CRESVAL
CAPITAL CORP.

Cresval Announces Changes to Board of Directors

July 7, 2016: Vancouver BC: Cresval Capital Corp. ("Cresval" or "the Company") (CRV: TSX-V) today announced that, effective immediately, Mr. Ernest Calvert has resigned from the Company's Board of Directors following 12 years of service. The Company wishes to thank Mr. Calvert for his years of dedication and service.

Following Mr. Calvert's resignation, Mr. Bruno Barde, MSc, BSc, PGeo, was appointed to Cresval's Board of Directors. Mr. Barde provides the Company with extensive mineral exploration experience, both domestic and international. Over the past 25 years, Mr. Barde has managed large mineral exploration programs in North America, South America, Africa and Europe. Previously he held senior positions with Placer Dome Inc. and, more recently, served as Regional Chief Geologist for Alamos Gold Corp.

"Speaking for the entire Board, we're thrilled to have Mr. Barde join the Cresval team," said Cresval CEO Lee Ann Wolfin. "His senior level experience, perspective and contacts—both on the ground and in the boardroom—will be invaluable to us as we work to explore and advance our MIKE Project."

Cresval's 100%-owned MIKE Project is situated in the Lillooet Mining region of southwestern British Columbia near the HDI/Amarc IKE Project. Recent exploration by Cresval, along with historical exploration by Cominco, Noranda, Phelps Dodge and others, has located significant copper mineralization on the MIKE Project and reinforced the property's bulk-tonnage, porphyry potential.

About Cresval:
Cresval is a junior copper and precious metals exploration company actively involved in three 100% owned projects situated near the productive Bralorne Gold camp in southwestern British Columbia.

Information on the MIKE Project is available on the Company's website at www.cresval.com.

ON BEHALF OF THE BOARD OF DIRECTORS

Lee Ann Wolfin
President
