About Absolute Software

Absolute Software Corporation (TSX: ABT) is the industry standard in persistent endpoint security and management for computers, laptops, tablets and smartphones. Persistence® technology from Absolute provides organizations with visibility and control over all of their devices, regardless of user or location. If an Absolute software client is removed from an endpoint, it will automatically reinstall so IT can secure each device and the sensitive data it contains. No other technology can do this. Absolute is positioned on three Gartner, Inc. Magic Quadrants - the Magic Quadrant for Client Management Tools (CMT), the Magic Quadrant for Enterprise Mobility Management (EMM) and the Magic Quadrant for Content-Aware Data Loss Prevention. Absolute is one of only four vendors to be recognized on both the CMT and EMM Magic Quadrants. Persistence technology is embedded in the firmware of computers, netbooks, tablets and smartphones by global leaders, including Acer, ASUS, Dell, Fujitsu, HP, Lenovo, Microsoft, Motion, Panasonic, Samsung, and Toshiba, and the Company has reselling partnerships with these OEMs and others, including Apple.
