net loss and comprehensive loss of the related year.

Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount of an asset exceeds its recoverable amount. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets [the cash-generating unit, or "CGU"]. The recoverable amount of an asset or a CGU is the higher of its fair value, less costs to sell, and its value in use. If the carrying amount of an asset exceeds its recoverable amount, an impairment charge is recognized immediately in profit or loss by the amount by which the carrying amount of the asset exceeds the recoverable amount. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the lesser of the revised estimate of recoverable amount and the carrying amount that would have been recorded had no impairment loss been recognized previously.

Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at its inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement. Leases are classified as an operating lease whenever the terms of the lease do not transfer substantially all of the risks and rewards of ownership to the lessee, in which case the lease is classified as a finance lease and the asset is treated as if it had been purchased outright.

Finance leases that transfer to the Company substantially all of the risks and benefits incidental to ownership of the leased item are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the statements of net loss and comprehensive loss.

Operating lease payments are recognized as an operating expense in the statements of net loss and comprehensive loss on a straight-line basis over the lease term except where another systematic basis is more representative of the time pattern in which the economic benefits are consumed.

Revenue recognition

Revenue from the sale of products is recognized when all of the following criteria have been satisfied: significant risks and rewards of ownership have been transferred to the buyer, there is no continuing managerial involvement with respect to the goods sold, revenue can be reliably measured at the fair value of consideration received or expected to be received, it is probable that the economic benefits associated with the transaction will flow to the Company, and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Revenue is recognized at the fair value of consideration received or receivable less any appropriate deductions for loyalty program costs.

Loyalty award credits issued as part of a sales transaction result in revenue being deferred until the loyalty award is redeemed by the customer. The portion of the revenue that is deferred is the fair value of the award. The fair value of the award takes into account the portion of the award credits that are not expected to be redeemed by the customers.

Share-based compensation

The Company has a share option plan of which further details are given in Note 12.

Equity-settled transactions

The Company measures equity settled share-based payments based on their fair value at the grant date and recognizes compensation expense over the period in which the service and, where applicable, the performance conditions are fulfilled [the vesting period] with a corresponding increase in equity [contributed surplus]. Fair value is measured using the Black-Scholes option pricing model. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statements of net loss and comprehensive loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognized for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognized is the grant date fair value of the unmodified award, provided the original terms of the award are met. An additional expense, measured as at the date of modification, is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through the statements of net loss and comprehensive loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share [further details are given in note 12].

Cash-settled transactions

For cash-settled share-based payments, a liability is recognized for the goods and services acquired, measured initially at the fair value of the liability. At the end of each reporting period until the liability is settled, and at the date of settlement, the fair value of the liability is remeasured, with any changes in fair value recognized in the statements of net loss and comprehensive loss for the reporting period. Fair value is measured using the Black-Scholes option pricing model.

Income taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from “profit before tax” as reported in the statements of net loss and comprehensive loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the year.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition [other than in a business combination] of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realized, based on tax rates [and tax laws] that have been enacted or substantively enacted by the end of the year.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the year, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive loss or directly in equity, in which case, the current and deferred taxes are also recognized in other comprehensive loss or directly in equity, respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities [other than financial assets and financial liabilities at fair value through profit or loss] are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Financial assets

The Company initially recognizes financial assets at fair value on the date at which the Company becomes a party to the contractual provisions of the instrument.

The Company classifies its financial assets as financial assets at fair value through profit or loss or loans and receivables. The Company does not have assets that would be classified as available-for-sale financial assets or held-to-maturity financial assets.

A financial asset is classified at fair value through profit or loss if it is classified as held for trading or is designated as such upon initial recognition. Financial assets are designated at fair value through profit or loss if the Company manages such investments and makes purchase and sale decisions based on their fair value in accordance with the Company's documented risk management or investment strategy. Financial assets at fair value through profit or loss are measured at fair value, and changes therein are recognized in the statements of net loss and comprehensive loss.

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value. Subsequent to initial recognition loans and receivables are measured at amortized cost using the effective interest method, less any impairment losses.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

Financial liabilities

The Company initially recognizes financial liabilities at fair value on the date at which the Company becomes a party to the contractual provisions of the instrument.

The Company classifies its financial liabilities as either financial liabilities at fair value through profit or loss or other liabilities. Subsequent to initial recognition other liabilities are measured at amortized cost using the effective interest method. Financial liabilities at fair value are stated at fair value with changes being recognized in profit or loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Classification of financial instruments

The Company classifies its financial assets and liabilities depending on the purpose for which the financial instruments were acquired, their characteristics, and management intent as outlined below:

	Classification
Cash and cash equivalents	Loans and receivables
Subscription receivable	Loans and receivables
Bank overdraft	Other liabilities
Trade and other payables	Other liabilities
Shareholder loans	Other liabilities

Impairment of financial assets

Financial assets, other than those classified as fair value through profit or loss, are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after initially recognizing the financial asset, the present value of estimated future cash flows determined based on the instrument's original effective interest rate are lower than the asset's carrying amount. When an impairment has been identified, the financial asset's carrying amount is reduced through the use of an allowance account, with changes in the carrying amount recognized in profit or loss. Subsequent recoveries of amounts previously written off are adjusted against the allowance account.

Loss per share

The Company presents basic and diluted loss per share data for its common shares. Basic loss per share is calculated by dividing the loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the year. Diluted loss per share is determined by adjusting the loss attributable to common shareholders and the weighted average number of common shares outstanding, adjusted for the effects of all dilutive potential common shares, which comprise share options issued.

Segment reporting

Reportable segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the reportable segments, has been identified as the Chief Executive Officer. The Company has a single operating and reportable segment.

New standards, interpretations and amendments adopted by the Company

The following new accounting standards applied or adopted during the year ended December 31, 2015 had no material impact on the financial statements:

Amendments to IAS 41 – Agriculture and IAS 16 – Property, plant and equipment ["IAS 41" and "IAS 16"]

This amendment provides guidance regarding the accounting for bearer plants by providing a definition of bearer plants and brings bearer plants within the scope of IAS 16 from IAS 41. The amendment is effective for annual reporting periods beginning on or after January 1, 2016, and must be applied retrospectively. The Company early adopted the amendments to IAS 41 and IAS 16 and the adoption of these amendments did not have any impact on the Company's statement of financial position or statement of net loss and comprehensive loss.

IFRS 8 - Operating Segments ["IFRS 8"]

This standard has been amended to require [i] disclosure of judgments made by a company's management in aggregating segments, and [ii] a reconciliation of segment assets to the entity's assets when segments are reported. These amendments became effective for annual periods beginning on or after July 1, 2014. The adoption of these amendments to IFRS 8 did not have any impact on the disclosures of the Company.

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective:

IFRS 9 Financial Instruments ["IFRS 9"]

In July 2014, the IASB issued the final version of IFRS 9, which reflects all phases of the financial instruments project and replaces IAS 39 *Financial Instruments: Recognition and Measurement* and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted. Retrospective application is required, but restatement of comparative information is not compulsory. The Company is in the process of evaluating the impact of IFRS 9 on the Company's financial statements.

IFRS 15 Revenue from contracts with customers ["IFRS 15"]

In May 2014, the IASB issued IFRS 15, which covers principles for reporting about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. The core principle of the new standard is that an entity recognizes revenue to represent the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard also provides a model for the recognition and measurement of gains or losses 2018 sale of non-financial assets. IFRS 15 is effective for annual periods beginning on or after January 1, 2018. The standard permits the use of either full or modified retrospective application. This new accounting guidance will also result in enhanced disclosures about revenue. The Company is evaluating the effect that IFRS 15 will have on its financial statements and related disclosures, as well as the transition method to apply the new standard.

IFRS 16 – Leases ["IFRS 16"]

In January 2016, the IASB issued IFRS 16, which specifies how an IFRS reporter will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting

substantially unchanged from its predecessor, IAS 17. IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019, and a lessee shall either apply IFRS 16 with full retrospective effect or alternatively not restate comparative information but recognize the cumulative effect of initially applying IFRS 16 as an adjustment to opening equity at the date of initial application. Early adoption is permitted if IFRS 15 has also been adopted. The Company is in the process of evaluating the impact of IFRS 16 on the Company's financial statements.

Amendments to IAS 1 - Financial Statement Presentation ["IAS 1"]

The IASB has published "Disclosure Initiative" [Amendments to IAS 1]. The amendments aim at clarifying IAS 1 to address perceived impediments to preparers exercising their judgment in presenting their financial reports. They are effective for annual periods beginning on or after January 1, 2016, with earlier application permitted. The Company does not expect the amendments to IAS 1 to have a material impact on its financial statements.

Amendments to IAS 16 and IAS 38: Clarification of Acceptable Methods of Depreciation and Amortization ["IAS 16" and "IAS 38"]

The amendments clarify the principle in IAS 16 and IAS 38 that revenue reflects a pattern of economic benefits that are generated from operating a business [of which the asset is part] rather than the economic benefits that are consumed through use of the asset. As a result, a revenue-based method cannot be used to depreciate property, plant and equipment and may only be used in very limited circumstances to amortize intangible assets. These amendments are not expected to have any impact on the financial statements of the Company as the Company has not used a revenue-based method to depreciate its non-current assets.

IAS 7 – Statement of cash flows ["IAS 7"]

IAS 7 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company is in the process of evaluating the amendments to IAS 7 on the Company's financial statements.

IAS 12 – Income Taxes ["IAS 12"]

IAS 12 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company does not expect the adoption of this standard to have a significant impact on the Company's disclosures as it does not have any debt instruments that are measured at fair value.

IFRS 2 – Share based payments ["IFRS 2"]

IFRS 2 has been amended to address [i] certain issues related to the accounting for cash settled awards, and [ii] the accounting for equity settled awards that include a "net settlement" feature in respect of employee withholding taxes. IFRS 2 is effective for annual periods beginning on or after January 1, 2018. The Company is in the process of evaluating the amendments to IFRS 2 on the Company's financial statements.

4. Inventory

	2015	2014
	$	$
Finished goods	**103,189**	343,000
Work in process	**657,059**	—
	760,248	343,000

The cost of inventory recognized as an expense during the years ended December 31, 2015 and December 31, 2014 and for the period from April 25, 2013 to December 31, 2013 was $2,901,546, $516,672 and $117,685 respectively.

The Company did not have any inventory write-downs during the years ended December 31, 2015 and December 31, 2014 and for the period from April 25, 2013 to December 31, 2013.

5. Biological assets

The changes in the carrying value of biological assets which, consist of cannabis on plants, are as follows:

	$
Balance at December 31, 2013	—
Net increase in fair value less costs to sell due to biological transformation	471,075
Transferred to inventory upon harvest	(343,000)
Balance at December 31, 2014	**128,075**
Net increase in fair value less costs to sell due to biological transformation	1,428,319
Transferred to inventory upon harvest	(1,387,995)
Balance at December 31, 2015	**168,399**

All biological assets are current assets. The fair value measurements for biological assets have been categorized as Level 3 fair values based on the inputs to the valuation technique used. The significant assumptions used in determining the fair value of cannabis on plants includes:

[i] Expected yields for cannabis on plants to be harvested, including wastage and the risk over the period;

[ii] The costs incurred and costs at different stages in the growing, drying and selling cycle of the plants were estimated by calculating an average of total growing, drying and selling costs over the total production period; and

[iii] The number of growing weeks incurred as a percentage of total growing weeks was applied to the total fair value per gram, which is determined based on market prices of medical cannabis.

These estimates are subject to volatility in market prices and a number of uncontrollable factors, which could significantly affect the fair value of biological assets in future periods.

The Company estimates the harvest yields for medical cannabis at various stages of growth. As of December 31, 2015, it is expected that the Company's biological assets will yield approximately 140,901 grams [2014 – 107,161 grams] of medical cannabis when harvested. The Company's estimates are, by their nature, subject to change and differences from the anticipated yield will be reflected in the gain or loss on biological assets in future periods.

6. Other current assets

The Company's other current assets include the following:

	1,896,575	474,367

9. Shareholder loans

During the years ended December 31, 2013 and 2014, the Company received loans from its shareholders to expand its operating facility. The first loan was received during the year ended December 31, 2013 for $813,195 and the second loan was received during the year ended December 31, 2014 for $1,936,805 [collectively the "Shareholder Loans"]. The Shareholder Loans are subject to an interest rate of 1% per annum [commencing as of March 1, 2014] until such amounts are repaid, however for the loan received in October 2014 for $750,000, the shareholders waived the rights to any interest. Interest on the Shareholder Loans shall be paid annually in arrears or at such other times as the Board of Directors may determine. The Shareholder Loans are due on demand. As at December 31, 2015, accrued interest is approximately $65,292 [2014 – $15,000].

In January 2015, the Company repaid the October 2014 Shareholder Loan of $750,000. A further $1,200,000 in Shareholder Loans was then received by the Company during 2015. Of the $1,200,000 of loans received, $600,000 is subject to an interest rate of 6.5% and the remainder at 6% paid annually in arrears or at such other times as the Board of Directors may determine. The $1,200,000 was received in four monthly tranches of $300,000 in June, July, October and November of 2015, respectively. The balance of $3,265,292 as at December 31, 2015 is payable on demand [2014 – $2,765,000].

10. Finance leases

The Company entered into a finance lease to lease bio-botanical extraction equipment in October 2015. The equipment related to the lease is recorded as finance leases in property, plant and equipment. The Company's finance lease is for a 23 month terms and bears interest at 7.5% [2014 – NIL].

11. Share capital

Authorized

The authorized share capital of the Company is an unlimited number of common shares without par value. All issued shares, consisting only of common shares, are fully paid.

Common share stock split

On December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and loss per share information have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.
Reconciliation of the Company's share capital is as follows:

	Common shares	
	#	$
As at December 31, 2013	610,200	20
Issuance of common shares for cash consideration, net of issuance costs *[i]*	36,612,000	5,856,955
Cancellation of common shares	(610.200)	(20)
As at December 31, 2014	36,612,000	5,856,955
As at December 31, 2015	**36,612,000**	**5,856,955**

[i] During the year ended December 31, 2014, the Company issued 36,612,000 common shares for consideration of $5,856,955 [net of issuance costs of $143,045]. Of the total net consideration of $5,856,955, $2,692,980 was received prior to year end and the balance of $3,163,975 was received subsequent to year end.

Share options

The Company has established a stock option plan [the "Option Plan"] for directors, officers, employees and consultants of the Company. The Company's Board of Directors determines, among other things, the eligibility of individuals to participate in the Option Plan and the term, vesting periods, and the exercise price of options granted to individuals under the Option Plan.

Each share option converts into one common share of the Company on exercise. No amounts are paid or payable by the individual on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of their expiry.

The Company's Option Plan provides that the number of common shares reserved for issuance may not exceed 10% of the aggregate number of common shares that are outstanding unless the Board shall have increased such limit by a Board resolution. If any options terminate, expire, or are cancelled as contemplated by the Option Plan, the number of options so terminated, expired, or cancelled shall again be available under the Option Plan.

[i] Share-based payment arrangements

As at December 31, 2016, the Company had the following share-based payment arrangements:

[a] Equity-settled arrangements

Grant date/individual entitled	Number of instruments	Vesting conditions	Contractual life of option
Options granted to employees			
On April 20, 2015	244,080	3 years' service from grant date	6 years
Options granted to non-employees			
On April 1, 2015	305,100	1 year of service from grant date	3 years
On April 8, 2015	208,078	Vests immediately	2 years
Total share options	**757,258**		

[b] Cash settled arrangements

Grant date/individual entitled	Number of instruments	Vesting conditions	Contractual life of option
Options granted to non-employees			
On April 1, 2014	305,100	1 year of service from grant date	4 years
On April 1, 2015	305,100	1 year of service from grant date	4 years
Total share options	**610,200**		

[ii] Measurement of fair values

The fair value of share options granted during the year ended December 31, 2015 and 2014 was estimated at the date of grant using the Black Scholes option pricing model using the following inputs:

Employee options

	Equity-settled arrangements	
	2015	2014
Grant date fair value [weighted average]	$0.59	N/A
Exercise price [weighted average]	$0.15	N/A

Expected volatility [(weighted average]	96.41%	N/A	96.41%	96.41%

Expected volatility was estimated by using the historical volatility of other companies that the Company considers comparable that have trading and volatility history. The expected option life represents the period of time that options granted are expected to be outstanding. The risk-free interest rate is based on Canada government bonds with a remaining term equal to the expected life of the options.

There were no equity-settled share options outstanding as at December 31, 2014.

[iv] Share based compensation expense

Employee options

The Company recognized $33,599 of share-based compensation expense to employees during the year ended December 31, 2015 [2014 - $NIL, period ended 2013 - $NIL] with a corresponding amount recognized as a contributed surplus. See above per "Measurement of Fair Values" for significant assumptions used.

Non-employee options

The Company recognized $206,863 of share-based compensation expense to non-employees during the year ended December 31, 2015 [2014 - $NIL, period ended 2013 - $NIL] with a corresponding amount recognized as a contributed surplus. See above per "Measurement of Fair Values" for significant assumptions used.

[v] Liabilities arising from cash-settled options

Details of the liabilities arising from the cash-settled options are as follows:

	2015	2014
Total carrying amount of liability	223,284	119,838
Total intrinsic value of liabilities for vested options	—	—

12. Loss per share

Net loss per common share represents net loss attributable to common shareholders divided by the weighted average number of common shares outstanding during the year.

Diluted loss per common share is calculated by dividing the applicable net loss by the sum of the weighted average number of common shares outstanding and all additional common shares that would have been outstanding if potentially dilutive common shares had been issued during the year.

For all the years presented, diluted loss per share equals basic loss per share due to the anti-dilutive effect of the options. The outstanding number and type of securities that could potentially dilute basic net loss per share in the future would have increased the loss per share [anti-dilutive] for the years presented as follows:

	2015	2014	2013
	#	#	#
Share options	**757,258**	—	—

13. Income taxes

Income tax expense varies from the amount that would be computed by applying the basic federal and provincial tax rates to net loss before income taxes, shown as follows:

	2015	2014	2013
	$	$	$
Net loss before tax	(3,596,585)	(2,135,925)	(300,656)
Expected tax rate	26.5%	26.5%	26.5%
Expected tax benefit resulting from loss	(953,095)	(566,020)	(79,674)
Permanent differences	—	—	—
Deferred tax asset not recognized	953,095	566,020	79,674
Income tax recovery	—	—	—

Deferred tax assets have not been recognized in respect of tax losses because it is not probable that future taxable profit will be available against which the Company can utilize the benefits therefrom.

As at December 31, 2015, The Company's estimated non-capital losses that can be applied against future taxable profit amount to $5,644,363. These non-capital losses expire in the years ended:

December 31, 2033	$290,580
December 31, 2034	$2,147,014
December 31, 2035	$3,206,769

14. Related parties

Transactions and balances with related parties

The Company considers its related parties to consist of its Board of Directors and senior officers, including their close family members, and companies controlled or significantly influenced by such individuals; and shareholders and their affiliates which may exert significant influence over the Company's activities.

