**ISCOPE COMPANY UPDATE**

**October 27, 2006**

## ISCOPE INC NOMINATES MARC ROUSSEAU AS A DIRECTOR
### ISCOPE SOLUTIONS INC. SELLS ITS AUTO ID CUSTOMER LIST
### ISCOPE INC. WILL FOCUS ON ITS TRANSACTIONAL PLATFORM

**(Mississauga, Ontario & Montreal, Quebec).** iScope Inc., ("iScope") today reported that its wholly owned subsidiary, iScope Solutions Inc. had sold its present customer list to a third party presently in the auto-ID industry that has a goal of consolidating the marketplace. A goal which we had believed in as well, as the auto-ID marketplace is highly fragmented, very competitive and ripe for such a consolidation. "This transaction is great for our existing customers as well as our employees as they will be part of a growing company with a vision of becoming a force in the auto-ID industry due to its desire to expand and obtain a critical mass" stated Don Campbell, VP and founder of iScope Solutions.

"This transaction after exiting the traditional auto-ID VAR business will result in iScope Inc being able to focus on being a solutions provider and launch the next generation transactional platform serving first- the loyalty industry and other applications in the near future. iScope Inc becoming a pure play, opens the field for the market's better understanding of our corporate vision and objectives and lets management focus all of its efforts on the product that has the highest potential in increased shareholder value" stated Jean-Charles Phaneuf, CEO of iScope Inc.

Jean-Charles Phaneuf is pleased to announce that Marc Rousseau, a founding partner of LVR Capital Inc, a financial consulting firm has joined the Board of Directors replacing Don Campbell who has resigned. Marc was previously a Senior Manager at the Business Development Bank of Canada and started his career at Ford Credit Canada where he held various positions. Mr. Rousseau was a Lieutenant-Colonel in the Canadian Forces Reserve and was awarded the Commander of SFOR Commendation when he did a tour of duty at the NATO Headquarters in Sarajevo as a team leader. Marc is the Vice-President of the Disabled Children Society and was awarded the Multiple Sclerosis leadership award.

iScope is a public company listed on the TSX Venture Exchange. iScope Inc. is a next generation technology solutions provider and is position itself as a leader of next generation transactional platforms.
