

Biorem Reports \$65.3 Million Order Backlog

GUELPH, ON, April 20, 2026 /CNW/ - BIOREM Inc. (TSXV: BRM) ("Biorem" or "the Company") today announced results for the three- and twelve-month periods ended December 31, 2025 including a \$65.3 million order backlog. Biorem's complete fiscal 2025 year-end financial statements and MD&A have been filed on SEDAR (www.sedar.com).

In a news release issued early today Biorem's order backlog on December 31, 2025 was incorrectly reported. The Company's order backlog stood at \$65.3 million on December 31, 2025 compared to \$56.1 million on December 31, 2024.

Total order bookings for the year were \$54.4 million, a 32% increase in bookings over the bookings in 2024 of \$41.3 million.

The Company regrets and apologizes for any confusion the error in the previous news release may have caused.

About BIOREM Inc.

BIOREM is a leading clean technology company that designs, manufactures and distributes a comprehensive line of high-efficiency air emissions control systems used to eliminate odors, volatile organic compounds (VOCs), and hazardous air pollutants (HAPs). With sales and manufacturing offices across the continent, a worldwide sales representative network and more than 2,000 installed systems worldwide, BIOREM offers state-of-the-art technology-based products and peace of mind for municipalities, industrial companies and their surrounding communities. Additional information on Biorem is available on our website at www.biorem.biz.
