To join the webinar, register using the link provided above. Upon registration a Zoom link will be emailed to the registered email address. The webinar will be available via computer, tablet, and smartphone devices. In addition, a dial in phone number will be provided in the email upon registration. Callers dialing in using a telephone will automatically be placed in a listen only mode. The question period will not be available to dial-in callers.

About Realbotix

Transcending the barrier between man and machine, Realbotix creates customizable, full-bodied, humanoids with AI integration that improve the human experience through connection, learning and play. Manufactured in the USA, Realbotix has a reputation for having the highest quality humanoid robots and the most realistic silicone skin technology.

Realbotix sells humanoid products with embedded AI and vision systems that enable human-like social interactions and intimate connections with humans. Our integration of hardware and AI software results in the most human looking full-sized robots on this planet. We achieve this through patented technologies that deliver human-like appearance and movements. This versatility makes our robots and their personalities customizable and programmable to suit a wide variety of use cases.

Forward-Looking Statements

This news release includes certain forward-looking statements as well as management's objectives, strategies, beliefs and intentions. Forward looking statements are frequently identified by such words as "may", "will", "plan", "expect", "anticipate", "estimate", "intend" and similar words referring to future

events and results. Forward-looking statements are based on the current opinions and expectations of management. All forward-looking information is inherently uncertain and subject to a variety of assumptions, risks and uncertainties, as described in more detail in our securities filings available at www.sedarplus.ca. Actual events or results may differ materially from those projected in the forward-looking statements and we caution against placing undue reliance thereon. We assume no obligation to revise or update these forward-looking statements except as required by applicable law. Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
