

Photon Control Announces Achievement of ISO 9001:2015 Certification

Richmond, BC, January 18, 2018 - Photon Control Inc. ("Photon Control" or the "Company") (TSX-V: PHO), a leading developer and supplier of optical measurement technologies to the global semiconductor industry, has received ISO 9001:2015 Certification for their management system.

ISO 9001 is a management system standard that assists service providers and companies meet customer satisfaction standards, work more efficiently, and enhance quality control processes. During the audit, Photon Control's Quality Management System was found to fully meet all ISO 9001:2015 standards.

"ISO 9001:2015 is the latest and most advanced international standard of quality for Management Systems, and our early adoption of this standard is evidence of our commitment to quality in all of our business processes and products.," said, Scott Edmonds, President and CEO. "Achieving this certification supports our efforts to increase our share of sensor spend in our core markets and to expand into new markets."

About Photon Control Inc.