Until termination of the arrangement in 2015, an executive of the Company had been providing labour to the Company through an affiliated company. The amount expensed for the year ended December 31, 2015 was $NIL [2014 – $478,993, period ended 2013 - $52,994]. As at December 31, 2015, the amount owed to this affiliated company was $NIL [2014 – $12,656].

Management compensation

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling activities of the entity, directly or indirectly including the Chief Executive Officer, Chief Financial Officer and equivalent, and Directors.

In the year ended December 31, 2015, the Company's expenses included $338,039 [2014 – $244,544, period ended 2013 - $30,400] of salary or consulting fees paid to key management personnel.

15. Commitments and contingencies

The Company has production facilities under operating lease arrangements until fiscal 2018. The Company has the right under the lease arrangement to extend the leases by another five years. The following table presents the minimum payments due over the next three years until the termination of the leasing arrangement.

	$
2016	75,000
2017	75,000
2018	62,500
	212,500

16. Capital management

The Company considers its capital to consist of share capital, shareholder loans, and accumulated deficit. The Company's objectives when managing capital are to ensure that it can provide products to its customers and returns to its shareholders.

As at December 31, 2015, total managed capital was $3,329,483 [2014 – $6,185,314] comprised of shareholders' equity of $64,191 [2014 – shareholders' equity of $3,420,314] and shareholder loans including interest of $3,265,292 [2014 – $2,765,000].

The Company manages its capital structure and makes adjustments to it, based on funds available to the Company, in order to fund its operations and the purchase and construction of its growing facility. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There has been no change in how the Company defines or manages capital in the year.

The Company is not subject to externally imposed capital requirements and the Company's overall strategy and objectives with respect to capital risk management remained unchanged for the year ended December 31, 2015.

17. Financial instruments and risk management

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from deposits with banks and outstanding receivables. The Company does not hold any collateral as security but mitigates this risk by dealing only with what management believes to be financially sound counterparties and, accordingly, does not anticipate significant loss for non-performance.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company's exposure to liquidity risk is dependent on the Company's ability to raise additional financing to meet its commitments and sustain operations as disclosed in note 1. The Company mitigates liquidity risk by management of working capital, cash flows and the issuance of share capital.

In addition to the commitments disclosed in note 15, the Company is obligated to the following contractual maturities of undiscounted cash flows:

	Carrying amount	Contractual cash flows	Year 1	Year 2	Year 3
	$	$	$	$	$
Trade and other payables	1,896,575	1,896,575	1,896,575	—	—
Shareholder loan	3,200,000	3,200,000	3,200,000	—	—
Finance leases	186,401	197,741	112,423	85,318	—
	5,282,976	5,294,316	5,208,998	85,318	—

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency rate risk, interest rate risk and other price risk.

Currency risk

Currency risk is the risk to the Company's earnings that arise from fluctuations of foreign exchange rates. The Company is not exposed to foreign currency exchange risk as it has minimal financial instruments denominated in a foreign currency and substantially all of the Company's transactions are in Canadian dollars, which is also the Company's functional currency.

Interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk associated with shareholder loans. Subsequent to the year end, all shareholder loans were repaid.

Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices [other than those arising from interest rate risk or currency risk], whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company is not exposed to other price risks as at December 31, 2015.

Fair values

The carrying values of cash and cash equivalents, other assets, bank overdraft, accounts payable and accrued liabilities and shareholder loans approximate the fair values due to the short-term nature of these items. The risk of material change in fair value is not considered to be significant due to a relatively short-term nature. The Company does not use derivative financial instruments to manage this risk.

Financial instruments recorded at fair value on the statement of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The Company categorizes its fair value measurements according to a three-level hierarchy. The hierarchy prioritizes the inputs used by the Company's valuation techniques. A level is assigned to each fair value measurement based on the lowest-level input significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are defined as follows:

- Level 1 – Unadjusted quoted prices as at the measurement date for identical assets or liabilities in active markets.
- Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

- Level 3 – Significant unobservable inputs which are supported by little or no market activity. The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value.

Cash and cash equivalents and bank overdrafts are classified as Level 1 financial instruments. Other assets, accounts payable and accrued liabilities and shareholder loans are classified as Level 2 financial instruments. During the year, there were no transfers of amounts between Level 1 and Level 2.

18. Subsequent events

In January 2016, the Company secured a $2,000,000 commercial term loan with a Canadian based lender for a term of one year. The commercial term loan is subject to an interest rate of 5.5% per annum and matures on January 15, 2017. On February 3, 2017, the commercial term loan was extended at a fixed interest rate of 6% for a period of 5 years maturing on January 15, 2022.

In January 2016, the Company secured a $2,000,000 commercial line of credit with a Canadian based lender for a term of one year. Interest is accrued on the daily closing balance outstanding on the line of credit calculated at 5.5%, being the lenders base lending rate minus 0.75%, and is payable monthly. The line of credit may be repaid in whole or part at any time without penalty. On February 3, 2017, the commercial line of credit was extended on terms consistent with the original agreement except that repayment can be demanded at the lender's discretion.

In February 2016, the Company entered into a $765,375 fixed rate mortgage facility [the "Mortgage"] with a Canadian based lender to assist with the purchase of 138 8th Concession Road, Langton, Ontario being a 97.5 acre parcel of land located adjacent to the Company's registered office over which the mortgage facility is secured. Interest on the mortgage facility is accrued monthly at a one-year, fixed rate of 5.5%, for a term of one year. On February 3, 2017, the commercial line of credit was extend on terms consistent with the original agreement for a period of one year.

During March and August, 2016, the Company entered into three separate promissory notes for the principal amounts of $420,000, $100,000, and $400,000 respectively [collectively the "Promissory Notes"]. The Promissory Notes mature on November 2, 2016 with interest being accrued at a fixed rate of 10.0%. The Promissory Notes include a mandatory prepayment clause requiring prepayment of the outstanding principal amount and all accrued and unpaid interest upon completion of any share subscription transaction pursuant to which the Company raises not less than $3 million in equity and the Lenders per the Commercial Line of Credit and the Mortgage [collectively the "Lenders"] have released the Holders of the Promissory Notes of their subordination and postponement obligations in favor of the Lenders or has otherwise consented to such mandatory prepayment. The Company also has a prepayment option providing it with the option to repay the principal amount outstanding on the Promissory Notes without notice, bonus or penalty provided that each repayment of principal is accompanied by payment of all interest accrued and unpaid.

On November 18, 2016, the Company completed a raise of $3,148,704 by issuing 4,618,604 common shares of the Company at $0.68 per share.

On December 15, 2016, the Company entered into a binding letter agreement [the "Letter Agreement"] with Danbel Ventures Inc. ["Danbel"], for Danbel to acquire a 100% interest in the Company, which will constitute a reverse takeover of Danbel by the shareholders of the Company [the "Transaction"]. The Company intends to apply for a concurrent listing of the Resulting Issuer's common shares on the Canadian Stock Exchange. As part of the agreement signed with Danbel, the Company and Danbel are required to have shareholder approval by each respective company, approving the transaction no later than April 30, 2017.

On December 15, 2016, the Company completed a $22,500,000 financing by issuing 22,500 units [the "Units"], with each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 [a "Debenture"] and 500 common share purchase warrants [the "Warrants"]. The Debentures have a maturity of June 15, 2017.

Immediately prior to the completion of the Transaction, the principal amount of the Debentures will be automatically converted into common shares of the Company at a conversion price of $1.00 per share and subsequently be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceeds $1.90.

As consideration for their services, the Transaction's Agent was issued 900,000 compensation options [the "Compensation Options"]. Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the listing date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date.

In December 2016, the Company has repaid all the outstanding shareholder loans.

On March 3, 2017, the Company completed a raise of $10,000,000 by issuing 3,510,585 common shares of the Company at $2.85 per share.

1. BACKGROUND AND BASIS OF PRESENTATION

Background

Maricann Inc. (the "Company" or "Maricann") is a Company incorporated under the laws of the Province of Ontario and a licensed marijuana producer under the Access to Cannabis for Medical Purposes Regulation (the "ACMPR"). Maricann received its first license from Health Canada under the Marijuana for Medical Purposes Regulations ("MMPR") on March 27, 2014 (the "License") and began production and commenced sales of medical cannabis in December 2014 and cannabis oil production and sales in May of 2016 and October of 2016, respectively. The Company received an updated license under the ACMPR on March 29, 2017 which expires on September 28, 2018. It is anticipated that Health Canada will continue to renew the License.

Maricann's registered office is 150 8th Concession Road, Langton, Ontario.

On March 3, 2017, the Company entered into a definitive agreement with Danbel Ventures Inc. ("Danbel") to combine Maricann and Danbel via the merger of a wholly owned subsidiary of Danbel ("Danbel Subco") and Maricann which will constitute a reverse takeover of Danbel by the shareholders of Maricann. It is intended that the resulting company (the "Resulting Issuer") will continue to operate as Maricann ●.

The amalgamation will be effected pursuant to the OBCA and at the effective time, each issued and outstanding Maricann Share will be exchanged for a Post-Consolidated Danbel Share, each issued and outstanding Maricann Existing Warrant will be exchanged for a Resulting Issuer Warrant, each issued and outstanding Maricann existing option will be exchanged for a Resulting Issuer option, and each Maricann existing compensation option will be exchanged for a Resulting Issuer compensation option. It is anticipated that the issuance of the Resulting Issuer securities will be exempt from the prospectus and registration requirements of applicable securities laws.

On December 15, 2016, the Company completed a $22,500,000 financing by issuing 22,500 units [the "Units"], with each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 [a "Debenture"] and 500 common share purchase warrants [the "Warrants"]. Immediately prior to the completion of the Transaction, the principal amount of the Debentures will be converted into common shares of the Company at a conversion price of $1.00 per share and subsequently be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the resulting Issuer at an exercise price of $1.25 per share for a period of two years from the Listing Date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceed $1.90.

As consideration for their services, the Transaction's Agent was issued 900,000 compensation options [the "Compensation Options"]. Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the listing date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date.

On November 18, 2016, the Company completed a raise of $3,148,704 by issuing 4,618,604 common shares of the Company at $0.68 per share. This financing has not been factored into the pro forma consolidated financial statements.

On March 3, 2017, the Company completed a raise of $10,005,167 by issuing 3,510,585 common shares of the Company at $2.85 per share. This financing has not been factored into the pro forma consolidated financial statements.

Basis of Presentation

The accompanying unaudited pro forma consolidated financial statements of Maricann Inc. have been prepared by management of Maricann for illustrative purposes only, to show the effect of the proposed acquisition of Maricann by Danbel constituting a reverse takeover of Danbel by the shareholders of Maricann (the "Transaction").

These unaudited pro-forma consolidated financial statements have been compiled from and include:

An unaudited pro-forma consolidated statement of financial position combining (i) the unaudited statement of financial position of Maricann as at September 30, 2016 with (ii) the unaudited interim consolidated balance sheet of Danbel as at September 30, 2016, giving effect to the Transaction as if it had occurred at September 30, 2016.

The unaudited pro-forma consolidated financial statements have been compiled using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), as set out in the audited financial statements of Maricann for the year ended December 31, 2015.

The unaudited pro-forma consolidated financial statements should be read in conjunction with the financial statements and notes thereto of Danbel and Maricann described above. The unaudited pro-forma consolidated financial statements are not intended to reflect the results of operations or the financial position of the continuing entity, Maricann Inc., which would have actually resulted had the proposed transactions been effected on the dates indicated. Further, the unaudited pro-forma financial information is not necessarily indicative of the results of operations that may be obtained in the future. The pro-forma adjustments and allocations of the purchase price of Danbel by Maricann as a reverse takeover are based in part on estimates of the fair value of the assets acquired and liabilities assumed. The final purchase price allocation will be completed after asset and liability valuations are finalized. The final valuation will be based on the actual assets and liabilities of Danbel that exist as of the date of completion of the acquisition.

2. Description of Transaction

On March 3, 2017, the Company entered into a definitive agreement with Danbel to combine Maricann and Danbel via the merger of Danbel Subco and Maricann which will constitute a reverse takeover of Danbel by the shareholders of Maricann (the "Transaction"). It is intended that the Resulting Issuer will continue to operate as Maricann Inc.

The Agreement sets out the terms of the Transaction, including the following:

- The outstanding liabilities of Danbel will be settled by way of issuing 5,500,000 shares of Danbel prior to the consolidation of shares by Danbel. Total outstanding liabilities as at September 30, 2016 was $532,344 comprised of trade and other payables, shareholder loans and borrowings.
- All outstanding options of Danbel will be exercised prior to the consolidation of shares. Total number of options outstanding were 360,000 options with an exercise price of $0.05 per share resulting in cash of $18,000.
- Prior to the transaction, Danbel will consolidate its share capital on a 9.22-to-1 basis (the "Consolidation"). The total number of Danbel shares outstanding is 11,527,716 pre-Consolidation. Post-Consolidation, total number of Danbel shares will be 1,250,000.
- 22,500 units of Debentures of Maricann will be automatically converted into 22,500,000 common shares of Maricann prior to the Transaction. 11,250,000 warrants associated with the Units will be exchanged for 11,250,000 post-consolidation warrants of Danbel.
- 900,000 Compensation Options of Maricann will be exchanged for 900,000 post Consolidation Compensation Options of Danbel.
- 3,720,695 common shares of Maricann will be issued to a key employee of Maricann prior to the Transaction.

- 62,832,695 of Maricann common shares will be exchanged for 62,832,695 post-Consolidation common shares of Danbel.
- All other stock options and warrants of Maricann will be converted into equal number of post-Consolidation stock options and warrants of Danbel.

3. Pro Forma Adjustments and Assumptions

The unaudited pro-forma consolidated financial statements incorporate the following pro-forma assumptions:

a) The acquisition of Maricann by Danbel constitutes a reverse asset acquisition as Danbel does not meet the definition of a business, as defined in IFRS 3 - *Business Combinations*. Accordingly, as a result of the transaction, the pro-forma consolidated statement of financial position has been adjusted for the elimination of Danbel's share capital of $4,364,686 and accumulated deficit of $4,346,212, within shareholders' (deficiency) equity. Danbel's share capital of $4,364,686 is comprised of Danbel's share capital of $3,814,342 as at September 30, 2016, settlement of existing Danbel debt by way of share issuance immediately prior to the transaction of $532,344 and exercise of stock options in the amount of $18,000.

b) As a result of this reverse asset acquisition, a listing expense of $3,544,026 has been recorded to reflect the difference between the estimated fair value of the Maricann shares to the Danbel shareholders less the net fair value of the assets of Danbel acquired.

In accordance with reverse acquisition accounting:

i. The assets and liabilities of Maricann are included in the pro-forma consolidated statement of financial position at their carrying values;
ii. The net assets of Danbel are included at their fair value of $18,474 (equal to the carrying value of these net assets given the current nature of the net assets);
iii. Trade and other payables, shareholder loans and borrowings of Danbel in the amount of $105,479, $176,865 and $250,000 respectively were converted into common shares of Danbel prior to the transaction.

iv. The net assets have been allocated as follows:

Cash as at September 30, 2016	$474
Cash received from exercise of stock options	$18,000
Net assets acquired	$18,474

v. The listing expense of $3,544,026 was determined as follows:
- Number of Maricann common shares held by former Maricann shareholders outstanding after the conversion of Debentures described in note 3(d) is estimated to be 62,832,695 or approximately 98% of the combined entity.
- Number of outstanding shares of Danbel prior to the Transaction is determined to be 1,250,000, or approximately 2% of the combined entity.
- The fair value of the shares considered issued to acquire Danbel under reverse takeover accounting is assumed to be $3,562,500 calculated as 1,250,000 shares at $2.85 per share. The fair value per share is the issue price paid for Maricann's common shares as part of its most recent financing on March 3, 2017.
- The difference between the fair value of $3,562,500 attributed to Danbel and the estimated fair value of the net assets of Danbel of $18,474 amounts to a listing expense of $3,544,026.

c) Total cash transaction costs which are expected to be incurred for the reverse asset acquisition amount to $571,000, which includes exchange fees and professional and consulting fees. This amount has been expensed and reflected as a reduction to cash.

d) On December 15, 2016, the Company completed a financing of $22,500,000 with Dundee Securities Ltd. (the "Agent"). Pursuant to the financing, the Company issued 22,500 units (the "Units"), with each Unit comprised of one senior unsecured convertible debenture (the "Debenture") with a principal amount of $1,000 and 500 common share purchase warrants (the "Warrants"). Immediately prior to completion of the

transaction, the principal amount of the Debenture will be converted into common shares of the Company at a conversion price of $1.00 per share. The Warrants are exercisable into common shares of the Company at an exercise price of $1.25 per share for up to 2 years from the closing date of the transaction. The fair value of the Warrants was estimated at $578,048 using the residual method.

e) Issuance costs were $2,037,599 in cash and 900,000 compensation options (the "Compensation Options"). Each Compensation Option entitles the holder thereof to purchase one common share (the "Compensation Share") and one common share purchase warrant (the "Compensation Warrant") of the Company at an exercise price of $1.00 per Compensation Option. Each Compensation Warrant entitles the holder thereof to purchase one common share at an exercise price of $1.25 for up to 2 years from the closing date of the transaction. Based on the Black-Scholes pricing model, the fair value of the Compensation Shares and Compensation Warrants is $284,845 and $253,418 respectively using the following assumptions:

Grant date share price	$0.68
Exercise price	$1.00 - $1.25
Risk-free interest rate	0.80%
Expected life (years)	2.5
Expected annualized volatility	95.05%
Expected dividend yield	0%

Issuance costs were allocated to common shares and Warrants in the amount of $2,509,685 and $66,177 respectively.

f) In August 2016, Maricann entered into an arrangement with a key management employee to issue 3,661,200 common shares of the Company upon meeting certain market and non-market conditions. The arrangement with the employee was amended in October 2016 resulting in an increase in the number of common shares to be issued to 4,960,926. Immediately prior to the transaction, Maricann will issue 3,720,695 common shares to the employee, of which 1,660,000 shares were approved by Maricann's Board of Directors and issued on January 23, 2017. In addition, the key management employee is entitled to an additional 1,240,231 common shares of the Company, upon the Company receiving approval of its new facilities. Using Black-Scholes pricing model, the grant date fair value of these shares was $2,439,000 using the following assumptions:

Grant date share price	$0.68
Exercise price	nominal
Risk-free interest rate	0.55%
Expected life (years)	0.8 - 2
Expected annualized volatility	96.15% - 124.46%
Expected dividend yield	0%

The Company had recognized stock option expense of $192,857 up to September 30, 2016 resulting in additional expense of $2,246,143.

1. FORWARD LOOKING INFORMATION

The M. D. & A. and analysis and other sections of this report contain forward-looking statements. These forward-looking statements, by their nature, necessarily involve risks and uncertainties that could cause results to differ materially from those contemplated by these forward-looking statements. Management considers the assumptions on which these forward-looking statements are based to be reasonable at the time the statements were prepared, but cautions the reader that they could cause actual results to differ materially from those anticipated.

