	<u>in issuer's financial year</u>	_____
	12	
Late Fee, if applicable		
(please include the calculation pursuant to section 2.9 of the Rule)		_____

Notes and Instructions

1. This participation fee is payable by all reporting issuers, except in the case of investment funds. An investment fund that is a reporting issuer and that has an investment fund manager does not pay a corporate finance participation fee. The only investment funds that pay a corporate finance participation fee are those that are reporting issuers and that do not have an investment fund manager.
2. The capitalization of income trusts or investment funds that have no investment fund manager, which are listed or posted for trading, or quoted on, a marketplace in either or both of Canada or the U.S. should be determined with reference to the formula for Class 1 Reporting Issuers. The capitalization of any other investment fund that has no investment fund manager should be determined with reference to the formula for Class 2 Reporting Issuers.
3. All monetary figures should be expressed in Canadian dollars and rounded to the nearest thousand. Closing market prices for securities of Class 1 and Class 3 Reporting Issuers should be converted to Canadian dollars at the daily noon exchange rate in effect at the end of the issuer's last financial year, if applicable.
4. A reporting issuer shall pay the appropriate participation fee no later than the date on which it is required to file its annual financial statements.
5. The number of listed securities and published market closing prices of such listed securities of a reporting issuer may be based upon the information made available by a marketplace upon which securities of the reporting issuer trade, unless the issuer has knowledge that such information is inaccurate and the issuer has knowledge of the correct information.
6. Where the securities of a class or series of a Class 1 Reporting Issuer have traded on more than one marketplace in Canada, the published closing market prices shall be those on the marketplace upon which the highest volume of the class or series of securities were traded in that financial year. If none of the class or series of securities were traded on a marketplace in Canada, reference should be made to the marketplace in the United States on which the highest volume of that class or series were traded.
7. Where the securities of a class or series of securities of a Class 3 Reporting Issuer are listed on more than one exchange, the published closing market prices shall be those on the marketplace on which the highest volume of the class or series of securities were traded in the relevant financial year.
