DRILLING THIS WEEK ON HEBERTO GOLD DISCOVERY – UNDERDOG ACQUISITION

MONTREAL, QUÉBEC, CANADA – DIOS EXPLORATION reports drilling will start this week on wholly-owned **HEBERTO GOLD DISCOVERY**, James Bay, Quebec, after drilling a successful and significant first ever 2500 m (2 grams gold per tonne over 22 meters: 2.13 g/t gold over 22.9 m including 4.79 g/t Au /8.65 m; and 1.63 g/t gold /18.45 m; etc.)

DIOS map-staked 41 new claims some 10 km west of **HEBERTO GOLD** in same Mitsumis granodioritic/tonalitic pluton . **UNDERDOG** claims total 21.69 square km and cover NS & NW magnetic structures adjacent to distinctive magnetic domains, similar to those noted at **HEBERTO** and hosts gold-in-till anomalies up to 1.130 and 0.830 g/t gold (heavy mineral concentrates).

The Board granted 980,000 five year stock options at \$0.10 per share under Director Employee Stock Option Plan. Proprietary research data gathered by **DIOS** over the years enabled targeting more than one very promising and significant gold occurrences in southern James Bay. **DIOS** has 46 million shares outstanding and a very tight share structure.
