

# BeWhere and Brink's Partner to Deliver Solutions for Worker Safety

Toronto, Ontario--(Newsfile Corp. - October 13, 2017) - **BeWhere Holdings Inc. (TSXV: BEW) (OTCQB: BEWFF)** today announced the implementation and rollout of an advanced Mobile Safety Solution providing enhanced security for Brink's Canada operations. Brink's is the world's premier provider of cash management, secure logistics and security solutions including cash-in-transit, ATM services, cash management services (including vault outsourcing, money processing and intelligent safe services), international transportation of valuables, and payment services. Their global network has operations in 41 countries and serves customers in more than 100 countries.

BeWhere has previously partnered with Brink's to provide compliance, safety and security solutions that enable assets to be safely monitored. The Mobile Safety Solution increases personnel security, providing enhanced visibility and communication between the guards and the company's state-of-the-art network communications center.

Owen Moore, Co-Founder and CEO of BeWhere Holdings, said: "The Brink's project demonstrates the innovative and agile nature of BeWhere's solutions. We've integrated with an existing solution, adapted our current application and created a modified mobile app to address a variety of security scenarios. We're honored to be selected by Brink's and look forward to working together."

Michael Morrissey, SVP Operations Brink's Canada, said: "Brink's prides itself on its commitment to continuous improvement, safety, integrity, customer focus and engagement. Working with BeWhere to deliver the new solutions demonstrates our commitment to these core values."

## About BeWhere

BeWhere (TSXV: BEW) (OTCQB: BEWFF) is an Industrial Internet of Things ("HOT") solutions company that designs and sells hardware with sensors and software applications for environmental sensing and to track real-time information on assets. The Company develops mobile applications, middle-ware and cloud based solutions that stand-alone or that can be readily integrated with existing software. Its solutions enable end-users a level of operational visibility that is more easily accessible and significantly easier to implement than in the past.

## Cautionary Statements Regarding Forward Looking Information

Certain statements in this press release constitute forward-looking statements, within the meaning of applicable securities laws. All statements that are not historical facts, including without limitation, statements regarding future estimates, plans, programs, forecasts, projections, objectives, assumptions, expectations or beliefs of future performance, are "forward-looking statements".

We caution you that such "forward-looking statements" involve known and unknown risks and uncertainties that could cause actual and future events to differ materially from those anticipated in such statements.

Forward-looking statements include, but are not limited to, statements with respect to commercial operations, including technology development, anticipated revenues, projected size of market, and other information that is based on forecasts of future results, estimates of amounts not yet determinable and assumptions of management.

BeWhere Holdings Inc. (the "**Company**") does not intend, and does not assume any obligation, to update these forward-looking statements except as required by law. These forward-looking statements involve risks and uncertainties relating to, among other things, technology development and marketing activities, the Company's historical experience with technology development, uninsured risks. Actual results may differ materially from those expressed or implied by such forward-looking statements.