2. DATE OF M. D. & A.

This M. D. & A. was prepared on April 19, 2016.

3. GENERAL OVERVIEW

Effective August 23, 2001, pursuant to a court order, Danbel Inc., American Lantern [1998] Inc., Danbel Security Lighting Inc., JSL Lighting [2000] Corp. and JSL Lighting [2000] Inc., all wholly owned subsidiaries, of the Company, were put into interim receivership by the Company's senior lender. The interim receiver appointed a chief restructuring officer ["CRO"] to take effective managerial control of these subsidiary companies. The previous senior officers and directors of these subsidiary companies resigned at or prior to the court order.

The interim receiver has since disposed of the operational assets of the wholly owned subsidiaries. Included in the sale, were the divisional assets of RAB Design, which were sold to a company controlled by Mr. Irwin Beron, a former senior officer of the Company.

The Company has vigorously attempted to obtain full disclosure of all transactions undertaken by the interim receiver, the CRO and Mr. Irwin Beron. To date, these individuals have refused to disclose the exact nature of these transactions to the Company and as such they cannot be commented upon.

The Company is in the process of reorganizing its affairs to enable a transaction to occur.

6. LIQUIDITY

On October 7, 2014, the Company entered into a Debt Settlement Agreement and Release with a corporation controlled by an individual who is currently the controlling shareholder of the Company for a portion of the aggregate indebtedness of the Loan Payable and related accrued interest of $9,444,418 as at that date. In exchange for a nominal cash consideration paid to the creditor, the Company settled $9,194,418 of the Loan Payable resulting in a remaining balance of $250,000. The loan bears interest at 12% per annum with interest payable on a monthly basis. The loan is collateralized through a general security agreement and is due on demand. The settlement of the Loan Payable was recorded as a reduction to the deficit by

$9,194,418. Included in accounts payable and accrued liabilities is interest owing on this loan of $36,740 [December 31, 2014 - $6,740].

On October 8, 2014, the Company entered into a Debt Settlement Agreement and Release with a corporation controlled by an individual who is currently the controlling shareholder of the Company for the settlement of the aggregate indebtedness of the Shareholder Loan payable and related accrued interest of $250,000 in exchange for the issuance of 5,000,000 common shares to the shareholder. Upon issuance of the common shares, the shareholder became the controlling shareholder of the Company. The settlement of the Shareholder Loan payable resulted in an increase to the capital stock of $250,000.

The Shareholder Loan in the amount of $151,388 [December 31, 2014 - $20,000] was advanced by the controlling shareholder which bears interest at 10% per annum, with interest payable on a monthly basis. The loan is collateralized through a general security agreement and is due on demand. Included in the Shareholder Loan amount is interest owing of $8,502 [December 31, 2014 - $nil].

The other Shareholder Loan, in the amount of $799 [December 31, 2014 - $799], is non-interest bearing, unsecured and due on demand.

Refer to note 1 of the Company's consolidated financial statements for the years ended December 31, 2015 and 2014.

7. PROPOSED TRANSACTIONS

There are currently no proposed transactions.

8. FINANCIAL INSTRUMENTS

The Company has classified its financial instruments as follows:

Financial instrument	Classification
Cash	FVTPL
Accounts payable and accrued liabilities	Other financial liabilities
Loan Payable	Other financial liabilities
Shareholder Loan	Other financial liabilities

The carrying values of accounts payable and accrued liabilities, Shareholder Loans and Loans Payable approximate fair values due to the relatively short term maturities of these instruments.

9. FINANCIAL RISK MANAGEMENT LIQUIDITY RISK

Risk management is the responsibility of management who is of the opinion that the Company is exposed to financial risks as described below. The Company is not exposed to currency risk or credit risk.

Liquidity risk is the risk that the Company will not be able to meet its obligations as they fall due. As at December 31, 2015, the Company had current liabilities of $467,343 [December 31, 2014 - $374,990] and no significant assets. As a result, the Company is dependent on obtaining additional financing to meet its current obligations.

The Company had no interest rate swap or financial contracts in place as at December 31, 2015 and 2014.

Refer to note 1 of the Company's consolidated financial statements for the years ended December 31, 2015 and 2014.

10. CAPITAL RISK MANAGEMENT

The Company considers capital stock and deficit to represent capital. As at December 31, 2015 and 2014 the Company has a negative capital balance and management's objective is to maintain its ability to continue as a going concern by identifying sources for additional financing for working capital and the completion of a transaction.

The Company is not subject to externally imposed capital requirements and there has been no change with respect to the overall capital risk management strategy during the year ended December 31, 2015.

Refer to note 1 of the Company's consolidated financial statements for the years ended December 31, 2015 and 2014.

11. OFF BALANCE SHEET ACTIVITIES

At December 31, 2015 the Company had no off balance sheet financial commitments and does not anticipate entering into any contracts of such nature.

12. RELATED PARTY TRANSACTIONS

Related parties include the Board of Directors, close family members and entities which are controlled by these individuals as well as certain persons performing similar functions. The shareholder described in Item 6 herein is a related party as this individual is a senior officer, director and the controlling shareholder of the Company.

Related party transactions conducted in the normal course of operations are measured at the exchange value [the amount established and agreed to by the related parties].

Included in accounts payable and accrued liabilities is:

[i] fees of $15,000 [December 31, 2014 - $31,075] accrued to a company controlled by the controlling shareholder of the Company. This shareholder also controls the entity holding the debt [Item 6 herein] and has advanced funds personally; and

[ii] interest payable of $36,740 [December 31, 2014 - $6,740] accrued to a corporation controlled by the controlling shareholder who is a senior officer and director of the Company. This shareholder also controls the entity holding the debt [Item 6 herein] and has advanced funds personally.

13. INCOME TAXES

The Company received Notices of Re-Assessment from the Canada Revenue Agency ("CRA") and The Ministry of Revenue (Ontario) which mirror the CRA Notices of Re-Assessment relating to the Company's taxation years December 31, 2004 up to and including December 31, 2009. As a result of the Notices of Re-Assessment from CRA for the years under assessment, an aggregate of $715,798 was payable to CRA and $363,548 payable to The Minister of Revenue (Ontario), which amounts included penalties and interest to the date of the Notices of Re-Assessment

The Company disputed the reassessments and filed Notices of Objection with the CRA within the required timeframe. In 2014, the Company received a Notice of Reassessment from each of the CRA and the Ministry of Revenue (Ontario) in response the Notices of Objection filed adjusting taxable income and income taxes payable to nil for all of the disputed years and reversing related interest and penalties accrued on these amounts.

14. RECENT ACCOUNTING PRONOUNCEMENTS ISSUED AND NOT YET APPLIED

International Financial Reporting Standard 9, Financial Instruments ["IFRS 9"]
IFRS 9 as issued in 2014, introduces new requirements for the clarification and measurement of financial instruments, a new expected-loss impairment model that will require more timely recognition of expected credit losses and a substantially reformed model for hedge accounting, with enhanced disclosures about risk management activity. IFRS 9 also removes the volatility in profit or loss that was caused in an entity's own credit risk for liabilities elected to be measured at fair value. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Earlier application is permitted. The Company has not yet begun to process evaluating the impact of this standard on its consolidated financial statements.

International Financial Reporting Standard 15, Revenue from Contracts with Customers ["IFRS 15"]
IFRS 15 which was issued in May 2014, will replace all current revenue recognition requirements under IFRS, IFRS 15 establishes new five-step model that will apply to revenue arising from contracts with

customers. Under IFRS 15, revenue is recognized at an amount that effects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. IFRS 15 is required for annual periods beginning on or after January 1, 2018, using either a full or modified retrospective application. Earlier adoption is permitted. The Company does not expect this standard to have an effect on the Company's consolidated financial statements.

International Financial Reorting Standard 16, Leases ["IFRS 16"]
IFRS 16, Leases, which was issued in January 2016, will replace current lease accounting standards. It proposes to record all leases on the balance sheet with certain limited exceptions. IFRS 16 is effective for annual periods beginning on or after January 1, 2019. Limited earlier adoption is permitted. The Company has not yet begun the process of evaluating the impact of this standard on its consolidated financial statements.

15. CONTROLS AND PROCEDURES

Management is responsible for the design of internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements in accordance with accounting principles generally accepted in Canada. Based on a review of its internal control procedures at the end of the period covered by this MD&A, management believes its internal controls and procedures, for the nature and size of the entity, are effective in providing reasonable assurances that financial information is recorded, processed, summarized and reported in a timely manner.

Management is also responsible for the design and effectiveness of disclosure controls and procedures to provide reasonable assurance that material information related to the Company, is made known to the Company's certifying officers. Management has evaluated the effectiveness of the Company's disclosure controls and procedures and has concluded that these controls and procedures are effective, for the nature and size of the entity, in providing reasonable assurance that material information relating to the Company is made known to them by others within the Company.

16. OUTSTANDING SHARE DATA

Common Shares

On October 8, 2014 the Company issued 5,000,000 common shares with a paid in value of $250,000 in settlement of the Shareholder Loan described in Item 6 herein. As a result the number of common shares issued and outstanding increased from 667,716 at December 31, 2013 to 5,667,716 at October 8, 2014. The paid in value of the common shares increased from $3,564,342 at December 31, 2013 to $3,814,342 at October 8, 2014. As at April 19, 2016 no additional shares have been issued.

Stock Options and Share Purchase Warrants

In 1998, the Company established a stock option plan [the "Plan"], as amended in 1999, to encourage common share ownership in the Company by directors, officers, employees and consultants of the Company and its subsidiaries and affiliates. The maximum number of common shares that may be set aside for issue under the Plan is 2,000,000 common shares provided that the Board of Directors has the right, from time to time to increase such number subject to the approval of the shareholders of the Company. The maximum number of common shares that may be reversed to any one person under the Plan is 5% of the common shares outstanding at the time of the grant [calculated on a non-diluted basis] less the number of shares reserved for issuance to such person under any option to purchase common shares as a compensation or incentive mechanism. Any shares subject to an option which for any reason are cancelled or terminated prior to exercise will be available for a subsequent grant under the Plan. The option price for any common shares cannot be less than the price permitted by any stock exchange on which the common shares are then listed or other regulating body having jurisdiction.

Options granted are subject to cancellation upon the termination of an optionee's employment, upon the optionee ceasing to be an employee, senior officer, director or consultant of the Company or any of its subsidiaries. The options are non-transferable. The Plan contains provisions for adjustment in the number of shares issuable thereunder in the event of a subdivision, consolidation, reclassification or change in the common shares, a merger or other relevant changes in the Company's capitalization. The Board of Directors may from time to time amend or reverse the terms of the Plan or may terminate the Plan at any time.

On November 14, 2014, 450,000 options to purchase common shares were granted under the Plan to directors of the Company. These options were granted with an exercise price of $0.05 per share, are fully vested upon the grant and expire on November 14, 2016. The fair value of these options was determined to be nominal. Shareholder approval was not required for the granting of options to purchase an aggregate of 450,000 common shares thereunder, however, in the event that the Board of Directors determines to increase the number of common shares subject to the Plan, such increase will be subject to the approval of the Company's shareholders.

As at December 31, 2015, 450,000 options [2014 – 450,000] were outstanding and fully vested.

17. OFFICERS AND DIRECTORS

As at December 31, 2016 the officers and directors of the Company are:

Michael Stein	President and Director
Barry Polisuk	Director
Gabriel Nachman FCPA, FCA	Chair of Audit Committee, acting CFO and Director
Michael Singer	Director

On October 8, 2014, the Company entered into a Debt Settlement Agreement and Release with a corporation controlled by an individual who is currently the controlling shareholder of the Company for the settlement of the aggregate indebtedness of the Shareholder Loan payable and related accrued interest of $250,000 in exchange for the issuance of 5,000,000 common shares to the shareholder. Upon issuance of the common shares, the shareholder became the controlling shareholder of the Company. The settlement of the Shareholder Loan payable resulted in an increase to the capital stock of $250,000.

The Shareholder Loan in the amount of $176,066 [December 31, 2015 - $151,388] was advanced by the controlling shareholder which bears interest at 10% per annum, with interest payable on a monthly basis. The loan is collateralized through a general security agreement and is due on demand. Included in the Shareholder Loan amount is accumulated interest owing of $19,582 [December 31, 2015 - $8,502].

The other Shareholder Loan, in the amount of $799 [December 31, 2015 - $799], is non-interest bearing, unsecured and due on demand.

7. PROPOSED TRANSACTIONS

There are currently no proposed transactions.

8. FINANCIAL INSTRUMENTS

The Company has classified its financial instruments as follows:

Financial instrument	Classification
Cash	FVTPL
Accounts payable and accrued liabilities	Other financial liabilities
Loan Payable	Other financial liabilities
Shareholder Loan	Other financial liabilities

The carrying values of accounts payable and accrued liabilities, Shareholder Loans and Loans Payable approximate fair values due to the relatively short term maturities of these instruments.

9. FINANCIAL RISK MANAGEMENT LIQUIDITY RISK

Risk management is the responsibility of management who is of the opinion that the Company is exposed to financial risks as described below. The Company is not exposed to currency risk or credit risk.

Liquidity risk is the risk that the Company will not be able to meet its obligations as they fall due. As at September 30, 2016, the Company had current liabilities of $532,344 [December 31, 2015 - $467,343] and no significant assets. As a result, the Company is dependent on obtaining additional financing to meet its current obligations.

The Company had no interest rate swap or financial contracts in place as at September 30, 2016 and the year ended December 31, 2015.

10. CAPITAL RISK MANAGEMENT

The Company considers capital stock and deficit to represent capital. As at September 30, 2016 and December 31, 2015 the Company had a negative capital balance and management's objective is to maintain its ability to continue as a going concern by identifying sources for additional financing for working capital and the completion of a transaction.

The Company is not subject to externally imposed capital requirements and there has been no change with respect to the overall capital risk management strategy during the period ended September 30, 2016.

Refer to note 1 of the Company’s consolidated financial statements for the years ended December 31, 2015 and 2014.

11. OFF BALANCE SHEET ACTIVITIES

At September 30, 2016 the Company had no off balance sheet financial commitments and does not anticipate entering into any contracts of such nature.

12. RELATED PARTY TRANSACTIONS

Related parties include the Board of Directors, close family members and entities which are controlled by these individuals as well as certain persons performing similar functions. The shareholder described in Item 6 herein is a related party as this individual is a senior officer, director and the controlling shareholder of the Company.

Related party transactions conducted in the normal course of operations are measured at the exchange value [the amount established and agreed to by the related parties].

Included in accounts payable and accrued liabilities is:

[i] fees and reimbursable expenses of $15,750 [December 31, 2015 - $15,000] and consulting fees including HST of $16,950 (December 31, 2015 - $nil) accrued to a company controlled by the controlling shareholder of the Company. During the period, the Company was charged $15,000 (September 30, 2015 - $nil) plus HST for consulting fees and $750 (September 30, 2015 - $ nil) for reimbursable expenses by a company controlled by the controlling shareholder of the Company. This shareholder also controls the entity holding the debt [Item 6 herein] and has advanced funds personally; and

[ii] interest payable of $59,240 [December 31, 2015 - $36,740] accrued to a corporation controlled by the controlling shareholder who is a senior officer and director of the Company. This shareholder also controls the entity holding the debt [Item 6 herein] and has advanced funds personally.

13. INCOME TAXES

The Company received Notices of Re-Assessment from the Canada Revenue Agency ("CRA") and The Ministry of Revenue (Ontario) which mirror the CRA Notices of Re-Assessment relating to the Company's taxation years December 31, 2004 up to and including December 31, 2009. As a result of the Notices of Re-Assessment from CRA for the years under assessment, an aggregate of $715,798 was payable to CRA and $363,548 payable to The Minister of Revenue (Ontario), which amounts included penalties and interest to the date of the Notices of Re-Assessment

The Company disputed the reassessments and filed Notices of Objection with the CRA within the required timeframe. In 2014, the Company received a Notice of Reassessment from each of the CRA and the Ministry of Revenue (Ontario) in response to the Notices of Objection filed adjusting taxable income and income taxes payable to nil for all of the disputed years and reversing related interest and penalties accrued on these amounts.

14. RECENT ACCOUNTING PRONOUNCEMENTS ISSUED AND NOT YET APPLIED

International Financial Reporting Standard 9, Financial Instruments ["IFRS 9"]
IFRS 9 as issued in 2014, introduces new requirements for the clarification and measurement of financial instruments, a new expected-loss impairment model that will require more timely recognition of expected credit losses and a substantially reformed model for hedge accounting, with enhanced disclosures about risk management activity. IFRS 9 also removes the volatility in profit or loss that was caused in an entity's own credit risk for liabilities elected to be measured at fair value. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Earlier application is permitted. The Company has not yet begun the process evaluating the impact of this standard on its consolidated financial statements.

International Financial Reporting Standard 15, Revenue from Contracts with Customers ["IFRS 15"]
IFRS 15 which was issued in May 2014, will replace all current revenue recognition requirements under IFRS, IFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. Under IFRS 15, revenue is recognized at an amount that effects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. IFRS 15 is required for annual periods beginning on or after January 1, 2018, using either a full or modified retrospective application. Earlier adoption is permitted. The Company does not expect this standard to have an effect on the Company's consolidated financial statements.

International Financial Reporting Standard 16, Leases ["IFRS 16"]
IFRS 16, Leases, which was issued in January 2016, will replace current lease accounting standards. It proposes to record all leases on the balance sheet with certain limited exceptions. IFRS 16 is effective for annual periods beginning on or after January 1, 2019. Limited earlier adoption is permitted. The Company has not yet begun the process of evaluating the impact of this standard on its consolidated financial statements.

15. CONTROLS AND PROCEDURES

Management is responsible for the design of internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements in accordance with accounting principles generally accepted in Canada. Based on a review of its internal control procedures at the end of the period covered by this MD&A, management believes its internal controls and procedures, for the nature and size of the entity, are effective in providing reasonable assurances that financial information is recorded, processed, summarized and reported in a timely manner.

Management is also responsible for the design and effectiveness of disclosure controls and procedures to provide reasonable assurance that material information related to the Company, is made known to the Company's certifying officers. Management has evaluated the effectiveness of the Company's disclosure controls and procedures and has concluded that these controls and procedures are effective, for the nature and size of the entity, in providing reasonable assurance that material information relating to the Company is made known to them by others within the Company.

16. OUTSTANDING SHARE DATA

Common Shares

On October 8, 2014 the Company issued 5,000,000 common shares with a paid in value of $250,000 in settlement of the Shareholder Loan described in Item 6 herein. As a result the number of common shares issued and outstanding increased from 667,716 at December 31, 2013 to 5,667,716 at October 8, 2014. The paid in value of the common shares increased from $3,564,342 at December 31, 2013 to $3,814,342 at October 8, 2014. As at November 17, 2016 no additional shares have been issued.

