

CERTIFICATE of QUALIFIED PERSON

(a) I, Lynn Olssen, Senior Consultant of Snowden Mining Industry Consultants Pty Ltd., 87 Colin St., West Perth, Western Australia, do hereby certify that:

(b) I am the co-author of the technical report titled Mt. Kare Project, Enga Province, Papua New Guinea (the "Technical Report") prepared for Buffalo Gold Limited.

(c) I graduated with a Bachelor of Science from the University of Western Australia.

I am a Member and Chartered Professional of the Australasian Institute of Mining and Metallurgy.

I have worked as a geologist continuously for a total of 13 years since my graduation from university. Prior to commencing work with Snowden, I worked in resource evaluation and mining geology roles in Western Australian gold and copper deposits. I joined Snowden in April 2002 with skills in resource estimation, reconciliation, geostatistical analysis, database quality assurance and quality control, and grade control. Since joining Snowden I have worked predominately on gold, copper, nickel, mineral sands and platinum reef deposits in Australia and Africa.

I have read the definition of 'qualified person' set out in National Instrument 43-101 ('the Instrument') and certify that by reason of my education, affiliation with a professional association and past relevant work experience, I fulfil the requirements of a 'qualified person' for the purposes of the Instrument. I have been involved in resource evaluation consulting for seven years, including work on gold deposits for at least 5 years.

(d) I have not made a current visit to the Mt. Kare property.

(e) I am responsible for the preparation of the sections of the Technical Report as detailed in Table 2.1.

(f) I am independent of the issuer as defined in section 1.4 of the Instrument.

(g) I have not had prior involvement with the property that is the subject of the Technical Report.

(h) I have read the Instrument and Form 43-101F1, and the Technical Report has been prepared in compliance with that instrument and form.

(i) As of the date of this certificate, to the best of my knowledge, information and belief, the Technical Report contains all the scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dated at Perth WA this 2nd day of August, 2007
