

Abaxx announces the return of the SmarterMarkets™ podcast and launch of multi-media platform featuring David Greely

TORONTO, Nov. 19, 2021 (GLOBE NEWSWIRE) -- **Abaxx Technologies Inc.**, (NEO:ABXX)(OTCQX:ABXXF) ("Abaxx" or the "Company"), a financial software company, majority shareholder of **Abaxx Singapore Pte. Ltd.**, the Abaxx Commodity Exchange (ACX), and producer of the **SmarterMarkets™ Podcast**, is returning with a new multi-media platform.

Highlights:

- **The SmarterMarkets™ Podcast is returning to air on Saturday, November 20, 2021**
- **SmarterMarkets™ Media multimedia platform to leverage ID++ protocol**
- **Abaxx Chief Economist David Greely to lead research and editorial**
- **Energy Transition Series hosted by Susan Sakmar and David Greely**
- **Daniel Yergin returns as featured guest**

SmarterMarkets™ Media

The SmarterMarkets™ Podcast returns on Saturday, November 20, 2021. The podcast was created as a forum for the entrepreneurs and executives of commodities, technology and finance to discuss the state of global markets, share their views on various inadequacies, and identify ways in which these systems can be improved to benefit the world economy and society as a whole.

Podcast episodes are being augmented with editorial content and research led by David Greely. The channel is a curated collection of hosts and guests with specialized content from an eclectic range of subject matter experts. Future series currently in the development stage focus on the carbon markets, decentralized finance, and open source software code.

SmarterMarkets™ will leverage ID++ from Abaxx Technologies to power a unique experience of community engagement. Members will control the content they generate with technology that protects their privacy in a new model for engaging in online communities.

David Greely, Abaxx Technologies Chief Economist

Abaxx eagerly passes a keyboard and microphone to David Greely. Dave is an economist and investment strategist whose 25 years of market experience includes being a Portfolio Strategist at Bridgewater Associates and a Managing Director and the Head of Energy Research at Goldman Sachs. Dave has worked with Abaxx since June as our Senior Economic Advisor, and he is now coming on-board full-time as our Chief Economist and Head of Research. Dave's work will appear throughout the Abaxx group of companies and will be featured on the SmarterMarkets™ platform.

Energy Transition Series hosted by Susan Sakmar and David Greely

The upcoming eight-part series titled 'An Energy Transition in Three Corresponding Acts' will begin with host [Susan Sakmar](#), Author of 'Energy for the 21st-Century' and former Chair of the Jane Goodall Foundation and conclude with Dave as host.

The opening episode on Saturday, November 20, will feature a one-on-one interview with [Daniel Yergin](#), Pulitzer Prize winning author of 'The Prize' and 'The New Map: Energy, Climate, and the Clash of Nations' hosted by Susan.

SmarterMarkets™ Media

The success of SmarterMarkets™ in fostering important conversations on the issues of the day, including the energy transition, the ESG economy, digital identity, and data privacy, has motivated Abaxx to elevate the platform and build out additional content and contributors. Previous podcast guests include Robert Friedland, Co-Chair of Ivanhoe Mines; John Goldstein, Global Head of Sustainable Finance at Goldman Sachs; Keith Krach, former US Undersecretary of State for Economic Growth, Energy & the Environment; and Javier Blas, Chief Energy Correspondent at Bloomberg.

The podcast, entering its second year and now in its fourth season, has over 600,000 downloads, an average of 17,500 weekly listeners.

The 2020 Editions of SmarterMarkets™ have been produced by contributing editor Robert Brennan Hart, creator of Politik, Highrise and The Canadian Cloud Council. Robert has been recognized by the United Nations, The Globe and Mail and HotTopics as one of the world's preeminent progenitors of social innovation.

About Abaxx Technologies

Abaxx is a development stage financial software company that has created proprietary technological infrastructure for both global commodity exchanges and digital marketplaces alike. The company's formative technology increases transaction

velocity, data security and facilitates improved risk management in the majority owned Abaxx Singapore Pte. Ltd. ("ACX", or "Abaxx.Exchange") - a commodity futures exchange seeking final regulatory approvals as a Recognized Market Operator ("RMO") and Approved Clearing House ("ACH") with the Monetary Authority of Singapore ("MAS"). Abaxx is the creator and producer of the SmarterMarkets™ podcast.

Forward-Looking Statements

This News Release includes certain "forward-looking statements" which do not consist of historical facts. Forward-looking statements include estimates and statements that describe Abaxx or the Company's future plans, objectives or goals, including words to the effect that Abaxx expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "seeking", "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to Abaxx, Abaxx does not provide any assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, Abaxx' objectives, goals or future plans, statements, timing of the commencement of operations and estimates of market conditions. Such factors include, among others: risks relating to the global economic climate; dilution; the Company's limited operating history; future capital needs and uncertainty of additional financing; the competitive nature of the industry; currency exchange risks; the need for Abaxx to manage its planned growth and expansion; the effects of product development and need for continued technology change; protection of proprietary rights; the effect of government regulation and compliance on Abaxx and the industry; network security risks; the ability of Abaxx to maintain properly working systems; reliance on key personnel; global economic and financial market deterioration impeding access to capital or increasing the cost of capital; and volatile securities markets impacting security pricing unrelated to operating performance. In addition, particular factors which could impact future results of the business of Abaxx include but are not limited to: operations in foreign jurisdictions, protection of intellectual property rights, contractual risk, third party risk; clearinghouse risk, malicious actor risks, third-party software license risk, system failure risk, risk of technological change; dependence of technical infrastructure, an inability to predict and counteract the effects of COVID-19 on the business of the Company, including but not limited to the effects of COVID-19 on the price of commodities, capital market conditions, restriction on labour and international travel and supply chains. Abaxx has also assumed that no significant events occur outside of Abaxx' normal course of business.

Abaxx cautions that the foregoing list of material factors is not exhaustive. In addition, although Abaxx has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated or intended. When relying on Abaxx forward-looking statements and information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Abaxx has assumed that the material factors referred to in the previous paragraph will not cause such forward-looking statements and information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors. The forward-looking information contained in this press release represents the expectations of Abaxx as of the date of this press release and, accordingly, is subject to change after such date. Readers should not place undue importance on forward-looking information and should not rely upon this information as of any other date. Abaxx does not undertake to update this information at any particular time except as required in accordance with applicable laws. The NEO Exchange does not accept responsibility for the adequacy or accuracy of this press release.
