Licciana Nardi (MS), 6 February 2024 –Reway Group S.p.A. (the “Company” or “Reway Group”) (EGM: RWY), Italy's largest operator specialized in rehabilitation and maintenance of road and highway infrastructures, as well as the only organization in Italy capable of handling all the activities related to the chain of restoration of bridges, tunnels and viaducts, announces the readmission of its subsidiary company, Gema S.p.A. (formerly Se.Gi. S.p.A.), to the RFI supplier portal, thereby ending the precautionary suspension issued on January 12 and communicated to the market on the same day.

Following the suspension, Reway Group promptly provided all the documentation demonstrating the complete absence of elements justifying such a measure.

Business-wise, the precautionary suspension period did not result in interruptions to the activities in railway construction sites by Gema S.p.A. The company also continued evaluating new opportunities in the market, in line with the planned activities. It must be noted that during the suspension period, there were no tenders or procurement procedures initiated by RFI in which the company could have participated. Therefore, the suspension period has not negatively impacted on the possibility of acquiring new projects in the portfolio.
