Item 4. Summary of Material Change

Appointment of Director

Item 5. Full Description of Material Change

Vancouver, British Columbia: Gold Reach Resources Ltd. (GRH: TSX-V)
("Gold Reach" or the "Company") is pleased to announce that Ms. Barbara Welch has consented to join the Board of Directors of the Company.

As previously stated Ms. Welch saw through the entire exploration program from 2004-2006 of the new Main Zone Expansion pit at the nearby Huckleberry Mines Ltd located five miles from the Seel Property. Ms. Welch is familiar with the characteristics of this class of porphyry deposit, and its geophysical and geochemical expression. As well as open pit and grassroots exploration experience, she also has extensive underground experience.

At the completion of the last drill program a total of 32 holes (6,600 metres to date) have been drilled on the Seel Property by the Company with the majority of the holes intersecting widths of mineralization. The currently defined copper-gold-molybdenum mineralizing system extends approximately one kilometre in length by

500 metres in width and from surface to greater than 200 metres in depth. Gold Reach Resources holds a 90% interest in the Seel Property with Consolidated Abaddon Resources holding the remaining 10%.

Gold Reach Resources is a Canadian exploration company actively involved in the development of the Seel Property, a 12,000 hectare copper-gold-molybdenum property located 120 km south of Houston, British Columbia and 8 km to the east of the producing copper-gold-molybdenum Huckleberry Mine.
