Dear Sirs and Mesdames:

Re: Expert Consent for the Prospectus Supplement of Almaden Minerals Ltd. dated March 17, 2021

A technical report “Ixtaca Gold-Silver Project Puebla State, Mexico NI 43-101 Technical Report on the Feasibility Study” with an effective date of January 24, 2019, (the “**Technical Report**”) was prepared for Almaden Minerals Ltd. (the “**Company**”) in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects by **Kristopher J. Raffle**, in whole or in part, and filed with applicable securities regulatory authorities.

The undersigned does hereby consent to the written disclosure of the Technical Report and the extracts from, or summary of, or references to the Technical Report by the Company in the prospectus supplement (including the documents incorporated by reference therein included or incorporated by reference, the “**Prospectus Supplement**”) of the Company dated March 17, 2021 to the short form base shelf prospectus of the Company dated February 25, 2021. The undersigned further consents to being named in the Prospectus Supplement under the heading “Interest of Experts” in connection with their review and approval of certain technical information (the “**Technical Information**”) contained in the Prospectus Supplement, or incorporated by reference therein, and to the inclusion of the Technical Information in the Prospectus Supplement, or incorporation by reference therein.

The undersigned does hereby confirm that they have read the Prospectus Supplement and have no reason to believe that there are any misrepresentations in the information contained in the Prospectus Supplement that are (a) derived from the Technical Report; or (b) within their knowledge as a result of the services they performed in connection with the Technical Report or Prospectus Supplement.

Yours truly,

“Kristopher J. Raffle”
