Reway Group — the Parent Company of the Group of the same name — is Italy's largest operator specialised in rehabilitation and maintenance of road and highway infrastructures, as well as the only organisation in Italy capable of handling all the activities related to the chain of restoration of bridges, tunnels and viaducts, and to also have in its core business the maintenance of the railway network.

Reway Group was formed in December 2021 via the assignment of the shares held by M.G.A. S.r.l., Soteco S.r.l. and TLS S.r.l. — companies operating in Italy in the road and highway infrastructure maintenance and rehabilitation sector, which are currently operational and 100% controlled by Reway Group. The Group was created to provide its subsidiaries with a unified corporate and managerial structure, in order to best address the evolution of a sector that is markedly expanding and growing, both in Italy and abroad.

The Group's subsidiaries also includes Gema, a leading player in the maintenance of infrastructure and civil works in the railway sector, and Vega Engineering, a multidisciplinary engineering company whose core business includes the engineering design of road and rail infrastructure, civil and industrial works, support services to R.U.P. and works management.

The company provides services for its subsidiaries, including financial planning and strategy, procurement of goods and services, and technical accounting management. Reway Group has a workforce of 500 people and has a modern fleet with over 300 operating vehicles.