Stock Options and Share Purchase Warrants

In 1998, the Company established a stock option plan [the "Plan"], as amended in 1999, to encourage common share ownership in the Company by directors, officers, employees and consultants of the Company and its subsidiaries and affiliates. The maximum number of common shares that may be set aside for issue under the Plan is 2,000,000 common shares provided that the Board of Directors has the right, from time to time to increase such number subject to the approval of the shareholders of the Company. The maximum number of common shares that may be reversed to any one person under the Plan is 5% of the common shares outstanding at the time of the grant [calculated on a non-diluted basis] less the number of shares reserved for issuance to such person under any option to purchase common shares as a compensation or incentive mechanism. Any shares subject to an option which for any reason are cancelled or terminated prior to exercise will be available for a subsequent grant under the Plan. The option price for any common shares cannot be less than the price permitted by any stock exchange on which the common shares are then listed or other regulating body having jurisdiction.

Options granted are subject to cancellation upon the termination of an optionee's employment, upon the optionee ceasing to be an employee, senior officer, director or consultant of the Company or any of its subsidiaries. The options are non-transferable. The Plan contains provisions for adjustment in the number of shares issuable thereunder in the event of a subdivision, consolidation, reclassification or change in the common shares, a merger or other relevant changes in the Company's capitalization. The Board of Directors may from time to time amend or reverse the terms of the Plan or may terminate the Plan at any time.

On November 14, 2014, 450,000 options to purchase common shares were granted under the Plan to directors of the Company. These options were granted with an exercise price of $0.05 per share, are fully vested upon the grant and expire on November 14, 2018. The fair value of these options was determined to be nominal. Shareholder approval was not required for the granting of options to purchase an aggregate of 450,000 common shares thereunder, however, in the event that the Board of Directors determines to increase the number of common shares subject to the Plan, such increase will be subject to the approval of the Company's shareholders.

As at September 30, 2016, 450,000 options [December 31, 2015 – 450,000] were outstanding and fully vested.

17. SUBSEQUENT EVENT

Effective November 1, 2016. Ernst & Young LLP (the "former auditor"), have at the request of the Company resigned as the Company's auditor. HS & Partners LLP (the "incumbent auditor") have been appointed as the Company's new auditor until the next annual general meeting of shareholders of the Company. The former auditor, the incumbent auditor and the board of directors of the Company have all confirmed that there is no "reportable event", as defined by the Regulators, has occurred in connection with the audits of the two most recently completed fiscal years of the Company nor any period from the most recently completed period for which the former auditor issued an audit report in respect of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS OF MARICANN

Maricann Inc.

Management's Discussion and Analysis of Financial Condition and Results of Operations

For the Three and Nine Month Periods Ended
September 30, 2016

The following is the Management's Discussion and Analysis ("MD&A") of the financial condition and results of operations of Maricann Inc. ("Maricann" or the "Company") for the three and nine month periods ended September 30, 2016, with comparatives. Throughout this MD&A, unless otherwise specified, "Maricann", "the Company", "we", "us" or "our" refer to Maricann Inc. The Company is incorporated in Ontario and domiciled in Canada and the Company's registered office is located at 150 8th Concession Road, Langton, Ontario.

The effective date of the MD&A is March 31, 2017. This MD&A should be read in conjunction with the audited financial statements of the Company and notes thereto for the year ended December 31, 2015 and 2014 (the "Annual Financial Statements"), the unaudited condensed interim financial statements for the three and nine month periods ended September 30, 2016 and 2015 (the "Interim Financial Statements") (collectively the Statements") and with the Maricann Annual MD&A for the year-ended December 31, 2015 and 2014.

The Statements have been prepared by management in accordance with generally accepted accounting principles in Canada ("GAAP"), as set out in the Chartered Professional Accountant of Canada Handbook – Accounting ("CPA Handbook") which incorporates International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), using International Accounting Standard 34, Interim Financial Reporting ("IAS 34"). IFRS requires management to make certain judgments, estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the amount of revenue and expenses incurred during the reporting period. The results of operations for the periods reflected herein are not necessarily indicative of results that may be expected for future periods.

All amounts in the MD&A are expressed in Canadian dollars, unless otherwise noted.

CAUTION CONCERNING FORWARD-LOOKING STATEMENTS

Certain statements in this MD&A may contain "forward-looking information," within the meaning of applicable securities laws, including the "safe harbour provisions" of the Securities Act (Ontario) with respect to Maricann. Such statements include, but are not limited to, statements with respect to expectations, projections, or other characterizations of future events or circumstances, and our objectives, goals, strategies, beliefs, intentions, plans, estimates, projections and outlook, including statements relating to our plans and objectives, or estimates or predictions of actions of customers, suppliers, competitors or regulatory authorities. These statements are subject to certain risks, assumptions and uncertainties that could cause actual results to differ materially from those included in the forward-looking statements. The words "believe", "plan", "intend", "estimate", "expect", or "anticipate", and similar expressions, as well as future or conditional verbs such as "will", "should", "would", and "could" often identify forward-looking statements. We have based these forward-looking statements on our current views with respect to future events and financial performance. With respect to forward looking statements contained in this MD&A, the Company has made assumptions and applied certain factors regarding, among other things: future cannabis pricing; cannabis production yields; costs of inputs; its ability to market products successfully to its anticipated clients; reliance on key personnel; the regulatory requirements; the application of federal and provincial environmental laws; and the impact of increasing competition.

These forward-looking statements are also subject to the risks and uncertainties discussed in the "Risks Factors" section and elsewhere in this MD&A and other risks detailed from time to time in the publicly filed disclosure documents of the Company which are available at www.sedar.com. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties, and assumptions which could cause

actual results to differ materially from the conclusions, forecasts, or projections anticipated in these forward-looking statements. Because of these risks, uncertainties, and assumptions, the reader should not place undue reliance on these forward looking statements. The Company's forward-looking statements are made only as of the date of this MD&A, and except as required by applicable law, Maricann undertakes no obligation to update or revise these forward-looking statements to reflect new information, future events or circumstances.

Further Company details and filings are available at www.sedar.com.

OVERVIEW OF THE COMPANY

Company Background

Maricann Inc. is a Company incorporated under the laws of the Province of Ontario and a licensed marijuana producer under the *Access to Cannabis for Medical Purposes Regulation* (the "ACMPR"). Maricann received its first license from Health Canada under the *Marijuana for Medical Purposes Regulations* ("MMPR") on March 27, 2014 (the "License") and began production and commenced sales of medical cannabis in December 2015 and cannabis oil production and sales in May of 2016 and October of 2016, respectively. The Company received an updated license under the ACMPR on March 29, 2017 which expires on September 28, 2018. It is anticipated that Health Canada will continue to renew the License.

As of the date hereof, the License is one of 38 licenses issued by Health Canada under the ACMPR for all of Canada, and one of 23 licenses issued for Ontario. Of the 38 licenses issued for all of Canada, the License is one of 27 licenses permitted to produce and sell marijuana, one of 18 licenses permitted to produce and sell cannabis oil, and one of 5 licenses to produce and sell cannabis starting materials, including seeds and clones. Management believes that the Company benefits from a number of competitive advantages which will allow it to be strategically positioned for future developments in the industry.

Since commencing operations at its main facility located at 150 8th Concession Road, Langton, Ontario in April 2013, the Company has continued to expand production of the main facility. The Company also recently acquired 97.5 acres of property adjacent to the main facility to strategically support further expansion.

Pursuant to the License, the Company is permitted to possess, produce, sell, ship, transport, deliver and destroy dried medical marijuana, marijuana plants (including plants and seeds), cannabis resin and cannabis oil.

Company Products

The Company currently offers two main types of products: dried marijuana and cannabis oil. All of the Company's products are independently lab tested and certified before being packaged and labelled with detailed information about the levels of Tetrahydrocannabinol ("THC") and Cannabidol ("CBD") within each product.

THC is one of the cannabinoids found in the cannabis plant and is responsible for the majority of the plant's psychoactive properties. THC is the most desirable element of the plant by the majority of consumers. Studies have demonstrated that THC may have medical benefits, including analgesic properties and its tendency to increase appetite. CBD is gaining popularity as a therapeutic cannabinoid for a variety of diseases, such as autism, epilepsy, and other nerve related conditions.

Nearly all modern cannabis strains are hybridized in some form or another, traditionally cannabis has been separated into Sativa and Indica or the in-between ("hybrid") options.

(iii) Accessories

The Company also offers a number of accessories including vaporizers, grinders and other paraphernalia.

For additional information on product offerings please visit the Company's website at www.Maricann.ca.

Corporate Developments

(i) Finance raising

On March 3, 2017, the Company completed a raise of $10,000,000 by issuing 3,510,585 common shares of the Company at $2.85 per share.

(ii) Reverse Takeover and $22.5M Convertible Debenture Issuance

On December 15, 2016, the Company entered into a binding letter agreement (the "Letter Agreement") with Danbel Ventures Inc. ("Danbel), for Danbel to acquire a 100% interest in Maricann which will constitute a reverse takeover of Danbel by the shareholders of the Company (the "Transaction'). Maricann intends to then apply for a concurrent listing of the Resulting Issuer's common shares on the Canadian Securities Exchange ("CSE").

At the same time, the Company completed a $22,500,000 financing by issuing 22,500 units (the "Units"), each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 (a "Debenture") and 500 common share purchase warrants (the "Warrants). Immediately prior to the completion

of the Transaction, the principal amount of the Debentures will be converted into common shares of the Company at a conversion price of $1.00 per share and be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceed $1.90.

As partial consideration for their services, the Agent of the Transaction was issued 900,000 compensation options (the "Compensation Options"). Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the Listing Date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder of the warrant to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the Listing Date.

(iii) Finance Raising

On November 18, 2016, the Company completed a capital raising for $3,148,704 by issuing 4,618,604 common shares of the Company ("Common Share Units") at $0.68 per Common Share Unit.

(iv) License Renewal

Effective March 29, 2017, Health Canada renewed the License to September 28, 2018 and is expected to extend the License at the end of its current term. The License currently allows the Company to, among other things, produce up to 930 kilograms ("kgs"), 352 kgs, and 30 kgs of dried marijuana, cannabis oil and cannabis resin, respectively, per year and to sell and distribute within Canada up to 930 kgs, 352 kgs, 30 kgs and 10,001 kgs of dried marijuana, cannabis oil, cannabis resin and marijuana plants respectively, per year.

(v) Regulatory Changes

In 2001, the Government of Canada introduced a regulatory regime, the *Medical Marihuana Access Regulations ("MMAR"),* governing access of patients to marijuana for medical purposes. In June 2013, Health Canada replaced the MMAR with the MMPR which permitted companies to apply as a Licensed Producer of medical marijuana. On August 24, 2016, the ACMP replaced the MMPR as the governing regulations in respect of the production, sale and distribution of medical cannabis and cannabis oil. The ACMPR effectively combines the regulations and requirements of the MMPR, the Marihuana Medical Access Regulations and the section 56 exemptions relating to cannabis oil under the Controlled Drugs and Substances Act into one set of regulations. The Company's latest license renewal was completed under the ACMPR, dated March 29, 2017.

(vi) Promissory Notes, Mortgage Facility and Commercial Term loan and Line of Credit

During March and August, 2016, the Company entered into three separate promissory notes for the principal amounts of $420,000, $100,000, and $400,000 respectively (collectively the "Promissory Notes"). The Promissory Notes mature on November 2, 2016 with interest being accrued a fixed rate of 10.0% per annum. The Promissory Notes include a mandatory prepayment clause requiring prepayment of the outstanding principal amount and all accrued and unpaid interest upon completion of any share subscription transaction pursuant to which the Company raises not less than $3M in equity and the Lenders per the Commercial Term Loan and the Line of Credit (see below) and the Mortgage (see below) (collectively the "Lenders") have released the Holders of the Promissory Notes of their subordination and postponement obligations in favor of the Lenders or has otherwise consented to such Mandatory Prepayment. The Company also has a prepayment

option providing it with the option to repay the principal amount outstanding on the Promissory Notes without notice, bonus or penalty provided that each repayment of principal is accompanied by payment of interest accrued and unpaid. At the date of this MD&A, and in accordance with the terms, the promissory notes have been paid in full.

During February 2016, the Company entered into a $765,375, fixed rate mortgage facility (the "Mortgage") with a Canadian based lender to assist with the purchase of 138 – 8th Concession Road, Langton, Ontario being a 97.5 acre parcel of land located adjacent to the Company's registered office, over which the mortgage facility is secured. Interest on the mortgage facility is accrued monthly at a one-year, fixed rate of 5.5%. On February 3, 2017, the commercial term loan was extend at a fixed interest rate of 6% for a period of 5 years maturing on January 15, 2022.

During January 2016, the Company secured a $2,000,000 commercial line of credit (the "line of credit") with a Canadian based lender for a term of one year. Interest is accrued on the daily closing balance outstanding on the line of credit calculated at 5.5% per annum, being the lenders base lending rate minus 0.75%, and is payable monthly. The line of credit may be repaid in whole or part at any time without penalty to the Company. On February 3, 2017, the commercial line of credit was extend at on terms consistent with the original agreement.

During January 2016, the Company secured a $2,000,000 commercial term loan with a Canadian based lender for a term of one year. The commercial term loan is subject to an interest rate of 5.5% per annum and matures on January 15, 2017. On February 3, 2017, the commercial line of credit was extend on terms consistent with the original agreement for a period of one year.

Company Outlook and Strategy

World Class Innovation and Scale

We bring experience, innovation and scale together, replicating genetically stable plants in our world-class growing facility. Working in collaboration with Evolab – a global leader in extraction technologies – we use innovative processes in producing all-natural cannabis plants and products for our North American customers. As well, our future 1 MM square foot Dresden-based facility – ideal for cannabis cultivation – gives us access to Germany's newly created and expected to expand cannabis market. Currently, Maricann is expanding its cultivation operations by constructing a 203,500 sq. ft. facility in Langton on its wholly owned property, allowing the company the ability to produce an additional 10,400 kg of product per year for the Canadian market.

Leveraging scale allows us to grow more for less: we're on track to meet our cost objective of less than $1.34 per gram produced, making us among the lowest-cost producers in the country.

Growing Green with Green

Energy efficiency is at the core of everything we do. From producing on-site, natural gas co-generation electricity to gathering rainwater from our roofs, we drive energy efficiencies throughout our production processes to save time and money.

Growing under glass – through high-efficiency windows – means we harness solar energy with the full colour spectrum of the sun. This lowers our carbon footprint, while increasing our yield. We also use CO2 to heat our water and floors, and we pump CO2 back into our greenhouses where it acts as a natural booster to our growth cycle. We grow cleaner and larger plants though this method.

Being so energy efficient allows us to be a low-cost, high-quality producer in a market that rarely sees that combination.

Significant Expansion since 2013

In 2013, we acquired an established, 8,000 square foot growing operation in Langton, Ontario, an agricultural community located in one of Canada's most arable regions.

We quickly ramped up that facility in size, output and onsite security in building a 30,000 square foot, high-efficiency growing facility. We are currently expanding that to more than 200,000 square feet by the fall of 2017. This increased capacity means our sales are expected to at least double in 2018 over 2017 and prior years, and our production is expected to more than triple.

With plans to be publicly traded in 2017, MariCann is becoming one of the world's leading vertically integrated cannabis companies.

The Company was incorporated in 2013, commenced commercial operations in mid-2014 and began generating revenues from the sale of medical cannabis in Late December 2014. Production and operations have been consistently growing in both sales and capacity since inception. The company has maintained its focus on providing quality products produced in a cost effective manner. Net losses for the quarters and nine months ended September 30, 2016 and 2015 reflect the steady increase in operational and other working capital uses consistent with a company on a steep growth curve. Revenues for the nine months ended September 30, 2016 have grown 172% when compared to the same period the in 2015. From an expense perspective the increases in cultivation related costs, the hiring and contracting of more experts and experienced personnel and increased corporate activity have driven a 48% increase year over year. Of note, the net loss was offset by the unrealized gain on changes in fair value of biological assets which were $694,694 and $416,913 for the three months ended September 30, 2016 and 2015 and $1,762,112 and $1,079,072 for the nine months ended September 30, 2016 and 2015.

During the three months ended September 30, 2016, the Company focused its efforts and operational and capital spending on the following:

- Registration of patients;

- Hiring of senior financial, growing and management resources
- Optimizing and Increasing production to meet the anticipated increase in product demand; and
- Growing increased market awareness of the company and its products and approach.

Review of Operations for the Three Month Periods ended September 30, 2016 and 2015

Revenues

Revenues for the three month period ended September 30, 2016 were $892,081 compared to $572,928 during the same period in 2015, an increase of $319,153 or 56%. The increase in revenue, period over period, is due primarily due to the growth in the Company's customer base. Total product sold for the three month period ended September 30, 2016 was 126.7 kilograms at an average selling price of $7.87 per gram up from 97.5 kilograms sold during the three month period ended September 30, 2015 at an average price of $6.12 per gram.

The Company's strains were priced between $4.68 and $ 14.64 per gram for the three month period ended September 30, 2016, up from between $ 3.92 and $ 9.77 per gram for the three month period ended September 30, 2015, with compassionate pricing set at a 20% discount off of the listed price (2015 – 20%).

Net cost of sales

Included in net cost of sales are the net change in fair value of biological assets, inventory expensed and production costs. Biological assets consist of cannabis plants at various pre-harvest stages of growth which are recorded at fair value less costs to sell at the point of harvest. Cost to sell include processing, testing, shipping and sales related costs. At harvest, the biological assets are transferred to inventory at their fair value which becomes the deemed cost for inventory. Inventory is later expensed to cost of sales when sold. Direct production costs are expensed through cost of sales. Net cost of sales for the three month period ended September 30, 2016 and 2015 were $414,951 and $294,015, respectively, and includes a recovery relating to the unrealized gain on changes in the fair value of biological assets of $694,694 and $416,913 during those same respective periods.

We expect net cost of sales to vary from quarter to quarter based on the number of pre-harvest plants, the strains being grown, and where the pre-harvest plants are in the grow cycle at the end of the quarter.

Gross profit

Gross profit for the three month period ended September 30, 2016 was $477,490 compared to $278,913 for the same period in 2015, an increase of $198,577 or 71%. Gross profit includes unrealized gain from changes in biological assets which was $694,694 compared to $416,913 during the three month periods ended September 30, 2016 and 2015, respectively. Increase in gross profit is primarily due to the change in unrealized gain from changed in fair value of biological assets.

We expect gross profit to vary from quarter to quarter based on the number of pre-harvest plants, the strains being grown, and where the pre-harvest plants are in the grow cycle at the end of the quarter.

Expenses

General and administrative

General and administrative expenses for the three month period ended September 30, 2016 were $713,636 compared to $665,233 during the same period in 2015, an increase of $48,403 or 7%. This is primarily due to an increase in administrative payroll costs.

Sales and marketing

Sales and marketing expenses for the three month period ended September 30, 2016 were $356,349 compared

to $228,394 during the same period in 2015, an increase of $127,955 or 56%. The increase in sales and marketing expenses is primarily due to the expansion of the business in 2016 with primary movements including an increase in business development expenses of $93,889 and an increase in promotional, seminar and sponsorship costs of $12,034.

