

## News Release

### Innovotech Reports Settlement

**Edmonton, Alberta, September 07 , 2017** – Innovotech Inc. (TSX-V: IOT), an innovator in biofilm problem solutions, today announced that it has settled in full its outstanding obligations based on its participation in a Canadian Agricultural Adaptation Program designed to aid the development and commercialization of innovative products by Canadian for-profit companies in the agriculture industry.

Details of the effects of the settlement will be evident in the interim financial statements that will be filed for the quarter ending September 30, 2017.

*This document may contain forward-looking statements that are predictive in nature and subject to risks and uncertainties that cannot be predicted or quantified; consequently, actual results may differ materially from past results and those expressed or implied by any forward-looking statements. Factors that could cause or contribute to such risks or uncertainties include, but are not limited to: the regulatory environment including the difficulty of predicting regulatory outcomes; changes in the value of the Canadian dollar; the Company's reliance on a small number of customers including government organizations; fluctuations in operating results; government policies or actions; progress and cost of clinical trials; reliance on key strategic relationships; uncertainty related to intellectual property protection and potential costs associated with its defense; the Company's exposure to lawsuits and other matters beyond the control of management. Should known or unknown risks or uncertainties materialize, or should management's assumptions prove inaccurate, actual results could vary materially from those anticipated. The Company undertakes no obligation to publicly make or update any forward-looking statements, except as required by applicable law.*
