### Purpose

The Program is aimed at:

- (i) to purchase treasury shares to service the incentive plans based on financial instruments approved by the Shareholders' Meeting from time to time. In this regard, it should be noted that the "*Performance Shares Plan 2021-2023*" approved by the Shareholders' Meeting on June 11, 2021 and the "*Incentive Plan 2022*" approved by the Shareholders' Meeting on April 28, 2022 are currently in place; as well as
- (ii) use treasury shares as consideration in extraordinary transactions, including those involving the exchange of interests with other parties, as part of transactions in the Company's interest. ### Maximum cash amount allocated to the Program and limits on consideration

price recorded by Eurotech's stock on the trading day preceding each individual purchase transaction.

**Maximum number of shares to be purchased**

The purchases will be for a maximum of 1,000,000 ordinary Eurotech shares, representing-as of today's date-2.82 percent of the share capital, well within the limits set by the Authorization.

**Program Duration.**

Purchases under the Program may begin as of September 19, 2022, and may be made until the deadline referred to in the Authorization of the Shareholder Meeting-that is, until October 28, 2023.

**Methods through which purchases may be made**

The Program will be coordinated by Intesa Sanpaolo S.p.A., a licensed intermediary who will carry out the purchases in full independence from the Company, pursuant to Article 4(2)(b) of Regulation 1052.

Purchase transactions will be carried out in the market in accordance with Article 144-bis of CONSOB Regulation No. 11971/1999, as well as under the conditions stipulated in Article 3 of Regulation 1052-including volume limits.
