Any insider trading activity is subject to public reporting obligations and may be reflected in filings made by such insiders in accordance with applicable securities laws.

The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**1933 Act**"), or any state securities laws and may not be offered or sold in the "United States" or to "U.S. persons" (as such terms are defined in Regulation S under the 1933 Act) unless registered under the 1933 Act and applicable state securities laws, or an exemption from such registration requirements is available.
