This news release does not constitute an offer to sell or a solicitation of an offer to sell any of the securities described herein in the United States. The securities described in this news release have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available. This news release is not for distribution in the United States or over United States newswires.

Cautionary Statement on Forward Looking Statement

Information contained in this news release, including information as to strategy, projects, plans or future financial or operating performance and other statements that express management's expectations or estimates of future performance, constitute "forward looking statements". Actual results may differ materially from those indicated by such statements. All statements, other than historical fact, included herein, including, without limitations statements regarding future production, are forward-looking statements that involve various risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Forward-looking information in this news release includes, but is not limited to, statements about the exploration program at the Stony Lake project, the identification of six exploration targets, epithermal style alteration and mineralization, anomalous areas defined by geochemical sampling, structural setting of other zones of gold mineralization, the reference to the style and grade of the gold mineralization in the Moosehead zone and statements about District Copper's strategy, future operations and prospects. There is no assurance that the transaction to acquire the Stony Lake project will complete on a timely basis or at all; that additional exploration may not located the style and concentration of gold mineralization located to date on the property, additional exploration may not located gold mineralization similar to that in the Moosehead zone or any gold mineralization at all, there is no assurance that District Copper will be able to fund the exploration expenditures required to fund the acquisition of 100% of the Property or adequately fund future exploration programs.

A more complete discussion of the risks and uncertainties facing District Copper is disclosed in District Copper's continuous disclosure filings with Canadian securities regulatory authorities at www.sedar.com. All forward-looking information herein is qualified in its entirety by this cautionary statement, and District Copper disclaims any obligation to revise or update any such forward-looking information or to publicly announce the result of any revisions to any of the forward-looking information contained herein to reflect future results, events or developments, except as required by law.