Share-based compensation

Share-based compensation expense relates to share options issued to employees under the Company's share option plan. Share-based compensation for the three month period ended September 30, 2016 was $237,078 compared to $12,122 during the same period in 2015, an increase of $224,956 or 1856%. The increase is due to the effect of the share-based compensation award issued to a key management employee in August 2016.

Depreciation

Depreciation expense for the three month period ended September 30, 2016 was $185,898 compared to $112,261 during the same period in 2015, an increase of $73,637 or 66%. The increase was primarily due to additional greenhouse space and increased capacity in the processing facility in both 2015 and 2016.

Net Loss and comprehensive loss

Net loss and comprehensive loss for the three month period ended September 30, 2016 were $1,119,537 compared to $753,581 during the same period in 2015, an increase of $365,956 or 49%. This is primarily due to an increase in expenses of $474,951 and an increase in interest expense of $89,582. The increase in expenses has been explained in detail above. The increase in interest expense is primarily due to the increased borrowings that were entered into by the Company during the course of 2016.

Loss per Share

Basic loss per share is calculated by dividing the net loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted loss per share is calculated by adjusting the earnings and number of shares for the effects of dilutive options and other potentially dilutive securities. The weighted average number of common shares used as the denominator in calculating diluted loss per share excludes un-issued common shares related to stock options as they are anti-dilutive. Basic and diluted loss per share for the three month period ended September 30, 2016 was $0.03 per share as compared to $0.02 per share for the three month ended September 30, 2015, respectively.

Review of Operations for the Nine Month Periods ended September 30, 2016 and 2015

Revenues

Revenues for the nine month period ended September 30, 2016 were $2,756,100 compared to $1,012,042 during the same period in 2015, an increase of $1,744,058 or 172%. The increase in revenue, period over period, is due primarily due to the growth in the Company's customer base. Total product sold for the nine month period ended September 30, 2016 was 413.5 kilograms at an average selling price of $7.50 per gram up from 178.9 kilograms sold during the nine month period ended September 30, 2015 at an average price of $5.83 per gram.

The Company's strains were priced between $4.24 and $14.64 per gram for the nine month period ended September 30, 2016, up from between $ 3.90 and $ 10.68 per gram for the nine month period ended September 30, 2015, with compassionate pricing set at a 20% discount off of the listed price (2015 – 20%).

Net cost of sales

Included in net cost of sales are the net change in fair value of biological assets, inventory expensed and production costs. Biological assets consist of cannabis plants at various pre-harvest stages of growth which are recorded at fair value less costs to sell at the point of harvest. Cost to sell include processing, testing, shipping and sales related costs. At harvest, the biological assets are transferred to inventory at their fair value which becomes the deemed cost for inventory. Inventory is later expensed to cost of sales when sold. Direct production costs are expensed through cost of sales. Net cost of sales for the nine month period ended September 30, 2016 and 2015 were $1,500,621 and $680,466, respectively, and includes a recovery relating to the unrealized gain on changes in the fair value of biological assets of $1,762,112 and $1,079,072 during those same respective periods.

We expect net cost of sales to vary from quarter to quarter based on the number of pre-harvest plants, the strains being grown, and where the pre-harvest plants are in the grow cycle at the end of the quarter.

Gross profit

Gross profit for the nine month period ended September 30, 2016 was $1,255,479 compared to $331,576 for the same period in 2015, an increase of $923,903 or 279%. Gross profit includes unrealized gain from changes in biological assets which was $1,762,112 compared to $1,079,072 during the nine month periods ended September 30, 2016 and 2015, respectively. Increase in gross profit is primarily due to the increase in change in unrealized gain from changed in fair value of biological assets of $683,040 along with operational efficiencies.

We expect gross profit to vary from quarter to quarter based on the number of pre-harvest plants, the strains being grown, and where the pre-harvest plants are in the grow cycle at the end of the quarter.

Expenses

General and administrative

General and administrative expenses for the nine month period ended September 30, 2016 were $2,035,133 compared to $1,839,327 during the same period in 2015, an increase of $195,806 or 11%. The increase is due to the expansion in the business with primary increase in consulting and professional services of $144,195 and an increase in travel related expenses of $44,008.

Sales and marketing

Sales and marketing expenses for the nine month period ended September 30, 2016 were $998,633 compared to $521,215 during the same period in 2015, an increase of $477,418 or 92%. The increase in sales and marketing expenses is primarily due to the expansion of the business in 2016 with primary movements including an increase in business development expenses of $344,067, an increase in promotional, seminar and sponsorship costs of $66,825 and an increase in share based compensation to non-employees of $43,107 for services.

Share-based compensation

Share-based compensation expense relates to share options issued to employees under the Company's share option plan. Share-based compensation for the nine month period ended September 30, 2016 was $261,058 compared to $21,477 during the same period in 2015, an increase of $239,581 or 1116%. The increase is primarily due to the vesting of share options issued to employees in 2015 and 2016 in the amount of $14,625

and the effect of the share-based compensation award issued to a key management employee in August 2016 in the amount of $224,956.

Depreciation

Depreciation expense for the nine month period ended September 30, 2016 was $504,953 compared to $309,346 during the same period in 2015, an increase of $195,607 or 63%. The increase was primarily due to additional greenhouse space and increased capacity in the processing facility in both 2015 and 2016.

Net Loss and comprehensive loss

Net loss and comprehensive loss for the nine month period ended September 30, 2016 were $2,777,952 compared to $2,385,069 during the same period in 2015, an increase of $392,883 or 16%. This is primarily due to an increase in expenses of $1,108,412 and an increase in interest expense of $208,374 offset by increase in gross profit of $923,903. The increase in expenses and gross profit has been explained in detail above. The increase in interest expense is primarily due to the increased borrowings that were entered into by the Company during the course of 2016.

Loss per Share

Basic loss per share is calculated by dividing the net loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted loss per share is calculated by adjusting the earnings and number of shares for the effects of dilutive options and other potentially dilutive securities. The weighted average number of common shares used as the denominator in calculating diluted loss per share excludes un-issued common shares related to stock options as they are anti-dilutive. Basic and diluted loss per share for the nine month period ended September 30, 2016 was $0.08 per share as compared to $0.07 per share for the nine month ended September 30, 2015, respectively.

Total Assets

Total assets at September 30, 2016 were $7,846,291 compared to $5,347,167 at December 31, 2015, an increase of $2,499,124 or 47%. The increase is primarily due an increase in inventory of $256,883, an increase in biological assets of $150,558, and an increase in property, plant and equipment of $2,159,555.

Inventory increased by $265,883 or 35% due to the inclusion of $157,757 related to cannabis oil finished goods and work in progress. Dried cannabis inventory increased due to the ramp up in production.

Biological assets increased by $150,588 or 89% due to the increase in fair value due to biological transformation, offset by $1,611,524 that was harvested and transferred to inventory.

Property, plant and equipment increased by $2,159,555 primarily due to additions of $2,664,508 offset by depreciation of $504,953. The additions in 2016 included additions to the existing facility and the purchase of 97.5 acres of property adjacent to the main facility to strategically support the Company's future expansion.

Total Liabilities

Total liabilities at September 30, 2016 were $10,161,570 compared to $5,282,976 at December 31, 2015, an increase of $4,878,594 or 92%. The increase is primarily due an increase in bank overdraft of $1,825,039, an increase in borrowings of $3,612,422, and a decrease in shareholder loans of $700,000.

Borrowings

Line of Credit: In January 2016, the Company secured a $2,000,000 commercial line of credit with a Canadian based lender for a term of one year. Interest is accrued on the daily closing balance outstanding on the line of credit calculated at 5.5%, being the lenders base lending rate minus 0.75%, and is payable monthly. The line of credit may be repaid in whole or part at any time without penalty. At September 30, 2016 the Company had drawn down $1,854,167 (December 31, 2015 - $NIL) on the line of credit.

Commercial term loan: In January 2016, the Company secured a $2,000,000 commercial term loan with a Canadian based lender for a term of one year. The commercial term loan is subject to an interest rate of 5.5% per annum and matures on January 15, 2017.

Fixed Rate Mortgage: In February 2016, the Company entered into a $765,375, fixed rate mortgage facility (the "Mortgage") with a Canadian based lender to assist with the purchase of 138 – 8th Concession Road, Langton, Ontario being a 97.5 acre parcel of land located adjacent to the Company's registered office. Interest on the Mortgage is accrued monthly at a one-year, fixed rate of 5.5%. At September 30, 2016, the carrying amount of the Mortgage is $752,817 (December 31, 2015 - $NIL).

Promissory Notes: During March and August, 2016, the Company entered into three separate promissory notes for the principal amounts of $420,000, $100,000, and $400,000 respectively (collectively the "Promissory Notes"). The Promissory Notes mature on November 2, 2016 with interest being accrued at a fixed rate of 10.0%. The Promissory Notes include a mandatory prepayment clause requiring prepayment of the outstanding principal amount and all accrued and unpaid interest upon completion of any share subscription transaction pursuant to which the Company raises not less than $3 million in equity and the Lenders per the Commercial Term loan and the Line of Credit and the Mortgage (collectively the "Lenders") have released the Holders of the Promissory Notes of their subordination and postponement obligations in favor of the Lenders or has otherwise consented to such mandatory prepayment. The Company also has a prepayment option providing it with the option to repay the principal amount outstanding on the Promissory Notes without notice, bonus or penalty provided that each repayment of principal is accompanied by payment of all interest accrued and unpaid. As at September 30, 2016, the carrying amount of the Promissory Notes is $920,000 (December 31, 2015 - $NIL).

Shareholder Loans

During the nine months ended September 30, 2016, the Company repaid $1,200,000 of shareholder loans and received a further $500,000 in shareholder loans on the same terms and conditions as the original shareholder loans with a waiver of Shareholder rights to any interest. The remaining balance of shareholder loans of $2,500,000 at September 30, 2016 is payable on demand (December 31, 2015 - $3,200,000).

Liquidity and Capital Resources

For the nine month period ended September 30, 2016, the Company generated revenues of $2,881,100 from operations and financed its operations and met its capital requirements primarily through shareholder debt and external borrowings. The Company's objectives when managing its liquidity and capital resources are to generate sufficient cash to fund the Company's operating and working capital requirements.

As at September 30, 2016, the Company had a working capital deficiency of $8,613,910 compared to a working capital deficiency of $4,127,220 at December 31, 2015. The decrease in working capital of $4,486,690 is primarily attributable to the Company's additional borrowing facilities, including its line of credit, of which $5,466,589 is included as current liabilities, offset by the net repayment of the shareholder loans of $700,000.

Subsequent to September 30, 2016, the Company has significantly strengthened its balance sheet and liquidity position with over $35 million in new financings as further described in "Company Developments" above.

The Company anticipates that it has sufficient liquidity and capital resources to meet all its planned

expenditures for the next twelve months.

Operating Activities
For the nine month period ended September 30, 2016, cash flows used in operating activities were $2,951,764 compared to $1,958,965 for the nine month period ended September 30, 2015, an increase in cash used of $992,799 or 51%. The increase in cash flow used in operations is due to higher losses of $267,883 increased by lower non-cash items of $215,621 and change in non-cash working capital balances of $509,295.

Financing Activities
For the nine month period ended September 30, 2016, cash flows provided by financing activities were $4,629,610 compared to $3,013,955 for the nine month period ended September 30, 2015, an increase cash of $1,615,655 or 54%. The increase in cash provided by financing activities is primarily due to an increase in cash proceeds from borrowings, including the line of credit, of $5,466,589, offset by a reduction in capital financings of $3,163,955 and shareholder loans of $700,000.

Investing Activities
For the nine month period ended September 30, 2016, cash flows used in investing activities were $1,677,846 compared to $1,010,608 for the nine month period ended September 30, 2015, an increase of $667,238 or 66%. A significant portion of this increase related to the purchase of land and buildings for $1,298,600.

Share Capital
The Company's authorized share capital consists of an unlimited number of common shares without par value of which 36,612,000 common shares are issued and outstanding as of the date of this MD&A.

Common Share stock split

On December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and earnings per share information in this MD&A have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.

Commitments and Contingent Liabilities

Contingent Liabilities

The Company recognizes loss contingency provisions for probable losses when management is able to reasonably estimate the loss. When the estimated loss lies within a range, the Company records a loss contingency provision based on its best estimate of the probable loss. If no particular amount within that range is a better estimate than any other amount, the minimum amount is recorded. As information becomes known a loss contingency provision is recorded when a reasonable estimate can be made. The estimates are reviewed at each reporting date and the estimates are changed when expectations are revised. An outcome that deviates from the Company's estimate may result in an additional expense or release in a future accounting period.

As at September 30, 2016 and 2015, the Company has not recognized any contingent liabilities.

Commitments

The Company has production facilities under operating lease arrangements until fiscal 2018. The Company has the right under the lease arrangement to extend the leases by another five years. The following table presents the minimum payments due over the next four years until the termination of the leasing arrangement.

	$
Remainder of 2016	22,500
2017	90,000
2018	27,500
	140,000

Off-Balance Sheet Arrangements

Maricann has no off-balance sheet arrangements except for the commitments shown above.

Transactions with Related Parties

The Company had no transactions with related parties except those pertaining to transactions with key management personnel in the ordinary course of their employment or directorship.

Risk Factors

The Company has implemented Risk Management Governance Processes that are led by the Board of Directors, with the active participation of management, and updates its assessment of its business risks on a annual basis. Notwithstanding, it is possible that the Company may not be able to foresee all of the risks that it may have to face. The market in which Maricann currently competes is complex, competitive and changes rapidly. Sometimes new risks emerge and management may not be able to predict all of them, or be able to predict how they may cause actual results to be different from those contained in forward looking statements. Readers of this MD&A should not rely upon forward looking statements as a prediction of future results.

The following risk factors have been identified by Management:

Financial Risk Factors

The Company is exposed to credit risk through its cash and cash equivalents. The Company is exposed to liquidity risk in meetings is contractual obligations associated with financial liabilities as they become due.

Refer to the notes to the financial statements for more information on the impact of financial risks.

Other Risk Factors

(i) General Business Risk and Liability

Given the nature of the Company's business, it may from time to time be subject to claims or complaints from investors or others in the normal course of business. The legal risks facing the Company, its directors, officers, employees or agents in this respect include potential liability for violations of securities laws, breach of fiduciary duty or misuse of investors' funds. Some violations of securities laws and breach of fiduciary duty could result in civil liability, fines, sanctions, or the suspension or revocation of the Company's right to carry on its existing business. The Company may incur significant costs in connection with such potential liabilities.

(ii) Regulation of the Marijuana Industry

The business and activities of the Company are heavily regulated in all jurisdictions where it carries on

business. The Company's operations are subject to various laws, regulations and guidelines by governmental authorities, particularly Health Canada, relating to the manufacture, marketing, management, transportation, storage, sale, pricing and disposal of medical marijuana and cannabis oil, and also including laws and regulations relating to health and safety, insurance coverage, the conduct of operations and the protection of the environment. Laws and regulations, applied generally, grant government agencies and self-regulatory bodies broad administrative discretion over the activities of the Company, including the power to limit or restrict business activities as well as impose additional disclosure requirements on the Company's products and services. Achievement of the Company's business objectives are contingent, in part, upon compliance with regulatory requirements enacted by these governmental authorities and obtaining all regulatory approvals, where necessary, for the production and sale of its products. The Company cannot predict the time required to secure all appropriate regulatory approvals for its products, or the extent of testing and documentation that may be required by governmental authorities. Any delays in obtaining, or failure to obtain regulatory approvals would significantly delay the development of markets and products and could have a material adverse effect on the business, results of operations and financial condition of the Company.

Failure to comply with the laws and regulations applicable to its operations may lead to possible sanctions including the revocation or imposition of additional conditions on licenses to operate the Company's business, the suspension or expulsion from a particular market or jurisdiction or of its key personnel, and the imposition of fines and censures. To the extent that there are changes to the existing laws and regulations or the enactment of future laws and regulations that affect the sale or offering of the Company's products or services in any way, this could have a material adverse effect on the business, results of operations and financial condition of the Company.

(iii) Changes in Laws, Regulations and Other Guidelines

The Company's operations are subject to a variety of laws, regulations, and guidelines relating to the marketing, acquisition, manufacture, management, transportation, storage, sale and disposal of medical marijuana but also including laws and regulations relating to health and safety, insurance coverage, the conduct of operations and the protection of the environment. While the Company is currently in compliance with all such laws, regulations and guidelines, any changes due to matters on such laws and regulations beyond the control of the Company could have a material adverse effect on the business, results of operations and financial condition of the Company.

(iv) Environmental and Employee Health and Safety Regulations

The Company's operations are subject to environmental and safety laws and regulations concerning, among other things, emissions and discharges to water, air and land, the handling and disposal of hazardous and non-hazardous materials and wastes, and employee health and safety. The Company will incur ongoing costs and obligations related to compliance with environmental and employee health and safety matters. Failure to comply with environmental and safety laws and regulations may result in additional costs for corrective measures, penalties or restrictions on our manufacturing operations. In addition, changes in environmental, employee health and safety or other laws, more vigorous enforcement thereof or other unanticipated events could require extensive changes to the Company's operations or give rise to material liabilities, which could have a material adverse effect on the business, results of operations and financial condition of the Company.

(v) Reliance on License Renewal

The Company's business is dependent on the License from Health Canada and the need to maintain the License in good standing. Failure to comply with the requirements of the License or any failure to maintain the License would have a material adverse impact on the business, financial condition and operating results of the Company. The license was renewed March 29, 2017 and expires September 28, 2018. Although management believes it will meet the requirements of the ACMPR annually for extension of the License, there can be no

guarantee that Health Canada will extend or renew the License or, if it is extended or renewed, that it will be extended or renewed on the same or similar terms. Should Health Canada not extend or renew the License, or should it renew the License on different terms or not allow for anticipated capacity increases, the business, financial condition and results of the operations of the Company will be materially adversely affected.

(vi) Dependence on Senior Management

The success of the Company is dependent upon the contributions of senior management. The loss of any of these individuals, or an inability to attract, retain and motivate sufficient members of qualified senior management personnel could adversely affect its business. This risk is partially mitigated by the fact that the senior management team are significant shareholders in the Company. As well, implementation of employee compensation packages composed of monetary short-term compensation and long-term stock based compensation has been designed, in part, for the retention of senior management personnel.

(vii) Competition in the Industry

There is potential that the Company will face intense competition from other companies, some of which can be expected to have more financial resources, industry, manufacturing and marketing experience than the Company. Because of the early stage of the industry in which Maricann operates, the Company expects to face additional competition from new entrants. If the number of users of medical marijuana in Canada increases, the demand for products will increase and the Company expects that competition will become more intense, as current and future competitors begin to offer an increasing number of diversified products and pricing strategies.

There is also the potential that the industry will undergo consolidation, creating larger companies that may have increased geographic scope. Increased competition by larger, better-financed competitors with geographic advantages could materially and adversely affect the business, financial condition and results of operations of the Company.

