FOR IMMEDIATE RELEASE

General Copper Gold Requests Management Cease Trade Order

VANCOUVER, CANADA – December 30, 2025) General Copper Gold Corp. (CSE: GGLD) (OTC: GNRGF) (FSE: 7S50) (the "Company") announces that it will not be filing its audited financial statements and management's discussion and analysis for the fiscal year ended August 31, 2025 (the Financial Statements") before the prescribed deadline of December 29, 2025.

The Company is experiencing delays in completing the year-end audit and required documents. The Company's auditors, Manning Ellitt LLP, have advised the Company that they require additional time to complete their remaining audit and quality procedures, including obtaining audit confirmations which have been delayed due to the holiday season.

The Company is making an application to the applicable securities regulatory authorities under National Policy 12-203 requesting that a management cease trade order ("MCTO") be imposed for the duration of the default.

The Company and its auditors are working diligently to finalize the Financial Statements and expects to file the Financial Statements no later than January 15, 2026.

The Company intends to satisfy the provisions of the alternative information guidelines under National Policy 12-203 by issuing bi-weekly default status reports in the form of press releases so long as it remains in default of the filing requirements set out above.

About General Copper Gold Corp.

General Copper Gold Corp. is an independent mineral exploration company based in Vancouver, British Columbia that is engaged in the business of exploring for and evaluating mineral properties.

General Copper Gold is currently exploring the 2,313 hectare Topley Richfield copper-gold property in British Columbia. Topley Richfield is a historic mining area with previous work carried out in 2008, 2015 as well as geophysical surveys in 2021. There are significant historical drilling intercepts and the 2021 geophysics has highlighted further key highly prospective areas that have yet to be explored. Multiple drill targets have already been identified by the Company.
