

RSI PARTNERS WITH SKYWIRE

November 18, 2015 – Vancouver, British Columbia. RSI International Systems Inc. (TSXV – RSY) is excited to announce the development of RoomKey Gaming, in partnership with SkyWire, Inc. a Las Vegas based hospitality solutions provider.

Upon integration of the RoomKey Gaming module RSI will be able to team with SkyWire in a joint effort to open up a new potential customer base for RSI in the Gaming/Casino hotel area. Initially RSI, with SkyWire, will mainly focus on the North American First Nation's Gaming/Casino hotel sector which is currently comprised of over 1100 properties.

SkyWire has added a Director of Professional Services, Lance Emerich to their roster who will be spearheading this development. Lance brings with him the knowledge and history of success in gaming from his former career with MICROS (now Oracle.) "I am very excited to be involved in developing true gaming centric features that will revolutionize the way Gaming, PMS, and POS products interact and complement each other."

Over the next quarter RSI will be adding more casino centric features like enhanced comp accounting and casino journal management. RSI is dedicated to providing a customer offering that is forward looking and easy to use.

Charles Ku, CEO of RSI International Group state, "This is an exciting time as RoomKeyPMS continues to grow at exponential rates, expanding into new territories and markets that make sense. We have a history of managing a lot of rooms on our system, with many complex interfaces and we feel with SkyWire's knowledge of the gaming industry we will have a stable and competitive solution."

About SkyWire Inc