(viii) Risks Inherent in the Agricultural Business

The Company's business involves the growing of medical marijuana, which is an agricultural product. As such, the business is subject to the risks inherent in the agricultural business, such as pests, plant diseases and similar agricultural risks. Although the Company grows its products indoors under climate controlled conditions, and carefully monitors the growing conditions with trained personnel, there can be no assurance that natural elements will not have a material adverse effect on the production of its products and results of operations of the Company.

(ix) Restrictions on Sales and Marketing

The industry is in its early development stage and restrictions on sales and marketing activities imposed by Health Canada, various medical associations, other governmental or quasi-governmental bodies or voluntary industry associations may adversely affect the Company's ability to conduct sales and marketing activities and could have a material adverse effect on the Company's business, operating results or financial condition.

(x) Publicity or Consumer Perception

The Company believes the medical marijuana industry is highly dependent upon consumer perception regarding the safety, efficiency and quality of the medical marijuana produced. Consumer perception of the Company's products can be significantly influenced by scientific research or findings, regulatory investigations, litigation, media attention and other publicity regarding the consumption of medical marijuana products. It can be no assurance that future scientific research, findings, regulatory proceedings, litigation, media attention or

other research findings or publicity will be favorable to the medical marijuana market or any particular product, or consistent with earlier publicity.

Future research reports, findings, regulatory proceedings, litigation, media attention or other publicity that are perceived as less favorable than, or that question, earlier research reports, findings or publicity could have a material adverse effect on the demand for the Company's products and the business, results of operations, financial condition and the Company's cash flows. The Company's dependence upon consumer perceptions means that adverse scientific research reports, findings, regulatory proceedings, litigation, media attention or other publicity, whether or not accurate or with merit, could have a material adverse effect on the Company, the demand for the Company's products, and the business, results of operations, financial condition and cash flows of the Company.

Further, adverse publicity reports or other media attention regarding the safety, efficacy and quality of medical marijuana in general, or the Company's product specifically, or associating the consumption of medical marijuana with illness or other negative effects or events, could have such a material adverse effect. Such adverse publicity reports or other media attention could arise even if the adverse effects associated with such products resulted from consumers' failure to consume such products appropriately or as directed.

(xi) Reliance on Key Business Inputs

The Company's business is dependent on a number of key inputs and their related costs including raw materials and supplies related to its growing operations as well as electricity, water, and other utilities. Any significant interruption or negative change in the availability or economics of the supply chain for key inputs (e.g. rising energy costs) could materially impact the business, financial condition, and operating results of the Company. Any ability to secure required supplies and services or to do so on appropriate terms could also have a materially adverse opinion impact on the business, financial condition, and operating results of the Company.

(xii) Sufficiency of Insurance

The Company maintains various types of insurance which may include product liability insurance (see "Potential Product Liability" below), errors and omission insurance, directors', trustees' insurance, property coverage, and, general commercial insurance. There is no assurance that claims will not exceed the limits of available coverage, that any insurer will remain solvent or willing to continue providing insurance coverage will sufficient limits or at a reasonable cost; or, that any insurer will not dispute coverage of certain claims due to ambiguities in the policies. A judgment against any member of the Company in excess of available coverage could have a material adverse effect of the Company in terms of damages awarded and the impact and reputation of the Company.

(xiii) Potential Product Liability

As a manufacturer and distributor of products designed to be ingested or inhaled by humans, the Company faces an inherent risk of exposure to product liability claims, regulatory action and litigation if its products are alleged to have caused significant loss or injury. In addition, the manufacture and sale of Maricann products involve the risk of injury or loss to consumers due to tampering by unauthorized third parties, product contamination, unauthorized use by consumers or other third parties. Previously unknown adverse reactions resulting from human consumption of the Company's products alone or in combination with other medications or substances could occur. The Company may be subject to various product liability claims, including, among others, that Maricann's products caused injury, illness or loss, include inadequate instructions for use or include inadequate warnings concerning possible side effects or interactions with other substances. A product liability claim or regulatory action against the Company could result in increased costs, could adversely affect the Company's reputation with its clients and consumers generally, and could have a

material adverse effect on our results of operations and financial condition of the Company.

There can be no assurances that the Company will be able to obtain or maintain product liability insurance on acceptable terms or with adequate coverage against potential liabilities. Such insurance is expensive and may not be available in the future on acceptable terms, or at all. The inability to obtain sufficient insurance coverage on reasonable terms or to otherwise protect against potential product liability claims could prevent or inhibit the commercialization of the Company's products.

(xiv) Potential General Litigation

The Company may become party to litigation from time to time in the ordinary course of business which could adversely affect its business. Should any litigation in which the Company become involved be determined against the Company, such a decision could adversely affect the Company's ability to continue operating and the market price for the Company's common shares and could use significant resources. Even if the Company is involved in litigation and wins, litigation can redirect significant company resources.

(xv) Potential Product recalls

Manufacturers and distributors of products are sometimes subject to the recall or return of their products for a variety of reasons, including product defects, such as contamination, unintended harmful side effects or interactions with other substances, packaging safety and inadequate or inaccurate labeling disclosure. If any of Maricann's products are recalled due to an alleged product defect or for any other reason, Maricann could be required to incur the unexpected expense of the recall and any legal proceedings that might arise in connection with the recall. Maricann may lose a significant amount of sales and may not be able to replace those sales at an acceptable margin or at all. In addition, a product recall may require significant management attention.

Although the Company has detailed procedures in place for testing finished products, there can be no assurance that any quality, potency or contamination problems will be detected in time to avoid unforeseen product recalls, regulatory action or lawsuits. Additional if one of the Company's significant brands were subject to recall, the image of that brand and the Company could be harmed. A recall for any one of the foregoing reasons could lead to decreased demand for the Company's products and could have a material adverse effect on the results of operations and financial condition of the Company. Additionally, product recalls may lead to increased scrutiny of Maricann's operations by Health Canada or other regulatory agencies, requiring further management attention and potential legal fees and other expenses.

(xvi) Reliance on the Main Facility

The Company's activities and resources have been primarily focused on its main facility in Langton, Ontario and this is expected to continue for the foreseeable future. Adverse changes or developments affecting the facility could have a material adverse effect on the Company's business, financial condition and prospects.

(xvii) Management of Growth

The Company may be subject to growth related risks including capacity constraints and pressure on its internal systems and controls. The ability of the Company to manage growth effectively will require it to continue to implement and improve its operational and financial systems and to expand, train and manage its employee base. If the Company is unable to deal with this growth, that may have a material adverse effect on the Company's business, financial condition, results of operation and prospects.

Company Outlook

The Company continues to expand both revenue and production, increasing capacity to supply the growing medical market in Canada. Additionally, with the advent of recreational cannabis in Canada, as promised by the current Liberal government, the outlook for the company is bright, as one of few federally licensed producers with the capability to expand significantly on its 100 acre Langton, Ontario land package. The company expects that its new lines of products, along with expanded marketing efforts will result in 200% year on year growth again in 2017.

Critical Accounting Estimates

The Company's significant accounting policies under IFRS are contained in the Statements (refer to Note 3 to the Annual Financial Statements and Note 2 to the Interim Financial Statements). Certain of these policies involve critical accounting estimates as they require management to make particularly subjective or complex judgments, estimates and assumptions about matters that are inherently uncertain and because of the likelihood that materially different amounts could be reported under different conditions or using different assumptions.

Changes in Accounting Policies

(i) New standards, interpretations and amendments effective for the period

The following amendments to standards were effective for annual periods beginning on or after January 1, 2016:

Amendments to IAS 1 - Financial Statement Presentation ["IAS 1"]

The IASB has published 'Disclosure Initiative (Amendments to IAS 1). The amendments aim at clarifying IAS 1 to address perceived impediments to preparers exercising their judgment in presenting their financial reports. Adoption of these amendments did not have any impact on the Company's Interim Financial Statements.

Amendments to IAS 41 – Agriculture and IAS 16 – Property, plant and equipment ["IAS 41" and "IAS 16"]

This amendment provides guidance regarding the accounting for bearer plants by providing a definition of bearer plants and brings bearer plants within the scope of IAS 16 from IAS 41. Adoption of these amendments did not have any impact on the Company's Interim Financial Statements.

Amendments to IAS 16 and IAS 38 - Clarification of Acceptable Methods of Depreciation and Amortization ["IAS 16" and "IAS 38"]

The amendments clarify the principle in IAS 16 and IAS 38 that revenue reflects a pattern of economic benefits that are generated from operating a business (of which the asset is part) rather than the economic benefits that are consumed through use of the asset. As a result, a revenue-based method cannot be used to depreciate property, plant and equipment and may only be used in very limited circumstances to amortize intangible assets.
Adoption of these amendments did not have any impact on the Company's Interim Financial Statements.

(ii) New standards, interpretations and amendments effective not yet adopted

The following new standards or amendments have been issued but are not yet effective for the three and nine months ended September 30, 2016 and accordingly, have not been adopted by the Company:

IFRS 9 Financial Instruments: Classification and Measurement ["IFRS 9"]

In July 2014, the IASB issued the final version of IFRS 9 which reflects all phases of the financial instruments project and replaces IAS 39 Financial Instruments: Recognition and Measurement and all previous versions of IFRS 9. The standard, Financial Instruments: Recognition and Measurement, introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory. Early application of previous versions of IFRS 9 (2009, 2010 and 2013) is permitted if the date of initial application is before February 1, 2015. The Company is in the process of evaluating the impact of IFRS 9 on the Company's financial statements.

IFRS 15 Revenue from Contracts with Customers ["IFRS 15"]

In May 2014, the IASB issued IFRS 15, which covers principles for reporting about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. The core principle of the new standard is that an entity recognizes revenue to represent the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard also provides a model for the recognition and measurement of gains or losses from sale of non-financial assets. IFRS 15 is effective for annual periods beginning on or after January 1, 2018. The standard permits the use of either full or modified retrospective application. This new accounting guidance will also result in enhanced disclosures about revenue. The Company is evaluating the effect that IFRS 15 will have on its financial statements, and related disclosures, as well as the transition method to apply the new standard.

IFRS 16 – Leases ["IFRS 16"]

In January 2016, the IASB issued IFRS 16, which specifies how an IFRS reporter will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17. IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019, and a lessee shall either apply IFRS 16 with full retrospective effect or alternatively not restate comparative information but recognize the cumulative effect of initially applying IFRS 16 as an adjustment to opening equity at the date of initial application. Early adoption is permitted if IFRS 15 has also been adopted. The Company is in the process of evaluating the impact of IFRS 16 on the Company's financial statements.

IAS 7 – Statement of cash flow ["IAS 7"]

IAS 7 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company is in the process of evaluating the amendments to IAS 7 on the Company's financial statements.

IAS 12 – Income Taxes ["IAS 12"]

IAS 12 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company does not expect the adoption of this standard to have a significant impact on the Company's disclosures as it does not have any debt instruments that is measured at fair value.

IFRS 2 – Share based payments [IFRS 2"]

IFRS 2 has been amended to address (i) certain issues related to the accounting for cash settled awards, and (ii) the accounting for equity settled awards that include a "net settlement" feature in respect of employee withholding taxes. IFRS 2 is effective for annual periods beginning on or after January 1, 2018. The Company is in the process of evaluating the amendments to IFRS 2 on the Company's financial statements.

Subsequent Events

(i) On November 18, 2016, the Company completed a capital raising for $3,148,704 by issuing 4,618,604 common shares of the Company at $0.68 per share.

(ii) On December 15, 2016, the Company entered into a binding letter agreement (the "Letter Agreement") with Danbel Ventures Inc. ("Danbel), for Danbel to acquire a 100% interest in Maricann which will constitute a reverse takeover of Danbel by the shareholders of the Company (the "Transaction'). Maricann intends to then apply for a concurrent listing of the Resulting Issuer's common shares on the Canadian Stock Exchange.

At the same time, the Company completed a $22,500,000 financing by issuing 22,500 units (the "Units"), each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 (a "Debenture") and 500 common share purchase warrants (the "Warrants). Immediately prior to the completion of the Transaction, the principal amount of the Debentures will be converted into common shares of the Company at a conversion price of $1.00 per share and be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the resulting Issuer at an exercise price of $1.25 per share for a period of two years from the Listing Date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceed $1.90.

As consideration for their services, the Agent of the Transaction was issued 900,000 compensation options (the "Compensation Options"). Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the listing date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder of the warrant to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date.

(iii) On March 3, 2017, the Company completed a raise of $10,000,000 by issuing 3,508,772 common shares of the Company at $2.85 per share

Internal Control over Financial Reporting

Internal control over financial reporting ("ICFR") is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable IFRS. Internal control over financial reporting should include those policies and procedures that establish the following:

- maintenance of records in reasonable detail, that accurately and fairly reflect the transactions and dispositions of assets;
- reasonable assurance that transactions are recorded as necessary to permit preparation of financial

statements in accordance with applicable IFRS;

- receipts and expenditures are only being made in accordance with authorizations of management or the Board of Directors; and
- reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial instruments.

The Company's management, with the participation of the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), assessed the effectiveness of the Company's internal controls over financial reporting and concluded that as at September 30, 2016, the Company's internal control over financial reporting was effective.

During the three and nine months ended September 30, 2016, the Company did not make any significant changes to its internal controls over financial reporting that would have materially affected, or reasonably likely to materially affect, its internal controls over financial reporting.

Limitations of Disclosure Controls and Procedures and Internal Control over Financial Reporting

The Company's management, including the CEO and CFO, believe that due to inherent limitations, any disclosure controls and procedures or internal control over financial reporting, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that any design will not succeed in achieving its stated goals under all potential future conditions. Accordingly, because of the inherent limitations in a cost effective control system, misstatements due to error or fraud may occur and not be detected. Additionally, management is required to use judgment in evaluating controls and procedures.

Maricann Inc.

Management's Discussion and Analysis of Financial Condition and Results of Operations

For the Year Ended December 31, 2015

The following is the Management's Discussion and Analysis ("MD&A") of the financial condition and results of operations of Maricann Inc. ("Maricann" or the "Company") for the year ended December 31, 2015, with comparatives as at December 31, 2014. Throughout this MD&A, unless otherwise specified, "Maricann", "the Company", "we", "us" or "our" refer to Maricann Inc. The Company was incorporated in Ontario and is domiciled in Canada and the Company's registered office is located at 150 8th Concession Road, Langton, Ontario.

This MD&A should be read in conjunction with the audited financial statements of the Company and notes thereto for the year ended December 31, 2015 (the "Financial Statements"). The Financial Statements have been prepared by management in accordance with generally accepted accounting principles in Canada ("GAAP"), as set out in the Chartered Professional Accountant of Canada Handbook – Accounting ("CPA Handbook") which incorporates International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). IFRS requires management to make certain judgments, estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the amount of revenue and expenses incurred during the reporting period. The results of operations for the periods reflected herein are not necessarily indicative of results that may be expected for future periods.

All amounts in the MD&A are expressed in Canadian dollars, unless otherwise noted.

The effective date of the MD&A is March 31, 2017.

CAUTION CONCERNING FORWARD-LOOKING STATEMENTS

Certain statements in this MD&A may contain "forward-looking information," within the meaning of applicable securities laws, including the "safe harbour provisions" of the Securities Act (Ontario) with respect to Maricann. Such statements include, but are not limited to, statements with respect to expectations, projections, or other characterizations of future events or circumstances, and our objectives, goals, strategies, beliefs, intentions, plans, estimates, projections and outlook, including statements relating to our plans and objectives, or estimates or predictions of actions of customers, suppliers, competitors or regulatory authorities. These statements are subject to certain risks, assumptions and uncertainties that could cause actual results to differ materially from those included in the forward-looking statements. The words "believe", "plan", "intend", "estimate", "expect", or "anticipate", and similar expressions, as well as future or conditional verbs such as "will", "should", "would", and "could" often identify forward-looking statements. We have based these forward-looking statements on our current views with respect to future events and financial performance. With respect to forward looking statements contained in this MD&A, the Company has made assumptions and applied certain factors regarding, among other things: future cannabis pricing; cannabis production yields; costs of inputs; its ability to market products successfully to its anticipated clients; reliance on key personnel; the regulatory requirements; the application of federal and provincial environmental laws; and the impact of increasing competition.

These forward-looking statements are also subject to the risks and uncertainties discussed in the "Risks Factors" section and elsewhere in this MD&A and other risks detailed from time to time in the publicly filed disclosure documents of the Company which are available at www.sedar.com. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties, and assumptions which could cause actual results to differ materially from the conclusions, forecasts, or projections anticipated in these forward-looking statements. Because of these risks, uncertainties, and assumptions, the reader should not place undue

reliance on these forward looking statements. The Company's forward-looking statements are made only as of the date of this MD&A, and except as required by applicable law, Maricann undertakes no obligation to update or revise these forward-looking statements to reflect new information, future events or circumstances.

OVERVIEW OF THE COMPANY

Company Background

Maricann Inc. is a Company incorporated under the laws of the Province of Ontario and a licensed marijuana producer under the *Access to Cannabis for Medical Purposes Regulation* (the "ACMPR"). Maricann received its first license from Health Canada under the *Marijuana for Medical Purposes Regulations* ("MMPR") on March 27, 2014 (the "License") and began production and commenced sales of medical cannabis in December 2014 and cannabis oil production and sales in May of 2016 and October of 2016, respectively. The Company received an updated license under the ACMPR on March 29, 2017 which expires on September 28, 2018. It is anticipated that Health Canada will continue to renew the License.

As of the date hereof, the License is one of 38 licenses issued by Health Canada under the ACMPR for all of Canada, and one of 23 licenses issued for Ontario. Of the 38 licenses issued for all of Canada, the License is one of 27 licenses permitted to produce and sell marijuana, one of 18 licenses permitted to produce and sell cannabis oil, and one of 5 licenses to produce and sell cannabis starting materials, including seeds and clones. Management believes that the Company benefits from a number of competitive advantages which will allow it to be strategically positioned for future developments in the industry.

Since commencing operations at its main facility located at 150 8th Concession Road, Langton, Ontario in April 2013, the Company has continued to expand production of the main facility. The Company also recently acquired 97.5 acres of property adjacent to the main facility to strategically support further expansion.

Pursuant to the License, the Company is permitted to possess, produce, sell, ship, transport, deliver and destroy dried medical marijuana, marijuana plants (including plants and seeds), cannabis resin and cannabis oil.

Company Products

The Company currently offers two main types of products: dried marijuana and cannabis oil. All of the Company's products are independently lab tested and certified before being packaged and labelled with detailed information about the levels of Tetrahydrocannabinol ("THC") and Cannabidol ("CBD") within each product.

THC is one of the cannabinoids found in the cannabis plant and is responsible for the majority of the plant's psychoactive properties. THC is the most desirable element of the plant by the majority of consumers. Studies have demonstrated that THC may have medical benefits, including analgesic properties and its tendency to increase appetite. CBD is gaining popularity as a therapeutic cannabinoid for a variety of diseases, such as autism, epilepsy, and other nerve related conditions.

Nearly all modern cannabis strains are hybridized in some form or another, traditionally cannabis has been separated into Sativa and Indica or the in-between ("hybrid") options.

(i) Dried Marijuana

(iii) Accessories

The Company also offers a number of accessories including vaporizers, grinders and other paraphernalia.

