About Pure Energy Minerals Limited

Pure Energy Minerals is a lithium resource developer that is driven to become a low-cost supplier for the growing lithium battery industry. The Company is developing the Clayton Valley Project (“**CV Project**”) in Clayton Valley, Nevada, the most advanced primary lithium brine project located in North America. The lithium-bearing brines identified at the CV Project contain very low levels of deleterious elements and have been shown by small scale pumping tests to be amenable to conventional extraction. Pure Energy has completed a Preliminary Economic Assessment (“**PEA**”) at the CV Project (news releases of June 26, 2017 and April 5, 2018) and is focused on the advancement of the CV Project.

On behalf of the Board of Directors,
