About LiCo Energy Metals Inc.: http://licoenergymetals.com/

LiCo Energy Metals Inc., formerly Wildcat Exploration, is a well funded Canadian company focused on the exploration and development of minerals related to the lithium battery industry. The Company has recently raised over $2.3 million dollars through private placements. LiCo Energy Metals has an option to acquire a 100% interest, subject to a 3% NSR, on a large lithium exploration project at the Humboldt Salt Marsh in Dixie Valley, Nevada. The geologic setting and presence of lithium in active geothermal fluids and surface salts in Dixie Valley match characteristics of producing lithium brine deposits at Clayton Valley, Nevada and in South America. The Company is planning an exploration program to be carried out in the fall and winter months of 2016/2017. The Company also has an option to acquire up to a 100% interest, subject to a 2% NSR, of the Teledyne Cobalt Project located in the district of Temiskaming, Ontario.