For additional information on product offerings please visit the Company's website at www.Maricann.ca.

Company Developments

(i) Finance raising

On March 3, 2017, the Company completed a raise of $10,000,000 by issuing 3,510,585 common shares of the Company at $2.85 per share.

(ii) Reverse Takeover and $22.5M Convertible Debenture Issuance

On December 15, 2016, the Company entered into a binding letter agreement (the "Letter Agreement") with Danbel Ventures Inc. ("Danbel), for Danbel to acquire a 100% interest in Maricann which will constitute a reverse takeover of Danbel by the shareholders of the Company (the "Transaction'). Maricann intends to then apply for a concurrent listing of the Resulting Issuer's common shares on the Canadian Securities Exchange ("CSE").

At the same time, the Company completed a $22,500,000 financing by issuing 22,500 units (the "Units"), each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 (a

"Debenture") and 500 common share purchase warrants (the "Warrants). Immediately prior to the completion of the Transaction, the principal amount of the Debentures will be converted into common shares of the Company at a conversion price of $1.00 per share and be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceed $1.90.

As partial consideration for their services, the Agent of the Transaction was issued 900,000 compensation options (the "Compensation Options"). Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the Listing Date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder of the warrant to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the Listing Date.

(iii) Finance Raising

On November 18, 2016, the Company completed a capital raising for $3,148,704 by issuing 4,618,604 common shares of the Company at $0.68 per share.

(iv) License Renewal

Effective March 29, 2017, Health Canada renewed the License to September 28, 2018 and is expected to extend the License at the end of its current term. The License currently allows the Company to, among other things, produce up to 930 kilograms ("kgs"), 352 kgs, and 30 kgs of dried marijuana, cannabis oil and cannabis resin, respectively, per year and to sell and distribute within Canada up to 930 kgs, 352 kgs, 30 kgs and 10,001 kgs of dried marijuana, cannabis oil, cannabis resin and marijuana plants respectively, per year.

(v) Common share stock split

On December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and earnings per share information have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.

(vi) Regulatory Changes

In 2001, the Government of Canada introduced a regulatory regime, the *Medical Marihuana Access Regulations ("MMAR"),* governing access of patients to marijuana for medical purposes. In June 2013, Health Canada replaced the MMAR with the MMPR which permitted companies to apply as a Licensed Producer of medical marijuana. On August 24, 2016, the ACMP replaced the MMPR as the governing regulations in respect of the production, sale and distribution of medical cannabis and cannabis oil. The ACMPR effectively combines the regulations and requirements of the MMPR, the Marihuana Medical Access Regulations and the section 56 exemptions relating to cannabis oil under the Controlled Drugs and Substances Act into one set of regulations. The Company's latest license renewal was completed under the ACMPR, dated March 29, 2017.

(vii) Promissory Notes, Mortgage Facility and Commercial Term Loan and Line of Credit

During March and August, 2016, the Company entered into three separate promissory notes for the principal amounts of $420,000, $100,000, and $400,000 respectively (collectively the "Promissory Notes"). The

Promissory Notes mature on November 2, 2016 with interest being accrued a fixed rate of 10.0% per annum. The Promissory Notes include a mandatory prepayment clause requiring prepayment of the outstanding principal amount and all accrued and unpaid interest upon completion of any share subscription transaction pursuant to which the Company raises not less than $3M in equity and the Lenders per the Commercial Term Loan and the Line of Credit (see below) and the Mortgage (see below) (collectively the "Lenders") have released the Holders of the Promissory Notes of their subordination and postponement obligations in favor of the Lenders or has otherwise consented to such Mandatory Prepayment. The Company also has a prepayment option providing it with the option to repay the principal amount outstanding on the Promissory Notes without notice, bonus or penalty provided that each repayment of principal is accompanied by payment of interest accrued and unpaid. At the date of this MD&A, and in accordance with the terms, the promissory notes have been paid in full.

During February 2016, the Company entered into a $765,375, fixed rate mortgage facility (the "Mortgage") with a Canadian based lender to assist with the purchase of 138 – 8th Concession Road, Langton, Ontario being a 97.5 acre parcel of land located adjacent to the Company's registered office, over which the mortgage facility is secured. Interest on the mortgage facility is accrued monthly at a one-year, fixed rate of 5.5%.

During January 2016, the Company secured a $2,000,000 commercial line of credit (the "line of credit") with a Canadian based lender for a term of one year. Interest is accrued on the daily closing balance outstanding on the line of credit calculated at 5.5% per annum, being the lenders base lending rate minus 0.75%, and is payable monthly. The line of credit may be repaid in whole or part at any time without penalty to the Company.

During January 2016, the Company secured a $2,000,000 commercial term loan with a Canadian based lender for a term of one year. The commercial term loan is subject to an interest rate of 5.5% per annum and matures on January 15, 2017.

Company Outlook and Strategy

World Class Innovation and Scale

We bring experience, innovation and scale together, replicating genetically stable plants in our world-class growing facility. Working in collaboration with Evolab – a global leader in extraction technologies – we use innovative processes in producing all-natural cannabis plants and products for our North American customers. As well, our future 1 MM square foot Dresden-based facility – ideal for cannabis cultivation – gives us access to Germany's newly created and expected to expand cannabis market. Currently, Maricann is expanding its cultivation operations by constructing a 203,500 sqft. facility in Langton on its wholly owned property, allowing the company the ability to produce an additional 10,400 kg of product per year for the Canadian market.

Leveraging scale allows us to grow more for less: we're on track to meet our cost objective of less than $1. 34 per gram produced, making us among the lowest-cost producers in the country.

Growing Green with Green

Energy efficiency is at the core of everything we do. From producing on-site, natural gas co-generation electricity to gathering rainwater from our roofs, we drive energy efficiencies throughout our production processes to save time and money.

Growing under glass – through high-efficiency windows – means we harness solar energy with the full colour spectrum of the sun. This lowers our carbon footprint, while increasing our yield. We also use CO2 to heat our

water and floors, and we pump CO2 back into our greenhouses where it acts as a natural booster to our growth cycle. We grow cleaner and larger plants though this method.

Being so energy efficient allows us to be a low-cost, high-quality producer in a market that rarely sees that combination.

Significant Expansion since 2013

In 2013, we acquired an established, 8,000 square foot growing operation in Langton, Ontario, an agricultural community located in one of Canada's most arable regions.

We quickly ramped up that facility in size, output and onsite security in building a 30,000 square foot, high-efficiency growing facility. We are currently expanding that to more than 200,000 square feet by the fall of 2017. This increased capacity means our sales are expected to at least double in 2018 over 2017 and prior years, and our production is expected to more than triple.

With plans to be publicly traded in 2017, MariCann is becoming one of the world's leading vertically integrated cannabis companies.

Review of Operations for the Years ended December 31, 2015 and 2014

Revenues

Revenues for the twelve months ended December 31, 2015 were $1,971,810 as compared to $443 in the same period of 2014. Revenue consisted solely of the sale of dried medical cannabis. Total product sold for the period was 315 kilograms (90 grams in 2014) at an average selling price of $6.57 per gram. The Company received its license from Health Canada to sell medical cannabis under the MMPR on December 12, 2014 and generated its first product sale on December 22, 2014. Maricann's strains were priced between $4.50 and $14

per gram, depending on the strain, with compassionate pricing set at a 20% discount off of the listed price. There was no revenue prior to December 2014.

Net cost of sales

Included in net cost of sales are the net change in fair value of biological assets, inventory expensed and production costs. Biological assets consist of cannabis plants at various pre-harvest stages of growth which are recorded at fair value less costs to sell at the point of harvest. Cost to sell include shipping, processing and sales related costs. At harvest, the biological assets are transferred to inventory at their fair value which becomes the deemed cost for inventory. Inventory is later expensed to cost of sales when sold. Direct production costs are expensed through cost of sales. Net cost of sales for the period ended December 31, 2015 and 2014 were $1,473,227 and $45,597, respectively, and includes a recovery relating to the unrealized gain on changes in the fair value of biological assets of $698,738 and $471,075 during those same respective periods.

We expect net cost of sales to vary from year to year based on the number of pre-harvest plants, the strains being grown, and where the pre-harvest plants are in the grow cycle at the end of the year.

Gross profit

Gross profit was $498,583 for the year ended December 31, 2015 while the gross loss was $45,154 for the year ended December 31, 2014. This was primarily due to the initial build-up of plants in production as the Company focuses its efforts on increasing product inventories and strains available for its growing number of registered patients. As at December 31, 2015, Maricann had over 1,767 registered patients since its first product sale less than 13 months earlier. During the prior period, the Company generated nominal revenue from operations as the Company had only just commenced sales of medical cannabis.

Expenses

General and administrative

General and administrative expenses were $2,772,695 and $1,186,107 for the year ended December 31, 2015 and 2014 respectively. The increase year over year represents the company's efforts to bring more labour and talent into the company, increased travel, increased maintenance costs as well as other overhead associated with the growth including contactors, professional fees and increased site security.

Sales and marketing

Sales and Marketing expenses increased to $795,937 for the year ended December 31, 2015 from $711,007 the prior year. Sales and marketing expenses consisted mainly of promotional material costs, shipping expenses and the costs associated with the hiring of a full time medical director.

Share-based compensation

Share based compensation of $33,599 (2014: $nil) related primarily to a stock options granted in the year to a few key employees and critical and strategic partner.

Depreciation

Depreciation expense was $443,004 for the year ended December 31, 2015 compared to $178,906 during the same period in 2014. The increase was the result of the addition of new greenhouse space and increased

capacity in the processing facility.

Net Loss and comprehensive loss

Net loss and comprehensive loss were $3,596,585 and $2,135,985 for the years ended December 31, 2015 and 2014 respectively. Given that we are a start-up company in a growth phase, it was expected that it would not generate net income in its early years. The need to invest in both human capital as well as having higher operations costs in keeping pace with the quickly growing revenues has been essential to ensure that the current and, potentially more importantly, future market opportunity can be capitalized upon.

Loss per Share

Basic loss per share is calculated by dividing the net loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted loss per share is calculated by adjusting the earnings and number of shares for the effects of dilutive options and other potentially dilutive securities. The weighted average number of common shares used as the denominator in calculating diluted loss per share excludes un-issued common shares related to stock options as they are anti-dilutive. Basic and diluted loss per share for the year ended December 31, 2015 was $0.10 per share as compared to $0.08 per share for the year ended December 31, 2014.

Total Assets

Total assets decreased to $5,347,167 as at December 31, 2015 from $6,664,681 as at December 31, 2014. The decrease is the result of a number of offsetting elements. Property, plant and equipment increased 54% from $2,775,091 to $4,278,740. The majority of this increase related to upgrades/expansion to the growing and processing facilities. This was offset by the fact that a large receivable of $3,163,955, relating to share subscriptions, was collected and that cash used to support operations and expansion.

Total Liabilities

Total liabilities as at December 31, 2015 were $5,282,976 as compared to $3,224,367 as at December 31, 204. This increase relates to an increase in the loan balance as well as an increase in accounts payable, both attributable to the substantial operational and capital costs associated with growing the company's capacity and operational workforce

Liquidity and Capital Resources

For the year ended December 31, 2015, the Company generated revenues of $1,971,810 from operations and has financed its operations and met its capital requirements primarily through shareholder debt and equity financings. The Company's objectives when managing its liquidity and capital resources are to generate sufficient cash to fund the Company's operating and working capital requirements. During the year, the Company completed collected equity subscription funding of $3,163,955 as well as additional shareholder loans of $450,000 to meet its current and anticipated future obligations.

As at December 31, 2015, the Company had a working capital deficiency of $4,127,220 compared to a working capital surplus of $645,223 at December 31, 2014. The decrease in working capital of $4,772,443 was primarily attributable to the collection and subsequent use of the funds provided by the subscriptions, an increase in the shareholder loans and accounts payable relating to the first full year of operations including sales.

Subsequent to December 31, 2015, the Company has significantly strengthened its balance sheet and liquidity position with over $35 million in new financings as further described in "Company Developments" above. The Company anticipates that it has sufficient liquidity and capital resources to meet all its planned expenditures for

the next twelve months.

Operating Activities
For the year ended December 31, 2015, cash flow used in operating activities was $2,320,531 compared to $2,037,653 for the year ended December 31, 2014. While fairly consistent with the prior year, the increase in cash flow used in operations of $282,878 was due to a number of partially offsetting items including, most notably, an increase in the net loss from operations of $1,460,600 offset by increases in non-cash items of $587,154 (largest contributor being unrealized gain from changes in fair value of biological assets offset by share based compensation to non-employees and depreciation). The increase in the net loss and non-cash items was also offset by the increase in changes in non-cash working capital of $1,607,545 when compared to the prior year.

Investing Activities
For the year ended December 31, 2015, the Company had used cash of $1,317,262 related to investing activities as compared to $2,809,790 for the year ended December 31, 2014. Investing activities during the year relate to building and other facility upgrade and the purchase of production equipment, computers and furniture. Investing activities during the prior year were related primarily to building and facility upgrades.

Financing Activities
Cash flows provided by financing activities for the year ended December 31, 2015 were $3,595,885 compared to $4,629,785 for the year ended December 31, 2014. During the year, the Company raised aggregate cash proceeds of $4,363,955 as follows:

- Private placement of units for net proceeds of $3,163,955; and
- Shareholder loans of $1,200,000 in Q3 and Q4

This was offset by a repayment of $750,000 of shareholder loans in Q1 2015

See a full disclosure on these financings under “Company Developments”

Share Capital
The authorized share capital of the Company is an unlimited number of common shares without par value. All issued shares, consisting only of common shares, are fully paid.

Common Share Stock split
On December 7, 2016, the Directors of the Company authorized a 305.1:1 stock split of its common stock. All share, option and earnings per share information in this MD&A have been retroactively adjusted to reflect the increase in the number of common shares and options from the stock split.

Capital Expenditures

The company has been taking a phased approach to capital expansion since January 2015. Expenditures have been managed based on the available cash resources. During 2015, two new greenhouses were built along with critical and efficiency based upgrades to the existing growing and processing facilities. Additional upgrades were also completed during Q3 & Q4 2016. The company embarked on its most substantial facility expansion to date in December 2016. With an expected completion date in Q4 2017, an additional approximately 202,000 square feet of growing and processing space will complement the current footprint. This facility is expected to have a capacity of approximately 10,000,000 grams (10,000 kgs) when complete and fully operational.

Commitments and Contingent Liabilities

Contingent Liabilities

The Company recognizes loss contingency provisions for probable losses when management is able to reasonably estimate the loss. When the estimated loss lies within a range, the Company records a loss contingency provision based on its best estimate of the probable loss. If no particular amount within that range is a better estimate than any other amount, the minimum amount is recorded. As information becomes known a loss contingency provision is recorded when a reasonable estimate can be made. The estimates are reviewed at each reporting date and the estimates are changed when expectations are revised. An outcome that deviates from the Company's estimate may result in an additional expense or release in a future accounting period.

As at December 31, 2015 and 2014, the Company has not recognized any contingent liabilities.

Commitments

The Company has production facilities under operating lease arrangements until fiscal 2018. The Company has the right under the lease arrangement to extend the leases by another five years. The following table presents the minimum payments due over the next four years until the termination of the leasing arrangement.

	$
2016	75,000
2017	75,000
2018	62,500
	212,500

Off-Balance Sheet Arrangements

Maricann has no off-balance sheet arrangements except for the commitments shown above.

Transactions with Related Parties

Until termination of the arrangement in 2015, an executive of the Company had been providing labour to the Company through an affiliated company. The amount expensed for the year ended December 31, 2015 was $NIL [2014 – $478,993, period ended 2013 - $52,994]. As at December 31, 2015, the amount owed to this affiliated company was $NIL [2014 – $12,656].

Other than the above, the Company had no further transactions with related parties except those pertaining to transactions with key management personnel in the ordinary course of their employment or directorship.

Risk Factors

The Company has implemented Risk Management Governance Processes that are led by the Board of Directors, with the active participation of management, and updates its assessment of its business risks on an annual basis. Notwithstanding, it is possible that the Company may not be able to foresee all of the risks that it may have to face. The market in which Maricann currently competes is complex, competitive and changes rapidly. Sometimes new risks emerge and management may not be able to predict all of them, or be able to predict how they may cause actual results to be different from those contained in forward looking statements. Readers of this MD&A should not rely upon forward looking statements as a prediction of future results.

The following risk factors have been identified by Management:

Financial Risk Factors

The Company is exposed to credit risk through its cash and cash equivalents. The Company is exposed to liquidity risk in meetings is contractual obligations associated with financial liabilities as they become due.

Refer to the notes to the financial statements for more information on the impact of financial risks.

Other Risk Factors

(i) General Business Risk and Liability

Given the nature of the Company's business, it may from time to time be subject to claims or complaints from investors or others in the normal course of business. The legal risks facing the Company, its directors, officers, employees or agents in this respect include potential liability for violations of securities laws, breach of fiduciary duty or misuse of investors' funds. Some violations of securities laws and breach of fiduciary duty could result in civil liability, fines, sanctions, or the suspension or revocation of the Company's right to carry on its existing business. The Company may incur significant costs in connection with such potential liabilities.

(ii) Regulation of the Marijuana Industry

The business and activities of the Company are heavily regulated in all jurisdictions where it carries on business. The Company's operations are subject to various laws, regulations and guidelines by governmental authorities, particularly Health Canada, relating to the manufacture, marketing, management, transportation, storage, sale, pricing and disposal of medical marijuana and cannabis oil, and also including laws and regulations relating to health and safety, insurance coverage, the conduct of operations and the protection of the environment. Laws and regulations, applied generally, grant government agencies and self-regulatory bodies broad administrative discretion over the activities of the Company, including the power to limit or restrict business activities as well as impose additional disclosure requirements on the Company's products and services. Achievement of the Company's business objectives are contingent, in part, upon compliance with regulatory requirements enacted by these governmental authorities and obtaining all regulatory approvals, where necessary, for the production and sale of its products. The Company cannot predict the time required to secure all appropriate regulatory approvals for its products, or the extent of testing and documentation that may be required by governmental authorities. Any delays in obtaining, or failure to obtain regulatory approvals would significantly delay the development of markets and products and could have a material adverse effect on the business, results of operations and financial condition of the Company.

Failure to comply with the laws and regulations applicable to its operations may lead to possible sanctions including the revocation or imposition of additional conditions on licenses to operate the Company's business, the suspension or expulsion from a particular market or jurisdiction or of its key personnel, and the imposition of fines and censures. To the extent that there are changes to the existing laws and regulations or the enactment of future laws and regulations that affect the sale or offering of the Company's products or services in any way, this could have a material adverse effect on the business, results of operations and financial condition of the Company.

(iii) Changes in Laws, Regulations and Other Guidelines

The Company's operations are subject to a variety of laws, regulations, and guidelines relating to the marketing, acquisition, manufacture, management, transportation, storage, sale and disposal of medical marijuana but also including laws and regulations relating to health and safety, insurance coverage, the conduct of operations and

the protection of the environment. While the Company is currently in compliance with all such laws, regulations and guidelines, any changes due to matters on such laws and regulations beyond the control of the Company could have a material adverse effect on the business, results of operations and financial condition of the Company.

