Item 9. Date of Report

December 7, 2011

Abattis signs LOI's to Acquire Sci-Natural Wellness Corp. & Northern Vine Canada Inc.

Vancouver, BC – December 7, 2011

Abattis Biologix Corporation (CNSX: FLU) ("Abattis" or the "Company"), a specialty biotechnology company focused on developing, licensing and marketing a range of nutraceutical products, today announced that it has signed Letters of Intent ("LOI's") with Sci-Natural Wellness Corp. and Northern Vine Canada Inc. Under the terms of the LOI's, Abattis will conduct its due diligence over a 90 day period, which is exclusive to Abattis, while satisfying the necessary requirements needed to acquire 100% of each company.

"We are very pleased to have this opportunity before us. Sci-Natural and Northern Vine are synergistic companies with a product portfolio consisting of several NPN's in the area of Omega 3 nutraceuticals and production of liquid gel caps respectively. Together they have the ability to produce and market finished products from raw materials in Northern Vine's wholly owned cGMP facility, licensed by Health Canada," stated Mike Withrow, President and CEO of Abattis. "This initiative moves our business plan up by eighteen to twenty-four months."

The parties have agreed to close the transactions on or before March 3 2012. These agreements enable Abattis Biologix's expansion to create a strategically integrated specialty biotechnology nutritional company with products licensed by Health Canada.

About Sci-Natural Wellness Corp.

Sci-Natural is a privately held, Langley, BC-based natural health and wellness company. Sci-Natural has developed a line of specialty Omega 3, Glucosamine and Weight-loss products. The fundamental key to success is our customers. Sci-Natural endeavours to satisfy, delight and exceed the expectations of our customers.

About Northern Vine Canada Inc.

Northern Vine is a privately held, Langley, BC-based cGMP nutraceutical manufacturing and packaging company. It is committed to produce products and solutions of unparalleled excellence for it's customers. Northern Vine serves as a strategic and collaborative partner to customers and is responsive to changing market demands.
