About SQI Diagnostics

SQI Diagnostics is a life sciences and diagnostics company that develops clinical grade multiplexed microarray and molecular assays run on its automated instrumentation for the pharmaceutical research, animal health, and clinical diagnostics markets. SQI develops custom research and diagnostic assays that are multiplexed; meaning the simplification, consolidation and automation of many individual tests into one. This increases sample throughput, reduces time, cost and chance for human error, and provides excellent data quality. For more information, please visit sqidiagnostics.com.

Forward-looking Statements

This press release contains certain words and statements, which may constitute “forward-looking statements” within the meaning of applicable securities laws. Such statements reflect the current views of the Company with respect to future events and are subject to certain risks and uncertainties detailed in the Company’s ongoing filings with the securities regulatory authorities, available to the public at www.sedar.com. Actual results, events, and performance may differ materially. Readers are cautioned not to place undue reliance on these forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statements either as a result of new information, future events or otherwise, except as required by applicable securities laws.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