(iv) Environmental and Employee Health and Safety Regulations

The Company's operations are subject to environmental and safety laws and regulations concerning, among other things, emissions and discharges to water, air and land, the handling and disposal of hazardous and non-hazardous materials and wastes, and employee health and safety. The Company will incur ongoing costs and obligations related to compliance with environmental and employee health and safety matters. Failure to comply with environmental and safety laws and regulations may result in additional costs for corrective measures, penalties or restrictions on our manufacturing operations. In addition, changes in environmental, employee health and safety or other laws, more vigorous enforcement thereof or other unanticipated events could require extensive changes to the Company's operations or give rise to material liabilities, which could have a material adverse effect on the business, results of operations and financial condition of the Company.

(v) Reliance on License Renewal

The Company's business is dependent on the License from Health Canada and the need to maintain the License in good standing. Failure to comply with the requirements of the License or any failure to maintain the License would have a material adverse impact on the business, financial condition and operating results of the Company. The license was renewed March 29, 2017 and expires September 28, 2018. Although management believes it will meet the requirements of the ACMPR annually for extension of the License, there can be no guarantee that Health Canada will extend or renew the License or, if it is extended or renewed, that it will be extended or renewed on the same or similar terms. Should Health Canada not extend or renew the License, or should it renew the License on different terms or not allow for anticipated capacity increases, the business, financial condition and results of the operations of the Company will be materially adversely affected.

(vi) Dependence on Senior Management

The success of the Company is dependent upon the contributions of senior management. The loss of any of these individuals, or an inability to attract, retain and motivate sufficient members of qualified senior management personnel could adversely affect its business. This risk is partially mitigated by the fact that the senior management team are significant shareholders in the Company. As well, implementation of employee compensation packages composed of monetary short-term compensation and long-term stock based compensation has been designed, in part, for the retention of senior management personnel.

(vii) Competition in the Industry

There is potential that the Company will face intense competition from other companies, some of which can be expected to have more financial resources, industry, manufacturing and marketing experience than the Company. Because of the early stage of the industry in which Maricann operates, the Company expects to face additional competition from new entrants. If the number of users of medical marijuana in Canada increases, the demand for products will increase and the Company expects that competition will become more intense, as current and future competitors begin to offer an increasing number of diversified products and pricing strategies.

There is also the potential that the industry will undergo consolidation, creating larger companies that may have increased geographic scope. Increased competition by larger, better-financed competitors with geographic advantages could materially and adversely affect the business, financial condition and results of operations of the Company.

(viii) Risks Inherent in the Agricultural Business

The Company's business involves the growing of medical marijuana, which is an agricultural product. As such, the business is subject to the risks inherent in the agricultural business, such as pests, plant diseases and similar agricultural risks. Although the Company grows its products indoors under climate controlled conditions, and carefully monitors the growing conditions with trained personnel, there can be no assurance that natural elements will not have a material adverse effect on the production of its products and results of operations of the Company.

(ix) Restrictions on Sales and Marketing

The industry is in its early development stage and restrictions on sales and marketing activities imposed by Health Canada, various medical associations, other governmental or quasi-governmental bodies or voluntary industry associations may adversely affect the Company's ability to conduct sales and marketing activities and could have a material adverse effect on the Company's business, operating results or financial condition.

(x) Publicity or Consumer Perception

The Company believes the medical marijuana industry is highly dependent upon consumer perception regarding the safety, efficiency and quality of the medical marijuana produced. Consumer perception of the Company's products can be significantly influenced by scientific research or findings, regulatory investigations, litigation, media attention and other publicity regarding the consumption of medical marijuana products. There is no assurance that future scientific research, findings, regulatory proceedings, litigation, media attention or other research findings or publicity will be favorable to the medical marijuana market or any particular product, or consistent with earlier publicity.

Future research reports, findings, regulatory proceedings, litigation, media attention or other publicity that are perceived as less favorable than, or that question, earlier research reports, findings or publicity could have a material adverse effect on the demand for the Company's products and the business, results of operations, financial condition and the Company's cash flows. The Company's dependence upon consumer perceptions means that adverse scientific research reports, findings, regulatory proceedings, litigation, media attention or other publicity, whether or not accurate or with merit, could have a material adverse effect on the Company, the demand for the Company's products, and the business, results of operations, financial condition and cash flows of the Company.

Further, adverse publicity reports or other media attention regarding the safety, efficacy and quality of medical marijuana in general, or the Company's product specifically, or associating the consumption of medical marijuana with illness or other negative effects or events, could have such a material adverse effect. Such adverse publicity reports or other media attention could arise even if the adverse effects associated with such products resulted from consumers' failure to consume such products appropriately or as directed.

(xi) Reliance on Key Business Inputs

The Company's business is dependent on a number of key inputs and their related costs including raw materials and supplies related to its growing operations as well as electricity, water, and other utilities. Any significant interruption or negative change in the availability or economics of the supply chain for key inputs (e. g. rising energy costs) could materially impact the business, financial condition, and operating results of the Company. Any ability to secure required supplies and services or to do so on appropriate terms could also have a materially adverse opinion impact on the business, financial condition, and operating results of the Company.

(xii) Sufficiency of Insurance

The Company maintains various types of insurance which may include product liability insurance (see "Potential Product Liability" below), errors and omission insurance, directors', trustees' insurance, property coverage, and, general commercial insurance. There is no assurance that claims will not exceed the limits of available coverage, that any insurer will remain solvent or willing to continue providing insurance coverage will sufficient limits or at a reasonable cost; or, that any insurer will not dispute coverage of certain claims due to ambiguities in the policies. A judgment against any member of the Company in excess of available coverage could have a material adverse effect of the Company in terms of damages awarded and the impact and reputation of the Company.

(xiii) Potential Product Liability

As a manufacturer and distributor of products designed to be ingested or inhaled by humans, the Company faces an inherent risk of exposure to product liability claims, regulatory action and litigation if its products are alleged to have caused significant loss or injury. In addition, the manufacture and sale of Maricann products involve the risk of injury or loss to consumers due to tampering by unauthorized third parties, product contamination, unauthorized use by consumers or other third parties. Previously unknown adverse reactions resulting from human consumption of the Company's products alone or in combination with other medications or substances could occur. The Company may be subject to various product liability claims, including, among others, that Maricann's products caused injury, illness or loss, include inadequate instructions for use or include inadequate warnings concerning possible side effects or interactions with other substances. A product liability claim or regulatory action against the Company could result in increased costs, could adversely affect the Company's reputation with its clients and consumers generally, and could have a material adverse effect on our results of operations and financial condition of the Company.

There can be no assurances that the Company will be able to obtain or maintain product liability insurance on acceptable terms or with adequate coverage against potential liabilities. Such insurance is expensive and may not be available in the future on acceptable terms, or at all. The inability to obtain sufficient insurance coverage on reasonable terms or to otherwise protect against potential product liability claims could prevent or inhibit the commercialization of the Company's products.

(xiv) Potential General Litigation

The Company may become party to litigation from time to time in the ordinary course of business which could adversely affect its business. Should any litigation in which the Company become involved be determined against the Company, such a decision could adversely affect the Company's ability to continue operating and the market price for the Company's common shares and could use significant resources. Even if the Company is involved in litigation and wins, litigation can redirect significant company resources.

(xv) Potential Product recalls

Manufacturers and distributors of products are sometimes subject to the recall or return of their products for a variety of reasons, including product defects, such as contamination, unintended harmful side effects or interactions with other substances, packaging safety and inadequate or inaccurate labeling disclosure. If any of Maricann's products are recalled due to an alleged product defect or for any other reason, Maricann could be required to incur the unexpected expense of the recall and any legal proceedings that might arise in connection with the recall. Maricann may lose a significant amount of sales and may not be able to replace those sales at an acceptable margin or at all. In addition, a product recall may require significant management attention.

Although the Company has detailed procedures in place for testing finished products, there can be no assurance that any quality, potency or contamination problems will be detected in time to avoid unforeseen product

recalls, regulatory action or lawsuits. Additional if one of the Company's significant brands were subject to recall, the image of that brand and the Company could be harmed. A recall for any one of the foregoing reasons could lead to decreased demand for the Company's products and could have a material adverse effect on the results of operations and financial condition of the Company. Additionally, product recalls may lead to increased scrutiny of Maricann's operations by Health Canada or other regulatory agencies, requiring further management attention and potential legal fees and other expenses.

(xvi) Reliance on the Main Facility

The Company's activities and resources have been primarily focused on its main facility in Langton, Ontario and this is expected to continue for the foreseeable future. Adverse changes or developments affecting the facility could have a material adverse effect on the Company's business, financial condition and prospects.

(xvii) Management of Growth

The Company may be subject to growth related risks including capacity constraints and pressure on its internal systems and controls. The ability of the Company to manage growth effectively will require it to continue to implement and improve its operational and financial systems and to expand, train and manage its employee base. If the Company is unable to deal with this growth, that may have a material adverse effect on the Company's business, financial condition, results of operation and prospects.

Company Outlook

The Company continues to expand both revenue and production, increasing capacity to supply the growing medical market in Canada. Additionally, with the advent of recreational cannabis in Canada, as promised by the current Liberal government, the outlook for the company is bright, as one of few federally licensed producers with the capability to expand significantly on its 100 acre Langton, Ontario land package. The company expects that its new lines of products, along with expanded marketing efforts will result in 100% year on year growth again in 2017.

Critical Accounting Estimates

The Company's significant accounting policies under IFRS are contained in the Financial Statements (refer to Note 3). Certain of these policies involve critical accounting estimates as they require management to make particularly subjective or complex judgments, estimates and assumptions about matters that are inherently uncertain and because of the likelihood that materially different amounts could be reported under different conditions or using different assumptions.

Changes in Accounting Policies

(i) New standards, interpretations and amendments effective for the period

The following amendments to standards were effective for annual periods beginning on or after January 1, 2015:

Amendments to IAS 41 – Agriculture and IAS 16 – Property, plant and equipment ["IAS 41" and "IAS 16"]

This amendment provides guidance regarding the accounting for bearer plants by providing a definition of bearer plants and brings bearer plants within the scope of IAS 16 from IAS 41. The amendment is effective for annual reporting periods beginning on or after January 1, 2016, and must be applied retrospectively. The

Company early adopted the amendments to IAS 41 and IAS 16 and the adoption of these amendments did not have any impact on the Company's statement of financial position or statement of net loss and comprehensive loss.

IFRS 8 - Operating Segments ["IFRS 8"]

This standard has been amended to require [i] disclosure of judgments made by a company's management in aggregating segments, and [ii] a reconciliation of segment assets to the entity's assets when segments are reported. These amendments became effective for annual periods beginning on or after July 1, 2014. The adoption of these amendments to IFRS 8 did not have any impact on the disclosures of the Company.

(ii) New standards, interpretations and amendments effective not yet adopted

The following new standards or amendments have been issued but are not yet effective for the year ended December 31, 2015 and accordingly, have not been adopted by the Company:

IFRS 9 Financial Instruments: Classification and Measurement ["IFRS 9"]

In July 2014, the IASB issued the final version of IFRS 9 which reflects all phases of the financial instruments project and replaces IAS 39 Financial Instruments: Recognition and Measurement and all previous versions of IFRS 9. The standard, Financial Instruments: Recognition and Measurement, introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory. Early application of previous versions of IFRS 9 (2009, 2010 and 2013) is permitted if the date of initial application is before February 1, 2015. The Company is in the process of evaluating the impact of IFRS 9 on the Company's financial statements.

IFRS 15 Revenue from Contracts with Customers ["IFRS 15"]

In May 2014, the IASB issued IFRS 15, which covers principles for reporting about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. The core principle of the new standard is that an entity recognizes revenue to represent the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard also provides a model for the recognition and measurement of gains or losses from sale of non-financial assets. IFRS 15 is effective for annual periods beginning on or after January 1, 2017. The standard permits the use of either full or modified retrospective application. This new accounting guidance will also result in enhanced disclosures about revenue. The Company is evaluating the effect that IFRS 15 will have on its financial statements, and related disclosures, as well as the transition method to apply the new standard.

IFRS 16 – Leases ["IFRS 16"]

In January 2016, the IASB issued IFRS 16, which specifies how an IFRS reporter will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17. IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019, and a lessee shall either apply IFRS 16 with full retrospective effect or alternatively not restate comparative information but recognize the cumulative effect of initially applying IFRS 16 as an adjustment to opening equity at the date of initial application. Early adoption is permitted if IFRS 15 has also been adopted. The Company is in the process of evaluating the impact of IFRS 16 on the Company's financial statements.

Amendments to IAS 1 - Financial Statement Presentation ["IAS 1"]

The IASB has published 'Disclosure Initiative [Amendments to IAS 1]. The amendments aim at clarifying IAS 1 to address perceived impediments to preparers exercising their judgment in presenting their financial reports. They are effective for annual periods beginning on or after January 1, 2016, with earlier application permitted. Adoption of these amendments is not expected to have any impact on the Company's financial statements.

Amendments to IAS 16 and IAS 38: Clarification of Acceptable Methods of Depreciation and Amortization ["IAS 16" and "IAS 38"]

The amendments clarify the principle in IAS 16 and IAS 38 that revenue reflects a pattern of economic benefits that are generated from operating a business [of which the asset is part] rather than the economic benefits that are consumed through use of the asset. As a result, a revenue-based method cannot be used to depreciate property, plant and equipment and may only be used in very limited circumstances to amortize intangible assets. The amendments are effective prospectively for annual periods beginning on or after January 1, 2016, with early adoption permitted. These amendments are not expected to have any impact on the financial statements of the Company as the Company has not used a revenue-based method to depreciate its non-current assets.

IAS 7 – Statement of cash flow ["IAS 7"]

IAS 7 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company is in the process of evaluating the amendments to IAS 7 on the Company's financial statements.

IAS 12 – Income Taxes ["IAS 12"]

IAS 12 has been revised to incorporate amendments issued by the IASB in January 2016. The amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. The Company does not expect the adoption of this standard to have a significant impact on the Company's disclosures as it does not have any debt instruments that is measured at fair value.

IFRS 2 – Share based payments [IFRS 2"]

IFRS 2 has been amended to address (i) certain issues related to the accounting for cash settled awards, and (ii) the accounting for equity settled awards that include a "net settlement" feature in respect of employee withholding taxes. IFRS 2 is effective for annual periods beginning on or after January 1, 2018. The Company is in the process of evaluating the amendments to IFRS 2 on the Company's financial statements.

Subsequent Events

(i) In January 2016, the Company secured a $2,000,000 commercial term loan with a Canadian based lender for a term of one year. The commercial term loan is subject to an interest rate of 5.5% per annum and matures on January 15, 2017. On February 3, 2017, the commercial term loan was extend at a fixed interest rate of 6% for a period of 5 years maturing on January 15, 2022.

(ii) In January 2016, the Company secured a $2,000,000 commercial line of credit with a Canadian based lender for a term of one year. Interest is accrued on the daily closing balance outstanding on the line of credit calculated at 5.5%, being the lenders base lending rate minus 0.75%, and is payable monthly. The

line of credit may be repaid in whole or part at any time without penalty. On February 3, 2017, the commercial line of credit was extend at on terms consistent with the original agreement.

(iii) In February 2016, the Company entered into a $765,375 fixed rate mortgage facility [the "Mortgage"] with a Canadian based lender to assist with the purchase of 138 8th Concession Road, Langton, Ontario being a 97.5 acre parcel of land located adjacent to the Company's registered office over which the mortgage facility is secured. Interest on the mortgage facility is accrued monthly at a one-year, fixed rate of 5.5%. On February 3, 2017, the commercial line of credit was extend on terms consistent with the original agreement for a period of one year.

(iv) On November 18, 2016, the Company completed a capital raising for $3,148,704 by issuing 4,618,604 common shares of the Company at $0.68 per share.

(v) On December 15, 2016, the Company entered into a binding letter agreement (the "Letter Agreement") with Danbel Ventures Inc. ("Danbel), for Danbel to acquire a 100% interest in Maricann which will constitute a reverse takeover of Danbel by the shareholders of the Company (the "Transaction'). Maricann intends to then apply for a concurrent listing of the Resulting Issuer's common shares on the Canadian Securities Exchange.

At the same time, the Company completed a $22,500,000 financing by issuing 22,500 units (the "Units"), each Unit comprised of one senior unsecured convertible debenture with a principle amount of $1,000 (a "Debenture") and 500 common share purchase warrants (the "Warrants). Immediately prior to the completion of the Transaction, the principal amount of the Debentures will be converted into common shares of the Company at a conversion price of $1.00 per share and be exchanged for common shares of the Resulting Issuer pursuant to the Transaction. The Warrants will similarly be exchanged pursuant to the Transaction or will otherwise be exercisable into common shares of the resulting Issuer at an exercise price of $1.25 per share for a period of two years from the Listing Date, subject to an accelerated expiry in the event that the volume weighted average price of the Resulting Issuer's common shares for any 20 consecutive trading days equals or exceed $1.90.

As partial consideration for their services, the Agent of the Transaction was issued 900,000 compensation options (the "Compensation Options"). Each Compensation Option will be exchanged pursuant to the Transaction or will otherwise be exercisable to purchase one unit of the Resulting Issuer at an exercise price of $1.00 for a period of two years from the listing date. Each unit will be comprised of one common share and one common share purchase warrant of the Resulting Issuer, with each warrant entitling the holder of the warrant to acquire one common share of the Resulting Issuer at an exercise price of $1.25 per share for a period of two years from the listing date.

(vi) On March 3, 2017, the Company completed a raise of $10,000,000 by issuing 3,510,585 common shares of the Company at $2.85 per share

Internal Control over Financial Reporting

Internal control over financial reporting ("ICFR") is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable IFRS. Internal control over financial reporting should include those policies and procedures that establish the following:

- maintenance of records in reasonable detail, that accurately and fairly reflect the transactions and dispositions of assets;
- reasonable assurance that transactions are recorded as necessary to permit preparation of financial

statements in accordance with applicable IFRS;

- receipts and expenditures are only being made in accordance with authorizations of management or the Board of Directors; and
- reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial instruments.

The Company's management, with the participation of the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), assessed the effectiveness of the Company's internal controls over financial reporting and concluded that as at December 31, 2015, the Company's internal control over financial reporting was effective.

During the year ended December 31, 2015, the Company did not make any significant changes to its internal controls over financial reporting that would have materially affected, or reasonably likely to materially affect, its internal controls over financial reporting.

Limitations of Disclosure Controls and Procedures and Internal Control over Financial Reporting

The Company's management, including the CEO and CFO, believe that due to inherent limitations, any disclosure controls and procedures or internal control over financial reporting, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that any design will not succeed in achieving its stated goals under all potential future conditions. Accordingly, because of the inherent limitations in a cost effective control system, misstatements due to error or fraud may occur and not be detected. Additionally, management is required to use judgment in evaluating controls and procedures.
